5.1. A continuing insurance education course shall not qualify for use as continuing insurance education credit unless it is filed with and approved by the Commissioner and the Board.

5.2. A provider shall not implement any material change in a continuing insurance education course previously approved by the Commissioner until the change has been filed with and approved by the Commissioner and the Board.

5.4. If a continuing insurance education course is taken more than once in a reporting period, the Commissioner will give the agent credit only for the first time that course was taken and completed during the applicable reporting period.

c. The continuing insurance education course provider fails to certify to the Commissioner that the agent has satisfactorily completed the course when, in fact, the agent has done so; or

d. There is other good reason to withdraw approval of a continuing insurance education course.

c. Any such other reason as the Commissioner may determine on a case-by-case basis as constituting good cause.

6.2. An agent should submit a request for an extension of time in which to meet the continuing insurance education requirements to the Commissioner in writing at least thirty (30) days prior to the last day of the reporting period and shall include in the request an explanation together with reasonable verification of the hardship rendering an extension necessary.

6.3. The Commissioner shall refuse to renew the appointments or issue new appointments for those lines of insurance specified in section 3 of this rule to any agent who does not satisfy the minimum continuing insurance education requirements.

6.4. An agent may not carry forward excess credit hours accumulated during one reporting period to satisfy the continuing insurance education requirements of the following reporting period.

6.5. Any agent who has not complied with the continuing insurance education requirements by the end of the reporting period may thereafter obtain credits to be carried back to meet the requirements of the preceding reporting period.

6.6. An agent may use any continuing insurance education credit obtained to satisfy the mandatory continuing insurance education requirements of one reporting period only.

6.7. Inactive agents must satisfactorily complete one-half of the continuing insurance education requirements of one reporting period within the twelve (12) months immediately preceding his or her return to active status.

a. An agent may not count the continuing insurance education requirements completed for a return to active status toward the continuing insurance education requirements for the biennium in which active status is granted.

b. No agent shall be permitted to make use of a transfer from active to inactive status as a means to circumvent the mandatory continuing insurance education requirements.

6.8. Agents who have a cancelled license or an expired license pursuant to W. Va. Code §33-12-18 shall successfully complete pre-licensing education and examination before qualifying for a new license, and shall thereafter successfully complete the continuing insurance education credits required pursuant to W. Va. Code §33-12-1 et seq. and the guidelines established by the Board.

a. No agent shall allow his or her license to expire as a means to circumvent the mandatory continuing education requirements.

6.9. The Commissioner shall recognize the continuing insurance education requirements obtained during the reporting period through an approved provider of another state only in those instances where all the following conditions are met:

a. The agent is a former resident agent for whom a clearance letter was previously issued by the Commissioner;

b. The agent is currently licensed in good standing in another state and has been so licensed since leaving West Virginia; and

c. The agent is in the process of establishing residency in West Virginia and has requested to have his or her resident agent's license reinstated.

c. The provider shall retain a copy of the attendance roster for not less than four (4) years from the date the course is completed.

7.2. Providers of continuing insurance education courses and agents shall make available to the Commissioner or his or her designee copies of certificates upon request of the Commissioner.

§ 114-42-8. Disciplinary Process.

8.1. No later than sixty (60) days prior to the end of the reporting period, the Commissioner shall provide written notification to agents subject to continuing insurance education requirements advising them as to the status of their continuing insurance education credits.

a. The Commissioner shall provide the notification to each agent either by personal delivery or by regular mail addressed to the agent at the last address appearing for the agent in the records of the Commissioner.

b. Agents who sell only preneed burial insurance contracts shall file with the Commissioner an affidavit, on a form to be provided by the Commissioner, verifying that the agent is not engaged in the sale of any other type of insurance product.

c. Agents engaged solely in telemarketing insurance products by a scripted presentation which has been filed with and approved by the Commissioner shall file an affidavit, on a form to be provided by the Commissioner, verifying that the agent is not engaged in the sale of any other type of insurance product.

8.2. Any agent who does not anticipate pursuing the required continuing insurance education requirements may elect to cancel his or her license prior to the end of the reporting period by submitting a written request to the Commissioner. Cancellation of a license revokes any privilege the agent may have had to reinstate his or her license without completion of a pre-licensing insurance education course and examination.

a. Each request for cancellation of a license shall include the agent's name, address, agent license number, telephone number and reason for cancellation.

b. Cancellation of a license prohibits an individual from further transacting insurance in West Virginia without successful completion of pre-licensing education and examination.

8.3. Any agent who has not met the continuing insurance education requirements for any reporting period may agree to a voluntary suspension of his or her license until such time as the continuing insurance education requirements have been met.

a. Each request for a voluntary suspension of a license shall include the agent's name, address, agent license number and telephone number.

b. An agent may not transact insurance in West Virginia during the suspension period.

c. Any agent who does not satisfy the mandatory continuing education requirements as of the last day of the biennium following his or her voluntary suspension shall have his or her license automatically cancelled pursuant to the provisions of W. Va. Code §33-12-2a(h).

8.4. Any agent failing to meet continuing insurance education requirements and who has not been granted an extension of time within which to comply, or who has submitted to the Commissioner a false or fraudulent certificate of compliance shall have his or her license automatically suspended until such time as the agent has demonstrated to the satisfaction of the

Commissioner that he or she has complied with all the requirements of this rule and all other applicable laws.

a. "Suspension of all licenses issued for any kind or kinds of insurance" shall be interpreted to mean those licenses for which continuing insurance education is required pursuant to this rule and W. Va. Code §33-12-1 et seq.

b. The burden of proving successful completion of continuing insurance education courses is at all times upon the individual subject to the continuing insurance education requirements.

c. Any person whose license has been suspended for failure to meet the continuing insurance education requirements of W. Va. Code §33-12-2a and this rule must satisfactorily complete the continuing insurance education requirements of each reporting period in which the suspension was in effect before the suspension can be lifted.

d. Any agent who does not satisfy the mandatory continuing education requirements as of the last day of the reporting period following his or her suspension shall have his or her license automatically cancelled pursuant to the provisions of W. Va. Code §33-12-2a(h).

8.5. Upon suspension of an agent's license for failure to comply with the mandatory continuing insurance education requirements for the reporting period, the Commissioner shall:

a. Give notice of the suspension to the insurer(s) or employing agent with whom the agent has a contractual relationship; and

b. Cancel all appointments of the agent subject to disciplinary action.

8.6. An insurer or employing agent shall not renew or issue new appointments subject to continuing insurance education requirements to an agent whose license has been suspended for failure to comply with mandatory continuing insurance education requirements until such time as the agent's license has been reinstated and an application and appropriate fee have been submitted to and approved by the Commissioner.

8.7. Neither cancellation of a license nor any disciplinary action levied as a result of non-compliance with continuing insurance education requirements shall prohibit an individual from receiving commissions which were vested and earned while that individual maintained an approved license.
