**EMERGENCY RULE DECISION  
(ERD 16-98)**

**AGENCY:** Department of Agriculture  
**RULE:** Amendments, Series 12, Fee Structure for the Pesticide Control Act of 1990

**FILED AS AN EMERGENCY RULE:** September 30, 1998

- par. 1 The Department of Agriculture (Department) has filed the above amendments to an existing rule as an emergency rule.
- par. 2 West Virginia Code 29A-3-15a requires the Secretary of State to review all emergency rules filed after March 8, 1986. This review requires the Secretary of State to determine if the agency filing such emergency rule: 1) has complied with the procedures for adopting an emergency rule; 2) exceeded the scope of its statutory authority in promulgating the emergency rule; or 3) can show that an emergency exists justifying the promulgation of an emergency rule.
- par. 3 Following review, the Secretary of State shall issue a decision as to whether or not such an emergency rule should be disapproved [29A-3-15a].
- par. 4 (A) Procedural Compliance: WV Code 29A-3-15 permits an agency to adopt, amend or repeal, without hearing, any legislative rule by filing such rule, along with a statement of the circumstances constituting the emergency, with the Secretary of State and forthwith with the Legislative Rule-Making Review Committee (LRMRC).
- par. 5 If an agency has accomplished the above two required filings with the appropriate supporting documents by the time the emergency rule decision is issued or the expiration of the forty-two day review period, whichever is sooner, the Secretary of State shall rule in favor of procedural compliance.
- par. 6 The Department filed this emergency rule with supporting documents with the Secretary of State September 30, 1998 and with the LRMRC September 30, 1998.

par. 7 It is the determination of the Secretary of State that the Department has complied with the procedural requirements of WV Code §29A-3-15 for adoption of an emergency rule.

par. 8 (B) Statutory Authority -- WV Code 19-16A-6 reads in part:

*Promulgate rules pursuant to §29A-1-1 et seq of this code.*

par. 9 It is the determination of the Secretary of State that the Department has not exceeded its statutory authority in promulgating this emergency rule.

par. 10 (C) Emergency -- WV Code 29A-3-15(f) defines "emergency" as follows:

*(f) For the purposes of this section, an emergency exists when the promulgation of a rule is necessary for the immediate preservation of the public peace, health, safety or welfare or is necessary to comply with a time limitation established by this code or by a federal statute or regulation or to prevent substantial harm to the public interest.*

par. 11 There are essentially three classes of emergency broadly presented with the above provision: 1) immediate preservation; 2) time limitation; and 3) substantial harm. An agency need only document to the satisfaction of the Secretary of State that there exists a nexus between the proposal and the circumstances creating at least one of the above three emergency categories.

par. 12 The facts and circumstances as presented by the Department are as follows:

State Code §19-16-5(c) stipulates the pesticide product registration period shall be from January 1 to December 31 of each year. As registration fees are to be paid on a calendar year basis, legislative approval will cause a substantial loss of operational dollars for fiscal year 2000.

The West Virginia Department of Agriculture proposes to amend 61CSR12 rule by increasing the fee for pesticide product registration. The amount of the increase is from the current fee of \$25.00 per product to \$50.00 per product. All other fees associated with the rule remain the same with no increase.

By statute the registration of pesticide products are required on an annual calendar year. This rule is also being filed as a legislative rule. However, the vast majority of the pesticide product fees for calendar year 1999 and the beginning of the fiscal budget year 2000 are collected in the months of December, January and February. If the fee increase is enacted following the 1999 Legislative session, the increased revenue will not be available for use until fiscal year 2001.

The reason for the increase is to provide a basis of stability for the increased regulatory demands on the program for investigation of pesticide use and environmental impact. If the use of the funding is delayed for an additional 18

months, the preservation of the public safety and welfare could be at risk.

par. 13 It is the determination of the Secretary of State that this proposal qualifies under the definition of an emergency as defined in §29A-3-15(f). . . "health and safety"

par. 14 This decision shall be cited as Emergency Rule Decision 16-98 or ERD 16-98 and may be cited as precedent. This decision is available from the Secretary of State and has been filed with the Department of Agriculture, the Attorney General and the Legislative Rule Making Review Commission.
