GUIDE FOR USING THE RULE MONITOR IN THE STATE REGISTER

Column	1.	Agency Name, (Title and Series Number)
Column	2.	Rule Title, Price and Type
Column	3.	Date Notice of Public Hearing or Comment Period Filed
Column	4.	Date of Public Hearing or Last Date Comments Will Be Received
Column	5.	Date Emergency Rule Filed, Emergency Amendments Filed, Emergency Rule Decision (ERD) Number & Date ERD Filed (Effective Date of Emergency Rule)
Column	6.	Date Agency Approved Legislative Rules Filed.
Column	7.	Date Review by the Legislative Rule-Making Review Committee & Action Taken **Please Note** The Board of Education, Board of Trustees & Board of Directors File Their Rules With the Educational Over-Sight Committee
Column	8.	Legislative Action
Column	9.	Date Agency Final Files Legislative, Procedural or Interpretive Rules. This is the Final Step for Procedural & Interpretive Rules
Column	10.	Date Rule is Effective

- Emergency rules will not have a "Notice" date until the agency files one, but the rule will appear in Columns 1, 2 & 5. An Agency must file for either a public hearing or public comment period either before filing as an emergency or no more than 30 days after filing the rule as an emergency
- If more than one date appears in a column, it means the agency has repeated that step (ex. - holding an additional public hearing)

MEMORANDUM

To: Interested Parties

From: Stephanie D. Hickerson, P. E.
Drinking Water Treatment Revolving Fund

Date: January 29, 2021

Subject: Tomlinson PSD
Water System Improvement Project
Environmental Review (FONSI)
DWTRF Project Number: **18DWTFB010**
Hancock County

Please find enclosed the Tomlinson PSD's Water System Improvement Project Finding of No Significant Impact **(FONSI).**

The review process indicated significant environmental impacts would not result from the proposed action. Consequently, a preliminary decision not to prepare an Environmental Impact Statement has been made.

This action is based on a careful review of the Environmental Information Document and other supporting data. These documents are on file in the West Virginia Bureau for Public Health, Environmental Engineering Division, and are available for public review upon request.

Comments supporting or disagreeing with this preliminary decision may be submitted for consideration to Christopher Thomas, at 350 Capitol Street, Room 313, Charleston, West Virginia 25301-3713. You may also FAX your comments to (304) 558-0691. After evaluating the comments received, the Bureau will make a decision no sooner than thirty (30) calendar days from the date of this FONSI. No administrative action will be taken with respect to this proposal during this time frame.

FINDINGS OF NO SIGNIFICANT IMPACT

January 29, 2020

TO: ALL INTERESTED PARTIES

In accordance with the state regulations found in Title 64, Series 49, "Drinking Water Treatment Revolving Fund", the Bureau for Public Health, Environmental Engineering Division, has performed an environmental review on the proposed project described below and on the attached environmental assessment:

ENVIRONMENTAL ASSESSMENT

for the

Tomlinson PSD Water System Improvement Project

WV IJDC Project No.: **2018W-1731/** SRF Project No.: **18DWTFB010**

I. PROPOSED PROJECT:

The Tomlinson PSD's project will make upgrades to several areas of the distribution system. Included in the project will be adding or replacing approximately 22,600 linear feet of 8-inch water line and 8,700 linear feet of 6-inch water line that will upgrade or create loops in the distribution system to eliminate dead ends and alleviate some areas that have low pressure issues. The line replacements will be in the areas of Arner Run Road, Arroyo Village Road, Middle Run Road, Snow Hill Drive, Hideaway area, and Joetown Road. The project will also repair or replace (2) of the system's Pressure Reducing Stations, add a new meter pit with SCADA at the Newell system connection, install SCADA throughout the system on all existing and new equipment, upgrade the controls at the Tomlinson Booster Station, install a new 700 GPM booster station, rehabilitate the existing Grant tank, construct a new 250,000 tank, and replace or add several new valves and fire hydrants.

II. PURPOSE AND NEED:

This project will upgrade the Tomlinson system to improve the quality of service to the customers and increase the system's reliability. Customers that have low pressure will also see improvements with this project. This project will improve hydraulics within the entire PSD's system and improve the redundancy of the system overall.

III. DESCRIPTION OF EXISTING ENVIRONMENT WITHOUT THE PROJECT:

Tomlinson PSD in the past couple years acquired Grant PSD to operate and service. The combined system has many areas that could use improvements especially with hydraulics throughout the entire system. Currently there are several areas that have dead ends that cause issues and low-pressure areas for other customers. Most of this project will be replacement or rehabilitation in nature. All applicable mitigation measures will be taken, including suitable Best Management Practices, to limit the impact to the environment by construction activities.

IV. EVALUATION OF ALTERNATIVES:

No other alternatives were considered due to this project predominantly being rehabilitation and/or replacement of existing infrastructure. Any identified environmentally sensitive areas will be avoided during construction.

V. DESCRIPTION OF EXISTING ENVIRONMENT:

Through the use of an Environmental Screening Checklist the following environmental factors have been addressed (references have been provided as appropriate) and it has been determined this project has no significant impact on any of these elements:

OTHER

1. **Archeological and Historic Preservation Act of 1974** – A letter from the WV Division of Culture and History regarding the Tomlinson PSD Water System Improvements Project, dated May 8, 2020 states: "We have reviewed the revised project information and determined that the proposed project will affect no architectural properties eligible for or included in the National Register of Historic Places.." The letter also states: "According to our records, a small portion of the proposed project area underwent a Phase I archaeological survey in 2016. Our records also indicate that there are no previously recorded archaeological sites located within the proposed project area. Available information suggests that a vast majority of the proposed ground disturbing activities will occur within previously disturbed areas and/or existing rights-of-way. Therefore, it is unlikely that significant intact deposits will be encountered during the proposed ground disturbing activities. As a result, it is our opinion that the proposed water system improvements project will have no effect on archaeological historic properties. No further consultation is necessary regarding archaeological resources."

2. **National Historic Preservation Act of 1966** – No impact on historical sites, reference above.

3. **Clean Air Act, Pub. L. 84-159** – An email from Kennon Chambers, PE with Ghosh Engineers on November 16, 2020 states "Some air pollution will result from the proposed construction activities. Air pollution will be mitigated by requiring full compliance with the Clean Air Act by the Contractor."

4. **Endangered Species Act** – A letter from the United States Department of the Interior, Fish and Wildlife Service regarding the Tomlinson PSD Water System Replacements Project, dated April 13, 2017, states "Two federally listed species could occur in the project area: the endangered Indiana bat (*Myotis sodalis*) and the threatened northern long-eared bat (*Myotis septentrionalis*) (NLEB)." Also stated, "The Service does not anticipate that this project is likely to adversely affect the Indiana bat …." and " This proposed project is not located within any of these radii around known hibernacula or roost trees and will not affect any known NLEB hibernacula, therefore any take of NLEB associated with this project is exempted under the 4 (d) rule and no conservation measures are required."

   A letter from the West Virginia Division of Natural Resources regarding the Tomlinson PSD Water System Replacements Project, dated August 28, 2020, states "We have no known records of any RTE species or sensitive habitats within the project area."

5. **Protection of Wetlands** – In the Wetland Delineation and Stream Identification Report for the Water System Improvements Project Hancock County, West Virginia prepared by Jeffrey Todd with Ghosh Engineering Inc. dated January 2021 it is stated "After completion of delineations the findings were mapped and reported accordingly. The project Area of Interest (AOI) consisted of approximately 12 acres. Within the delineated AOI of the project four 24 streams and four (4) wetlands were identified. Following delineation activities, it was determined impacts will occur as part of the project. These impacts fall within USACE Nationwide Permit (NWP) 12 "utility lines activities" and are considered non-reporting. The other streams identified within the

survey AOI, will be avoided during construction. Findings in the AOI were considered WoUS, as defined by the USACE (33 CFR 328.3), and consequently reported as such."

6. **Fish and Wildlife Coordination Act** – Reference item #4.

7. **Wild and Scenic River Act** – A letter from the WV Division of Natural Resources – dated August 28, 2018 – states that "A segment of the Bluestone River in Summers County is the only river holding Wild and Scenic designation in the State."

8. **Farmland Protection Policy** – A letter from the USDA Natural Resources Conservation Service regarding the Tomlinson PSD Water System Improvements Project, dated April 29, 2020, states "Based on a review of the submitted documents, aerial photography, and the soil survey mapping it is determined that this project does not impact prime or other important farmland, and therefore is not subject to Farmland Protection Policy Act."

9. **Flood Plain Management** – A letter from Kennon Chambers, PE with Ghosh Engineers dated April 2, 2020 states "All above ground facilities constructed by this project will be built above the 100-year flood zone. These facilities include the new Grant water storage tank and the Locust Hill booster station. Both of these structures are at least three feet above the floodplain…".

10. **Safe Drinking Water Act** – This project was approved by the West Virginia Infrastructure and Jobs Development Council Water Technical Review Committee (approved September 11, 2019).

11. **Environmental Justice** – Executive Order 12898 requires federally funded activities to identify and address disproportionately high and adverse human health effects of the activities on minority and low-income populations. This project has no impact on environmental justice.

12. **Lead Paint Abatement** – An email from Kennon Chambers, PE with Ghosh Engineers on November 16, 2020 states "We are currently awaiting the results of the existing Grant water storage tank inspection. It is anticipated that this tank will be found to contain lead paint. Depending on the condition of the tank, we will then determine whether or not to rehabilitate the tank or construct a new one. Whichever is the most cost effective. Either way, the tank will be handled in the strictest sense of removing the lead pain and disposing of the materials lawfully. We require that the contractor provide landfill certifications if they scrap the tank, or worker safety programs and plans if rehabilitating."

VI. CLIMATE CHANGE/ENERGY EFFICIENCY:

This project will be adding a new booster stations with (2) energy efficient pumps that will increase the energy usage of the system slightly. With these upgrades the PSD will be making to the current booster stations though, the overall increase in electricity will be very small depending on the stations operating times. The upgrades and line replacements in the distribution system are not expected to lower the lost water from the current 12% water loss they are currently experiencing. It is anticipated that there will be a minimal net change in greenhouse

OTHER

gases resulting from this project due to the water loss and plant operating times not being affected by the project.

VII. ENVIRONMENTAL CONSEQUENCES & MITIGATING MEASURES:

Noise and air pollution will result from the proposed construction activities. Noise pollution can be mitigated, but not eliminated, by requiring adequately maintained noise suppressing devices on construction equipment. Air pollution, similarly, can be mitigated by requiring full compliance with the Clean Air Act.

Erosion and stream sedimentation will also result from the proposed construction activities. These problems can be mitigated by requiring the installation and proper maintenance of the United States Environmental Protection Agencies Best Management Practices (BMP's), which are practical means of preventing or reducing pollution from nonpoint sources. Full compliance with the NPDES Construction Stormwater General Pelmit as enforced by WV DEP.

For lead paint, reference above.

VIII. PUBLIC PARTICIPATION:

Public meetings have been and will be held to keep everyone informed on this project. One such public meeting was held on June 11, 2018 where the project and the design of it were discussed.

IX. DOCUMENTATION:

References used to complete this Environmental Assessment are noted in **Section V**.

Statutory Checklist

All DWTRF funded projects must comply with the following environmental statutes and executive orders.

Project Sponsor: Tomlinson PSD **Phone:** 304-387-2658

Address: PO Box 369 Chester, WV 26034

Public Water System: Tomlinson PSD **County:** Hancock

WEST VIRGINIA HEALTH CARE AUTHORITY
CERTIFICATE OF NEED
100 Dee Drive
Charleston, West Virginia 25311-1600

FILED
2021 JAN 25 A 10:46
OFFICE WEST VIRGINIA SECRETARY OF STATE

January 25, 2021

LEGAL NOTICE

The West Virginia Health Care Authority announces the following Certificate of Need activities for the week ending **January 22, 2021**.

APPLICATIONS FOR EXEMPTION RECEIVED

January 20, 2021 - WV Family Support and Rehabilitation Services, Parkersburg, Wood County, CON File #21-3-12019-X, for the provision of office-based medication assisted treatment services at its facility located at 1303 Washington Street West, Charleston, Kanawha County.

January 20, 2021 - WV Family Support and Rehabilitation Services, Parkersburg, Wood County, CON File #21-2-12020-X, for the provision of office-based medication assisted treatment services at its facility located at 4510 Terrace Avenue, Huntington, Cabell County.

January 21, 2021 – Assurance Medical, Charleston, Kanawha County, CON File #21-5-12022-X, for the development of an office-based medication assisted treatment program and licensed behavioral health center at 808 Division St., Parkersburg, Wood County.

January 21, 2021 – The Healing House, Inc., St. Albans, Kanawha County, CON File #21-3-12023-X, for the development of a transitional living program at 1112 Rosalie Drive, Charleston, Kanawha County, for young women ages 18 – 22 that have exited the foster care program but remain in the state's custody. The Healing House will offer a wide variety of behavioral health services to women that have been negatively impacted by trauma.

PROJECTS EXEMPT FROM REVIEW

January 20, 2021 - Bethany Christian Services, Grand Rapids, Michigan, CON File #21-8/9-12013-X, for the provision of outpatient and in-home behavioral health services to youth and adults up to 64 years of age in Berkeley, Jefferson, Hampshire, Hardy, Mineral and Morgan counties.

January 22, 2020 - Grafton City Hospital, Grafton, Taylor County, CON File #20-6-12003-X, for the development of 10 behavioral health crisis beds to be located in an unused and secure ward of the hospital.

Further information may be obtained on any of the above-referenced projects by contacting Barbara Skeen, Director, Certificate of Need Division.

In Re:

KANAWHA HOSPICE CARE, INC.
CON File No. 20-3-11992-Z

NOTICE OF PREHEARING CONFERENCE AND ADMINISTRATIVE HEARING

PLEASE TAKE NOTICE that pursuant to Chapter 16, Article 2D, and to Chapter 29A, Article 5, of the West Virginia Code of 1931, as amended, that Barbara Skeen, Interim Executive Director of the West Virginia Health Care Authority, wishes to announce that the following proceedings have been scheduled for the above-noted application:

A PREHEARING CONFERENCE will be held, **April 16, 2021, at 1:30 p.m.**, in the Large Conference Room of the West Virginia Health Care Authority, 100 Dee Drive, Charleston, West Virginia.

AN ADMINISTRATIVE HEARING will be held, **April 23, 2021, at 9:00 a.m.**, in the Large Conference Room of the West Virginia Health Care Authority, 100 Dee Drive, Charleston, West Virginia.

This application concerns the provision of home health services in Putnam County, West Virginia.

You and any other "affected persons" as defined by W. Va. Code §16-2D-2 wishing to participate in the hearing of this application are directed to be present at both the prehearing conference and the administrative hearing.

The purpose of the prehearing conference is to designate parties to the hearing, to designate the issues for the hearing, resolve any procedural matters, receive any motions, establish the order of proceedings, receive a listing of the witnesses and a summary of direct testimony that will be offered at the hearing, receive a listing of evidence to be offered and copies of any documents to be offered such as reports or

JAN 27 2021

analysis prepared by expert witnesses including any financial reports and any other procedural matters. The prehearing conference will be conducted in conformance to Rule 16, West Virginia Rules of Civil Procedure for pretrial conferences.

In a hearing, any person has the right to be present or to be represented by counsel and to present oral or written arguments and relevant evidence. Any person affected by the matter which is the subject of the hearing may conduct reasonable questioning of persons who make factual allegations relevant to such matters.

PLEASE TAKE NOTICE that if the party who requested the hearing withdraws that request, then the hearing will be canceled.

The file on this application is available for examination in the offices of the Health Care Authority from 8:30 a.m. to 12:00 p.m., Monday through Friday. If you have questions concerning this matter, please contact Barbara Skeen, Interim Executive Director, at (304) 558-7000.

Date: January 26, 2021

CON File # 20-3-11992-Z

HEARING ORDER

The following shall apply to and govern the above-captioned action and activities conducted in connection with it. In the absence of a specific date or deadline for a given activity, it is anticipated that such activity will be scheduled and conducted within a reasonable time prior to the hearing.

The parties may not amend, modify or adjust any provision of this order except by leave of the Authority.

1. Hearing date: **April 23, 2021, at 9:00 a.m.**

2. Prehearing conference date: **April 16, 2021, at 1:30 p.m.**

3. Settlement conference (optional): **N/A**

4. All replacement pages to CON application to be filed by: **February 12, 2021**
   Pursuant to W. Va. Code St. R. §65-32-6, if the applicant submits a substantial amendment to the application the Authority may withdraw the application from review. The board may examine the extent of additional information or any amendment made by the applicant to the application and its impact on the new institutional health service, and determine the application to be a new proposal subject to a new review cycle.

5. Motions for discovery to be filed by: **February 22, 2021**

6. Discovery completed on or before: **March 26, 2021**
   Parties engaging in discovery are required to file a copy of the certificate of service attached to the discovery request or response with the board. Affected parties shall not file copies of the actual discovery and responses with the board. To the extent that an affected party intends to introduce a document obtained through the discovery process at the administrative hearing, the document and two (2) copies must be filed at the prehearing conference.

7. Dispositive and preliminary motions to be filed by: **April 12, 2021**
Parties shall file all prehearing motions with the board a minimum of three (3) days prior to the prehearing conference.

8. All requests for subpoenas and/or subpoenas duces tecum to be filed by: **April 12, 2021**

OTHER

Entered this 26th day of January, 2021.
