GUIDE FOR USING THE RULE MONITOR IN THE STATE REGISTER

Column	1.	Agency Name, (Title and Series Number)
Column	2.	Rule Title, Price and Type
Column	3.	Date Notice of Public Hearing or Comment Period Filed
Column	4.	Date of Public Hearing or Last Date Comments Will Be Received
Column	5.	Date Emergency Rule Filed, Emergency Amendments Filed, Emergency Rule Decision (ERD) Number & Date ERD Filed (Effective Date of Emergency Rule)
Column	6.	Date Agency Approved Legislative Rules Filed.
Column	7.	Date Review by the Legislative Rule-Making Review Committee & Action Taken **Please Note** The Board of Education, Board of Trustees & Board of Directors File Their Rules With the Educational Over-Sight Committee
Column	8.	Legislative Action
Column	9.	Date Agency Final Files Legislative, Procedural or Interpretive Rules. This is the Final Step for Procedural & Interpretive Rules
Column	10.	Date Rule is Effective

- Titles followed by an asterisk (**) indicate that the rule is in effect as an emergency
- Emergency rules will not have a "Notice" date until the agency files one but the rule will appear in Columns 1, 2 & 5. An Agency must file for either a public hearing or public comment period either before filing as an emergency or no more than 30 days after filing the rule as an emergency
- If more than one date appears in a column, it means the agency has repeated that step (ex. - holding an additional public hearing)
- If a particular step is not required by law for a particular rule, the "N/A" will appear in the excluded step column
- Once a rule becomes effective & the effective date appears in Column 10, the rule will be removed from the monitor after the rule is distributed in the loose leaf version of the Code of State Rules

Notice of Intent to Approve Class II General Permit G80-A for Natural Gas Production, Compressor and/or Dehydration Facilities

The West Virginia Department of Environmental Protection Division of Air Quality (DAQ) is providing notice to the general public of its intent to issue a Class II General Permit for the construction, modification, relocation of and to prevent and control air pollution from the operation of natural gas production, compressor and/or dehydration facilities pursuant to WV Legislative Rules 45CSR13.

OTHER

Provided that the applicant can demonstrate compliance with the requirements, provisions, standards and conditions of this Class II General Permit, the DAQ has determined that all state air quality requirements will be met by any eligible natural gas production and/or compressor facilities. Any natural gas production and/or compressor facility granted Class II General Permit registration by the Director shall not have a potential to emit any criteria pollutant in an amount equal to or greater than 100 tons per year or 10 tons per year of any single hazardous/toxic pollutant or 25 tons per year of any combination of hazardous/toxic pollutants.

The public may provide written comments regarding the DRAFT Class II General Permit G80-A to the Division of Air Quality via mail, fax or email to the address below. A public meeting to provide information on this permitting action will be held on March 16, 2015 from 6:00 p.m. – 8:00 p.m. at the West Virginia Department of Environmental Protection office in Charleston, WV. **All written comments must be received by the DAQ before 5:00 p.m. on March 30, 2015.** Prior to taking any final action on this permitting issue, the DAQ will consider only those written comments relevant to air quality issues which this Division has jurisdiction. Such written comments must be received within the specified time frame and at the address below.

This notice provides an opportunity for the public to review the DRAFT Class II General Permit G80-A and Engineering Evaluation. In the event you wish to submit written comments, include your name, a return address, and a daytime telephone number and indicate any organization on behalf of which your comments are submitted. All public comments are a part of the public record and are available for inspection by any interested party.

Copies of this DRAFT Class II General Permit, Engineering Evaluation and this Notice of Intent to Approve are available for public review on the DAQ website at:

http://www.dep.wv.gov/daq/Pages/default.aspx

and at the following location between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday, holidays excluded, unless otherwise noted below:

SUBJECT: Categorical Exclusion Decision (CE)
Preston County Public Service District #4 – Clifton Mills Extension and System Improvements, Additional Water Tank

A copy of the Preston County Public Service District #4 – Clifton Mills Extension and System Improvements, Additional Water Tank, Phase I Categorical Exclusion Decision (CE) is enclosed for your records.

The review process concluded that the proposed action is consistent with the categories of actions eligible for categorical exclusion. This means that environmental information documents and environmental assessments or environmental impact statements **will not** be required for this project and the project is authorized to proceed forward.

This decision is based upon a careful review of supporting documents provided by the applicant and other documentation available to the West Virginia Bureau of Public Health (WVBPH). These documents are on file with the WVBPH, Office of Environmental Health Services (OEHS), Environmental Engineering Division (EED), and are available for review upon request. The CE is also available at the Infrastructure & Capacity Development, DWTRF Project Environmental Review website http://www.wvdhhr.org/oehs/eed/i&cd/dwsrf_project_environmental_reviews.asp under the link for year and project.

Comments on this decision may be submitted for consideration to WVBPH/OEHS/EED, attention Paul Daniels, 350 Capitol Street, Room 313 Charleston, WV 25301-3713; or you may fax your comments to (304) 558-0691 or e-mail paul.e.daniels@wv.gov.

CATEGORICAL EXCLUSION DECISION

(February 6, 2015)

OTHER

TO: ALL INTERESTED PARTIES

In accordance with the Environmental Protection Agency (EPA) regulations for complying with the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), a review has been performed on a request for a categorical exclusion for the environmental review requirements under NEPA, for the proposed action described below:

Preston County Public Service District #4 – Clifton Mills Extension and System Improvements,
Additional Water Tank
Preston County, WV

(Estimated Drinking Water Treatment Revolving Fund Financial Share)

$ 4,920,770.00

(Estimated Total Project Cost)

PROJECT SUMMARY FOR CATEGORICAL EXCLUSION

PROPOSED ACTION:

The Preston County Public Service District No. 4 (PSD) is located in northern Preston County, WV and has owned and operated a potable public water system including a water treatment plant utilizing well water from two (2) sources. The system currently serves approximately 915 customers and 32 commercial and 5 industrial customers through approximately 46 miles of water line ranging in size from 2"-8" in diameter, and approximately 10.3 miles of water line 16" in diameter. The system also includes eight (8) water storage tanks providing 1,591,846 gallons of storage capacity. Additional requests for potable water service have been received from residents located in these areas. The water treatment plant performed upgrades in 2003 and currently runs at an average rate of 700 GPM. The original distribution system has been upgraded previously to provide service to the Federal Bureau of Prisons and to the I-68 Welcome Center.

The PSD is currently constructing a project to extend water service to the Clifton Mills area and to improve various water system components. This project was issued a Finding of No Significant Impact on April 27, 2012. The project engineer is anticipating a significant amount of contingency funds to be available for additional work. The PSD is proposing to construct a new 105,000 gallon potable water storage tank to replace an existing tank that is in disrepair. The new tank will be connected to the existing potable water system to provide clean and reliable potable drinking water storage for the PSD customers.

ENVIRONMENTAL BENEFITS:

The proposed project is to install a new water storage tank to serve an existing potable water system. An existing tank located beside the new tank location is in disrepair and will either need to be rehabilitated or replaced to maintain potable water storage capacity. The project engineer has determined that it is more economical to replace the old tank than rehabilitate it. The potable water storage tanks provide capacity to provide water to customers during power outages and also provide capacity for fire protection. This project will enable the customers of this potable water system to continue to have a clean and reliable source of potable water, protecting their health. Other than temporary disturbances from the construction activities, there will be no adverse environmental impacts associated with this project.

CATEGORICAL EXCLUSION CRITERIA:

EPA regulation 40 CFR 6.106(d) permits the use of categorical exclusions from substantive environmental requirements of the National Environmental Policy Act (NEPA) for:

1. Actions which are solely directed toward minor rehabilitation of existing facilities, functional replacement of equipment, or construction of ancillary facilities; or
2. Other actions specifically allowed in program specific subparts of this regulation.
3. Criteria which would prevent the use of a categorical exclusion are found in 40 CFR §6.107(e) summarized as follows:
   a. The action may have a significant effect on the quality of the human environment, or
   b. The action may affect cultural resource areas, endangered or threatened species, environmentally important natural resource, or other identified resource areas of concern; or
   c. The action is not cost-effective or may cause public controversy.

ANALYSIS:

The proposed project meets the criteria for categorical exclusion. It involves replacing an old and deteriorated water storage tank within the limits of the existing booster pump station, two water storage tanks and surrounding security fence. The photographs and site plan below show the approximate location. All work will be done on currently owned Preston County PSD #4 property and will have no adverse environmental impact.

REVOCATION:

This conclusion can be revoked if additional and/or future information indicates any of the following;

1. The proposed action no longer meets the defined category due to changes in the proposed action;
2. Serious local or environmental issues now exist; and/or
3. Federal, state or local laws may be violated.

DOCUMENTATION:

1. Categorical Exclusion Checklist as prepared by Richard Gaines, PE, Stantec

2. Photographs and Site Plan

OTHER

CATEGORICAL EXCLUSION DETERMINATION CHECKLIST

Project Name Preston County PSD #4 Clifton Mills

Applicant has provided sufficient information to allow review for a Categorical Exclusion (CE). Per EPA Regulations found under Part 6.204; CE and extraordinary circumstances:

Project Type (YES) NO

- Existing Infrastructure

◊ Minor Upgrading
If so, describe: _____

◊ Minor Expansion
If so, describe: _____

For projects involving minor expansion, check which category applies:
___ Infill
___ Looping
___ Adjacent to an existing service area

◊ Rehabilitation (including functional replacement)
If so, describe: Add a third 105,000 Gallon potable water tank on a site with two existing tanks and two booster pump stations are located. The existing facilities and proposed new tank are inside of an existing fenced area (6' Chainlink) which was originally graded in in the early 1980's. No work will be outside of the limits of previously impacted land. The new tank capacity will replace one of the existing tanks (Tank #1) which will be torn down and removed once the new tank is constructed and in operation.

◊ New Minor Ancillary Facilities
If so, describe: _____

- Replacement of existing On-lot systems

- Projects completed prior to Appropriation

Existing Infrastructure Projects will not qualify for a CE under the following circumstances (Check any that apply):

__ Project will involve a new or relocated discharge.
__ Project will result in a substantial increase in the volume or pollutant loading to the receiving waters.
__ Project will provide capacity to population greater than 30% of existing population.
__ Project will not be consistent with State/Local Land Use Plans.
__ Project is primarily intended to support new development.

OTHER

Extraordinary Circumstances (Environmental Crosscutters)

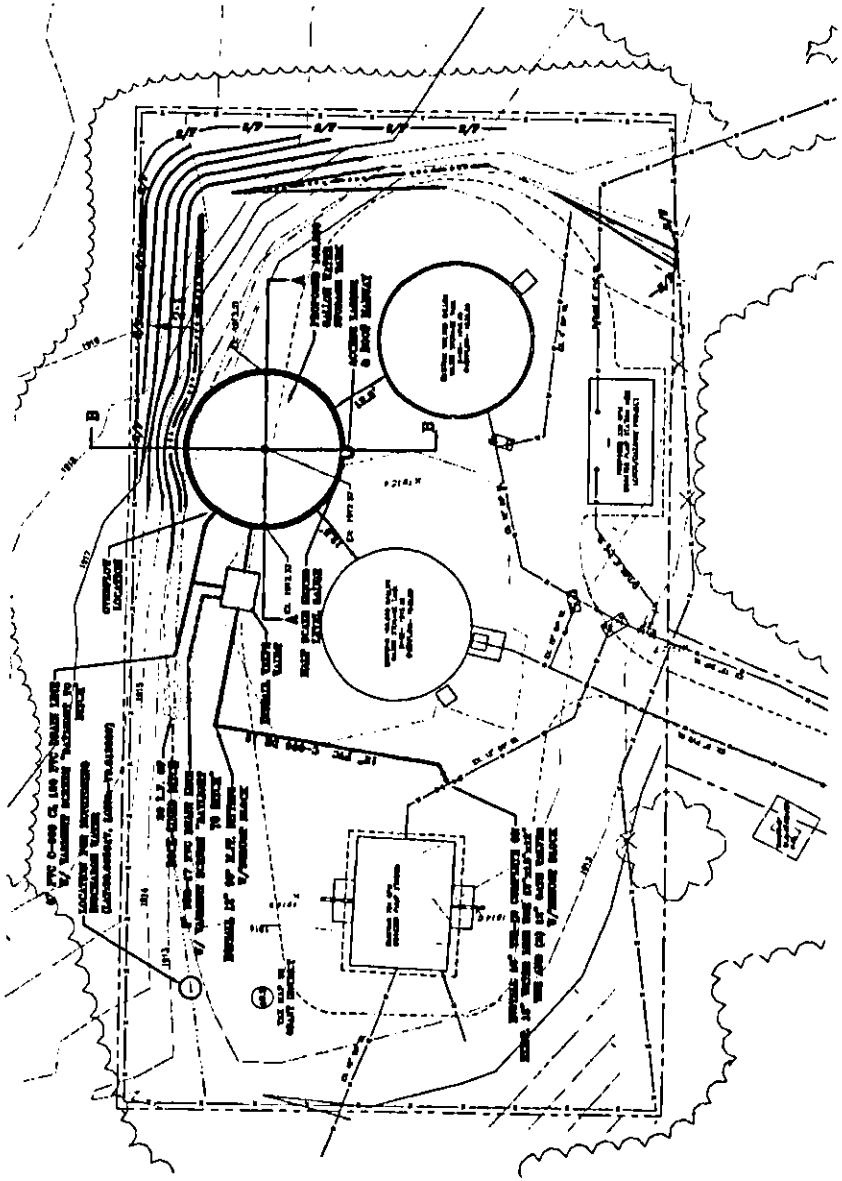

A project that will cause significant environmental impacts is not eligible for a CE.
If answer to the following questions is yes, please attach a detailed explanation to the checklist.

	YES	NO
◊ Are there environmental justice issues? No		
◊ Are there impacts to federally-listed endangered/threatened species or habitats? No		
◊ Are there impacts to archaeological/historic sites? No		
◊ Will the project impact wetlands, floodplains, fish & wildlife resources, or groundwater resources? No		
◊ Are there any air quality issues? No		
◊ Are there any impacts on land use? No		
◊ Is there any public controversy concerning potential environmental impacts? No		

Project qualifies for a CE

LEGAL NOTICE

James L. Pitrolo, Jr., Chairman, West Virginia Health Care Authority, announces the following Certificate of Need activities for the week ending **February 6, 2015**.

LETTERS OF INTENT FOR EXPEDITED REVIEW RECEIVED

February 3, 3015 – West Virginia University Hospitals, Inc., Morgantown, Monongalia County, CON File #15-6-10405-H, for the relocation of four surgery suites to an off-campus location in Morgantown, Monongalia County and the development of four minor procedure rooms at the same site; capital expenditure: $29,700,000.

February 4, 2015 – Jefferson Medical Center, Ranson, Jefferson County, CON File #15-9-10410-BH, for the development of outpatient treatment services for substance abuse and mental illness for children and adults to include: Intensive Outpatient Treatment, individual, family and group therapy, behavioral health and psychiatric patient assessments, medication management, medication-assisted treatment drug and alcohol screening; capital expenditure: $85,000.

February 5, 2015 – Cavalier MDI, LLC, Hudson, Ohio, CON File #15-12-10412-A, for the purchase of the assets of Mobile Diagnostic Imaging, LLC; capital expenditure: $85,000.

February 5, 2015 – Valley Regional Enterprises, Inc., Winchester, Virginia, CON File #15-9-10413-P, for the development of an Urgent Care/Occupational Health Center in Ranson, Jefferson County; capital expenditure: $2,600,000.

February 6, 2015 – Ohio Valley Medical Center, Wheeling, Ohio County, CON File #15-10-10414-P, for the development of an ambulatory health care facility in Marshall County; capital expenditure: $100,000.

LETTER OF INTENT EXPIRED

W.Va. (C.S.R. § 65-7-11.3) states, in part, that letters of intent are effective for one year from the date of their filing. The following represents a letter of intent that has expired:

February 7, 2015 – Associated Foot and Ankle Clinic, Charleston, Kanawha County, CON File #14-3-10128-X/P, for the development of a private office practice surgical facility; capital expenditure: $40,000.

Further information may be obtained on any of the above-referenced projects by contacting Timothy E. Adkins, Director, Certificate of Need Division.
