Dear Secretary Manchin:

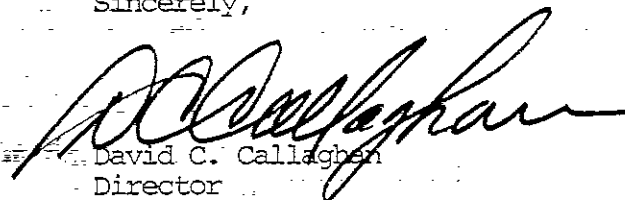

On April 10, 1981 regulations were promulgated governing the construction, operation and elimination of dams. These regulations have been through a public hearing and have been commented upon by industry engineers and concerned citizens of the State. Some changes and amendments of the original proposed regulations were made based upon these comments.

Therefore, we are filing these regulations on a permanent basis with an effective date of February 1, 1982.

If you have any questions, please do not hesitate to contact me.

Sincerely,
