OFFICE OF WEST VIRGINIA
SECRETARY OF STATE

§ 47-11E-1. General.

1.1. Scope and Purpose. -- The purpose of this regulation is to establish rules that are to be complied with when pursuing and taking deer within the boundaries of this State.

1.2. Authority. -- West Virginia Code § 20-1-7(30).

1.3. Filing Date. --

1.4. Effective Date. --

§ 47-11E-2. Definitions.

2.1. All terms shall have the meaning prescribed to them in the Code of State Regulations, Title 47, Series 11A (47 C.S.R. 11A).

§ 47-11E-3. Deer Hunting Rules.

3.1. After a person has killed a deer during any of the open seasons established in the Code of State Regulations, Title 47, Series 11 (47 C.S.R. 11), he or she may not participate further in deer hunting (e.g., driving deer) with a bow or a firearm in his possession for the remainder of the day of the kill. A person may pursue his second legal deer, in accordance with the provisions of the Code of State Regulations, Title 47, Series 11 (47 C.S.R. 11), on any following day which falls within an open deer season, provided the first deer has been legally checked with a conservation officer or an official game checking station.

3.2. No person may hunt deer with a shotgun using ammunition loaded with more than one solid ball nor with any rifle of less than twenty-five (.25) caliber using rimfire ammunition.

3.3. No person may kill or wound a deer while the deer is in any stream, lake, or pond.

3.4. The hunting of small game is permitted beginning on the fourth day after the opening date of the bucks-only deer season. During this period, a hunter may carry slugs and Number 4 or smaller shot with a shotgun prior to killing a deer.

3.5. In those counties, or portions thereof, open to antlerless deer hunting, the hunting of deer with bow, hunting of bear or hunting of small game is permitted during the antlerless deer season provided that no hunter, except those having a valid Class N license or those legally participating in bow deer hunting or bear hunting, may be afield with any firearm with solid ball ammunition or shells containing larger than Number 4 shot or, if using a combination rifle-shotgun, with rifle ammunition in his possession. During this period, a hunter may carry slugs and Number 4 or smaller shot with a shotgun prior to killing a deer.

3.6. After killing a deer during any of the open seasons established in the Code of State Regulations, Title 47, Series 11 (47 C.S.R. 11), a hunter may not be afield for the remainder of the day of the kill with a firearm with solid ball ammunition or, if using a combination rifle-shotgun, he may not have rifle ammunition in his possession unless he is legally participating in bear hunting.

3.7. It is illegal to hunt small game during the bucks-only deer season with any centerfire rifle, with any rifle of larger than twenty-two (.22) caliber using rimfire ammunition, or with a shotgun using solid ball ammunition in a county that is not open to bucks-only deer hunting.

3.8. A firearm that has been converted into a muzzle-loader by use of a plug may not be used during muzzle-loading firearms deer season.

3.9. When being transported in or on a vehicle, a muzzle-loading firearm will be considered to be unloaded when uncapped or the priming charge is removed from the pan.

3.10. No person may actively participate in the hunting of antlerless deer (e.g., driving deer) unless that person has a Class N license or is otherwise exempt from having a Class N license.

3.11. Applications as prescribed by the director for a Class N license to hunt in a county in which a limited number of Class N licenses are issued must be completed and mailed prior to the deadline date on the application. Only one application may be submitted per individual.

3.12. Purchasers of a Class R or Class RR license must choose a license for either archery deer hunting or firearms deer hunting but may purchase both types of license.

3.13. A Class R archery and Class RR archery license must be purchased prior to the opening day of the archery season. A Class R gun and Class RR gun license must be purchased prior to the opening day of the buck gun season. A Class R or Class RR license must be signed to be valid.

3.13.1. The Class R and RR archery licenses are valid in those counties open to bucks-only firearms hunting and in those counties not open to bucks-only firearms hunting provided the first archery deer was taken in a county open to firearms deer hunting.

3.14. A Class N license is non-transferable.
