3.2. Illegal Methods of Taking Waterfowl.

3.2.1. No person may take waterfowl with a trap, snare, net, crossbow, rifle, pistol, swivel gun, shotgun larger than 10-gauge,

punt gun, battery gun, machine gun, fish hook, poison, drug, explosive, or stupefying substance.

3.2.3. No person may take waterfowl from a sink box (i.e., a low floating device having a depression affording the hunter a means of concealment beneath the surface of the water).

3.2.4. No person may take waterfowl from or with the aid or use of a motor vehicle, other land conveyance, or an aircraft of any kind, except as provided in Section 3.2.4.a of these regulations.

3.2.4.a. A person who is permanently disabled in the lower extremities and who holds a valid Class Q special resident hunting permit may take waterfowl from a stationary motor vehicle provided that he is the only occupant of that vehicle, that the engine of the vehicle is not operating, and that the vehicle is not parked on the right-of-way of any public road or highway.

3.2.5. No person may take waterfowl from or by means of any motorboat or sailboat unless the motor has been completely shut off or the sail furled and the progress therefrom has ceased.

3.2.6. No person may take waterfowl by the use or aid of live birds as decoys.

3.2.6.a. All live, tame, or captive ducks and geese must have been removed from the hunt area for a period of ten (10) consecutive days prior to hunting and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.

3.2.7. No person may take waterfowl by the use of records or tapes of waterfowl calls or sounds, or recorded or electrically-amplified imitations of waterfowl calls.

3.2.8. No person may take waterfowl by concentrating, driving, rallying, or chasing such birds with any motorized land, water, or air conveyance or any sailboat.

3.2.9. No person may take waterfowl by the aid of baiting, or on or over any baited area. Hunters should be aware that a baited area is considered to be baited for ten (10) days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation of federal regulations and Section 3.2 of these regulations.

3.3. Tagging. No person may give, put, or leave waterfowl at any place, or in the custody of another person, unless the birds are tagged by the hunter with the following information:

3.3.1. The hunter's signature; address; total number of birds involved, by species; and the date on which each bird was killed.

3.4. Field Dressing. No person may completely field dress waterfowl and then transport the birds from the field. The head or one fully-feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility, as defined in 50 C.F.R. §20.11.

3.5. Shipment. No person may ship waterfowl unless the package is marked on the outside with the following information:

3.5.1. The name and address of the person sending the birds;

3.5.2. The name and address of the person to whom the birds are being sent; and

3.5.3. The number of birds, by species, contained in the package.

3.6. Importation. For information regarding the importation of waterfowl in another country, hunters should consult 50 C.F.R. §§20.61 through 20.66. One (1) fully-feathered wing must remain attached to all waterfowl being transported between the port of entry and one's home or to a migratory bird preservation facility, as defined in 50 C.F.R. §20.11. No person may import waterfowl killed in any foreign country, except Canada, unless such birds are dressed (except as required in 50 C.F.R. §20.63), drawn, and the head and feet removed. No person may import waterfowl belonging to another person.

3.7. Federal Migratory Bird Hunting and Conservation Stamp. Each waterfowl hunter sixteen (16) years of age and over must carry on his person a valid federal Migratory Bird Hunting and Conservation Stamp (i.e., "duck stamp") signed in ink across the face. This stamp is not needed in order to hunt coots or gallinules.

3.8. West Virginia Migratory Waterfowl Conservation Stamp. Each waterfowl hunter sixteen (16) years of age and over, except those persons exempt by statute from the payment of hunting license fees, must carry on his person a valid West Virginia Migratory Waterfowl Conservation Stamp (i.e., a "state duck stamp") signed in ink across the face. This stamp is not needed in order to hunt coots or gallinules.

3.9. Mandatory Use of Steel Shot. Steel shot must be used in the hunting of waterfowl statewide.

3.10. Concurrent Waterfowl Hunting. Concurrent hunting of waterfowl on major rivers, lakes, and reservoirs is legal during the bucks-only deer season if the season for such waterfowl is also open.
