Dear Mr. Hechler:

On October 17, 1990 the Department of Commerce, Labor, and Environmental Resources, Division of Natural Resources filed with the Secretary of State and the Legislative Rule-Making Review Committee a Notice of Agency Approval of a Proposed Rule to Title 47, Series 11 (Hunting and Trapping Regulations) of the Code of State Regulations. Upon a recent hearing conducted by the Rule-Making Review Committee and upon review of these proposed changes to Series 11, the Division finds it necessary to withdraw the proposals, thus referring back to the Legislative Rule exempt from Legislative Review that was filed on September 18, 1990 and any subsequent changes that may be submitted to that rule.

Your cooperation is greatly appreciated.

Sincerely,

J. Edward Hamrick III
