

**Policy 2525, West Virginia's Universal Access to a Quality Early Education System
Comment Log**

May 13, 2020 – June 12, 2020

Action

A/S Comment was accepted and supports the proposed policy.

A/C Comment was accepted and resulted in changes to the proposed policy.

N Comment was not accepted.

Date	Commenter	Comments	Action	Rationale
§126-28-7. Transportation.				
5/15/2020	Terri Keller	7.1.crnWhat happens if no one is present to pick up child off bus? Add a line about each county having a procedure if this occurs.	N	The policy states that if a parent/guardian is unable to meet the bus for after school drop-off, there shall be a person designated by the parent/guardian to assist the child. It is inferred that a procedure will be in place to meet this requirement.
§126-28-18. Program Assessment and Continuous Quality Improvement.				
6/12/2020	Lori Milam	18.3 The third sentence. Therefore, for classrooms with Head Start, it is required that county collaborative early childhood teams, develop (should be deleted-they will not be developing) implement a research-based (ADD research-based here) universal pre-k coaching model that utilizes educator self-assessments and data to identify strengths.	A/C	Minor edits were completed based on the comment; however, the message remains the same. The words "developed and" were removed, as implemented adequately addresses the requirement. "Research-based" was added in the sentence to reflect the federal requirement and consistent language with previous sentences in this section.
