2.16. "Workplace" means a site for the performance of work done in connection with a grant from or a contractual relationship with the West Virginia Department of Agriculture.

§61-24-3. General

3.1. This rule does not constitute an express or implied contract. The employee may choose to separate from his/her employment at any time. The Department reserves the right to terminate the same. All managerial and administrative functions, responsibilities and prerogatives entrusted to and conferred upon employers inherently and by law are retained and vested exclusively with the Department, including, but not limited to: the right to establish and administer policies, practices and procedures and change them, to direct and discipline the work force of the Department, the right to take action necessary in the judgement of the Commissioner to increase the efficiency of and operate the Department.

§61-24-4. Wage and Hour Rules

4.1. The official work week for all employees within the Department is 12:01 a.m. Saturday until 12:00 midnight on Friday.

4.2. Payment for employees is calculated on the basis of a 40-hour work week, or eight (8) hours per day with seven and a half (7 1/2) hours of actual work time. Time spent on meal periods is not calculated into the hours worked.

4.3. Although the Department observes a 37 1/2 hour work week, compensatory time or overtime pay for employees does not accrue until after 40 hours have been worked.

4.4. Work time (or hours worked) includes all the time an employee is required to be on duty, on the Department's premises, or at a prescribed work place; and, all the time when the employee is required to work for the employer. Time spent by the employee in physical or mental exertion under the control and direction of the Department is regarded as hours worked.

4.5. Those employees receiving benefits within the Department do receive payment for holidays, annual leave, sick leave, but it is not necessarily at an overtime rate of pay because holidays and leave are not considered hours worked for the purpose of calculating overtime compensation.

4.6. All full time employees receive payment for all legal holidays regardless of scheduled work days, while part time employees only receive credit for those holidays actually worked.

4.7. Any employee who does not work a full 37 1/2 hour work week has a positive, mandatory duty to contact the Division Director by 11:30 a.m. on the appropriate payday to inform the director of their shortage. It is then the employee's choice to take annual leave or to have their paycheck reduced accordingly. It is the Division Director's responsibility, upon notice, to contact the Director of Administrative Services with this information by 12:00 noon on payday so that appropriate action can be taken.

4.8. Legal holidays

4.8.a. Legal holidays are counted in the actual work week, but are hours paid, not hours worked for the calculation of overtime pay.

4.8.b. If an employee is asked to work on a holiday, such time is to be reported. If an employee does work on a holiday, it is common practice to grant the employee a later day off for the holiday observance (Holiday Credit Earned).

4.8.c. Work on a legal holiday in itself does not require a premium rate of compensation such as time and a half or double time, therefore time earned for working on a holiday is to be given at a later date on an hour for hour basis.

4.8.d. The Commissioner must give written permission to work on a legal holiday prior to such work.

4.8.e. Holiday Credit Earned (HCE) should be designated on the time and attendance form clearly distinguished from compensatory time earned. HCE must be taken within twelve months from the date of its earning.

4.9. Schedule Adjustment

4.9.a. As long as the total actual work hours in the scheduled work week do not exceed forty (40) hours, overtime or compensatory time provisions are not necessary. Schedule adjustment is the mechanism whereby supervisors and employees seek to avoid the unnecessary accumulation of compensatory time or overtime.

4.9.b. In most situations, every effort will be made to adhere to the work schedules that are posted within the Department facilities. There are, however, times when it is necessary to revise or rearrange a schedule because of unexpected shortages of staff and similar factors.

4.10. Working while on Call

4.10.a. Any employee who is required to remain on the

employer's premises or so close to them that he or she cannot use the time effectively for his or her own purposes is working while on call.

4.10.b. If an employee is completely relieved from duty and can use the release time effectively for his or her own purposes, he or she need not be compensated, where the terms "completely relieved from duty" means that the employee is definitely told in advance that he or she may leave the job for a specified period and is given a definite time for return to work.

4.10.c. An employee who is merely required to leave work at his or her home or with Department officials or where he or she may be reached is not working while on call.

4.10.d. Each Division Director should establish general waiting time and on call time guidelines for employees and submit them to the Commissioner for approval before implementation. Each Division Director shall notify his or her employees of these waiting time and on call time guidelines as soon as possible after receiving approval from the Commissioner.

4.11. Rest Periods

4.11.a. Rest periods of a short duration ranging from five (5) minutes to ten (10) minutes are common in the work place. These rest periods are available in the Department to promote the employee's efficiency and are considered as work time in calculating the 40-hour work week. However, there is no requirement that rest periods be granted to an employee.

4.11.b. It is the practice of the Department to grant a maximum of two (2) rest periods per 8-hour shift if the employee's supervisor determines that work schedule and conditions warrant such breaks.

4.11.c. The rest period shall be limited to a maximum of ten (10) minutes and the employee must remain in the general proximity of the work place during the rest period.

4.12. Meal Periods

4.12.a. Although bona fide meal periods are not required under the provisions of the various laws, rules and regulations imposed upon the Department, a meal period of one half (1/2) hour to forty-five (45) minutes shall be available to each employee in the 8-hour work schedule (as long as the employee actually works seven and one-half (7 1/2) hours including rest periods.)

4.12.b. Every effort should be made by all supervisors within the Department to guarantee each employee a scheduled meal period.

4.12.c. It is not necessary for an employee to be permitted to leave the workplace if he or she is otherwise freed from his or her normal duties during the meal period.

4.12.d. The lunch time meal period will be one half-hour in duration. The half-hour time will be available for employees between the hours of 11:00 a.m. and 1:00 p.m., and shall be taken on the half-hour (i.e. 11:00 to 11:30, 11:30 to 12:00, etc.). Each Division Director shall be responsible for developing its lunch policy so that the business of the Department will not be significantly interrupted.

4.13. Travel Time

4.13.a. The Department is not required to compensate an employee for time spent walking, riding, or traveling to and from the actual place of performance of the principal activity or activities of work. However, if an employee has gone home after completing his or her normal days' work and is subsequently called out to return to the work place to perform an emergency job for the employer, all time spent on travel for the emergency shall be considered work time.

4.13.a.A. In the context of certain situations stipulated in the Fair Labor Standards Act, employees in the non-exempt overtime classification may have to be compensated for business travel time. For example, if an employee is given a special assignment and instructed to travel four (4) hours to a city, work for three (3) hours, and return home, the eight (8) hours in travel as well as the actual work time are compensable. The employee need not be compensated for travel from home to the work place or official headquarters.

4.13.b. Travel time that is part of an employee's principal activity such as travel from a central meeting place to a job site or travel from job site to job site during the work day must be counted as hours worked. If an employee normally finishes work at one job site at 5:00 p.m. and is sent to another until 8:00 p.m. and then is required to return to his or her employer's premises arriving at 9:00 p.m., all the time is work time. However, if the employee goes home instead of returning to his or her employer's premises, the travel after 8:00 p.m. is home to work travel and is not counted as hours worked.

4.14. Overtime Classification

4.14.a. An employee's work title in itself does not distinguish exemption or eligibility for overtime classification. All laws and rules and regulations require that a review of the actual duties performed distinguishes whether a particular employee is exempt or covered by overtime provisions. The Personnel Director with the assistance of employees and their supervisors,

will determine what applies to each employee within his/her jurisdiction.

4.14.b. Any employee actually employed in a bona fide (EXECUTIVE, ADMINISTRATIVE, or PROFESSIONAL) capacity is excluded from the provisions for overtime compensation. The following provisions shall determine the employee's exemption from the overtime provisions of all Federal and State wage and hour laws, rules and regulations. General examples of exempt employee classifications are provided.

4.14.b.A. EXECUTIVE. (Commissioner, Deputy Commissioner, Division Directors, Managers, etc.) is an employee: whose primary duty consists of the management of the enterprise in which he or she is employed, or of a department or subdivision of it; who customarily and regularly directs the work of two or more employees therein; who has the authority to hire or fire other employees or whose suggestions and recommendations as to the hiring, firing, advancement, promotion, or other change of status of other employees is given particular weight; who customarily and regularly exercises discretionary power; who does not devote more than 20 percent of his or her hours during the work week to activities not directly and closely related to the performance of duties described in this sentence; and who is compensated for his or her services on a salary basis at a rate of not less than \$155 per week, exclusive of board, lodging, or other facilities.

4.14.b.C. PROFESSIONAL. work week to activities not essential to the work described; and who is compensated for services on a salary or fee basis at a rate of not less than \$170 per week.

4.14.c. Any employee within the Department is to be considered non-exempt for purposes of overtime compensation when at least twenty (20) percent of their actual work duties do not coincide with the exempt provisions previously cited in this section of the rule.

4.15. Non-exempt employees may work no more than forty (40) hours in any work week without receiving overtime compensation in accordance with Department procedures.

4.16. Non-exempt employees of the Department are not be permitted to work more than forty (40) hours in any work week unless their supervisor obtains approval from the Division Director prior to the performance of the work. However, if an employee should work with or without approval, he or she must still be properly compensated for the hours worked.

4.17. Any supervisor allowing a non-exempt employee to work more than forty (40) hours in a work week without the appropriate approval may be subject to disciplinary action. Accordingly, any employee covered by this policy who works more than forty (40) hours without approval may also be subject to disciplinary action.

4.18. Each Division Director may establish procedures authorizing supervisors to schedule overtime in emergency situations. Such policies must be approved by the Commissioner prior to the implementation.

4.19. Overtime Compensation

4.19.a. Employees who work over forty (40) hours in a work week will be paid overtime compensation, which includes cash payment or compensatory time off. Payment of overtime compensation will be determined based on the employee's classification as "exempt" or "non-exempt".

4.19.b. Overtime compensation will be paid at a rate of time and a half (including compensatory time and cash payment for overtime).

4.19.c. Compensatory time off

4.19.c.A. Exempt employees may be compensated for actual work activities performed beyond forty (40) hours per work week with compensatory time off to be taken at a later date, which may be accrued up to an eighty (80) hour balance.

4.19.c.B. Compensatory time will be accrued at a

rate of: For every one hour (over 40 hours per week) earned, employees will receive 1 1/2 hours. (Example, an employee who works 43 hours in one week will earn [3 hours x 1.5 = 4.5 hours of compensatory time]).

4.19.c.C. Compensatory time must be used within a nine month period of its earning.

4.19.d. Cash payment for overtime

4.19.d.A. Non-exempt employees may only be compensated with cash payments for actual work activities performed beyond forty (40) hours per work week.

4.19.d.B. Overtime pay will be paid at a rate of 1.5 multiplied by the employee's hourly pay rate for every hour worked over forty (40) hours in a work week. The hourly rate for the purposes of overtime compensation is calculated as follows: (Annual Salary + Annual Increment) / 2080 hours = Hourly rate.

4.19.d.C. Although it is not required by applicable laws and regulations, the Commissioner reserves the right to exercise the option of providing cash payment for overtime to exempt employees at a rate of time and a half, in lieu of providing compensatory time off.

4.19.e. All requests for payment of overtime for work in excess of forty (40) hours in a work week by a non-exempt employee must be submitted by providing the Administrative Services Office with a copy of the employee's time and attendance report for the period pertaining to the request. A supply of these documents will be provided to each office and must be submitted by the following pay period for which the overtime work was performed and within the first two (2) days of the scheduled pay period.

4.19.f. Each employee is responsible for promptly reporting overtime hours worked to their supervisor. The supervisor is responsible for promptly informing the Administrative Services Office that overtime hours have been worked, and for documenting those hours.

4.20. Reporting

4.20.a. Schedule adjustments in accordance with these rules must be noted by supervisors on records such as time sheets or flex-time logs.

4.20.b. When a full-time employee of the Department actually works on a holiday, documentation indicating the hours worked on this holiday must be submitted to the Administrative Services Office by the end of the next period.

The immediate supervisor shall keep a copy of this form, if necessary for administrative purposes, and forward the original form to the Division Director.

4.21.d. If the employee record authorized leave time or overtime, a xeroxed copy shall be made by the Division Director and forwarded to the Fiscal Management Office for the purpose of cross-checking against leave forms and/or determining payroll data.

4.21.e. Each employee shall commence completion of the Time and Attendance Form at the beginning time period of the pay period. The pay period is based on a bi-monthly basis on the 15th and 30th of the month for 30 day months, the 16th and the 31st for 31 day months, and the 14th and the 28th for the month of February.

4.21.f. If two sheets are needed to record the Time and Attendance for any pay period they shall be submitted stapled together along with a copy of each approved leave annual leave or sick leave form, if available. 5.1.c. All annual leave requests are to be made in writing to their immediate supervisor as far in advance of the requested period as possible, except for emergency situations which may be requested by telephone or in person to the immediate supervisor. The longer the leave the more advance notice will be needed.

5.1.d. Annual leave shall be granted at times that will not materially affect the Department's efficient operation. Supervisors may take this standard into account when making their decision to approve or disapprove leave requests.

5.1.e. Any request for emergency annual leave made by telephone must be reviewed to determine work needs on a given day prior to the issuing of a verbal approval. Such requests may be denied, in which case the employee shall be given a reasonable time in which to travel to work.

5.1.l. An employee who becomes ill and who is admitted to a hospital or has medical services performed in an emergency room while on previously approved annual leave may request that all or part of the time spent in a hospital or emergency room be charged to sick leave. The employee must request such action on the day of return to work and must provide a physician or hospital statement listing the specific dates of hospitalization or emergency room services. 5.2.f.C. Failure to call in within the first hour and one-half of the scheduled workday, without mitigating circumstances, will be cause to request the employee to use annual leave for the period of absence or to be placed in a leave of absence without pay status for the period and may be cause for further disciplinary action.

5.2.g. Sick leave forms must be submitted during the first working day the employee returns to work.

5.2.h. Any employee who is absent in excess of three consecutive days and who requests sick leave must submit a doctor's excuse justifying the employee's absence. 5.2.1. When an employee appears to have a pattern of sick leave abuse, the Commissioner may:

5.3. Family Leave

5.3.a. An employee shall be entitled to a total of twelve weeks of unpaid family leave, following the exhaustion of all his or her annual and personal leave, during any twelve-month period:

5.3.a.A. because of the birth of a son or daughter of the employee;

5.3.a.B. because of the placement of a son or daughter with the employee for adoption; or

5.3.a.C. in order to care for the employee's son, daughter, spouse, parent or dependent who has a serious health condition.

5.3.b. In the case of a son, daughter, spouse, parent or dependent who has a serious health condition, such family leave may be taken intermittently when medically necessary.

5.3.c. An employee may take family leave on a part-time basis and on a part-time leave schedule, but the period during which the number of work weeks of leave may be taken may not exceed twelve consecutive months, and such leave shall be scheduled so as not to disrupt unduly the operations of the employer.

5.3.d. If family leave is foreseeable because of birth or adoption, the employee shall provide the Commissioner with two weeks written notice for such expected birth or adoption.

5.3.e. If family leave is foreseeable because of planned medical treatment or supervision, the employee shall:

5.3.e.A. make a reasonable effort to schedule the treatment or supervision so as not to disrupt unduly the operations of the Department, subject to the approval of the health care provider of the employee's son, daughter, parent or dependent; and

5.3.e.B. provide the employer with two weeks written

9.4. The terms of the probationary period will be explained to a prospective employee when employment is offered and, to the new employee during their initial orientation.

9.5. The performance of probationary employees will be evaluated twice by their supervisors during the probationary period. The first evaluation will occur between the second and third month of employment. The second evaluation will occur between the fourth and fifth month of employment.

9.6. Evaluations will be based on objective standards established for the employee's areas of responsibility and will be conducted using evaluation tools prescribed by the Commissioner.

9.7. Evaluations should be signed by the supervisor and the employee at the time of their completion. Only signed evaluations will be considered valid.

9.9. One calendar month before the end of the probationary period, the supervisor must submit the recommendation to the Personnel Office on the proposed status of the employee. Copies of the evaluations must be attached to the recommendation.

9.10. The Commissioner or his or her designee will then make the decision on the status of the employee and this decision will be communicated to the employee and the supervisor in writing.

9.10.a. Probationary employees whose performance is judged to be less than sufficient are subject to an extension of the probationary period, a denial of the probationary salary increase or termination.

9.11. The failure of the supervisor to evaluate and make the

scheduled recommendation on the status of probationary employees will be considered a failure to follow Department procedure and may subject the supervisor to disciplinary action under section 13 of this rule.

9.12. If at any time during the probationary period it is determined that the services of the employee are unsatisfactory or unnecessary the employee may be dismissed. In such cases, the Department shall provide written notice of not less than ten (10) days, including an explanation of the reasons for such action.

9.13. All new employees will be hired at 95% of the starting salary designated for the position.

9.14. In order to provide an incentive for the successful completion of the probationary period, probationary employees whose performance is judged to be sufficient for continued employment by the Commissioner will be eligible to a five percent salary adjustment which will raise their pay to the full starting salary for the position.

9.15. A probationary raise may not increase the level of the employee's salary above the amount that is approved by the Commissioner as the position's starting salary.

9.16. In cases where, at the end of the probationary period, and, in the judgment of the supervisor, additional time is needed to fully acquaint the employee with the position, a two month extension of the probationary period is possible only with the written permission of the Commissioner.

§61-24-10. Employee Assistance Program

10.1. The purpose of the Employee Assistance Program is to

provide confidential assistance to full-time employees and their dependents (who are eligible for coverage under the Public Employee's Insurance Program) to reduce the adverse impact of personal problems on job performance. "Personal problems" means problems which have impaired job performance, including, but not limited to, emotional or behavioral disorders, alcohol or drug abuse, family or marital discord, and financial or legal problems.

10.2. Employees are eligible for assistance through the EAP regardless of race, age, color, creed, or national origin.

10.3. The employee is responsible for meeting the cost of treatment. Public Employee health insurance (PEIA) or other third party payers may provide compensation for certain types of treatment.

10.4. Program Assumptions

10.4.a. Early identification and treatment of problems is essential to the successful resolution of the problem.

10.4.b. The decision to seek diagnosis and accept treatment for any suspected problem or illness is primarily the responsibility of the employee.

10.4.c. The Department's concern for the individual's personal life, including drinking practices and the misuse of drugs, begins only when it adversely affects job performance or attendance. "Impaired job performance" means a change for the worse in job performance indicators, including employee evaluations, productivity, safety record, absenteeism, and interpersonal relationships with fellow employees.

10.5. It is the policy of the Department that the voluntary request of assistance through this program will not be made a matter of record nor will it jeopardize the employee in any way.

10.6. Any employee of the Department who violates the confidence associated with participation in the Employee Assistance Program may be subject to disciplinary action.

10.7. No reference concerning the nature of the personal problems shall appear in the personnel file.

10.8. Personal records of actions taken or decisions to terminate are to be related to the unsatisfactory performance or attendance of the employee and not to personal problems.

10.9. Implementation Procedures

10.9.a. When an employee's performance or attendance is unsatisfactory it will be called to his or her attention using

regular Department procedures and policies.

10.9.b. If low performance or poor attendance continues, the supervisor may again discuss the problem with the employee and may elect to offer referral to the EAP.

10.9.c. If the employee accepts the offer of help and the job performance or attendance problem is corrected, no further action will be taken.

10.9.d. If the employee refuses the offer of help and the job performance or attendance problem continues, disciplinary actions will be taken.

10.10. Employees may voluntarily seek counseling and information on a confidential basis from the Employee Assistance Program (EAP). No record of such participation may be placed in the personnel files and the supervisor shall not be notified.

10.11. Shawnee Hills Community Mental Health/Mental Retardation, Inc. has been contracted by the Department to provide a comprehensive Employee Assistance Program (EAP), including, but not limited to:

10.11.a. orientation of Department employees for the purpose and use of the EAP;

10.11.b. training of supervisory staff in the implementation of EAP principles and procedures;

10.11.c. initial assessment and evaluation of all supervisory and self-initiated referrals;

10.11.d. emergency contacts on a twenty-four hour basis;

10.11.e. case management services for employees involved in the program; and

10.11.f. additional seminars and training in related areas (e.g. stress management).

10.12. The Commissioner will designate an EAP Coordinator responsible for administering the program and who will serve as the contact for information and assistance with the program. The EAP Coordinator will be bound by the rules of confidence expressed in this section. Violation of confidence by the EAP Coordinator will be cause for disciplinary action, including immediate dismissal if necessary.

§61-24-11. Smoking and Tobacco Policy

11.1. The purpose of this policy is to encourage a healthy workplace environment where the needs and concerns of smokers and non-smokers alike are considered at all Department operated facilities. This policy is based on thoughtfulness, consideration and cooperation between smokers and non-smokers. It is the intention of this policy that inevitable exceptions to these guidelines be worked out in a fair and equitable manner as compromises among adults, meeting the mandate prescribed by and expressed in the spirit of this policy.

11.2. The term "smoking" covers the use of cigarettes, cigars and pipes, chewing tobacco and snuff.

11.3. All employees, customers, and visitors are expected to comply with the provisions of this policy.

11.4. Smoking is prohibited in

11.4.a. any area in which a fire or safety hazard potentially exists;

11.4.b. most common areas including elevators, stairwells, waiting rooms, copier rooms, auditoriums, reception areas, restrooms and mailroom;

11.4.1. pesticide, feed and materials storage facilities, equipment facilities and barns at the McCausland Farm.

11.5. Private offices may be designated as smoking permitted or prohibited by the occupant. The occupant should demonstrate personal courtesy and refrain from smoking in his or her office when a non-smoking employee, customer or visitor is present.

11.6. In shared areas where smokers and non-smokers work together, the supervisor will make a reasonable effort to separate smokers and non-smokers if requested to do so. Supervisors should take into consideration the following factors: airflow, ventilation, existing physical barriers that might affect airflow and/or ventilation, and an individual's sensitivity to smoke.

11.7. Employees are encouraged to deal with disagreements directly by working out a compromise among themselves. If compromise is unavailable, the situation should be brought to the attention of the supervisor. Supervisors or employees may bring unresolved conflicts to the Commissioner for resolution of unique situations.

11.8. Copies of this policy will be distributed to all employees.

11.9. Signs will be posted to designate areas where smoking is prohibited. Employees may use desk top signs to remind others of their desire to not smoke.

11.10. Ashtrays will be available in appropriate smoking areas.

§61-24-12. Personnel Records.

12.1. The Department will maintain personnel records and information for each applicant, employee, and past employee in a manner that will balance each individual's right to privacy with the Department's need to obtain, use, and retain employment information.

12.2. Personnel records are to contain information which is needed by the Department to conduct its business or which is required by federal, state, or local law. This information normally will include, but will not necessarily be limited to, the following: application forms, payroll information, performance appraisals, medical information as required for Worker's Compensation and attendance records, disciplinary records, and attendance and tardiness records.

12.3. Employees have a responsibility to keep their personnel records up to date by promptly notifying the Personnel Office in

writing of any changes in the following:

12.3.a. name;

12.3.b. address;

12.3.c. telephone number;

12.3.d. marital status, where the change in status affects benefits and/or tax withholding;

12.3.e. number of dependents;

12.3.f. addresses and telephone numbers of dependents and spouse or former spouse (for insurance purposes only);

12.3.g. beneficiary designations for any of the insurance, disability and pension plans; and

12.3.h. persons to be notified in case of emergency.

12.4. In addition, employees who have a change in the number of dependents or marital status must complete a new Form W-4 for income tax withholding purposes within ten days of the change if the change results in a change in the number of dependents.

12.5. Employees are allowed to inspect their own personnel records.

12.6. Employees are prohibited from inspecting any personnel files except their own, except where there is a legitimate managerial need to know the information. Examples of individuals who may have a legitimate need to inspect personnel records include the Commissioner, Deputy Commissioner, Payroll Clerk, Personnel Clerk, the Personnel Director or a designated assistant, and any Division Director who is considering an employee for promotion, transfer, or other personnel action.

12.7. Any access to a personnel file should be verified and recorded and kept as a permanent part of the file.

12.8. Employees who, after inspecting their personnel files, feel that any material is inaccurate or irrelevant may submit a written request to the Personnel Director to have the material revised or removed from the file. If such a request is not granted, the employee will be permitted to place a written statement of disagreement in the file and can pursue the matter further using the regular Administrative Review policies.

12.9. There is some information in an employee or applicant file that is available to the public and that availability is protected under both federal and state freedom of information

statutes. There is other information in these same files that is not available to the public and not required to be distributed under either federal or state freedom of information statutes.

12.10. Employees are to refer any requests from outside the Department for personnel information concerning applicants, employees, and past employees to the Personnel Director.

12.11. The Personnel Director may verify wage and salary information and release the following information without first obtaining the written consent of the individual involved: employment dates, position held, and location of job site. Any other information will require a written release by the employee.

12.12. The Personnel Director is to make provisions to retain certain personnel records as required by various federal, state, and local laws.

§61-24-13. Disciplinary Action.

13.1. The purpose of this Disciplinary Action policy is to establish a uniform policy Department of Agriculture for formal disciplinary action. This portion of the rule shall apply to all employees of the Department; however, the Executive staff and the Division Directors are subject to discipline by the Commissioner, who is not confined to the provisions of this policy.

13.2. This policy may not limit the authority of the Commissioner given under the Constitution and statutes of the State of West Virginia.

13.3. Disciplinary action may be taken or recommended by Supervisors and other appropriate supervisory employees of the West Virginia Department of Agriculture who must follow this policy when taking or recommending disciplinary action.

13.4. The Department supports the concept of progressive discipline. The nature of the offense is the main factor in determining disciplinary action. Offenses are described as Major or Minor, with the appropriate level of response detailed for each in this policy.

13.5. Certain flagrant violations may warrant disciplinary action outside the progressive disciplinary process. Although the disciplinary action is "progressive" it should not be implied that each of these actions must occur in this order when a more immediate response is needed.

13.6. The Personnel Director is available to provide assistance, consultation, and assistance in preparing disciplinary action or assisting in formulating the recommendations of

disciplinary action, or to answer any questions an employee has about the disciplinary process.

13.7. Any proposed disciplinary action must be based on facts and evidence, therefore, the supervisor must take great care in the analysis of the situation (which may include discussing the problem with the employee to find facts); but in no case during this fact finding process should a supervisor or Division Director tell an employee that a suspension, demotion, disciplinary transfer, or dismissal is being contemplated.

13.8. The Personnel Director will make all notifications about disciplinary proceedings above the level of written reminder.

13.9. Progressive Discipline Procedures for Major Offenses

13.9.a. Examples of major offenses are:

13.9.a.A. dishonesty;

13.9.a.B. conviction of felony;

13.9.a.C. substance abuse on the job;

substantively affects the work of the Department.

13.9.b. The failure to meet the deadlines proscribed in this timetable for disciplinary procedures for major offenses will result in the termination of the process, except in the case of emergencies or other extenuating circumstances.

13.9.c. Step 1: Major offenses are to be reported in writing by the supervisor to the Division Director within five working days of the event or the time when a violation was known by the supervisor. (If the Division Director is the immediate supervisor, the deadline for action in steps one and two is ten days.)

13.9.c.A. The initial written report should: clearly document the violation; include the date and time of the violation, or of the time the supervisor became aware of the violation; describe the nature of the violation; and state the recommendation for disciplinary action.

17.3. The Department supports merit opportunity concepts by insuring that all segments of the community have an opportunity to enter employment on the basis of open competition, and to advance according to their relative ability and fitness.

17.4. The selection of prospective new employees and the selection of employees for promotion shall be impartial, objective, and of a practical nature. The process shall relate to the job content in a way that fairly and accurately measures the applicant's capability to perform the job.

17.9. The Department's application files will include all applications and resumes that have been received in the Department in the past twelve months.

17.10. Division Directors requesting the creation of a new position should make a recommendation to the Personnel Director after consultation with the Director of the Administrative Services Division. The recommendation must include a written position description which includes the activities and results expected from the individual chosen for the position. The Personnel Director will review the request to create a position and then will make a recommendation to the Commissioner. The Commissioner must approve all recommendations creating new positions prior to it's creation.

17.11. Procedure for Filling Vacancies

17.11.a. When a vacancy occurs, the responsible Division Director will work with the Personnel Director and the Director of the Administrative Services Division to make a recommendation to the Commissioner regarding filling the vacancy. The Personnel Director is responsible for the written recommendation to the Commissioner.

17.11.b. Employment opportunities will be announced within the Department first, unless it is determined by the Personnel Director that no current employee meets the minimum qualifications for position. If this determination is made, the Personnel Director must have this confirmed in writing by the Commissioner.

17.11.c. The Personnel Director will make arrangements for an announcement to employees to include:

17.11.c.A. job title, job description, duties, necessary skills/education/training, minimum required experience;

17.11.c.B. name, address, and phone number of the person to whom questions may be addressed and the application sent

17.11.c.C. notice of testing, materials, or other items needed for interview;

17.11.c.D. salary range for the position; and

17.11.c.E. the headquarters for the position.

17.11.d. Employees will have a minimum of five working days to respond to any internal position announcement.

17.11.e. Employees who apply for internally advertised

positions must do so in writing to the Personnel Director.

17.11.f. Employees applying and meeting the minimum qualifications will receive interviews.

17.11.g. If a pool of qualified candidates is not obtained after an internal announcement, then the Personnel Director will review the Department's application files for qualified applicants. The Personnel Director will only consider those applications that were on file when the internal announcement was made. The Division Director and Personnel Director will work together to review applications from the application files on file within the department prior to posting the vacancy announcement.

17.11.h. If a pool of qualified candidates does not exist after a review of the Department application files, then the Personnel Director will make arrangements for an external announcement, which may include, but is not limited to: advertising in newspapers, professional journals and publications, employment publications, job services or other employment services, and schools or universities.

17.11.i. Announcements may sometimes result in an unusually large number of applicants who meet the minimum position requirements. When such circumstances arise, the Personnel Director may limit the number of applicants or candidates to advance through the process based on such considerations as:

17.11.i.A. length, type and level of work experience related to the position;

17.11.i.B. applicability of past work experience to the Department's programs, operations, and needs; and/or

17.11.i.C. type, degree, and relevance of job preparation for prescribed responsibilities, including course work, training and educational achievements.

17.11.j. All interviews must be conducted by an interview team of three members that should include the Division Director or his or her designee; the Personnel Director or his or her designee and a third party mutually agreed by the first two members. Exceptions to this practice require the permission of the Personnel Director.

17.11.k. The interview team will meet prior to interviewing candidates to discuss strategy, goals, and to develop an appropriate line of questioning. The Department reserves the right to test applicants on their skills, abilities, and education related to the position for which they are a candidate.

17.11.l. All interview questions and tests will be

reviewed by the Personnel Director prior to the interview. Test approval will be made in writing by the Personnel Director.

17.11.m. A standard interview form, distributed by the Personnel Director, will be used as the basis for interviews. The interview form is to be completed and signed by each interviewer. The completed interview forms are confidential and are to be kept with candidate files. The interview forms for a successful candidate will be placed in the employee's personnel file.

17.11.n. Interviews should only contain questions and conversation that is directly related to the specific duties, responsibilities, and requirements of the position. Questions and conversation should remain consistent among all candidates for a position.

17.11.o. The interview team will meet following the conclusion of all interviews to rank candidates and to present a written recommendation to hire to the Commissioner, which ranks the candidates and lists reasons for the recommendation.

17.11.p. Applicants must provide work or personal references before being employed by the Department. The Personnel Director will conduct a reference check for the top two recommended candidates at the conclusion of the interviews.

17.11.q. The Commissioner will make all final hiring decisions. No one may be added to the Department payroll without the written concurrence of the Commissioner or his or her designee.

17.11.q.A. The Personnel Director will keep a copy of the Commissioner's written approval for the permanent records in the employee's personnel file.

17.11.r. Upon the Commissioner's approval to hire, the Personnel Director will so notify the interview committee and will communicate the offer of employment to the approved candidate. This communication may be written or oral, but in all cases, an employment offer must be made in writing to the candidate prior to the first day of employment.

17.12. Employment Separation

17.12.a. The Commissioner must approve all termination actions in writing. The Commissioner or his or her designee will provide written notification of termination to the employee. The notification will list reasons for termination. The notification will list the terms of separation, including date and status of employee benefits.

17.12.a.A. An employee may be subject to a non-disciplinary, involuntary termination in connection with a shortage

of funds, abolition of a position, or the lack of need for the work performed by an employee or group of employees. The Commissioner will give an employee as much advance notice of the termination as conditions permit.

17.12.b. Termination (or dismissal) for disciplinary reasons is discussed in section 13 of this rule.

17.12.c. Employees who resign are encouraged to provide as much notice as possible to the Commissioner to allow the smooth transition of the resigning employee's workload and responsibilities.

17.12.d. Check-out upon separation

17.12.d.A. Employees who leave the employment of the Department will be required to turn in any Department property to their supervisor not later than their final workday.

17.12.d.B. Employees may not collect their final paycheck until their supervisor confirms the return of all Department property.

17.12.d.C. An exit interview may be required of employees upon separation from employment. The purpose of the exit interview is to provide the opportunity for the employee to evaluate his or her time of employment with the Department and to suggest improvements. The Personnel Director will conduct exit interviews.

§61-24-18. Hospitality and Promotions.

18.1. For the purposes of this section of the rule, "promotion" means expenditures by the Department for display booths, promotional items at trade shows or similar events, promotion or exposure of service(s) provided, enhancement of professional (not personal) image, and/or the attraction of business and/or clientele; as referenced in WV Division of Finance and Administration Policy Number 13.

18.2. Any hospitality or promotional expenditures require the prior written approval of the Division Director. Expenditures exceeding twenty-five dollars (\$25.00) must also have the prior approval of the Commissioner or his or her designee. Events estimated to cost \$5000 or greater require the advance approval by the Department of Administration.

18.3. In the conduct of day-to-day business it is not anticipated that the Department will need to incur meal or other hospitality related expenses involving its employees. However the following examples represent some circumstances in which the

Department, using prudent judgement, may incur expenses involving employees:

18.3.a. An event hosted by the Department and specifically planned for participants (guests and/or employees) of a conference, seminar, workshop, or similar event where state employees are attending this event as registered and/or paying attendees, as host/hostess, or other assigned supporting positions.

18.3.b. Employees meeting with state employees from other geographic areas for a specific business purpose.

18.3.c. Entertainment of guests and authorized employees related to economic development in the State by employees.

18.4. Food and beverages purchased for a hospitality event or function, regardless of the dollar amount are exempt from bidding procedures.

18.5. Abuses of hospitality expenses by employees will result in disciplinary action under the provisions of section 13 of this rule.

18.6. Expenditure requests relating to hospitality or promotions should contain the following information: -

18.6.a. purpose;

18.6.b. anticipated cost;

18.6.c. funding source (account number);

18.6.d. payee;

18.6.e. date of event; and

18.6.f. the anticipated benefit of expenditure.

§61-24-19. Sexual Harassment.

19.1. It is the intent of the Department to provide a work environment free from sexual harassment whereby no employee is subjected to unsolicited and unwelcomed sexual overtures or conduct, either verbal or physical. Employees have the right to be free from sexual harassment on the job, from either co-workers, supervisors, persons receiving/providing services or the general public. Such conduct or harassment will not be tolerated within the workplace and is prohibited by State and federal anti-discrimination laws where: (1) submission to such conduct is made either explicitly or implicitly a term or condition of employment, (2) submission to or rejection of such conduct by an individual is

used as the basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment. Conduct of this nature will result in appropriate disciplinary action up to and including dismissal.

19.2. The purpose of this policy is to ensure that the employees of the Department of Agriculture and its affiliated political subdivisions work in an environment which is free from sexual harassment. This policy also establishes the procedures for reporting, investigating, and resolving complaints of alleged sexual harassment.

19.3. Courts, generally, have identified sexually harassing behavior as a range of verbal and physical conduct which includes, but is not limited to, the following:

19.3.a. sexually explicit propositions;

19.3.b. improper questions about an employee's private life;

19.3.c. sexually discriminatory ridicule or insults;

19.3.d. undesired, intentional touching (e.g., embracing, patting, pinching);

19.3.e. remarks directed against one's sex as a class or group;

19.3.f. threat of rape, or attempted or actual sexual assault;

19.3.g. repeated sexually explicit comments or obscene and suggestive remarks that are objectionable or discomfiting to the employee; and

19.3.h. offers of employment benefits in exchange for sexual favors, or threats or reprisals for negative responses to sexual advances.

19.4. Other actionable forms of conduct have been found to evolve from situations that, on their face, seem normal or harmless but which, in fact, constitute sexual harassment. Such situations have involved, for example:

19.4.a. Jokes, graffiti, and posters: Telling "off-color" jokes does not necessarily constitute sexual harassment. Employers should be aware, however, that if employees complain that jokes are offensive, the jokes may be said to contribute to a hostile or offensive work environment and should be stopped.

Similarly, pornographic photographs and sexually explicit graffiti, posters, and calendars are prohibited in the workplace.

19.4.b. Behavior at off-site social events:

19.4.b.A. If a supervisor approaches an employee at an employer-sponsored event and the employee gives in to unwelcome sexual advances, either through fear of losing the job or endangering career advancement, the foundation is set for a subsequent sexual harassment claim.

19.4.b.B. If an employee is approached at an employer-sponsored event and the employee objects to the sexual advances, the sponsoring employer official in charge shall take appropriate action to ensure the protection of the employee's rights.

19.4.c. Suggestive clothing requirements: Requiring employees to wear revealing or suggestive uniforms or costumes that they find demeaning may be considered discriminatory under Title VII of the U.S. Civil Rights Act of 1964.

19.5. Procedure

19.5.a. Employees who believe that they have been harassed shall notify the Personnel Director of incidents of sexual harassment within ten working days of the incident. The Department recognizes that employees may be reluctant to come forward with allegations of sexual harassment. Thus, the Personnel Director may elect to waive the deadline expressed in the previous sentence, if;

19.5.a.A. the allegations appear to be well-grounded; and

19.5.a.B. such a waiver is necessary to promote the best interests of both the Department and those employees involved.

19.5.a.C. If the Personnel Director is the subject of an employee's grievance, that employee shall notify the Deputy Commissioner. In such a case, the Deputy Commissioner shall act in the Personnel Director's capacity in pursuing the employee's complaint.

19.5.b. The aggrieved employee, the accused party or parties, or both, may be temporarily re-assigned or placed on administrative leave while the investigation is underway, if the Personnel Director determines that such action is necessary to;

19.5.b.A. facilitate employee productivity,

19.5.b.B. facilitate the mental and emotional well-being of employees, or

19.5.b.C. to protect the physical well-being of the aggrieved employee, the accused party or parties, or both.

19.5.b.D. No conclusion of wrongdoing or guilt shall be implied by such a reassignment or administrative leave.

19.5.c. Upon receiving an employee's complaint, the Personnel Director shall convene a committee to investigate the alleged incident(s) of sexual harassment, as soon as reasonably possible, but not later than fifteen days after receiving the complaint.

19.5.c.A. This committee shall be composed of the Personnel Director (or designee) and two employees-at-large. The Personnel Director shall chair the investigation committee. The employees-at-large shall be designated by the Personnel Director. The employees-at-large shall not be parties with a stake in the outcome of the grievance and shall have as little prior knowledge of the alleged incident as possible.

19.5.c.B. The Investigation Committee shall be composed in the following manner:

19.5.c.B.(a). If the aggrieved employee is female, the Investigation Committee shall be comprised of two females and one male.

19.5.c.B.(b). If the aggrieved employee is male, the Investigation Committee shall be comprised of two males and one female.

19.5.d. If the Investigation Committee feels the employee's allegations are well-grounded, it shall confidentially inform the accused party or parties that a complaint has been filed and that a confidential investigation into the alleged incident(s) is underway.

19.5.e. The Investigation Committee is not intended to imitate a court of law, however, fairness and due process will be the guiding principles. The Committee shall have the power to take statements and hear testimony from:

19.5.e.A. the aggrieved employee;

19.5.e.B. the accused party or parties;

19.5.e.C. witnesses to the alleged incident(s); and

19.5.e.D. any other persons offering testimony which would tend to corroborate or refute the allegations. This type of testimony includes, but is not limited to, allegations that the accused party or parties acted in a similar manner on other

occasions.

19.5.f. The Investigation Committee shall make its own determinations on the admissibility and/or relevance of offered evidence and testimony; and on the respective credibility of conflicting testimony.

19.5.g. After examining the evidence before it, the Investigation Committee shall specifically determine whether the alleged incident(s) occurred.

19.5.h. There are three basic factors that the Investigation Committee will examine to determine sexual harassment:

19.5.h.A. has unwelcome or offensive behavior occurred;

19.5.h.B. is the interest one sided or mutual; and

19.5.h.C. what is the employment relationship of the parties involved? (supervisory, peer).

19.5.i. If the alleged incident(s) is(are) determined to have occurred, the employee-at-large members of the Investigation Committee shall inform the Personnel Director of disciplinary action they deem appropriate for the violation. The Personnel Director will then forward the recommendations of the Committee to the Commissioner with comment.

19.5.j. After getting comments from the Commissioner, the Personnel Director will then inform the accused employee(s) about any recommendations made by the Committee.

19.5.k. The Commissioner may take the recommendations of the Investigation Committee into account when deciding what disciplinary action should be taken, but such recommendations shall neither be binding or determinative. The Commissioner alone shall determine what disciplinary action is appropriate in each case.

19.5.l. When disciplining employees for violations of the Department's sexual harassment policy, the Commissioner may elect to invoke any of the disciplinary options available under the provisions of section 13 of this rule.

19.5.m. Employees may appeal any disciplinary action taken against them for sexual harassment by sending a written request for appeal to the Commissioner within three working days of receiving such decision for disciplinary action. The request must include an explanation of the reasons that the employee feels that the disciplinary action is incorrect.

19.5.m.A. The Commissioner may respond to this request for an appeal by scheduling an appeal hearing or by refusing to hear the appeal.

19.5.n. Both aggrieved and accused employee(s) may have another employee assist him-her in the investigation process. The assisting employee must not be an attorney.

19.5.n.A. The Department seeks to discourage the participation of lawyers in the Department's internal investigation of sexual harassment allegations. Rather, the department seeks to resolve these matters in an open, participative manner among employees.

19.5.n.B. In any instance where a legal counsel who has been retained to represent a party in the process contacts employees involved in the internal investigation in any way, that person must relay this information immediately to the Personnel Director.

19.6. No reprisals of any kind shall be taken by the Department of any supervisor against any party, any representative, any participant, or any assisting party in the internal investigation procedures because of such participation. This includes anyone who may participate in the internal investigation procedures as a witness or as a member of the Investigation Committee.

19.6.a. Conversely, the internal investigation process represents a serious attempt to solve sexual harassment problems that arise in the workplace in a strong and swift manner. Persons who use the process flippantly or without consideration may be disciplined.

19.7. Confidentiality

19.7.a. Because of the sensitive and potentially damaging results of unproven accusations against individuals, the Department regards confidentiality as the key element in keeping the process fair to all involved.

19.7.b. It is the policy of the Department that the utilization of these procedures to remedy instances of sexual harassment shall not be made a matter of record unless the aggrieved party requests it be added to their own personnel file, nor shall it jeopardize the aggrieved employee in any way.

19.7.b.A. If sexual harassment is determined to have occurred, the records of actions taken will be made part of the personnel files of employees who are disciplined.

19.7.c. Any employee who is accused of violating the

Department's sexual harassment policy, but is later cleared of the allegations, shall not have those allegations or the subsequent investigation made a matter of record, unless the accused party requests it be added to their own personnel file.

19.7.d. Any employee of the Department who violates the confidence associated with participation in the internal investigation process may be subject to disciplinary action under the provisions of section 13 of this rule.

19.8. The Department's confidential employee assistance program is also available for counseling and advice should an employee be uncomfortable discussing these matters within the Department. Contacting the Employee Assistance Program does not relieve the employee of the obligation to report sexual harassment when and if it occurs using the procedures outlined in this section of the rule.
