**Policy 2445.40, Instructional Resources
Executive Summary**

**West Virginia Department of Education
Teaching & Learning / Office of Middle & Secondary Learning**

Introduction:

This policy is a repeal and replace of Policy 2445.40, *Adoption, Use, and Groupings of Instructional Resources for Grades Pre-Kindergarten through Grade 12*, as well as repeal Policy 2445.41, *Textbook Adoption: Notice, Request, and Instructions to Publishers*, and repeal of Policy 2445.4A, *Resolution Regarding U.S. District Court Order*. Appropriate portions of 2445.41 and 2445.4A have been incorporated in the revised version of 2445.40. The policy changes are due to the passage of the 2018 Senate Bill 3089, which gives county boards of education the primary responsibility of the reviewing the primary instructional resources used in the classroom to ensure they meet 100% of the non-negotiable and 80% of the general and specific criteria. This legislation removed the requirement of the creation of the *WVBE Official Multiple List of Instructional Materials* and provides a mechanism for vendors to register to have their instructional resources included on a list to be published by the Department no later than January 1st each year. The policy changes are due to the passage of the 2018 Senate Bill 3089, Adoption of Instructional Resources.

Background: West Virginia Code §18-2A sets for the guidelines for the Adoption of Textbooks, Instructional Materials and Learning Technologies. In 2018, Senate Bill 3089 eliminated sections one through eight of the code, which resulted in the need to change WVBE Policies 2445.40 and 2445.41. Policy 2445.4A was last revised in 1986 and repealed per this review. The updated court decision is included in this proposed policy.

Changes:

Policy 2445.40 was repealed and replaced with the following major revisions:

- Requires all county BOE's to adopt a policy regarding the adoption of instructional resources, setting forth the minimal guidelines in section 3
- Makes all counties to be responsible for the review of all primary instructional materials being considered for use in the district, to ensure they meet the criteria as set forth by WVDE
- Provides an option for the state to conduct a review of instructional resources for counties to use in lieu of a county review.
- Eliminates the WVBE Official Approved Multiple List
- Creates the *West Virginia List of Registered Publishers of Instructional Resources*, which requires vendors to register with WVDE by January 1st of each year
- Revises the 6 year Adoption Cycle
 - move The Arts, Wellness Education, and Drivers Education from Cycle III to Cycle II
 - move English Language Arts from Cycle II to Cycle III
 - add Student Success, Technology and Computer Science to Cycle V

Policy 2445.41 was repealed, but appropriate language was incorporated into 2445.40.

- Allows publishers to have the WVDE IRRC (Instructional Resources Review Committee) do a review of the instructional resources on the registered list and allows counties to use this list, if they wish
 - it is not a requirement that a publisher have the review done by the IRRC
 - it is not a requirement for a county to use the IRRC review results

Policy 2445.40, Instructional Resources

Executive Summary

- Removes the contract and bond requirement between the publisher and the State of WV, which ensured the instructional resources would be available and the price not increase throughout the adoption cycle. Districts will now be responsible for creating a contract between the BOE and publisher/vendor.

Policy 2445.4A was repealed, but appropriate language was incorporated into 2445.40.

- Prevents local school authorities from charging book fees for the use of necessary textbooks. *Randolph County Board of Education vs. Adams, 1995.*

Impact: The changes will impact every county Board of Education, all students and teachers.

§126-35-2. Purpose.

2.1. The WVBE is committed to providing a smooth transition from the WVBE to the county board level the process for review and adoption of instructional resources required to be used in the schools under the jurisdiction of the county board. For instructional resources adopted by a county board for use in the school year beginning July 1, 2019, and successive school years, nothing in this section limits or prevents a county board from adopting instructional resources approved and included on the current WVBE-approved state multiple lists under those provisions for the duration of the adoption cycle if it chooses to do so.

§126-35-3. County Responsibilities.

3.1. Each county board shall furnish free of charge the necessary instructional resources to students attending the public schools in that county. A county board choosing to furnish electronic instructional

3.4.a. If a county board wishes to use free-of-charge, Open Educational Resources (OER), or county board-created primary instructional resources, the county board must complete the Vendor Registration to appear on the *West Virginia List of Registered Vendors of Instructional Resources* for these materials created. The county board must provide alignment and review documentation for materials adopted.

If the State Superintendent verifies the failure or refusal, the State Superintendent shall disqualify the person, firm, or corporation and notify each county board that the providers instructional resources may not thereafter be adopted and purchased by any county board until the person, firm, or corporation is requalified.

3.6. This policy does not apply to the purchase of supplementary instructional resources, including, but not limited to, reading books, library books, reference books, or other supplementary instructional

8.2. WVDE will provide counties with a summary review of any products submitted by vendors and reviewed by the IRRC.

§126-35-9. Services to Counties and Schools.

9.1. Vendors, dealers, agents, and/or depositories shall promptly fill all orders of instructional resources by delivering, within ten days after the receipt of orders, to a common carrier at the point or points of shipment; shall on or before August 1 of each school year sell and cause to be delivered to the dealers, depositories, and/or county boards a sufficient number of instructional resources to supply the demand, and any failure or neglect to provide such instructional material at such time and place may cause the forfeiture of the contract.
