## Statement of Facts and Circumstances

and

## Summary of Proposed Amendments to Title 42, Series 21A

### Supervision of Elevator Mechanics and Apprentices

The West Virginia Division of Labor proposes the following amendments and revisions to Title 42, Series 21A, of the West Virginia Code of State Regulations.

Specifically, the Division proposes to incorporate the 2010 amendments to the Elevator Safety Act, W. Va. Code § 21-3C-1, *et seq.*, which prohibit the installation of private residence elevators in non-residential settings, require the annual inspection of private residence elevators in non-residential settings for all such elevators in use on or after July 1, 2007, require new private residence elevators to undergo an acceptance test, require a private residence elevator to be inspected upon the transfer of the property, and allow employees of historic resort hotels to obtain a limited technician license.

In addition, the proposed amendments eliminate the “grandfathering” provisions which expire on July 1, 2010, and reduce or eliminate some of the fees charged to applicants and providers.

Other technical changes are also proposed to clarify current administrative practices and eliminate redundant provisions.
