ABSTRACT

Brief Summary

This rule regulates emission standards for certain stationary sources that emit or have the potential to emit one or more substances listed as hazardous waste by Section 112 of the Clean Air Act [CAA]. These sources generate hazardous wastes in certain production and manufacturing operations. The amendments to the rule incorporate updated Code of Federal Regulation cites and make technical changes.

AUTHORITY

Statutory authority: W.Va. Code, §22-5-4 provides:

(a) The director is authorized...

(4) To promulgate legislative rules in accordance with the provisions of chapter twenty-nine-a of this code not inconsistent with the provisions of this article, relating to the control of air pollution: Provided, That no rule of the director shall specify a particular manufacturer of equipment nor a single specific type of construction nor a particular method of compliance except as specifically required by the "Federal Clean Air Act," as amended, nor shall any such rule apply to any aspect of an employer-employee relationship: Provided, however, That no legislative rule or program of the director hereafter adopted shall be any more stringent than any federal rule or program except to the limited extent that the director first makes a specific written finding for any such departure that there exists scientifically supportable evidence for such rule or program reflecting factors unique to West Virginia or some area thereof....
