I respectfully request your assistance in preparing amendments to the following existing Rules Governing Public Use of West Virginia State Parks, Forests, and Wildlife Management Areas under the Division of Tourism and Parks:

1. Rule 2.7: Proposed change - This rule is concerned with recreational activities that require a high degree of specialized training and equipment. The second sentence in this rule states: "Persons who intend to participate in any such activity shall register at the area superintendent's office before engaging or participating in it and specify where it will take place and give evidence of having proper training and equipment for the activity." This proposed rule change would read as follows: "Persons who intend to participate in any such activity shall register at the area superintendent's office before engaging or participating in it and specify where it will take place."

The Facts and Circumstances Supporting This Change Are: The phrase, "... and give evidence of having proper training and equipment for the activity.", places the park system in a posture of potential liability by requiring employees to verify that a person taking part in high risk activities has the proper training and equipment to participate in such activities. It is doubtful that park employees are qualified to make such determinations. Rule 2.7 further states that "Participants in such activities assume full responsibility and liability for any risk or injury related to the activity." That is

how it should be; therefore, the need to amend this particular rule.

2. Rule 2.21: Proposed change - Add the North Bend Rail Trail to the list of state park areas that prohibit beer, wine, and liquor.

The Facts and Circumstances Supporting This Change Are: It has been reported by the Rail Trail Superintendent that several of the tunnels along the North Bend Rail Trail are used by local residents for weekend parties that include beer and wine. This type of activity results in large amounts of litter consisting of beer and wine containers and broken glass in the tunnels. This rule change is needed immediately because the potential exists for conflicts between people at these beer parties and trail users. This rule change would be consistent with our management of the Greenbrier River Trail and provide the Rail Trail Superintendent with the law enforcement tool to control this type of activity.

3. Rule 2.22 Proposed change - Add North Bend Rail Trail to this rule that states, "No person may operate a motor driven vehicle on the Greenbrier River Trail..."

The Facts and Circumstances Supporting This Change Are: This proposed rule change is necessary to maintain consistency in our management of rail trails. The rule change is needed immediately for the protection of the trail and trail users from unauthorized motor vehicle traffic. Without this rule change, the potential exists for conflicts between trail users, i.e., hikers, bicycle riders and horseback riders, and unauthorized motor vehicles. Such conflicts could result in injuries to trail users.

4. Addition of Rule - Add a provision that governs the award of matching grants to the "adopt-a-state park or forest program" established under §20-1A-7 of the State Code. This rule should state: "State park and forest or other public land area foundations may apply for and be awarded 50% matching grants of up to \$7,500 as part of an "adopt a state park or forest program" for maintenance and improvement projects approved by the Director of Parks and Recreation. To qualify, it is required that such lawfully chartered state recreational area foundations must formally adopt the area for which it was created and is working."

The Facts and Circumstances Supporting This Change Are: After passage of §20-1A-7 during the 1989 legislative session, a foundation grant program was established. However, the need to promulgate a legislatively approved rule was overlooked.

Memorandum To: Rich Hartman
August 16, 1994
Page Three

This change will comply with both the intent and letter of the 1989 legislation.

5. Rule 2.24 Proposed change - Remove this rule completely.

The Facts and Circumstances Supporting This Change Are: It duplicates portions of existing Rule #2.14 and the requirement for a permit for use of hay, straw, pine needles or similar materials is unnecessary and trivial given that a superintendent has sufficient latitude to allow such practices.

6. Rule 3.4 Proposed change - At the end of campground rules the sentence should be added: "Campers not granted a discretionary extension must vacate park campsites for a period of 48 hours."

Please note that I have taken the "s" from Pleasant Creek WMA. I have attached a "strike through and underline" copy of the proposed changes for your convenience.

2.23. State park and forest or other public land area foundations may apply for and be awarded 50% matching grants of up to \$7,500 as part of an "adopt a state park or forest program" for maintenance and improvement projects approved by the Director of Parks and Recreation. The Commissioner shall issue each qualified applicant a permanent campground discount card. The application and qualification forms are available in all Parks and Recreation state recreational areas and the Charleston office.

§144-1-4. Rules Governing Public Use of Swimming Areas in State Parks, State Forests, and State Wildlife Management Areas under the Division of Tourism and Parks.

4.1. Swimming is prohibited in state parks, state forests, and state wildlife management areas, except in places designated for that purpose. Each person entering a designated swimming area shall pay the admission fee, except cabin and lodge guests are exempt. Children who have not reached their tenth (10th) birthday shall be accompanied at all times they are in the swimming area by a responsible person at least twelve (12) years of age. Persons who have reached their twelfth (12th) birthday are required to purchase an adult ticket for admission to the swimming area.

4.2. Any person may be denied admission to the swimming area who has a skin abrasion, cold, cough, inflamed eye, infection, rash, bandage or cast. Admission shall be denied to any person who is under the influence of alcohol, a controlled substance or medication.

4.3. Glass, food, ice chests, picnic supplies, beer, wine, alcoholic beverages, controlled substances and pets are prohibited in swimming areas. Food and drink purchased from the concession stand may be consumed only in the area designated for that purpose.

4.4. Plastic or rubber rafts, inner tubes, balls, inflatable water wings, and similar paraphernalia, toys and manmade objects of any kind are prohibited within the swimming area, except that exceptions may be made for the handicapped and for organized activities at the discretion of the lifeguard in charge.

4.5. No person is permitted in a swimming pool unless he is dressed in recognized swimming apparel. No street wear, cutoffs or similar apparel may be worn in a swimming pool. Parents and guardians who purchase an adult ticket may enter the swimming area in street clothes to accompany and supervise their children who have not reached their twelfth (12th) birthday and who have purchased a children's ticket. Parents and guardians who enter the swimming area and are not dressed in recognized swimming apparel are prohibited from entering the water. These restrictions do not apply to swimming areas which are natural bodies of water.

4.6. The wearing of indecent swimming or other apparel, the commission of any indecent act, and the commission of any act of indecent exposure are prohibited in the swimming area. Commission of any such act is cause for immediate eviction from the swimming area.

4.7. Only one (1) person is permitted on a diving board at a time. Running, pushing, wrestling, roughhousing or causing undue disturbance, noise or commotion is prohibited in the swimming area.

4.8. Only state employees or other authorized personnel are permitted behind counters where cash registers are located, behind concession stand counters, or in concession stand food storage areas, basket rooms, swimming area storage supply rooms, filtration rooms or chlorine rooms.

4.9. Every person entering a swimming area shall comply with all swimming rules and every instruction or directive of the lifeguards. Any person who fails to comply may be evicted immediately from the swimming area by a lifeguard or other state employee. Any person evicted forfeits the fee he paid to enter the swimming area.

4.10. No refunds may be given for any reason to any person who leaves the swimming area.

\$144-1-5. Enforcement of Rules Governing Public Use of State Parks, State Forests, and Recreation Areas in State Wildlife Management Areas under the Division of Tourism and Parks and Penalties.

5.1. Responsibility for enforcing the rules.

It is the duty and responsibility of Conservation Officers, Special Conservation Officers, and the superintendents, assistant superintendents and managers of state parks, state forests, and state wildlife management areas to enforce all of the provisions of this rule.

5.2. Violation of rules and penalties.

Any person violating any of the provisions of this rule is guilty of a misdemeanor, and, upon conviction thereof, shall be punished in accordance with W. Va. Code §20-7-9.
