Charleston, West Virginia 25305

Dear Dr. Heckler:

Enclosed is a copy of rates promulgated by this office regarding minimum prevailing wages to be paid on public improvement construction projects for all fifty-five counties for Heavy, Highway and Building Construction, including descriptive literature.

These rates are to be incorporated by reference Series 15, Chapter 21-5A of the West Virginia Code, and become effective January 1, 2000.

Sincerely,

A handwritten signature in cursive script that reads "Steven A. Allred".

RE: Prevailing Wage Protest

OFFICE OF WEST VIRGINIA
SECRETARY OF STATE

JAN 21 12 31 PM '00

FILED

We have received a protest on the 2000 Prevailing Wage Rates; however, the protest pertains only to the laborer classification of "*Journeyman Technician I*" in the Heavy & Highway portion of the Building Trades.

Until this matter is resolved, any work pertaining to electrical work on the Heavy & Highway agreement will be done on the "1999 rate for Signal & Lighting."

Definitions

Highway Construction

Highway construction work is defined as all work ordinarily included in highway construction projects. It includes highway tunnels and bridges, highway and street grading, paving and drainage, culverts, manholes, water and other utility pipelines (when included in the contract), sidewalks (when included in the contract), retaining walls, underpasses and overpasses (when included in a highway contract), highway viaducts, clover leaf structures, curbs and sidewalks, seeding and landscaping, clearing (when included in the contract), guard rails and fences, and including the erection, dismantling operation, maintenance and repair of all equipment, vehicles and other facilities used in connection with or serving the aforementioned work.

Heavy Construction

Heavy Construction and railroad construction is defined as constructing, substantially or in it's entirety, any fixed structures, improvements or modification thereof, addition or repair thereto, including any structure or operation which is an incidental part of the contract thereof (not including Building and Highway Construction), including, without limitation, railroad and street railway construction projects, sewer and water mains, retaining walls, viaducts, drainage projects, flood control projects, reclamation projects, airports, athletic fields, reservoirs, water supply projects, water power projects, water power developments, hydro-electric developments, transmission lines, duct lines, pipe lines, locks, dams, dikes, levees, revetments, channels, channel cutoff, intakes, dredging projects, jetties, breakwaters, docks, harbors, roads, bridges, parking lots, sidewalks, building construction sites, industrial plant sites, sewage disposal and water treatment plants, excavation and disposal of earth and rock, including the assembly, operation, maintenance and repair of all equipment, vehicles and other facilities used in connection with and servicing the aforementioned works and services.

Building Construction

Building trades rates and conditions shall apply to all building which may be required in the construction, renovation or demolition of any work included where such buildings are customarily constructed under building trades conditions.

WEST VIRGINIA DIVISION OF LABOR

CHAPTER 21-5A

Series 15

2000

Coverage of Specific Classes of Work is Defined as Follows:

AS AN ITEM OF CONSTRUCTION

- **Preliminary survey work:** Since this work merely affects construction without being a part of it, such work is not generally covered.
- **Survey work immediately prior to or during construction:** When surveying is performed immediately prior to and during actual construction, in direct support of construction crews, such surveying is construction work within the meaning of the Prevailing Wage Law. Normally, surveyors are considered professional employees and not subject to the prevailing wage rates. However, when survey crewmembers perform work in another classification, then they shall be paid the rate as predetermined for the classification in which they are working .

EXPLORATORY DRILLING

- Where the drilling was for the purpose of obtaining core borings to be used in engineering studies and planning, the word "works" refers to improvements, such as buildings, canals or roads, rather than to refer to progress or activity. Consequently, mere digging would not appear to be within the term because it relates to an activity as distinguished from a project or improvement.
- Where the soil samples are taken prior to or during construction for the construction contractor, for the purpose of setting foundations, the Commissioner of Labor has held that contracts for such work are considered covered by the Prevailing Wage Law if they may be fairly characterized as being directly related and incidental to, or an integral part of, the actual construction process.

APPENDIX I

FRINGE BENEFITS

OFFICE OF WEST VIRGINIA
SECRETARY OF STATE

Sums indicated in the fringe benefit column may be used for "bona fide" health & welfare benefit coverage, pension coverage, apprenticeship funds, and vacation pay. Any sum taken from the fringe package must be placed in a "bona fide" program or fund; verifiable with documentation, and cannot be greater than the industry standard for the classification. Federal mandate requires that pension benefits be no more than 25% of the taxable wage. In the case of a defined contribution plan, the "annual additions" to a participant's account (or all such accounts aggregated, if the employer has more than one defined contribution plan) must not exceed the lesser of: (a) 25% of the participant's compensation, or (b) the greater of (1) \$30,000 or (2) 1/4 of the dollar limitation for the defined benefit plans. [IRC Sec. 415(c)]. However these sums may be adjusted, within state and federal guidelines to meet increases or decreases in a particular fringe benefit with prior approval of the person receiving said benefit. Any amount of the fringe benefit package not used for a "bona fide" fringe benefit as outlined above must be added to the base rate and treated as regular wages for withholding purposes.

LABORER CLASSIFICATIONS

CLASS I - Blacksmith, Powderman, Burner, Pipe Layer, Air Track Operator, and Pipe Layer Laser Beam Setup.

CLASS II - Lead Person on Concrete Pump Hose, Powderman Helper, Semi-Skilled Laborer, Scaffold Builders, Chainman & Rodmen, Grade Checker, Brick Mason Tenders, Plasterer Tender, Concrete Specialist, Cement Finisher Tender, Stone Mason Tender, Tile Setter Tender, Jackhammer Operators, Mortar Mixer, Laborer Operating Bobcat, Laborer Operating Forklift, Pavement Buster Operators, Chipping & Peening Hammer Operators, Riprap Finisher Air Siphon & Air Pump Operator, Concrete Saw Operator, Power Saw Operator, Motorized Buggy Operator, Pipe Layer Helper, Sheeter & Shorers, Post Hole Digger Operator, Asphalt Raker, Lance and/or Water Blaster Operator, Blacksmith Helper, Batch House Scale Operator, Workmen working with Acid Mortar, Workmen working with Acid Brick, Workmen working with Acid, Workmen working with Creosote, Workmen working with Mastic Asphalt, Nozzleman for Gunnite or Sandblasting, Ride or Walk Roller Tampers, Asbestos Removal Worker, Hazardous Waste Worker, Environmental Worker, Vibrator Operator, Lather Tender, Signal Person, Pavement Buster and Chainsaw Operator.

MEMORANDUM

TO: The Honorable Ken Heckler
Secretary of State

FROM: Steven A. Allred
Commissioner of Labor *SAA*

DATE: July 7, 2000

RE: Prevailing Wage Protest

Based upon the outcome of the Administrative Hearing, the Signal & Lighting Prevailing Wage will revert back to the 1999 rate for Signal & Lighting. The proposed Prevailing Wage 2000 rates for Signal & Lighting and for Laborer Technician Class IA are cancelled.

**BEFORE A HEARING EXAMINER FOR THE WEST VIRGINIA
DIVISION OF LABOR**

OFFICE OF WEST VIRGINIA
SECRETARY OF STATE

**IN RE: Objection of L. U. No. 317, International Brotherhood of
Electrical Workers To W. Va. Division of Labor 2000
Prevailing Wage Rates.**

ORDER

I now have before me the Recommended Findings of Fact, Conclusions of Law, and Order submitted by Hearing Examiner James W. McNeely on June 27, 2000. I have ten days from the receipt of this Recommended Order to approve or not approve it.

The statutes of West Virginia require that the Division of Labor investigate and determine the prevailing hourly rate of wages and then on January 1 of each year file a copy of this determination is filed with the Secretary of State. W. Va. Code § 21-5A-5.

As part of this determination I have set and publicized dates by which certain events **must** have occurred. In the prevailing wage process involved in this hearing October 16, 1999, was chosen and published as the date by which all materials had to be submitted to the Division for consideration for this years prevailing wages. This deadline was selected by me after careful consideration of the amount of work that had to be done in order to have the prevailing wage rates prepared by January 1, 2000.

In Paragraph 3 of his Findings of Fact the Hearing Examiner states that the proposed rates from both the International Brotherhood of Electrical Workers (IBEW) and the Constructors' Labor Council (CLC) were not received until after that date but were nevertheless considered and used by this Division.

The use of this data submitted after the deadline was not done with my knowledge or approval, nor would it have been. This should not have happened and in order to correct it now I have determined to not accept the proposed wage rates for the IBEW Signal and Lighting Agreement effective 10/01/99 to 9/30/01 which was mailed to the Division on November 8, 1999 nor the CLC's Proposed wage rates for Labor Technician, Classification IA effective December 7, 1999 and mailed to this office on January 4, 2000.

In view of the above it is HELD that neither the IBEW nor the CLC will be permitted to change their prevailing wages for the year 2000 in so far as the Signal and Lighting and the Labor Technician, Classification IA are concerned. The Prevailing Wage for 1999 for work performed under Signal and Lighting will remain in effect for Prevailing Wage year 2000.

ENTERED this 7th day of July, 2000.

Steven A. Allred
Commissioner of Labor
