45.2.b If the licensee is not a publicly traded corporation regulated by the securities and exchange Commission, a current list, to the extent known by the licensee at the time of submitting the report, of all key persons, affiliates and affiliated companies of the licensee, the key persons of any persons that have control of the licensee, and all other persons, other than publicly traded corporations and their 5% or less shareholders, that have more than a 1% direct, indirect, or attributed pecuniary or equity interest in the licensee.

45.2.c To the extent that information has changed or has not been previously reported to the Commission, updated personal, business, and financial information, as the Commission may require, related to the eligibility, suitability, and general fitness of the licensee under the Act and these rules to continue to hold the license for which renewal is requested. The information shall include, without limitation, changes regarding the identification, integrity, moral character, reputation, and relevant business experience, ability and probity, and financial experience, ability, and responsibility of the licensee and each of the persons required to be qualified for renewal of the license under the Act and these rules.

45.2.d A statement under oath by the licensee's managing officer or director that the information provided in the licensee's annual renewal report is current, complete, true, and accurate, and that the licensee has fulfilled its obligation under the Act and these rules to notify the Commission of any change in information provided in its original license application and subsequent annual license renewal reports previously filed with the Commission.

45.2.e Financial statements and reports regarding the current capital structure and financial condition of the licensee, prepared by the licensee in the manner and form prescribed by the Commission, indicating the licensee's current financial ability to conduct and maintain its supplier business in a financially responsible manner, in accordance with the requirements of the Act and these rules, and satisfy its financial obligations in accordance with financing agreements and other contractual obligations.

§179-4-46. Renewal of supplier license.

46.1 A supplier license expires on the fifth anniversary of its effective date, unless the license is renewed for additional five-year terms as provided in section fifteen [W.Va. Code §29-25-15].

46.2 A supplier license will be renewed by the Commission if all of the following requirements are met:

46.2.a The licensee continues to be in good standing with the Commission.

46.2.b The licensee submits the \$5,000.00 license renewal fee, in the manner and form required by the Commission, not less than ten days before expiration of the license. This \$5,000 payment will also satisfy the payment of the annual maintenance fee for the first year of the new five-year license.

46.3 The Director, after reviewing the licensee's annual maintenance report, will report in writing to the Commission that the licensee's annual maintenance report provides all information and documentation prescribed and required by the Commission to establish and determine that the licensee is eligible, qualified, and suitable to have its supplier license renewed and that the licensee is prepared, ready, and able to continue providing goods and services to the limited gaming facility in compliance with the Act and these rules throughout the new five year time period for which the license is to be renewed.

46.4 The Commission may refuse to renew a supplier license and issue a notice of non-renewal if the licensee fails to file its annual maintenance report in a timely manner, or if the Director reports in writing to the Commission, after reviewing the licensee's annual renewal report, that the license should not be renewed because the licensee's annual renewal report does not provide the information and documentation prescribed and required by the Commission to establish and determine that the licensee is eligible, qualified, or suitable to continue to be licensed and that the licensee is prepared, ready, and able to continue providing goods and services to the limited gaming facility in compliance with the Act and these rules.

46.5 A supplier licensee who is served with a notice of non-renewal under this rule may request a hearing under these rules.

46.6 Unless specifically stated to the contrary, the notice of non-renewal shall not constitute a finding by the Commission that the supplier licensee is ineligible, unqualified, or unsuitable for licensure or is otherwise in violation of the licensing requirements of the Act or rules of the Commission, unless the licensee fails to request a hearing under these rules in a timely manner. In this case, "timely" shall mean "within ten calendar days."

46.7 If the licensee does not request a hearing in a timely manner, then the notice of non-renewal becomes the final order of the Commission.

46.8 If the licensee files an annual maintenance report in a timely manner and in the manner and form prescribed by the Commission, then the licensee's previous existing supplier license does not expire until the Commission issues its final decision and order on the renewal. If renewal is denied or the new license is restricted or limited, then the previous existing supplier license does not expire until the last day for applying for judicial review of the Commission's decision or a later date fixed by order of the reviewing court. This subsection, however, shall not affect a valid action by the Commission summarily suspending the licensee's previous existing supplier license.

46.9 A copy of the Director's report to the Commission and notice of renewal or notice of nonrenewal issued by the Commission shall be served on the licensee and the city.

52.3 If a preliminary review of the application and the criminal history check does not uncover or indicate any apparent deficiencies in the application or other circumstances that may require denial of the application under the licensing standards of the Act and these rules, then the Director may issue a temporary occupational license to the applicant. The temporary occupational license authorizes the applicant to perform the employment duties for which the license is sought, pending Commission action on the applicant's license application. A

temporary license issued under this rule is valid for not more than 90 days, but may be renewed upon expiration by the Director if the criteria in this subsection are satisfied.

52.4 A temporary occupational licensee shall receive a temporary identification badge. The color of the temporary identification badge shall be different from the occupational license identification badge that is given to an occupational licensee upon issuance of a full occupational license. 52.9 If a temporary occupational license expires or is revoked, then the licensee shall not continue his or her employment and shall not perform the work duties for which the license is required.

52.10 If an applicant's temporary license expires or is revoked, the Director shall immediately forward the temporary licensee's application to the Commission for action together with a written report to the Commission recommending granting or denying the application. The Director's report shall state the reasons for his or her recommendation for Commission action on the application.

52.11 Before issuance of an occupational license, an occupational license applicant shall have the burden of producing the information, documentation, and assurances in his or her application to establish, by clear and convincing evidence, that the applicant is eligible, qualified, and suitable to receive the occupational license for which application is made, under the licensing standards in the Act and these rules.

52.12 The applicant shall demonstrate to the Commission a level of skill, knowledge, and/or experience reasonably necessary to perform the job duties required for the occupational license for which application is made. However, an applicant may still be employed by the limited

53.2 If the Commission grants the application, it shall direct the Director to issue an occupational license.

53.3 If the Commission denies the application, then it shall direct the Director to issue the applicant a notice of denial by certified mail.

53.4 A notice of denial does not constitute a finding that the applicant is ineligible, unqualified, or unsuitable to be licensed unless the applicant fails to request a hearing in a timely manner under these rules to contest the denial. If the applicant fails to request a hearing in a timely manner, then the notice of denial becomes the final order of the Commission. For purposes of this section, "timely" means "within fifteen calendar days."

54.9.c The Commission shall ensure that occupational license identification badges are constructed so that the badges can be easily affixed to, and displayed clearly on, an occupational licensee's clothing.

54.9.d The occupational license identification badges shall remain the property of the Commission at all times.

§179-4-55. Reapplication for denied license.

160.6 Procedures shall be described for notifying the casino cage, credit departments, or the equivalent of credit departments of returned checks and of the prohibition from granting further credit to patrons whose checks have been returned and remain unsatisfied.

§179-4-161. Collection of past due accounts.

161.1 The limited gaming facility licensee shall establish policies and procedures for the collection of past due markers and returned checks. The procedures shall be approved by the Commission in the same manner as the extension of credit.

§179-4-162. Write-off of past due accounts.

162.1 The limited gaming facility licensee shall establish policies and procedures for the write-off of past due markers and returned checks. The procedures shall be approved by the Commission in the same manner as the extension of credit. The procedures shall, at a minimum, satisfy both of the following provisions:

162.1.a A write-off committee shall be established.

162.1.b Authorize write-off by the write-off committee.

§§179-4-163 through 170. [Reserved]

PART 10. EXCLUSION OF PERSONS

§179-4-171. Exclusion list; duty to exclude.

171.1 A person who is excluded under these rules shall not be permitted entry into the limited gaming facility of the historic resort hotel. If a person is placed on the Commission exclusion list by the Director, then the person is prohibited from entering the casino until a determination is made by the Commission or a court to the contrary.

171.2 The limited gaming facility licensee shall exclude or eject any excluded person from the casino if the limited gaming facility licensee or the licensee's agents know or reasonably should know that the person is on the exclusion list.

171.3 The limited gaming facility licensee shall inform the Commission, in writing, of the names of persons that it knows or should know meet the criteria for placement on an exclusion list and the reason the person meets the exclusion criteria.

171.4 This rule does not preclude the limited gaming facility licensee from ejecting or barring a person from its casino for reasons deemed necessary by the licensee. The limited gaming facility licensee may seek to have a person it has ejected or barred from its casino placed on the exclusion list.

§179-4-172. Distribution and availability of exclusion lists.

172.1 The Commission shall maintain a list of persons to be ejected or excluded from the casino. The exclusion list shall be a public record. The list may be distributed to law enforcement agencies. All of the following information, to the extent known, shall be provided for each excluded person:

172.1.a The full name and date of birth and all aliases.

172.1.b A physical description.

172.1.c The effective date the person's name was placed on the exclusion list.

172.1.d A photograph, if available.

172.1.e The person's occupation and current home and business addresses.

172.1.f Other information deemed necessary by the Director to facilitate identification of the person placed on the exclusion list.

§179-4-173. Criteria for exclusion or ejection and placement on exclusion list.

173.1 The Director may place a person on the exclusion list pending a hearing if any of the following provisions apply to the person:

173.1.a The person has been convicted of a felony in any jurisdiction or has been convicted of a misdemeanor in any jurisdiction involving gambling theft, dishonesty, or fraud.

173.1.b The person has violated the Act or these rules.

173.1.c The person has performed any act, or has a reputation, that would adversely affect public confidence and trust in the integrity of gaming.

173.1.d The person is included on any valid and current exclusion list from another jurisdiction in the United States.

173.1.e The person has realized that he or she has a compulsive gambling disorder and has requested in writing to be excluded from the limited gaming facility and/or all of the state's four pari-mutuel racetracks' video lottery gaming areas.

§179-4-174. Procedure for entry of names on exclusion list.

174.1 Upon a determination that a person comes under any of the criteria for exclusion, the person may be deemed a subject for exclusion and the Director shall file a notice of exclusion. The notice shall include all of the following information:

174.1.a The identity of the subject.

174.1.b The nature and scope of the circumstances or reasons that the person should be placed on the exclusion list.

174.1.c Names of potential witnesses.

174.1.d A recommendation as to whether the exclusion or ejection shall be permanent. The notice shall also inform the person of the availability of a hearing before the Commission.

174.2 A request for a hearing shall be made within 21 days from the date the notice of exclusion was served.

174.3 If a person is excluded or ejected from the casino or the video lottery gaming area of a licensed racetrack, then the person is prohibited from further entering the casino or the video lottery gaming area of a licensed racetrack until a determination is made by the Commission on the merits of a filed notice of exclusion or a requested hearing. If a determination by the Commission is appealed, then the exclusion shall continue until the judicial review is completed unless otherwise ordered by the court.

174.4 If the Commission or a subsequent judicial review finds in favor of a subject for exclusion or an excluded person, then the subject's name or excluded person's name shall be removed from the exclusion list and the subject's or excluded person's exclusion shall be terminated as of the date of the Action by the Commission or the court. If the finding is against the subject for exclusion or the excluded person, then the subject's name or excluded person's name shall remain on the exclusion list. If a hearing is not requested, then the subject's name or excluded person's name shall remain on the exclusion list.

174.5 If the notice of exclusion provides for a temporary exclusion, then the Director shall set the term of the temporary exclusion. In making this time determination, the Director may consider the recommendation of the West Virginia Lottery staff. A temporary exclusion shall not be less than 6 months. A temporary exclusion or ejection shall only apply to a person excluded or ejected for criteria related to conduct. All other exclusions or ejections shall be permanent.

§179-4-175. Petition for removal from exclusion list.

175.1 A person who has been placed on any exclusion list may petition the Commission, in writing, and request that his or her name be removed from the exclusion list.

175.2 The provisions of article five chapter twenty-nine-a of the West Virginia Code and West Virginia Lottery procedural rule 179 CSR 2 shall apply to protests of exclusion under this section.

PART 11. OFFENSES AND PENALTIES; FORFEITURE OF PROPERTY

§179-4-176. Offenses and penalties.

176.1 A gaming licensee is guilty of unlawful operation of a game of chance when:

176.1.a The licensee operates a game of chance in any location other than a gaming facility;

176.1.b The licensee acts, or employs another person to act, as a shill or decoy to encourage participation in a game of chance in a gaming facility;

176.1.c The licensee knowingly permits an individual under the age of twenty-one years of age to enter or remain in a gaming facility for the purpose of making a wager; or

176.1.d The licensee exchanges tokens, chips or other forms of credit to be used for wagering in a gaming facility for anything of value except in exchange for money.

176.2 A person is guilty of felonious wager when:

176.2.a The person offers, promises or gives anything of value or benefit to a person who is connected with a gaming facility pursuant to an agreement or arrangement or with intent that the promise or thing of value or benefit will influence the actions of the person to whom the offer, promise, or gift was made in order to affect or attempt to affect the outcome of an authorized game of chance, or to influence official action of the Commission. For the purposes of this subdivision and subdivision (2) of this subsection, the term "person who is connected with a gaming facility" includes, but is not limited to, an officer or employee of a licensee;

176.2.b The person solicits or knowingly accepts or receives a promise of anything of value or benefit while the person is connected with a gaming facility, pursuant to an understanding or arrangement or with the intent that the promise or thing of value or benefit will influence the Actions of the person to affect or attempt to affect the outcome of an authorized game of chance, or to influence official action of the Commission;

176.2.c The person uses or possesses with the intent to use a device to assist:

176.2.c.1 In projecting the outcome of an authorized game of chance.

176.2.c.3 In analyzing the probability of the occurrence of an event relating to an authorized game of chance.

176.2.f The person instructs a person in cheating or in the use of a device for that purpose with the knowledge or intent that the information or use conveyed may be employed to violate any provision of the article.

176.2.g The person places a bet after acquiring knowledge, not available to all players, of the outcome of the game of chance which is the subject of the bet, or aids a person in acquiring the knowledge for the purpose of placing a bet contingent on that outcome.

176.2.h The person claims, collects, takes or attempts to claim, collect, or take, money or anything of value into or from a gaming facility, with intent to defraud, without having made a wager contingent on winning a game of chance, or claims, collects, or takes an amount of money or thing of value or greater value than the amount won.

176.2.i The person uses counterfeit chips or tokens to place a wager in a gaming facility.

176.2.j The person knowingly uses any medium other than chips, tokens or other methods of credit approved by the Commission to place a wager in a gaming facility.

176.2.k The person, not a gaming licensee or employee or agent of a gaming licensee acting in furtherance of the gaming licensee's interests, has in his or her possession any device intended to be used to violate a provision of this article.

176.2.l The person, not a gaming licensee or agent of a gaming licensee acting in furtherance of the gaming licensee's interests, has in his or her possession any key or device designed for the purpose of opening, entering, or affecting the operation of an authorized game of chance, drop box or an electronic or mechanical device connected with or used in connection with an authorized games of chance in a gaming facility or for removing coins, tokens, chips or other contents therefrom.

176.3 Any person who violates the provisions of subsection 176.1 of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than one thousand dollars or confined in a county or regional jail for not more than six months.

176.4 Any person who violates the provisions of subsection 176.2 of this section is guilty of a felony and, upon conviction thereof, shall be fined not less than five thousand dollars nor more

than ten thousand dollars and committed to the department of corrections of a definite term of imprisonment of not less than one year nor more than five years.

176.5 Anything of value, including all traceable proceeds including, but not limited to, real and personal property, moneys negotiable instruments, securities and conveyances, is subject to forfeiture to the State of West Virginia if the item was used for any of the following:

176.5.a As a bribe intended to affect the outcome of an authorized game of chance in a gaming facility

176.5.b In exchange for or to facilitate a violation of this article,

176.6 Subsection 176.5 of this section does not apply if the Act or omission which would give rise to the forfeiture was committed or omitted without knowledge or consent of the owner of the property to be forfeited.

176.7 The Commission may impose on a person who violates the provisions of the Act or these rules a civil penalty not to exceed ten thousand dollars for each violation, whether or not the person is licensed under this article.

176.8 The provisions of article five chapter twenty-nine-a of the West Virginia Code and West Virginia Lottery procedural rule 179 CSR 2 shall apply to any civil penalty imposed pursuant to the provisions of this section.

§§179-4-177 through 180. [Reserved]

PART 12. DISPUTE PROCEDURES

§179-4-181. Patron dispute process.

181.1 The limited gaming facility licensee shall attempt to resolve all patron disputes and shall have a period of 10 business days to investigate a patron complaint and resolve the dispute.

181.2 If the limited gaming facility licensee and the patron cannot resolve the dispute, then the licensee shall advise the patron of the patron's right to file a complaint form with the Commission. The complaint may be received by the West Virginia Lottery employee or member of the West Virginia State Police at the West Virginia Lottery office in the casino and sent to West Virginia Lottery headquarters. The limited gaming facility licensee shall provide a patron with a complaint form upon request.

181.3 A complaint shall contain, at a minimum, all of the following information:

181.3.a The name, address, and telephone number of the patron.

181.3.b A summary of the nature of the patron complaint, including the date and time on which the incident leading to the dispute occurred.

181.3.c A list of the names, if known, of any occupational licensees that were involved in, or a witness to, the incident that led to the patron dispute.

181.3.d The name, address, and telephone number, if known, of any witnesses to the incident that led to the patron dispute.

181.3.e A summary of the limited gaming facility licensee's attempt to resolve the patron dispute.

181.3.f Other information deemed necessary by the Director or the Commission.

181.4 A patron shall submit the complaint within 21 business days of the incident that led to the patron dispute. The patron shall provide a copy of the complaint to the limited gaming facility licensee at the same time that the patron submits the complaint to the West Virginia Lottery.

181.5 The limited gaming facility licensee shall respond in writing to a patron within 14 business days of receiving a copy of the patron's complaint.

§179-4-182. Investigation; possible disciplinary action.

182.1 The Commission shall determine if a patron dispute requires investigation. If the Commission determines that an investigation is necessary, then the West Virginia Lottery security division shall conduct the investigation. If it is determined that the limited gaming facility licensee or an occupational licensee violated the Act or this rule, then the Commission may initiate disciplinary action.

Re: TITLE 179, SERIES 4, LIMITED GAMING FACILITY RULES

Dear Commissioners:

On behalf of Autotote Systems, Inc., I am authorized to make the following comment with regard to the aforementioned Rule:

As a supplier of video lottery equipment in West Virginia, it appears to us that if a supplier or product is already licensed for use at a West Virginia racetrack under the Racetrack Video Lottery Act, it should also be licensed for placement at a Limited Gaming Facility.

Thus, the proposed Rule should be amended accordingly.

Sincerely,

Richard E. Boyle, Jr.

Comments on Proposed Legislative Rule
West Virginia Lottery
Title 179
Series 4
Submitted: July 23, 1999

Section 2.1. The section refers to the enabling legislation as the "State Lottery Gaming Facility Act." It is perhaps more accurate and consistent with the general history of the legislation to refer to it instead as the Limited Gaming Facility Act, and we therefore suggest the words "State Lottery" be replaced with the word "Limited."

Section 2.34. (New section) It may be useful to include a definition of "historic resort hotel" consistent with the statutory definition.

Section 2.41. The reference in the fourth line to "lodging" should be deleted because it would be inconsistent with statutory restrictions on incentives that the licensee is permitted to offer.

Section 2.49.b et seq. The word "Activities" used in this and subsequent sections is not a defined term and should be lowercased.

Section 2.74 After the second word "transactions," insert "relating to gambling or video lottery operations."

Section 3.3.c. This section is largely redundant with section 3.3.a, and should be deleted. As written, it calls for "permanent" retention of eight classes of documents, many of which are specifically included under the more realistic 5-year retention rule of section 3.3.a, which could be expanded to expressly refer to the additional items now listed in section 3.3.c.

Section 3.10. The phrase "in the course of employee training or" should be inserted in the fourth line between the words "except" and "when." This is simply another case in which supervisory employees or others normally barred from participating in gaming have a legitimate need to operate games or gaming devices.

Section 3.15 et seq. The phrase "casino and video lottery operations" should be changed throughout to "gambling and video lottery operations." The phrase "casino operations" does not include relevant gambling operations that should be the primary subject of regulation but may inadvertently include activities of the broader hotel operation with incidental affect on regulated activities.

Sections 3.16 and 6.2. The dollar threshold for entering into and reporting oral contracts should be increased from \$5,000 to the statutory \$50,000 threshold for regulation and licensing of suppliers. Whether contracts for lesser amounts should be oral or written should be a business decision for the licensee.

Section 3.17.b. This section should be rewritten to provide for submission of adequate written internal purchasing control procedures but without the specific subsections (3.17.b.1 through 3.17.b.12, which should be deleted), as these specific procedures appear to be more appropriate to government purchasing operations.

Section 6.1. After the word "transactions" in the second line, insert the phrase "relating to gambling and video lottery operations." Also, on the fourth line, replace the word "fifteenth" with the word "last."

Section 6.2. After the word "transactions" in the second line, insert the phrase "relating to gambling and video lottery operations."

Section 7.1. After the word "transactions" in the third line, insert the phrase "relating to gambling and video lottery operations."

Section 7.2. After the word "transactions" in the second line, insert the phrase "relating to gambling and video lottery operations." After the word "contract" in the third line insert the phrase "relating to gambling and video lottery operations."

Section 7.3. This section should be stricken based on the confidential nature of this information, which is already submitted in summary form in reports to the Commission and held in a special location for the specific purpose of Commission review.

Section 10.1.g et seq. Consistent with the policy set forth in Section 25.3, the reporting requirements generally should be limited to the applicant and the immediate parent company of the applicant or licensee.

Sections 10.1.f and 10.1.h. These provisions relating to disclosure of federal, state and local tax disputes or tax compliance reviews of the licensee or its officers or directors should be deleted. These are overly intrusive, and unnecessary for the regulation of the gaming facility and activities. For income tax purposes, the gaming facility will be part of a larger consolidated group that is overwhelmingly related in non-gaming activities. Income taxes have no effect on the gaming taxes to be collected by the Commission.

Sections 10.1.k and 10.1.l. These sections should be limited to reporting of events that are directly related to the ownership or operation of the gaming facility. Other violations of local ordinances are not germane to the purpose of the regulation, and a blanket ability for the Commission to require reporting of an unlimited class of unspecified events inconsistent with the policy underlying the rulemaking process.

Section 14. The legal effect of actions by representatives (including attorneys) before the Lottery should be governed by the well understood rules of agency and other applicable ethical rules.

Accordingly, this section is unnecessary and should be stricken.

Section 17.1. The phrase "The historic resort hotel applying for or holding" should be replaced with the phrase "An applicant or holder of." This recognizes that an applicant may be either the owner or wholly owned by the owner of the existing historic resort hotel pursuant to W.Va. Code § 29-25-9(b).

Section 20.3. In the second line, delete the words "or certificate of suitability."

Sections 20.4, 25.2.a and 41.4.a. Insert at the beginning of these sections, the following sentence: "The Commission will use reasonable efforts to avoid unnecessary publicity concerning information included in applications and other documents that are or could reasonably be considered sensitive." Absent such an acknowledgement, there may be difficulty in hiring adequate personnel if they fear that everything in an application will be widely published.

Section 21.1.a. Strike the phrase "An Historic Resort Hotel" and replace with "The person." This recognizes that an applicant may be either the owner or wholly owned by the owner of the existing historic resort hotel pursuant to W.Va. Code § 29-25-9(b).

Section 21.1.c. In the fourth line relating to persons required to be individually licensed, the words "general manager, department manager" should be replaced with the phrase "general manager or department manager having oversight or operational responsibility for operation of the gaming facility."

Section 22.3.c. The \$65 investigative fee appears to be excessive. A \$35 fee appears more reasonable.

Section 22.3.e. In the second line, the reference to subdivisions (a) to (c) should be changed to (a) or (b). Subdivision (c) refers to individual employee investigations, where the regulations appear to contemplate a flat \$65 investigative fee, since no maximum fee is in fact listed and section 22.3.c provides that the individual investigative fee is non-refundable.

Section 22.4. In the second line, strike the words "initial issuance of the license and for." This is essentially a renewal fee, and is not part of the initial application process.

Section 23.2.d. Strike as unnecessary.

Sections 25.3.c.3 and 25.3.c.5.C. Strike the words "any holding company or affiliate that" and insert in lieu thereof the words "the immediate parent company who." Consistent with the policy set forth in section 25.3, the application information generally should be limited to key persons of the applicant or licensee and its immediate parent company.

Section 25.3.e. Beginning at the end of the seventh line, strike the phrase “of its certified development agreement.”

Section 25.3.h. In the third line, the letter “c” is missing from the word “coverage.”

Section 25.3.i. Included within the list of information to be supplied by the applicant should be sufficient documentation that the applicant is the owner or wholly owned by the owner of an existing historic resort hotel within the meaning of the Act.

Sections 25.3.i.5 and 25.3.i.6. The disclosure of the project budget for the casino and identification of all contractors, consultants and designers is overly intrusive and should be deleted. These provisions were appropriate for the massive casinos being built in Detroit, largely because the urban renewal aspects of that construction were an integral part of the political decision to authorize the casinos. None of those considerations apply in this case. Other provisions give the Commission all necessary information about the layout and the other factors needed to plan for security and supervision. No legitimate regulatory concern is addressed by disclosing competitively sensitive information on budgets and supervisory construction personnel.

Section 25.3.l. This section should be deleted. It relates to disclosures of all gaming related supplies and services, without regard to the established regulatory thresholds.

Section 25.3.p. The “A” in the word “Actual” in the fourth line should be lowercased.

Section 25.3.r. Strike all of subsections 25.3.r.1, 25.3.r.2 and 25.3.r.4 and strike subparts C and D of subsection 23.3.r.3. While the Commission has the authority to request these or other items (or review them at any time), removing specific reference would negate any inference that these items are to be supplied in the ordinary course of application.

Section 34.1. Strike the words “any holding company or affiliate that” and insert in lieu thereof the words “the immediate parent company who.” Consistent with the policy set forth in Section 25.3, the application information generally should be limited to key persons of the applicant and the immediate parent company of the applicant or licensee.

Sections 41.1 through 41.3. The substantive requirements for gaming supplier and the ongoing reports they must file should parallel those currently required for suppliers of video lottery equipment to the racetracks. The suppliers of video lottery equipment will also be the largest vendors of gaming equipment to the gaming licensee, and there is no policy reason for imposing higher standards on them in one context than in the other. Similarly, vendors of other gaming equipment pose no greater risk than do the vendors of the video lottery equipment. Imposition of unreasonable standards or requirements will have the effect of reducing the availability of qualified vendors.

Section 48.1.c. Third line, place a period after the word "operations" and strike the remainder of that sentence and the four subsequent subsections. The listing of these specific job functions may suggest a qualification requirement for existing personnel at the historic resort hotel who will have no direct connection with gambling or casino operations.

Section 51.1. Beginning on the fourth line, strike the sentence beginning with "The application and..." and strike all ensuing subparts of Section 51.1. The preceding sentence allows the Commission to prescribe a form of application. The specific items listed in the proposed rules include matters which an employer may be prohibited from asking, and in any event the subparts may be seen by potential job seekers as so intrusive as to prevent application for occupational licenses.

Section 51.2.m. Strike this subpart. Requesting a waiver for federal tax information may be seen as sufficiently intrusive to deter qualified prospects from pursuing these positions.

Sections 52.5 and 54.7. First sentence, after the word "display" insert the words "a clearly legible name tag and shall have in his or her possession."

Section 61.1. After the word "Commission" in the second line, insert a period and strike the remainder of the sentence. Reference to this code section appears unnecessary and out of place.

Section 64.1.a. Replace the words "The Commission may authorize the following" with the words "The Commission shall authorize one or more variations of the following."

Section 64.1.a.8. After the word "authorized" in the first line, strike the remainder of the sentence and insert in lieu thereof the words "by the Commission."

Section 78.2. The second sentence should be modified to require a second set of value chips only for those denominations "in use at the limited gaming facility."

Section 78.4.a and 78.4.c. The words "a Commission agent" should be changed to "the Commission," and the separate reference to a Commission determination contained in section 78.4.c can be eliminated. The decision to require a change to the back-up set of value chips should not be triggered by the decision of a single Commission agent.

Section 81.1. Because the subject of the first sentence is the facility licensee, the words "be given" in the second line need to be changed to "issue."

Section 81.6.b. The introductory phrase should parallel the one above it, calling for the sign to be "at or near each" cashier's cage.

Section 102.3. Second line after the word "selected," insert the words "by the applicant or

licensee and approved by the Commission.”

Section 105. Fourth line, strike the numeral “15” and insert in lieu thereof the numeral “30.”

Sections 113.2, 113.3 and subsections. The requirements for holding areas for detainees or arrestees are excessive for a facility of this limited size, particularly given its location and the lack of public access. These could be replaced with a single section such along the following lines:

The limited gaming facility licensee shall provide temporary holding areas for detainees and arrestees and shall adopt procedures for the use of such holding areas, subject to a determination by the West Virginia State Police that such holding areas and procedures are adequate and are consistent with practices in effect at other comparable facilities within the state.

Section 122.1. The last sentence of the section should be revised to read, “The limited gaming facility licensee shall provide suitable parking in proximity to the casino for the use of the Commission on a basis consistent with parking made available to supervisory personnel of the limited gaming facility.”

Section 138.7.a. Strike the word “thirteenth” and insert in lieu thereof the word “last.”

30-DAY COMMENT CHANGES TO PROPOSED 179 CSR 4

Section 2.1. The section refers to the enabling legislation as the "State Lottery Gaming Facility Act." It is perhaps more accurate and consistent with the general history of the legislation to refer to it instead as the Limited Gaming Facility Act, and we therefore suggest the words "State Lottery" be replaced with the word "Limited."

Commission Amendment To §2.1 "Act" means the Limited Gaming Facility Act, West Virginia Code §29-25-1 et seq.

Section 2.34. (New section) It may be useful to include a definition of "historic resort hotel" consistent with the statutory definition.

Commission Amendment To §3.35 "Historic resort hotel" means a resort hotel registered with the United States department of the interior as a national historic landmark in its national registry of historic places having not fewer than five hundred guest rooms under common ownership and having substantial recreational guest amenities in addition to the gaming facility.

Section 2.41. The reference in the fourth line to "lodging" should be deleted because it would be inconsistent with statutory restrictions on incentives that the licensee is permitted to offer.

Commission Amendment To §2.41 "Junket" means an arrangement to induce persons who are selected or approved for participation on the basis of their ability to satisfy a financial qualification obligation related to their ability or willingness to come to the limited gaming facility for the purpose of gambling and who receive as consideration all or part of the cost of transportation, food, ~~lodging~~, or entertainment directly or indirectly paid by the limited gaming facility licensee or its agent.

Section 2.49.b et seq. -The word "Activities" used in this and subsequent sections is not a defined term and should be lowercased.

Commission Response: Typos corrected.

Section 2.74 After the second word "transactions," insert "relating to gambling or video lottery operations."

Commission Amendment To §2.74 "Related party transactions" means transactions relating to gambling or video lottery operations between the limited gaming facility licensee or license applicant and at least one of the following:

Section -3.3.c. This section is largely redundant with section 3.3.a, and should be deleted. As written, it calls for "permanent" retention of eight classes of documents, many of

which are specifically included under the more realistic 5-year retention rule of section 3.3.a, which could be expanded to expressly refer to the additional items now listed in section 3.3.c.

Commission Amendment To §3.3.a et seq. The limited gaming facility licensee or a supplier licensee shall hold the records for not less than 5 years. The records shall include, but not be limited to, all of the following:

3.3.a.1 All correspondence with, or reports to, the Commission or any local, state, or federal governmental agency.

3.3.a.2 All correspondence concerning the acquisition, construction, maintenance, or business of a proposed or existing the limited gaming facility.

3.3.a.3 A personnel file on each employee.

~~3.3.a.4 All accounting records, ledgers, subsidiary records, computer generated data and internal audit records pertaining to gambling or video lottery activities.~~

~~3.3.c A limited gaming facility licensee shall keep and maintain accurate, complete, legible, and permanent records of any books, records, or documents pertaining to, prepared in, or generated by, the limited gaming facility operation, including, but not limited to, all of the following:~~

~~3.3.c.1 Forms.~~

~~3.3.c.2 Reports.~~

~~3.3.c.3 Accounting records.~~

~~3.3.c.3 Ledgers.~~

~~3.3.c.4 Subsidiary records.~~

~~3.3.c.5 Computer generated data.~~

~~3.3.c.6 Internal audit records.~~

~~3.3.c.7 Correspondence.~~

~~3.3.c.8 Personnel records.~~

~~A limited gaming facility licensee shall keep and maintain the books, records, or documents in a manner and form approved or required by the Commission.~~

Section 3.10 The phrase "in the course of employee training or" should be inserted in the fourth line between the words "except" and "when." This is simply another case in which supervisory employees or others normally barred from participating in gaming have a legitimate need to operate games or gaming devices.

Commission Amendment To §3.10 Participation in games by owners, directors, officers, key persons, or gaming employees prohibited. An officer, director, key person, managerial employee, or occupational licensee of the limited gaming facility licensee shall not play or be permitted to play any gambling game at the limited gaming facility except in the course of employee training or when that person is demonstrating to one or more patrons how to play a permitted casino game or video lottery game. A person specified in this rule shall not be permitted to redeem chips or tokens for any other person, except that a person may redeem chips or tokens in the course of his or her employment with the limited gaming facility.

Section 3.15 et seq. The phrase "casino and video lottery operations" should be changed throughout to "gambling and video lottery operations." The phrase "casino operations" does not include relevant gambling operations that should be the primary subject of regulation but may inadvertently include activities of the broader hotel operation with incidental affect on regulated activities.

Commission Amendment To §3.15 The limited gaming facility licensee or license applicant shall maintain a central repository of all of its contracts at its facility that relate to its ~~casino~~ gambling and video lottery operations. The Director and designated West Virginia Lottery employees shall be allowed unrestricted access to the repository and any contract or transaction entered into by the limited gaming facility licensee or license applicant upon demand. The licensee or applicant may be required by the Director to submit promptly copies of any contract upon written request of the Director.

Commission Amendment To §3.16 A contract or transaction that relate to its ~~casino~~ gambling and video lottery operations entered into by the limited gaming facility licensee or a license applicant that is more than \$5,000.00 shall be a written contract.

Commission Amendment To § 3.17 A limited gaming facility licensee or license applicant shall submit, for approval by the West Virginia Lottery, an internal control procedure regarding purchasing transactions that relate to its ~~casino~~ gambling and video lottery operations.

Sections 3.16 and 6.2. The dollar threshold for entering into and reporting oral contracts should be increased from \$5,000 to the statutory \$50,000 threshold for regulation and licensing of suppliers. Whether contracts for lesser amounts should be oral or written should be a business decision for the licensee.

Commission Response: The Commission is aware that the threshold for licensing of a supplier is \$50,000. In the Commission's oversight responsibilities, it is important to leave an audit trail to determine whether a particular supplier has crossed or will cross the threshold. Prohibiting oral contracts of \$5,000 and above is prudent.

Section 3.17.b. This section should be rewritten to provide for submission of adequate written internal purchasing control procedures but without the specific subsections (3.17.b. I through 3.17.b. 12, which should be deleted), as these specific procedures appear to be more appropriate to government purchasing operations.

Commission Amendment To §3.17.b.9 ~~A prohibition against the purchase or lease of gaming equipment or supplies from other than a supplier that is licensed under the Act.~~

Section 6. 1. After the word "transactions" in the second line, insert the phrase "relating to gambling and video lottery operations." Also, on the fourth line, replace the word "fifteenth" with the word "last."

Commission Amendment to §6.1 The limited gaming facility licensee or license applicant shall, on a quarterly basis, file a summary of all contracts and non-wagering transactions relating to gambling and/or video lottery operations which involve an amount of more than \$50,000.00 or which are reasonably anticipated to be more than \$50,000.00 in a 12-month period. The quarterly reports shall be due on the ~~fifteenth~~ thirtieth day of April, July, October, and January. The reports shall be compiled in the manner, and on the form, prescribed by the Commission and shall include all of the following information:

Section 6.2. After the word "transactions" in the second line, insert the phrase "relating to gambling and video lottery operations."

Commission Amendment to §6.2 The quarterly report shall contain the information set forth in subsection 6.1 of this rule with respect to any oral contracts or transactions relating to gambling and/or video lottery operations that involve an amount more than \$5,000.00 in a 12-month period.

Section 7. 1. After the word "transactions" in the third line, insert the phrase "relating to gambling and video lottery operations."

Commission Amendment To §7.1 The limited gaming facility licensee or person making application for a limited gaming facility license shall notify the

Commission, in writing, as soon as practicable, after entering into a contract, transaction, or series of transactions relating to gambling and/or video lottery operations in an amount which is more than \$50,000.00 or which is reasonably anticipated to be more than \$50,000.00 in any 12-month period. The written notice of a contract shall be on forms prescribed by the Commission.

Section 7.2. After the word "transactions" in the second line, insert the phrase "relating to gambling and video lottery operations." After the word "contract" in the third line insert the phrase "relating to gambling and video lottery operations."

***Commission Amendment To §7.2* The Commission may direct a licensee or applicant to cancel any contract or transaction relating to gambling and/or video lottery operations that the Commission determines does not comply with the Act and this part. A contract relating to gambling and/or video lottery operations entered into by a limited gaming facility licensee or license applicant shall contain a provision permitting the limited gaming facility licensee or license applicant to terminate the contract if the Commission determines that the contract does not comply with the Act or these rules.**

Section 7.3. This section should be stricken based on the confidential nature of this information, which is already submitted in summary form in reports to the Commission and held in a special location for the specific purpose of Commission review.

***Commission Response:* Section 7.3 is somewhat parallel to the provisions of W.Va. Code §29-22A-7(a)(7) in the Racetrack Video Lottery Act. The Commission believes this information is necessary and useful.**

Section 10.1.g et seq. Consistent with the policy set forth in Section 25.3, the reporting requirements generally should be limited to the applicant and the immediate parent company of the applicant or licensee.

***Commission Amendment To §10.1.g* A bankruptcy, receivership, or debt adjustment initiated by or against the person applying for or holding the limited gaming facility license or a supplier license or an officer, director, ~~holding company, or an affiliate that~~ or the immediate parent company who is in control of the person applying for or holding the limited gaming facility license or a supplier license.**

Sections 10.1.f and 10.1.h. These provisions relating to disclosure of federal, state and local tax disputes or tax compliance reviews of the licensee or its officers or directors should be deleted. These are overly intrusive, and unnecessary for the regulation of the gaming facility and activities. For income tax purposes, the gaming facility will be part of a larger consolidated group that is overwhelmingly related in non-gaming activities. Income taxes have no effect on the gaming taxes to be collected by the Commission.

Commission Response: Sections 10.1.f and 10.1.h both apply to the limited gaming facility AND to suppliers. The Commission believes this is appropriate regulatory information.

Sections 10.1.k and 10.1.l. These sections should be limited to reporting of events that are directly related to the ownership or operation of the gaming facility. Other violations of local ordinances are not germane to the purpose of the regulation, and a blanket ability for the Commission to require reporting of an unlimited class of unspecified events inconsistent with the policy underlying the rulemaking process.

Commission Amendment To §10.1.k A material violation of applicable ~~city ordinances or~~ of an agreement with a governmental authority in West Virginia.

Commission Response for §10.1.l This flexibility is appropriate for a gambling regulating agency.

Section 14. The legal effect of actions by representatives (including attorneys) before the Lottery should be governed by the well understood rules of agency and other applicable ethical rules. Accordingly, this section is unnecessary and should be stricken.

Commission Amendment To §14.1 ~~A person represented before the Commission by an attorney or representative under this rule shall be bound by the acts or omissions of the attorney or representative to the same extent as if the person had acted or failed to act personally. [strike?]~~

Section 17. 1. The phrase "The historic resort hotel applying for or holding" should be replaced with the phrase "An applicant or holder of " This recognizes that an applicant may be either the owner or wholly owned by the owner of the existing historic resort hotel pursuant to W.Va. Code § 29-25-9(b).

Commission Amendment To §17.1 ~~A historic resort hotel applying for or holding~~ An applicant applying for or holder of the limited gaming facility license shall not own an interest of more than 10% in a supplier licensed under the Act or these rules. This rule does not prohibit a person who has applied for or holds the limited gaming facility license from entering into an agreement for the management of its gambling operations or casino operations with a key person of the applicant or licensee.

Section 20.3. In the second line, delete the words "or certificate of suitability."

Commission Amendment To § 20.3 A license issued by the Commission under the Act or these rules is a revocable privilege granted by the Commission. A person who holds a license ~~or certificate of suitability~~ does not acquire, and shall not be deemed to acquire, a vested property right or other right, in the license.

Sections 20.4, 25.2.a and 41.4.a. Insert at the beginning of these sections, the following sentence: "The Commission will use reasonable efforts to avoid unnecessary publicity concerning information included in applications and other documents that are or could reasonably be considered sensitive." Absent such an acknowledgement, there may be difficulty in hiring adequate personnel if they fear that everything in an application will be widely published.

Commission Amendment To §20.4 The Commission will use reasonable efforts to avoid unnecessary publicity concerning information included in the applications and other documents that are or could reasonably be considered sensitive; however, an applicant or licensee shall accept any risk of adverse publicity, public notice, notoriety, embarrassment, criticism, financial loss, or other unfavorable or harmful consequences that may occur in connection with, or as a result of, the application and licensing process or the public disclosure of information submitted to the Commission with a license application or at the Commission's request under the Act and these rules.

Commission Amendment To §25.2.a The Commission will use reasonable efforts to avoid unnecessary publicity concerning information included in the applications and other documents that are or could reasonably be considered sensitive; however, upon application, an applicant shall assume and accept, in writing, under oath, all risk of adverse publicity, notoriety, embarrassment, criticism, financial loss, or other unfavorable or harmful consequences that may occur in connection with the application process or the public disclosure of information submitted with the application and disclosure form or forms.

Commission Amendment To §41.4.a The Commission will use reasonable efforts to avoid unnecessary publicity concerning information included in the applications and other documents that are or could reasonably be considered sensitive; however, upon application, an applicant shall assume and accept, in writing, under oath, all risk of adverse publicity, notoriety, embarrassment, criticism, financial loss, or other unfavorable or harmful consequences that may occur in connection with the application process or the public disclosure of information submitted with the application.

Section 21.1.a. Strike the phrase "An Historic Resort Hotel" and replace with "The person." This recognizes that an applicant may be either the owner or wholly owned by the owner of the existing historic resort hotel pursuant to W.Va. Code § 29-25-9(b).

Commission Amendment To §21.1.a License to operate a gaming facility. An Historic Resort Hotel that The person who operates a casino gambling operation is required to hold a license to operate a gaming facility.

Section 21.1.c. In the fourth line relating to persons required to be individually licensed, the words "general manager, department manager" should be replaced with the phrase "general manager or department manager having oversight or operational responsibility for operation of the gaming facility."

Commission Amendment To §21.1.c **Occupational license.** An individual who is employed by a gaming facility licensee whose work duties are directly related to, or involved in, the gambling operation or performed in a restricted area of the casino or in the gaming area of the casino, or who is a gaming operations manager, a general manager, ~~or department manager~~ having oversight or operational responsibility for operation of the gaming facility, or an equivalent, shall hold a valid occupational license that is the level required for his or her position before the individual may perform any of the duties of his or her position. There are 3 different classes of occupational license, as follows:

As a supplier of video lottery equipment in West Virginia, it appears to us that if a supplier or product is already licensed for use at a West Virginia racetrack under the Racetrack Video Lottery Act, it should also be licensed for placement at a limited gaming facility. Thus, the proposed Rule should be amended accordingly.

Commission Response: The Commission does not feel it can waive the statutory fees for application or annual maintenance; however the Commission adds the following language concerning the investigation fee: 22.3.b.1 If the applicant currently holds a video lottery terminal manufacturer permit under provisions of the Racetrack Video Lottery Act, the \$10,000 investigation fee is waived.

Section 22.3.c. The \$65 investigative fee appears to be excessive. A \$35 fee appears more reasonable.

Commission response. The \$65 fee is reasonable to cover the West Virginia Lottery's cost of investigation.

Section 22.3.e. In the second line, the reference to subdivisions (a) to (c) should be changed to (a) or (b). Subdivision (c) refers to individual employee investigations, where the regulations appear to contemplate a flat \$65 investigative fee, since no maximum fee is in fact listed and section 22.3.c provides that the individual investigative fee is non-refundable.

Commission Amendment To §22.3.d If the cost of the investigation is less than the stated fee for the license in subdivisions (a) ~~to (e)~~ and (b) paid by an applicant, the Commission shall refund the difference to the payer.

Commission Amendment To §22.3.e If the cost of the investigation is greater than the stated fee for the license in subdivisions (a) ~~to (e)~~ and (b), the investigative

agency shall show cause for the additional cost. The applicant shall pay the additional costs to the extent approved by the Commission, but not to exceed a total investigative fee by license type as follows:

Section 22.4. In the second line, strike the words "initial issuance of the license and for." This is essentially a renewal fee, and is not part of the initial application process.

Commission Amendment To §22.4 The following license maintenance fees shall be submitted to the Commission by the applicant or licensee ~~upon initial issuance of the license and~~ for each subsequent renewal of the license under the Act and these rules:

Section 23.2.d. Strike as unnecessary.

Commission Amendment To §23.2.d ~~A person who is included in the term "applicant" as defined by the Act, except for a managerial employee who is not a key person.~~

Sections 25.3.c.3 and 25.3.c.5.C. Strike the words "any holding company or affiliate that" and insert in lieu thereof the words "the immediate parent company who." Consistent with the policy set forth in section 25.3, the application information generally should be limited to key persons of the applicant or licensee and its immediate parent company.

Commission Amendment To §25.3.c.3 The key persons of ~~any holding company or affiliate that~~ the immediate parent company who has control of the person applying for the license.

Commission Amendment To §25.3.c.5.C The key persons of ~~any holding company or affiliate that~~ the immediate parent company who has control of the person applying for the license.

Section 25.3.e. Beginning at the end of the seventh line, strike the phrase "of its certified development agreement."

Commission Amendment To §25.3.e Other information and documentation as may be required by the Commission to establish and determine the financial stability, integrity, and responsibility of the person applying for the limited gaming license and a holding company, affiliate, or intermediary company that is required to be qualified as part of the application under the Act and these rules and to establish and determine the integrity of the applicant's financial sources and adequacy of the applicant's financial resources to develop, construct, renovate, maintain, and operate the proposed casino in accordance with the requirements of ~~its certified development agreement and~~ the Act and these rules.

The information shall include, without limitation, a description of the capitalization for the proposed limited gaming facility and the amount and source of all debt and equity involved in the capitalization for the proposed limited gaming facility.

Section 25.3.h. In the third line, the letter "c" is missing from the word "coverage."

Commission Response. Typo Corrected.

Section 25.3.i. Included within the list of information to be supplied by the applicant should be sufficient documentation that the applicant is the owner or wholly owned by the owner of an existing historic resort hotel within the meaning of the Act.

Commission Amendment To §25.3.i.5 ~~The project budget.~~

Sections 25.3.i.5 and 25.3.i.6. The disclosure of the project budget for the casino and identification of all contractors, consultants and designers is overly intrusive and should be deleted. These provisions were appropriate for the massive casinos being built in Detroit, largely because the urban renewal aspects of that construction were an integral part of the political decision to authorize the casinos. None of those considerations apply in this case. Other provisions give the Commission all necessary information about the layout and the other factors needed to plan for security and supervision. No legitimate regulatory concern is addressed by disclosing competitively sensitive information on budgets and supervisory construction personnel.

Commission Amendment To §25.3.i.5 ~~The project budget.~~ Sufficient documentation that the applicant is the owner or wholly owned by the owner of an existing historic resort hotel within the meaning of the Act.

Commission response with respect to §25.3.i.6 The West Virginia Lottery is a state agency seeking to ensure that all architects, general contractors, construction managers, and primary subcontractors, environmental and traffic consultants, and interior designers used or to be used on the construction or renovation project are registered to do business in the State of West Virginia.

Section 25.3.1. This section should be deleted. It relates to disclosures of all gaming related supplies and services, without regard to the established regulatory thresholds.

Commission Response. Requesting the names, business addresses, telephone numbers, and principal contact persons of the applicant's identified suppliers of gaming-related equipment, goods, and services used in the gaming areas of the historic resort hotel regardless of the value of purchases from each such supplier is a reasonable regulatory request. It deals only indirectly with which supplier(s) are required to be licensed.

Section 25.3-D. The "A" in the word "Actual" in the fourth line should be lowercased.

Commission response: Typo Corrected.

Section 25.3.r. Strike all of subsections 25.3.r.1, 25.3.r.2 and 25.3.r.4 and strike subparts C and D of subsection 23.3.r.3. While the Commission has the authority to request these or other items (or review them at any time), removing specific reference would negate any inference that these items are to be supplied in the ordinary course of application.

Commission Response to §25.3.r.1 etc. The Commission believes these sections to be proper.

Section 34. 1. Strike the words "any holding company or affiliate that" and insert in lieu thereof the words "the immediate parent company who." Consistent with the policy set forth in Section 25.3, the application information generally should be limited to key persons of the' applicant and the immediate parent company of the applicant or licensee.

Commission Amendment To §34.1 A proposed new director, partner, officer, or key person required to be qualified or licensed under the Act or these rules by virtue of his or her position with a ~~holding company or affiliate that the immediate parent company who~~ has control of a West Virginia limited gaming license applicant or licensee shall not perform any duties or exercise any powers of the position related to West Virginia limited gaming operations until he or she has been determined to be qualified or otherwise authorized by the Commission, under the Act and these rules.

Sections 41.1 through 41.3. The substantive requirements for gaming supplier and the ongoing reports they must file should parallel those currently required for suppliers of video lottery equipment to the racetracks. The suppliers of video lottery equipment will also be the largest vendors of gaming equipment to the gaming licensee, and there is no policy reason for imposing higher standards on them in one context than in the other. Similarly, vendors of other gaming equipment pose no greater risk than do the vendors of the video lottery equipment. Imposition of unreasonable standards or requirements will have the effect of reducing the availability of qualified vendors.

Commission Response: The standards set for the in sections 41.1 through 41.3 are reasonable.

Section 48.1.c. Third line, place a period after the word "operations" and strike the remainder of that sentence and the four subsequent subsections. The listing of these specific job functions may suggest a qualification requirement for existing personnel at the historic resort hotel who will have no direct connection with gambling or casino operations.

Commission Amendment To §48.1.c The authority to develop or administer policy or long-range plans or to make discretionary decisions regulating the management of the limited gaming facility and other casino operations including, without limitation, a person who does ~~any of the following:~~

48.1.c.1 Manages the operation of a hotel.

~~48.1.c.2 Manages the non-gaming entertainment activities of the limited gaming facility.~~

~~48.1.c.3 Manages the food and beverage operations of the limited gaming facility.~~

48.1.c.4 Manages the personnel and human resource activities of the limited gaming facility.

Section 51.1 Beginning on the fourth line, strike the sentence beginning with "The application and..." and strike all ensuing subparts of Section 51.1. The preceding sentence allows the Commission to prescribe a form of application. The specific items listed in the proposed rules include matters which an employer may be prohibited from asking, and in any event the subparts may be seen by potential job seekers as so intrusive as to prevent application for occupational licenses. ,

Commission Amendment To §51.1 An applicant for an occupational license, level 1 or level 2, shall complete and submit an application and personal disclosure form to the Commission. The applicant shall submit the application and disclosure form in the manner and form prescribed by the Commission at Lottery Headquarters or other location specified by the Commission. The application and personal disclosure forms prescribed by the Commission may require the applicant to provide any of the following information and documents with respect to the applicant:

51.1.a Name, including any aliases or nicknames.

51.1.b Date of birth and copy of his or her birth certificate.

51.1.c Physical description.

51.1.d Current address and residence history.

51.1.e Social security number.

51.1.f Citizenship and, if applicable, information regarding resident alien status.

- ~~51.1.g Marital history, dependents, and other family data.~~
- ~~51.1.h The nature of the applicant's position with or interest in the limited gaming facility.~~
- 51.1.i Current home and business or work telephone numbers.
- ~~51.1.j Employment history of the applicant and the applicant's immediate family residing in the same household.~~
- ~~51.1.k Education and training.~~
- ~~51.1.l Record of military service.~~
- ~~51.1.m Government positions and offices presently and previously held, and offices, trusteeships, directorships, or fiduciary positions presently or previously held with any business entity.~~
- ~~51.1.n Other trusteeships or fiduciary positions presently or previously held by the applicant or the applicant's spouse or immediate family residing in the same household.~~
- ~~51.1.o Current or recent memberships in any social, labor, or fraternal union, club, or organization.~~
- ~~51.1.p Licenses and other government permits or approvals presently and previously held by the applicant or the applicant's spouse or other members of the applicant's immediate family residing in the same household.~~
- ~~51.1.q A denial, suspension, or revocation by a government agency of any license, permit, or certification held by, or applied for by, the applicant or the applicant's spouse or immediate family residing in the same household.~~
- ~~51.1.r An applicant's, applicant's spouse's, or an applicant's immediate family member's [residing in the same household] present or previous interest in, or employment with, an entity that has applied for a license, permit, certificate, or finding of qualification or suitability in connection with a gambling operation in this state or any other state.~~
- 51.1.s The felony convictions of the applicant and the applicant's immediate family residing in the same household.

~~51.1.t Civil litigation and any other civil or administrative proceedings within the past five years involving the applicant or the applicant's immediate family residing in the same household.~~

~~51.1.u A statement of assets and liabilities and net worth for the applicant and for the applicant's spouse and dependents.~~

51.1.v A signed IRS form 8821 allowing the West Virginia Lottery access to the applicant's federal tax returns of the applicant if and when the Commission deems such information material to the application.

~~51.1.w Judgments and petitions for bankruptcy or insolvency concerning the applicant or any business entity in which the applicant held a 5% or more interest, other than a publicly traded company, or in which the applicant served as an officer or director.~~

~~51.1.x A garnishment or attachment of wages, charging order or voluntary wage execution, or other formal proceedings to adjust, defer, suspend, or otherwise work out the payment of a debt of the applicant.~~

~~51.1.y Information as to whether the applicant has failed to pay, in a timely manner, any present or previous local, state, or federal taxes that are or were delinquent for any time period.~~

~~51.1.z Life insurance policies on the applicant's life naming someone other than the applicant's family as beneficiary.~~

~~51.1.aa Whether the applicant has ever been bonded for any purpose or has been denied any type of bond and the reasons for the denial.~~

~~51.1.bb Other confidential financial and business information.~~

51.1.cc The information specified and required by the Act, including a photograph and 2 sets of fingerprints of the applicant taken at a time or place, or both, specified by the Commission.

51.1.dd All required waivers and affidavits prescribed by the Commission.

51.1.ee Other information or documents that the Commission deems necessary and relevant to determine the applicant's identity, eligibility, qualifications, and suitability for licensure under the Act or these rules. [strike?]

Section 51.2.m. Strike this subpart. Requesting a waiver for federal tax information may be seen as sufficiently intrusive to deter qualified prospects from pursuing these positions.

Commission Amendment To §51.2.m ~~A signed IRS form 8821 allowing the West Virginia Lottery access to the applicant's federal tax returns of the applicant.~~

Sections 52.5 and 54.7. First sentence, after the word "display" insert the words "a clearly legible name tag and shall have in his or her possession."

Commission Amendment To §52.5 Temporary occupational licensees shall wear and clearly display a legible name tag and shall have their temporary identification badge in their possession at all times during work hours at the limited gaming facility.

Commission Amendment To §54.7 An occupational licensee shall wear and clearly display a legible name tag and shall have the license identification badge in his or her possession while on duty as well as while off duty when in the casino gaming area of the limited gaming facility.

Section 6 1. 1. After the word "Commission" in the second line, insert a period and strike the remainder of the sentence. Reference to this code section appears unnecessary and out of place.

Commission Amendment To § 61.1 Gaming is authorized during hours set from time to time by the West Virginia Lottery Commission. ~~under provisions of the Racetrack Video Lottery Act, specifically W.Va. Code §29 22A 9(e).~~

Section 64.1.a. Replace the words "The Commission may authorize the following" with the words "The Commission shall authorize one or more variations of the following."

Commission Amendment To §64.1.a The Commission ~~may shall~~ authorize one or more variations of the following games to be played at the limited gaming facility:

Section 64.1.a.8. After the word "authorized" in the first line, strike the remainder of the sentence and insert in lieu thereof the words "by the Commission."

Commission Amendment To §64.1.a.8 Other Monte Carlo-style table game expressly authorized by ~~game rules of the Commission filed in the Office of the West Virginia Secretary of State.~~

Section 78.2. The second sentence should be modified to require a second set of value chips only for those denominations "in use at the limited gaming facility."

Commission Amendment To §78.2 The secondary set of value chips shall have different secondary colors than the primary set of value chips. A secondary set of value chips is required for all denominations in use in the limited gaming facility.

Section 78.4.a and 78.4.c. The words "a Commission agent" should be changed to "the Commission," and the separate reference to a Commission determination contained in section 78.4.c can be eliminated. The decision to require a change to the back-up set of value chips should not be triggered by the decision of a single Commission agent.

Commission Amendment To §78.4.a A determination is made by the limited gaming facility licensee or ~~a~~ the Commission agent that the casino gaming operation is receiving a significant number of counterfeit chips.

Commission Amendment To §78.4.c ~~The Commission directs.~~

Section 79.2.i and subparts The Commission on its own motion has recognized that this section and its subs provide specifications for tokens in denominations from 5¢ to \$100, but the Racetrack Video Lottery Act says that "A video lottery terminal may not allow more than two dollars to be wagered on a single game." The Commission desires to limit the kinds of tokens used to the statutory wagering limit on a single game.

Commission Amendment To §79.2.i Be disk-shaped and conform to all of the following measurements:

79.2.i.1 The diameter of the five-cent denomination tokens shall be between 0.795 and 0.805 inches and the width shall be between 0.072 and 0.078 inches.

79.2.i.2 The diameter of the 10 cent denomination tokens shall be between 0.870 and 0.880 inches and the width shall be between 0.058 and 0.067 inches.

79.2.i.3 The diameter of the 25 cent denomination tokens shall be between 0.979 and 0.989 inches and the width between 0.064 and 0.070 inches.

79.2.i.4 The diameter of the 50 cent denomination tokens shall be between 1.235 and 1.248 inches and the width between 0.077 and 0.083 inches.

79.2.i.5 The diameter of the \$1.00 denomination tokens shall be between 1.460 and 1.470 inches and the width between 0.098 and 0.104 inches.

79.2.i.6 The diameter of the \$2.00 denomination tokens shall be between 1.335 and 1.348 inches and the width between 0.098 and 0.104 inches.
