**Re: Notice of a Comment Period on a Proposed Rule, Title 114, Series 20,  
Surplus Lines Insurance**

Dear Mr. Murphy:

Insurance Services Office, Inc. (ISO) would like to thank the West Virginia Offices of the Insurance Commissioner for the opportunity to provide comments on your proposed and emergency regulations regarding Surplus Lines Insurance.

ISO is a licensed rating organization in West Virginia. We provide statistics, underwriting, claims and specific property information, actuarial analyses, policy language, and consulting services for a broad spectrum of lines of insurance. Our clients include insurers, reinsurers, agents, brokers, risk managers, regulators, and various government agencies.

We have noticed an issue in the language of both the proposed rule amending Title 114, Series 20, Surplus Lines Insurance, and the related emergency rule amending the same material.

Section 2.37(d) of both the proposed and emergency rule states the following (emphasis supplied by us):

Insurance of personal property and interests therein, in the course of exportation from or importation into any country, or in the course of transportations coastwise or on inland water, including transportation by land, water or air from point of origin to final destination, in connection with any and all risks or perils of navigation, transit or transportation, and while being prepared for and while awaiting shipment, and during any incidental delays, transshipment, or reshipment; provided, however, that insurance of

personal property and interests therein shall **both be considered** wet marine and transportation insurance if the property has;

2.37.d.1. Been transported solely by land;

2.37.d.2. Reached its final destination as specified in the bill of lading or other shipping document; or

2.37.d.3. The insured no longer has an insurable interest in the property.

The language of this provision tracks provision (bb) of West Virginia S.B. 435. However, in the enacted legislation, the phrase "**both be considered**" is instead "**not be considered**". We believe that the phrase "both be considered" inappropriately includes property described under d.1. through d.3. in the definition of wet marine and transportation insurance, and that the phrase should be revised to match the legislation.

Please let me know if you have any questions concerning our suggested change.

Very truly yours,

Vincent M. Cox III, CPCU, AIM

ATTACHMENT TO QUESTION 2(d):

Insurance Services Office, Inc. (ISO), a licensed rating organization in West Virginia that provides statistics, underwriting, claims and specific property information, actuarial analyses, policy language and consulting services to insurers, reinsurers, agents, brokers, risk managers, regulators, and various government agencies, noted a drafting error in the rule at section 2.37. The word “both” in subsection (d) should be “not” to match the corresponding language in the Code (33-12C-3(bb)(4)) and the NAIC model on which the statute is based (#870 (§3)). The Commissioner will amend the proposed rule as follows:

2.37.d. Insurance of personal property and interests therein, in the course of exportation from or importation into any country, or in the course of transportations coastwise or on inland water, including transportation by land, water or air from point of origin to final destination, in connection with any and all risks or perils of navigation, transit or transportation, and while being prepared for and while awaiting shipment, and during any incidental delays, transshipment, or reshipment; provided, however, that insurance of personal property and interests therein shall not be considered wet marine and transportation insurance if the property has:

2.37.d.1. Been transported solely by land;

2.37.d.2. Reached its final destination as specified in the bill of lading or other shipping document; or

2.37.d.3. The insured no longer has an insurable interest in the property.

In keeping with recent practice, the Commissioner has also amended the introductory section 1.1 of the proposed rule to reflect the underlying sources of the amendments:

1.1. Scope. -- This legislative rule establishes certain requirements for the licensing and regulation of surplus lines licensees, regulates access to the surplus lines market, and prescribes procedures for the placement of insurance with surplus lines insurers ~~pursuant to W. Va. Code §33-12C-1 et. seq.~~ and provides for the collection and allocation of premium taxes. This rule is largely based on

the National Association of Insurance Commissioners' (NAIC) "Nonadmitted Insurance Model Act (Model 870)", as amended in 2002, and on the NRRA to the extent it has been incorporated in W. Va. Code §33-12C-1 *et seq.*

Finally, in light of the uncertainty surrounding the manner in which the states are planning to allocate taxes on multi-state policies, the following three subsections are also changed to more clearly reflect the possibility that West Virginia may not join NIMA (changes to initial proposed rule in italics):

~~4.5 4.4.k.~~ Any additional information the commissioner may require to effectuate the provisions of ~~article twelve c of chapter thirty three~~ The Nonadmitted Insurance Act, W. Va. Code §33-12C-1 *et seq.* and, *if executed*, NIMA.

~~5.1. Reporting of premiums placed and taxed. Each~~ *If NIMA is executed*, on and after the date on which NIMA is made effective in this state, each surplus lines licensee licensed in accordance with the provisions of this rule and W. Va. Code §33-12C-8, shall make under oath to the commissioner, with respect to those policies where West Virginia is the home state and for which the payment of premium taxes is due shall:

6.1. *If NIMA is executed*, the method of tax allocation for multi-state risks shall be that set forth in Annex A and Annex B of NIMA.

**TITLE 114, SERIES 20**

**BRIEF SUMMARY OF RULE**

This rule reflects changes made by SB 435 (2011), which implemented provisions of the federal Nonadmitted and Reinsurance Reform Act of 2010 ("NRRRA", added as an amendment to the federal Dodd-Frank Wall Street Reform & Consumer Protection Act and signed into law on July 21, 2010). NRRRA streamlines regulation of surplus lines insurance covering risks in multiple states; limits regulation and taxation of non-admitted insurance to the insured's home state; implements nationwide eligibility requirements in conformance with the National Association of Insurance Commissioners' ("NAIC") model act pertaining to surplus lines insurance; and preempts inconsistent state laws. The rule makes provisions for West Virginia's possible execution of the National Insurance Multi-State Agreement (NIMA) and its participation in the clearinghouse process being spearheaded by NAIC (as permitted by SB 435). If West Virginia joins NIMA, the clearinghouse will accept tax collections and allocate them to the participating states.

**STATEMENT OF CIRCUMSTANCES**

The federal law on which SB 435 (2011) is based, the Nonadmitted and Reinsurance Reform Act ("NRRA"), preempts any state laws that conflict with it in the areas of regulation and taxation of surplus lines insurance. Unlike the situation today in West Virginia and most other states in which a surplus lines licensee (called a "broker" in most states) has to file tax returns and remit taxes in every state in which a risk is covered under a policy covering risk in multiple states, the NRRA provides that only the "home state" of an insured may collect taxes on such policies. The federal act, however, permits the states to enter into agreements to allocate such taxes paid to the home state, and the National Association of Insurance Commissioners has developed a multi-state agreement (NIMA) to effect an allocation scheme under which the home state would send taxes collected with respect to risks in other states for distribution to such other states through a "clearinghouse." The National Conference of Insurance Legislators (NCOIL) has developed a competing mechanism involving an interstate compact. SB 435 authorizes the Insurance Commissioner to enter into such a multi-state agreement such as NIMA, but a statutory change would be necessary in order to join a compact. This rule also incorporates the other NRRA statutory changes, e.g. definition of "home state."

**Fiscal Note Summary**

Summarize in a clear and concise manner what impact this measure will have on costs and revenues of state government.

May decrease administrative costs inasmuch as the anticipated clearinghouse will handle the new allocation duties (with fees assessable to the carriers), impact on revenues is unknown because the states are proceeding in different directions with regard to allocation, possible decrease in revenues inasmuch as West Virginia is less likely to be a "home state".

**Fiscal Note Detail**

Show over-all effect in Item 1 and 2 and, in Item 3, give an explanation of Breakdown by fiscal year, including long-range effect.

3. **Explanation of above estimates (including long-range effect):**  
Please include any increase or decrease in fees in your estimated total revenues.

Insureds will be assessed fees to pay for any added costs of operating the national clearinghouse.

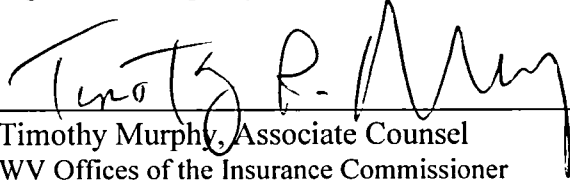

**MEMORANDUM**

Please identify any areas of vagueness, technical defects, reasons the proposed rule **would not** have a fiscal impact, and/or any special issues **not** captured elsewhere on this form.

Currently there is too much uncertainty nationally to assess the impact, there will be administrative efficiencies created with the single home-state filings and the central allocation process through the clearinghouse, but the effect of the non-NIMA participants -- both those joining the alternative compact process and those joining neither -- will have to be experienced for a period before the full impact is known.

thirty (30) days of notice of the penalty, the commissioner shall revoke, suspend or refuse to renew the license.

**§114-20-4. Placement of Surplus Lines Coverages.**

4.1. Diligent Search – ~~In accordance with the provisions of W. Va. Code §33-12C-5(a)(3),~~ Except as provided in section 4A of this rule, insurance coverage written by a surplus lines insurer and placed by a surplus lines licensee for an insured whose home state is West Virginia may not be procured until a diligent search has been made by the individual insurance producer to place the risk with an admitted insurer. The surplus lines licensee shall submit to the commissioner a sworn notarized affidavit, ~~as provided in subsection 4.5 4.4 of this rule,~~ that a diligent search has been made by the individual insurance producer to place the risk with licensed insurers authorized to write and actually writing the particular risk sought to be placed in the excess lines market. This affidavit shall be maintained, as required by W. Va. Code §33-12C-16, as part of the full and true record of each surplus lines contract procured.

4.2. The following minimum requirements and conditions apply to the conduct of a diligent search to place a risk with licensed insurers:

4.2.a. The individual insurance producer shall execute and forward to the licensed surplus lines licensee a written statement, in a form prescribed by the commissioner, declaring that a diligent effort to procure the desired coverage from admitted insurers was made. The form shall contain an affidavit that the individual insurance producer complied with the due diligence requirements of this rule. The affidavit shall affirm that the insured was expressly advised prior to the placement of the insurance that:

4.2.a.1. The surplus lines insurer with which the insurance is to be placed is not an admitted authorized insurer in this state and is not subject to the commissioner's supervision; and,

4.2.a.2. In the event the surplus lines insurance becomes insolvent, claims will not be paid nor will unearned premiums be returned by any West Virginia insurance guaranty fund.

4.2.b. No individual insurance producer may solicit, procure, place, or renew any insurance with a nonadmitted insurer unless the producer has been unable to procure the requested insurance from an authorized insurer after conducting a diligent search. A diligent search requires the individual insurance producer to contact as many insurers as the individual insurance producer represents, that customarily write the kind of insurance requested by the insured. A diligent search is presumed if declinations are received from each authorized insurer contacted.

**Insurance Commissioner  
Legislative Rule

b. allocate among the applicable Participating States the Nonadmitted Insurance premium taxes required by an insured's Home State as described herein;

**PART IV**

**Collection and Allocation Procedures**

10. The Clearinghouse will operate pursuant to a plan of operation, to be agreed upon by two-thirds of the Participating States, to ensure that the Clearinghouse and its computer software system are capable of meeting the requirements of this Agreement.

11. Each Participating State agrees to use the Clearinghouse for all Multi-State Risks for which that state is the Home State. Except as otherwise provided, each Participating State agrees to require Surplus Lines Licensees and insureds who independently procure insurance to utilize the Clearinghouse for the reporting and payment of Nonadmitted Insurance premium taxes for all Multi-State Risks for which that state is the Home State. The Clearinghouse will send notice of any changes to all of the Participating States via electronic mail to the designated contact of each Participating State.

15. Each Participating State agrees to authorize the Clearinghouse, when the Participating State is the Home State, to collect a reasonable fee, to be established by contract between the Participating State and the Clearinghouse, payable by the insured directly or through a Surplus Lines Licensee on each transaction processed through the Clearinghouse to cover the cost of the operations and activities of the Clearinghouse. After the Clearinghouse has collected and reconciled the payments, the appropriate amount will be deposited into each Participating State's depository account at the banking institution selected by the Participating State. With respect to the depository accounts of the Participating States, the Clearinghouse shall only have the authority to transfer premium taxes collected and on deposit in the Clearinghouse account into the depository account of the Participating States.

**ANNEX B  
Allocation Formula**

For the purposes of this Annex and subject to Parts III, IV, and VII, the Nonadmitted Insurance premium tax revenue for a calendar tax year or for a sub-period of a calendar tax year, as the case may be, is the amount determined by the formula:

$$\text{Tax Allocation} = (\text{Net tax due to each State} / \text{net tax due to all States}) \times \text{Amount collected}$$

$$\text{Home State Net Taxes} = (\text{Taxes collected for the Home State} + \text{Taxes due from other Participating States}) - \text{Taxes owed to other Participating States}$$

$$\text{Total Premium Tax to be Collected on Each Multi-State Policy} = (\text{Home State's tax rate} \times \text{Portion of premium allocated to Home State}) + (\text{Home State's tax rate} \times \text{Premium allocated to Non-Participating State if insurer is nonadmitted in that State}) + (\text{Participating States' tax rate} \times \text{Premium allocated to each Participating State if insurer is nonadmitted in that state})$$
