In 1987, the West Virginia Legislature established a moratorium on nursing home bed growth, skilled nursing home beds. There have been no new skilled nursing home beds since the moratorium.

These Standards address the criteria for the replacement of nursing homes facilities that need to be replaced due to the age and condition of the facility. A certificate of need application (CON) is required for the replacement of any facility that is to be located off the campus of the existing facility.

West Virginia Code § 16-2D-9(2) states...". Health services that cannot be developed:

A. Exemptions from Certificate of Need (CON)

Additional Exemptions from CON review which require submission of information to the Health Care Authority (Authority). Those providing the Replacement of Nursing Home Facilities and Services, which meet the following criteria, will not be required to address the standards.

The Department of Health and Human Resources may not create a policy which limits the transfer, purchase or sale of intermediate care or skilled nursing beds from a skilled nursing facility or a skilled nursing unit of an acute care hospital.
