TITLE 173
LEGISLATIVE RULES
LIBRARY COMMISSION

SERIES 1

OFFICE OF WEST VIRGINIA
SECRETARY OF STATE

§173-1-1. General

1.1. Scope. -- Regulations for allocation and administration of library funds, system of auditing and reporting disbursements of those funds and establishment of grace period.

1.2. Authority. -- W. Va. Code §10-1

1.3. Filing Date. -- March 26, 1986

1.4. Effective Date. -- March 26, 1986

§173-1-2. Definitions.

2.1. "Basic Grants-In-Aid" means grants awarded on a per capita basis for public library service.

2.2. "Supplementary Grants-In-Aid" means additional grants awarded to public libraries meeting requirements for basic grants-in-aid but after such basic grants have been made.

2.3. "A Library System" is a coordinated group of public libraries. A main library or regional library center, managed by a professional librarian, offers services, usually under an approved plan, to neighboring communities and libraries. These libraries in turn reciprocate through contractual arrangements or cooperative projects.

2.4. "Service Center" is a public library managed by a professional librarian. The service center has a minimum operating budget of one dollar (\$1.00) per capita or twenty-five thousand dollars (\$25,000), whichever is greater, two thirds (2/3) of which is from tax sources, and provides free service to residents of the area included in the plan submitted to the Library Commission.

2.5. "Book Credits" means the number of new books available to a public library when meeting minimum requirements in state rules.

2.6. "Community Library" is a library which is operated by a community organization, does not operate under a board of directors in accordance with requirements in West Virginia, Administrative Rules, Library Commission, Chapter 10-1, Series I (1967), Section 2.2.3, but still offers free service to the public.

2.7. "Direct Service" means service performed by the State agency which ordinarily would be performed by a public library. The term also means service to an individual or community without

public library service.

2.8. A "Regional Area" is a geographical area in which library service is performed. A service center or regional center usually coordinates a service. A "Regional Area" may also be interstate as well as intrastate in emphasis. For example, regional service to the blind is performed for West Virginia from a regional center in Pennsylvania. A regional area may mean the whole state when a specific project is conducted which involves several types of libraries.

2.9. "Affiliate Library" is a public library assigned by the Library Commission to a regional and/or service center library for assistance from state grants-in-aid. Affiliates differ from branch libraries in that they have their own management boards and local funds for operations.

2.10. "Administrative Funds" means those funds used to maintain and operate the physical plant, such as utilities, insurance and accounting.

§173-1-3. Regulations For Use Of Funds For Public Library Service.

3.1. Basic grants-in-aid. -- Will be determined annually by the West Virginia Library Commission from state and federal appropriations and will be made to the regional libraries and public library service centers (library systems). These libraries must have a plan approved annually by the Library Commission. Such grants-in-aid may be used for any public library in the area covered in the approved plan, but may be used only for the following purposes:

- (a) Salaries of professional librarians;
- (b) Salaries of library assistants who hold a bachelor's degree from an accredited college or university;
- (c) Salaries for all other personnel, i.e., bookkeepers, bookmobile drivers, clerks, janitors, etc.;
- (d) Books and other library materials;
- (e) Equipment;
- (f) Travel expenses for staff and library board members to attend meetings, workshops and conferences called by the Library Commission and any other professional institute, conference or extension activities approved by the library board;
- (g) Audits required by the Library Services and Construction Act, when performed by the State Tax Commissioner, or any accountant appointed by the State Tax Commissioner;

- (h) Matching payroll taxes, retirement matching and all other current operating expenses approved by the library board;
- (i) Graduate fellowships for candidates for Master of Library Science degree subject to the following regulations:
 - (1) Must attend a school accredited by the American Library Association;
 - (2) Must hold a bachelor's degree from an accredited college or university;
 - (3) Amount of the grant to be determined by the sponsoring agency, but may not exceed the beginning salary for a library assistant, which has been approved by the West Virginia Civil Service Commission;
 - (4) The grant will be made on the condition that the trainee agrees to return to the sponsoring agency for at least two (2) years following receipt of the degree. If a position with the sponsoring agency is not available, the trainee may seek employment in any public library in West Virginia for two (2) years. If no employment is available at a salary commensurate with the trainee's education, repayment of the grant may be waived at the discretion of the Library Commission; otherwise the grant must be repaid to the sponsoring agency;
 - (5) Applications to the public library board will be made on forms and in such manner as described by the Library Commission;
 - (6) Grant payments may not exceed twelve (12) months, or the academic year of the institution at which the trainee is enrolled, whichever is less; and
 - (7) The trainee must receive a degree from the library school within eighteen (18) months, absent reason accepted by the Library Commission. For example, illness or illness in the family may delay or make it impossible to receive a degree. Payment may be waived if there is a reason which is acceptable to the Library Commission. If it is necessary for a grant to be repaid by a trainee, the Library Commission will make necessary adjustments in reports to the United States Government. In all cases possible, the Library Commission will credit the sponsoring agency with any funds which are not required to be refunded to the United States Government if the grant was originally made from the basic grant-in-aid.

3.2. Minimum requirements for public libraries to earn grants-in-aid. The Library Commission shall determine by evaluation visits and required reports whether public libraries meet the requirements of the West Virginia State Plan. Any library failing to meet such requirement shall not be eligible for grants-in-aid.

3.2.1. Requirements for public libraries to qualify as regional libraries, public library service centers (library systems) or designated recipients of grants-in-aid.

- (a) The public library must be organized and must operate under a legally-appointed library board in accordance with sections one through eleven, article one, chapter ten of the West Virginia Code.

Public library boards receiving appropriations from governing authorities must serve as a disbursing agent, as described in paragraph two, section two, article one, chapter ten of the West Virginia Code.

A public library organized as defined in section nine, article one, chapter ten is defined as a corporation. As such, if the service center library board of directors desires coverage of employees, which designates the library board of directors as the coverage group, to the State Auditor. For coverage under the Public Employees Retirement System, the library board of directors must apply to the Public Employees Retirement System.

- (b) If the public library is organized and operating under a special law, that law must provide that:

The library board members are appointed by one or more of the following governing authorities: County court, governing body of any municipality, county board of education;

The library board members are appointed for specific terms and elect officers annually;

The library board is governed by by-laws, rules and regulations which it has adopted for the administration, supervision and protection of the library and all property belonging thereto;

The library board shall deposit and disburse through its designated bonded officer from the library board's bank account, all funds appropriated and collected for public library purposes; libraries designated by the Library Commission as service centers prior to January 1, 1969, excepted; and

The library board is empowered to erect upon ground secured through gift or purchase an appropriate building for use of the library.

- (c) The designated public library or any regional library in operation prior to January, 1967, excepted, must assure the Library Commission that it has an operating budget from local funds (exclusive of capital expense) of one dollar (\$1.00) per capita or twenty-five thousand dollars (\$25,000), whichever is greater. Through interim steps developed in consultation with the Library Commission, the public library must have an annual operating budget from local funds of two dollars (\$2.00) per capita for the county population in which the library is located or seventy-five thousand dollars (\$75,000), whichever is greater, by 1975. A regional library must have an annual operating budget from local funds of one dollar (\$1.00) per capita or fifty thousand dollars (\$50,000), whichever is greater, by 1975. Public Libraries newly designated as grant-in-aid recipients must achieve the two dollars (\$2.00) per capita within five (5) years of the first grant award.
- (d) At least sixty-six and two-thirds percent (66 2/3%) of the operating budget must be available from tax funds.
- (e) The public library must have on the staff a full-time professionally-trained librarian. A service center or regional library not now meeting this requirement must meet such requirement by July 1, 1972. Such librarian must hold a degree in library science from a library school accredited by the American Library Association. Incumbent regional librarians as of July 1, 1967, will be considered professionally trained if they hold a bachelor's degree from an accredited college or university, have at least thirty(30) hours in library science, and have been a regional librarian in West Virginia for at least five(5) years. - (f) The librarian for the public library will be required to attend planning meetings, workshops and conferences called by the Library Commission.

- (h) The Library Commission will officially designate service centers and other qualifying public libraries for receipt of grants. All funds appropriated for library purposes must be administered and disbursed by the public library board so designated.
- (i) Local operational funds shall not be less than the

amount received during the previous year. Grants are established to supplement service and are not intended to reduce the amount of local funding. Should local funding be less than in the proceeding year, the library will be ineligible for grants-in-aid. Funds remaining in the library's account at the end of the fiscal year must be explained to the Library Commission in order to retain eligibility for grants-in-aid.

- (j) Failure of an established regional library, public library service center (library system) or designated recipient of grant-in-aid to meet the eligibility requirements shall result in the following actions:
- (1) The library will notify the Library Commission in writing of the requirements which are not met. Notification should be made with the annual financial report to the Commission.
 - (2) The Library Commission will review the status of the library and may grant a waiver of requirements for the ensuing fiscal year. The Commission may request additional documentation from the library of their attempts to meet the eligibility requirements.
 - (3) When a waiver is granted, the library will relinquish all budgetary and program review authority to the Library Commission until such time as eligibility requirements are met.
 - (4) Eligibility requirements shall be reviewed each fiscal year. The term of the waiver shall be for one year. Libraries still failing to meet the requirements must reapply for the waiver condition.
- (k) The mandatory functions of a regional library, service center and designated public library, where applicable, are as follows:

To expend the grant-in-aid funds to benefit allow residents of the area assigned;

When more than one hundred thousand (\$100,000) persons are served by a center library, a full-time resource person, professionally trained, must be made available;

To account for any amount of funds to assist with administration of the regional or service center library but in no instance shall this exceed twenty percent (20%); and

To offer a minimum of forty (40) hours of service at the headquarters library.

3.2.2. Requirements for public libraries which are not regional, service center or grant-in-aid libraries.

- (a) The public library must be organized and must operate under a legally-appointed library board, in accordance with sections one through eleven, article one, chapter ten of the West Virginia Code, or if the public library is organized under special law, that law must have the same provisions as are enumerated under 3.2.1 (b) of this section of the rule.

The amount of the grant shall be determined by the Library Commission, but may not exceed the beginning salary for a library assistant, as approved by the West Virginia Civil Service Commission. The same conditions as those outlined in Sec. 2.1, Item 9, a-g, will be required, except that application will be made to the executive secretary and the trainee must return to the West Virginia Library Commission or a location appointed by the Library Commission. ABSTRACT

This rule was filed as an emergency rule due to an audit conducted by the Legislative Post Audit Division, which found that the Library Commission had been issuing grants to certain public libraries illegally because these libraries had not met all the conditions of this rule for receiving grants. The Secretary of State has approved the emergency rule. There are currently no provisions in the rule for libraries to receive grants without meeting all grant requirements.

The substantive amendment to the rule inserts Subsection (j) into Section 2.2.1. The amendment provides that a regional library or other designated recipient of a grant-in-aid which fails to meet the eligibility requirements for a grant-in-aid may still receive a grant if certain conditions are met. The library must provide as part of its annual report to the Commission a list of grant eligibility requirements that are not met. The Commission will review the status of the library and may grant a waiver for that fiscal year. If the waiver is granted, the library will relinquish budgetary and program review authority to the Commission. The waiver can be extended each fiscal year. Upon receipt of the waiver the library will retain eligibility for grants-in-aid.

AUTHORITY

Statutory authority: W.Va. Code, §10-1-20, which reads, in pertinent part, as follows:
