Incumbents of Reallocated Positions - When a position is reallocated to a different class, the Board shall not consider the incumbent eligible to continue in the position unless he or she would have been eligible for original appointment, promotion, transfer, or demotion, to a position of the new class while serving in the position as previously allocated. If ineligible to continue in the position, he or she may be transferred, promoted, or demoted by appropriate action in accordance with the provision of this rule as the Director may determine to be applicable. In any case in which the incumbent is ineligible to continue in the position, and he or she is not transferred, promoted or demoted, the provisions of this rule regarding separations applies.

4.4. Class Specifications - The Board Director shall consider the class specification in allocating positions and shall interpret it as follows:

(a) Class specifications are descriptive only and are not restrictive. The use of a particular expression of duties, qualifications, requirements, or other attributes shall not be held to exclude others not mentioned.

(b) In determining the class to which any position shall be allocated, the specifications for each class shall be considered as a whole. The Board shall give consideration to the general duties, specific tasks, responsibilities required, qualifications and relationships to other classes as affording together a picture of the positions that the class intended to include.

(c) A class specification ~~shall be construed as~~ is a general description of the kinds of work characteristics of positions properly allocated to that class and not as prescribing what the duties of any position are nor as limiting the expressed or implied power authority of the appointing authority ~~now or hereafter vested with the right~~ to prescribe or alter the duties of any position.

(d) The fact that all of the actual tasks performed by the incumbent of a position do not appear in the specifications of a class to which the position has been allocated does not mean that the position is necessarily excluded from the class, nor shall any one example of a typical task taken without relation to the other parts of the specification be construed as determining that a position should be allocated to the class.

(e) The statement of minimum qualifications expresses the minimum background in terms of education, experience, and/or licensure generally necessary for a new employee to successfully perform the required duties of positions in the job class.

(f) The ~~Board~~ Director shall consider class specifications as a primary source of authority for the content of examinations for the class and for the evaluation of qualifications of applicants for examinations. Supplemental job information, obtained through job analysis, may be used as a further basis for examinations and minimum qualification standards. Provisions for the substitution of related experience, education, or other qualifications for specific education and/or experience requirements may be made in specific examination announcements for particular positions, even though these provisions are not part of the class specification. In cases of recruitment difficulties or unique positions requirements, the Director, in cooperation with the appointing authority, may use his or her discretion in interpreting minimum experience, training and/or licensure requirements and in accepting equivalent experience, training and/or licensure.

4.5. Position Descriptions

(a) Position description forms shall be prescribed by the Director.

(b) The position description is an official record of the duties and responsibilities assigned to a position and shall be used by the Division of Personnel to allocate the position to its proper classification.

(c) The position description shall include a current description of assigned duties and responsibilities and other pertinent information concerning a position. In contrast to general definitions of the level of work and responsibilities, the position description shall include specific duties and responsibilities assigned to a position by the appointing authority.

(d) The position description shall not be construed in any way to limit the expressed or implied authority of the appointing authority to prescribe or alter the duties of any position.

(e) Position descriptions shall be kept current by the appointing authority for each position under his or her jurisdiction. When the appointing authority significantly alters the duties and responsibilities of a position, the appointing authority shall prepare and forward a revised position description to the Director.

(f) If an appointing authority fails to notify the Director of significant alterations in the duties and responsibilities of a position, the incumbent in the position may file with the Director a written request for a review of his or her position.

4.6. Reclassification

(a) Upon its own initiative, or at the request of an appointing authority, the Board may reclassify positions by the creation or abolishment of classes, or the revision of the definition of the work of the classes brought about by changing work methods, new technology or reorganization.

(b) For each position affected the appointing authority shall provide a current description of the duties and responsibilities assigned.

(c) The employee in the position at the time of a reclassification is entitled to continue to serve in that position, provided that the employee meets any licensure or certification requirements .

(d) Any incumbent in a position reclassified under this subdivision has the right to a review of the action under the procedure established in W.Va. Code §29-6-10(1).

4.7. Position Reallocation - Whenever substantial changes occur in the duties and responsibilities permanently assigned to a position , the Director shall reallocate the position to its proper class. The incumbent or the appointing authority may seek a reconsideration of the allocation action by submitting a written request to the Director within ten (10) calendar days of the effective date of the action. The Director shall not reallocate a position based on temporary changes in the duties and responsibilities assigned to the position.

4.8. Temporary Classification Upgrade. With the approval of the Director, an appointing authority may temporarily upgrade the classification of an employee temporarily performing the duties of a position in a higher pay grade due to separation or extended leave of absence, for a short-term project, or in an emergency situation. A temporary classification upgrade shall be within the same service, classified or classified-exempt, and, except for classifications allocated to the approved hourly pay schedule, shall be for a continuous period of no less than 30 days and no more than six months. The Director, at his or her discretion, may extend the period of a temporary classification upgrade period by increments of three months or less. The Board shall establish salary, qualification, and administrative standards for implementation of this subsection.

4.9. Classification Plan for the Classified-Exempt Service

(a) Upon the recommendation of the Director, the Board shall adopt and make effective a classification plan for the classified-exempt service. This plan shall be developed and maintained so that all positions sufficiently similar with respect to type, difficulty, and responsibility of work are included in the same class. The plan shall be based on an analysis of the duties and responsibilities of each position, and each position shall be allocated by the Director of Personnel to its proper class in the plan.

(b) Each appointing authority shall report to the Director the establishment of new positions or any material changes in the duties and responsibilities of existing positions in the classified-exempt service. The Director may at any time require the appointing authority to submit a statement of the duties and responsibilities of incumbents of any position in the classified-exempt service.

(c) The appointing authority shall, on the appropriate specified forms, report to the Director any changes in class title, pay, and status of any employee in the classified-exempt service.

(d) If an appointing authority wishes to request names of applicants for consideration for employment in the classified-exempt service, he or she shall make the request on appropriate forms specified by the Director. In no event shall a classified service vacancy be filled from a certification prepared for a classified-exempt service vacancy.

(e) The employee affected by the allocation of a position to a class may file with the Director a written request for reconsideration and shall be given a reasonable opportunity to be heard by the Director. The appointing authority shall be given like opportunity to be heard. The employee shall submit the request for reconsideration of a classification action in writing within ten (10) calendar days of the effective date of the classification action.

Section 5. Compensation Plan and Salary Regulations

Pursuant to the provisions of the W.Va. Code §29-6-10(2), the following salary regulations in this section apply to classified employees .

5.1. Purpose and Intent - To attract qualified employees and retain them in the classified service, the Board shall endeavor to provide through the pay plan adequate compensation based on the principles of equal pay for equal work among the various agencies and on comparability to pay rates established in other public and private agencies and businesses. .

5.2. Preparation of the Plan - After consultation with the appointing authorities and State fiscal officers and after a public hearing, the Director and the Board shall prepare and submit to the Governor for his or her approval any revision of the pay plan. The pay plan shall include salary schedules containing multiple pay grades with minimum and maximum rates of pay for each grade and a plan of implementation. The Board may make periodic amendments to the pay plan in the same manner.

5.3. Adoption of the Plan - The plan becomes effective only after it has been approved by the Governor. The approved pay plan constitutes the official schedule of salaries for the classified service.

5.4. Implementation of Plan

(a) Assignment of Classes - The Board shall assign each class of positions to an appropriate pay grade consistent with the duties outlined in the class specification. No salary shall be approved by the Director of Personnel unless it conforms to one of the pay rates in the pay grade assigned to the employee's class of position.

(b) Entry Salary - The entry salary for any employee shall be at the minimum salary for the class including any applicable Board approved pay differential. However, an individual possessing pertinent training or experience above the minimum required for the class, as determined by the Director, may be appointed at a pay rate above the minimum, up to the mid-point of the salary range, unless otherwise prescribed by the Board. For each increment above the minimum, the individual must have in excess of the minimum requirements at least six months of pertinent experience or equivalent pertinent training. The Director may authorize appointment at a rate above the mid-point where the appointing authority can substantiate severe or unusual recruiting difficulties for the job class.

(c) Standard Rates of Pay - The compensation plan applies to all classes of positions in the classified service unless specifically excepted by statute or statutory authority. It provides standard pay rates for full-time employees for regularly established working hours in all offices and departments. The salary or wage paid is determined by the pay grade to which the classification of the position has been allocated. All employees, including those serving in positions on a part-time basis, shall be paid in proportion to the actual time worked.

(d) Additional Pay - Except for authorized overtime, Board approved pay differentials, or other statutorily required and/or authorized payments, appointing authorities shall make no pay additional to the regular salary to any employee. The rates as provided do not include reimbursements for actual and necessary expenses incurred incident to employment such as travel expense. Additional duties imposed or volunteered are not an exception to this rule.

(e) Availability of Funds - Before an agency makes salary adjustments and advancements in accordance with this rule, its fiscal officer shall certify that funds for this purpose are available.

(f) Salary Adjustments

1. New Plan

a. Upon adoption of a new pay plan the Board shall require and may approve or modify a plan of application which assures as nearly as possible that all incumbents in the classified service receive equal treatment in terms of pay.

b. An incumbent whose salary falls below the minimum rate of the new range shall

have his or her salary adjusted to the new minimum.

c. An incumbent whose salary falls above the maximum rate of the new range shall maintain his or her current salary and is ineligible for salary advancements.

b. Lower Minimum

1. When a class is reassigned by the Board to a salary range having a lower minimum, the salaries of those incumbents which are within the new range shall remain unchanged.

2. Where the salary of the incumbent is above the maximum rate of the new range, the salary shall remain unchanged and the incumbent is ineligible for salary advancements.

c. The Board, by formal action, may approve or modify a plan of application on reclassification other than those described in subparagraphs 5.4.(f)2.a. and 5.4.(f)2.b. of this rule based on documented recruitment and/or retention difficulties or consideration of equal treatment in terms of pay for reclassified employees.

4. Pay Differentials - The Board, by formal action, may approve the establishment of pay differentials to address circumstances such as class-wide recruitment and retention problems, regionally specific geographic pay disparities, ~~apprenticeship program requirements~~, shift differentials for specified work periods, and temporary upgrade programs. In all cases, pay differentials shall address circumstances which apply to reasonably defined groups of employees (i.e. by job class, by participation in a specific program, by regional work location, etc.), not individual employees.

5. Separation from Employment - Salary adjustments are not given to employees separating from State employment whose last day of work occurs prior to the effective date of a new pay plan and who are continued on the payroll beyond that date for payment of terminal leave.

If the salary of an employee being promoted is at or above the maximum rate of the pay grade to which the employee is being promoted, or, if his or her salary is within one increment, as established by the State Personnel Board, of the maximum rate of the pay grade to which he or she is being promoted, the employee shall receive an increase of one increment with the promotion.

2. If an employee has been demoted or reallocated to a class at a lower pay grade with no reduction in pay and is promoted or reallocated within the next twenty-four months within the same agency, no consideration shall be given to the pay grade(s) reduced in the demotion or reallocation when calculating pay on promotion as provided in subdivisions 5.5(a) and (b) of this rule.

~~(b)~~ (c) Additional Increase - The appointing authority may grant additional incremental increases, as established by the State Personnel Board, to an employee being promoted if the employee has sufficient qualifications in excess of the minimum required for the new class. 5.6 Pay on Demotion - The appointing authority shall reduce the pay of an employee who is demoted and whose current pay rate is above the maximum pay rate for the new classification to at least the maximum pay rate of the new classification or, if the demotion is to a formerly held classification, his or her last pay rate in the formerly held classification, whichever is greater. The employee's salary may remain the same if his or her pay is within the pay range of the new classification, or his or her pay may be reduced to a lower pay rate in the new range.

5.7. Pay on Lateral Class Change - Any employee who receives a lateral class change shall be paid the same salary received prior to the change.

(b) Eligibility - Salary advancements are limited to permanent employees.

(c) Amount - Salary advancements are limited to a maximum established and subject to change by the State Personnel Board, and shall not cause the new salary to exceed the maximum of the pay grade to which the employee's class is allocated. 7.2. Duration of Registers

(a) Competitive Registers: The life of scores on a register shall be ~~no longer than three years~~ one year from the date of establishment, but this period may be reduced by the Director. ~~The Director may determine that a register is exhausted if fewer than three available eligibles remain on the register. Upon the exhaustion of a register, or if~~ If the Director reduces the life of a register, he or she shall notify each eligible remaining on the register to this effect by mail to his or her last-known address.

(b) Preference Registers: A laid off permanent classified employee is eligible for employment from a preference register for no longer than one year and the eligibility ceases immediately upon employment in a classified position.

(c) Notice of Vacancies: It is the duty of the appointing authority to notify the Director as far in advance as possible of vacancies which may occur in the agency. The Director is responsible for determining the adequacy of existing registers and for the establishment and maintenance of appropriate registers for all positions exclusive of exempt positions.

(d) The Director shall nullify a register for any of the following reasons:

1. Changes in the minimum qualifications or classification standards of a class of positions;
2. Abolishment of the class for which the register was established; or
3. Substantial revision of the examination used to establish the register.

(e) When a register is declared null and void by the Director, he or she shall notify the affected persons of the action in writing at their last known address.

7.3. Removal of Names from Registers

(a) Competitive Registers: The Director may remove the name of an eligible from a register:

1. for any of the causes stipulated in subdivision 6.4(a) of this rule;
2. on evidence that the eligible cannot be located by letter to his or her last known address;
3. on receipt of a statement from the eligible declining an appointment and stating that he or she no longer desires consideration for an appointment; or,
4. if he or she declines an offer of a probationary appointment for the class for which the register was established in a location for which he or she has declared himself or herself available ~~has been declined by the eligible~~.

(b) Preference Registers: The Director may remove the name of an eligible from a preference register:

1. for any of the causes stipulated in subdivision 7.3(a) of this rule;
2. upon appointment of the eligible to a classified position; or
3. on evidence that the eligible does not meet the applicable standards of qualifications and

(c) The Director shall notify the eligible by mail to his or her last-known address that his or her name has been removed from the register and the reasons for the removal. All notices of changes of address shall be filed in writing by eligibles with the Director. The Director shall reinstate an eligible's name on the register upon showing of cause satisfactory to the Director or in accordance with a decision of the Board upon appeal as provided in subsection 13.2 of this rule.

Section 8. Certification of Eligibles

8.1. Request for Certification - If a vacancy occurs in any position in an agency or if new positions are established and new employees are needed, requisitions shall be submitted by the appointing authority to the Director upon a prescribed form. This requisition shall state the number of positions to be filled in each class, identifying each class title and all other pertinent information.

8.2. Certification Methods

(a) Upon receipt of a requisition, the Director shall first certify and submit to the appointing authority the names of available persons from the appropriate preference register. If no appropriate preference register exists, the Director shall then certify and submit to the appointing authority the names of available persons from the appropriate competitive register established as a result of open competitive examination for the class of position. The number to be certified and submitted will be governed by this subdivision. Nothing in this subdivision shall be construed as altering the exhaustion point of a register as described in subdivision 7.2(a) of this rule.

1. The Director shall first certify and submit the names of all available eligibles from the appropriate preference register. If there are no available qualified eligibles on the appropriate preference register, then the Director shall certify the top ten names or the names of any persons scoring at or above the ninetieth percentile on the open competitive examination. The Director may certify additional names at his or her discretion.

2. If the competitive register established as a result of a Division of Personnel examination for a specific class of position is exhausted, the Director may certify names from the register, or registers, most appropriate. If there is no register which the Director considers appropriate, then the Director may certify and submit names from a register established as described in subsection 7.1 of this rule.

(b) If an eligible receives a probationary or permanent appointment, the appointment constitutes for its duration, a waiver of his or her right to certification from any other register on which his or her name appears for a class of position, the salary of which is either equal to or lower than that salary covered by his or her appointment, unless at the time of the appointment he or she requests in writing that his or her name be retained for certification from the register or registers. If a laid off permanent classified state employee receives a probationary or permanent appointment to a classified position, that employee is no longer eligible for appointment from any preference register.

(c) The name of each employee whose name appears on a register for a class of position with a higher salary range than the salary range of his or her present class of position shall be certified and submitted by the Director and given consideration by the agency for the higher class of position if his or her name is reached.

(d) If in the exercise of his or her choice provided under subsection 9.2 the appointing authority passes over the name of an eligible on a competitive register in connection with three separate appointments he or she has made from the register, written request may be made of the Director that the name of the eligible be omitted from any subsequent certification of the same appointing authority from the same competitive register. The name of the eligible shall thereafter not be certified to the appointing authority from that register for future vacancies in that class of position, or from subsequent registers established for that class of position. However, upon change of the person occupying the position of appointing authority, the Director shall reinstate the name of that person for

certifying purposes and shall inform the agency of the reinstatement. If, subsequently, the eligible is interviewed by the agency and rejected once for the same position, his or her name shall not again be certified for that position to that agency during the tenure of the then incumbent appointing authority.

(e) An eligible may be considered not available by the Director if he or she fails to reply to a written inquiry after five days or to telecommunication within 48 hours in addition to the time required for the transmission of the inquiry to his or her last-known address and reply to the inquiry.

8.3. Selective Certification - Any certification may limit consideration to only those individuals who possess specific qualifications determined to be essential for performance of the duties of a specific position. Selective certification must be approved by the Director.

(a) If a specific position requires special qualifications that are not common to all positions in that classification, the appointing authority may request that certification be limited to candidates possessing those qualifications. Eligibles shall have adequate opportunity for special qualification consideration. The specific criteria for the restriction of certification shall be based on the duties of the position as verified by job analysis or by an official position description and written justification.

(b) The Director of Personnel may approve a request for selective certification by gender if the appointing authority provides written justification which clearly shows that only persons of the required gender can perform the duties of the position and the Director has conferred with the Human Rights Commission.

(c) The Director of Personnel may limit certification to candidates available to work at the location of the job. The Director of Personnel may further limit certification geographically when the duties of the position require rapid response to unscheduled emergencies during off duty hours. The appointing authority shall provide written justification of any request for geographic selective certification based on essential duties of the position. The Director shall establish the boundaries of the acceptable geographic areas based on the specific location and demands of the job. The appointing authority shall consider candidates living outside the boundary if they are willing to relocate to the area.

(d) Except for preference certifications, the Director may determine, for certain unskilled or semiskilled job classifications for which no previous education, training, or experience is required, that eligibles may be selected for certification by lot. In those cases, all eligibles shall have equal opportunity for certification. No rank order shall be established for the register. Selection for certification by lot will be determined as vacancy requests are received. Once the certification has been made for a particular vacancy, a new certification shall not be issued for the same class and location for sixty days. The employing agency shall offer opportunities for interviews to candidates in the order in which they appear on the certification. It is the responsibility of the employing agency to insure, to the extent practicable, that appointments from the certifications are made based on job-related merit and fitness.

8.4. Corrections of Errors

(a) In the event that a name is certified in error and the error is discovered before one of the named applicants is notified that he or she is appointed, the Director shall withdraw the erroneous certification and make a correct certification. If a certification is to fill more than one position, the Director shall withdraw only that portion of it pertaining to positions for which applicants have not been notified that they are appointed.

(b) In the event a name is certified in error and the error is discovered after one of the named applicants is notified that he or she is appointed but prior to the effective date of the appointment, the Director shall withdraw the certification and appointment as in subdivision (a) of this subsection unless:

1. Acceptance of the appointment caused the named applicant to change his or her place of residence; or,

2. Acceptance of the appointment caused the named applicant to resign from a position that cannot be regained.

(c) In the event a name is certified in error and the error is discovered after the effective date of the appointment of one of the named applicants, the appointment shall continue.

Section 9. Appointments

9.1. Appointees in Positions Added to the Classified Service

(a) When additional state agencies or parts of state agencies are added to the classified service by executive order of the Governor with the consent of the Board and the appointing authority concerned, and when additional county or municipal agencies are added to the classified service by agreement between the local government and the Director with the approval of the Board, a date for the addition shall be fixed by agreement.

(b) All appointments made on and after that date to the positions added to the classified service shall be made in accordance with this rule.

(c) ~~A person employed in such a position continuously for six months immediately preceding that date may take a qualifying examination administered by the Director and may be given a probationary or permanent appointment in the position if he or she passes the examination. If recommended by the appointing authority, he or she may be admitted to an examination regardless of the minimum qualifications for the class to which the position is allocated.~~ The Director shall administer qualifying examinations to any person employed in a position added to the classified service who has been employed in that position continuously for six months immediately prior to the addition. If recommended by the appointing authority, the Director may admit the employee to a qualifying examination regardless of the minimum qualifications for the class to which his or her position is allocated. The appointing authority shall appoint each person passing the qualifying examination for probationary or permanent employment. The qualifying examinations shall be held within six months after the date of addition of the position to the classified service. The examinations shall include appropriate written and performance tests where these tests are included in open competitive examinations for the class. The appointing authority shall, within thirty days after the examination, separate from employment any employee who fails to pass the qualifying examination unless there are no available eligibles on the register for the class, in which case his or her employment may be continued but he or she must be separated from employment within thirty days after certification of available eligibles.

(d) The appointing authority shall, within thirty days of the date of affiliation, separate from employment any person employed in ~~such a position added to the classified service~~ for less than six months preceding that date of affiliation unless there are no available eligibles on the register for the class. ~~in which case~~ If there are no available eligibles, his or her employment may be continued but he or she must be separated from employment within thirty days after certification of available eligibles. ~~provided, however, that~~ He or she may be given a probationary appointment if he or she has passed an open competitive examination for the class and is eligible for appointment within the provisions of subsection 9.2 of this rule.

(e) In making the appointments provided for in subdivisions 9.1(c) and (d) of this rule the appointing authority may count employment in the agency immediately prior to the appointments as part or all of the probationary period required under Section 10 of this rule. The appointing authority shall promptly report to the Director his or her decision for the records.

9.2. Original Appointments

(a) Appointing authorities shall make all original appointments to classified positions in accordance with this rule. An appointing authority shall select for each position first from the eligibles on an appropriate

preference register in accordance with subdivision 12.4 (i) of this rule. Upon exhaustion of the preference register, the appointing authority shall select for each position from the top ten names on the register, including any persons scoring the same as the tenth name, or any persons scoring at or above the ninetieth percentile on the open competitive examination, as provided by subsection 8.2 of this rule. The appointing authority may exclude the names of those eligibles who failed to answer or who declined appointment or of those eligibles to whom the appointing authority offers an objection in writing based on subsection 6.4 of this rule which is sustained by the Director.

(b) In selecting persons from among those certified, the appointing authority may examine their applications and reports of investigations and may interview them. Final selection shall be reported in writing by the appointing authority to the Director.

(c) If the eligible selected declines the appointment, the appointing authority shall transmit evidence of declination and other data to the Director for the permanent record. The Director may consider an eligible as having declined appointment if the eligible fails to reply after five days in addition to the time allowed for transmission of the letter and return of reply, or 48 hours, if notified by telegram. If an eligible accepts an appointment but fails to present himself or herself for duty at the time and place specified without giving reasons for the delay satisfactory to the appointing authority and the Director, he or she shall be considered to have declined the appointment.

9.3. Provisional Appointments

(a) If ~~in the opinion of the appointing authority,~~ there are urgent reasons for filling a position and there is no appropriate preference register and there are fewer than three available eligibles on the competitive register established as a result of an examination for the position, and no other appropriate register exists, the appointing authority may submit to the Division of Personnel the name of a person to fill the position pending examination and establishment of a register. If that person's qualifications have been certified by the Director as meeting the minimum qualifications as to training and experience for the position, that person may be provisionally appointed to fill the existing vacancy until an appropriate register is established and appointment made from the register. The position must be classified and minimum qualifications established for the position in accordance with this rule before provisional appointments may be made. No provisional appointment shall be continued for more than thirty days after an appropriate register has been established for the class of position and in no event for more than 6 months from the date of appointment, nor shall successive provisional appointments of the same person be permitted, nor shall a position be filled by repeated provisional appointments.

(b) Employees not covered by subsection 9.2 of this rule and all appointments made without a register subsequent to the effective date of this rule but prior to the holding of examinations shall be regarded as provisional appointments.

(c) Time spent on a leave of absence without pay shall not extend the period of a provisional appointment.

9.4. Intermittent Appointments

(a) The Director shall prepare lists of names of persons who have successfully passed an examination for intermittent positions. The lists shall consist of the names of the successful candidates arranged in the order of final scores on the examination. Appointing authorities shall make their selection for each position from the ten highest available names on the list or from the names of any persons scoring at or above the ninetieth percentile. Once a person has received an intermittent appointment in accordance with this ~~sub~~-subdivision he or she may be given successive intermittent appointments without regard to standing on the list.

(b) In no case shall intermittent employment of an individual continue for more than 945 hours worked in any twelve-month period beginning with the date of the original intermittent appointment, nor shall an intermittent

appointment be preceded or followed by a temporary appointment or any other limited term employment within the twelve-month period.

9.5. Temporary Appointments

(a) If an employee is needed for a temporary period, the Director shall make a certification of the names of those eligibles who have indicated a willingness to accept temporary employment in the order of their places on an appropriate competitive register. The Director shall make the certification in the manner prescribed in Section 8 of this rule. Appointing authorities shall make temporary appointments in the same manner as prescribed in this rule for probationary appointments.

(b) The duration of a temporary appointment shall be limited to the period of the need and in no event shall a temporary appointment continue for more than 6 consecutive months in any twelve-month period. The acceptance or refusal of a temporary appointment shall not affect an eligible's standing on a register or his or her eligibility for a probationary appointment. Successive temporary appointments to the same position shall not be made nor shall an employee receive continued temporary appointments in the same agency, nor shall a temporary appointment be preceded or followed by an intermittent appointment or any other limited term employment within the twelve-month period.

9.6. Limited Term Employment - Appointing authorities may employ individuals for a limited period of time in accordance with the provisions of this Rule and W.Va. Code §29-6-1 et seq. Limited term employment includes, but is not limited to, 30-day emergency, 90-day exempt, temporary, intermittent, and student appointments and seasonal employment with a state forest, park or recreational area.

9.7. Posting of Job Openings - Whenever a job opening occurs in the classified service, the appointing authority shall post a notice within the building, facility or work area and throughout the agency that candidates will be considered to fill the job opening. The notice shall be posted for at least ten (10) working days before making an appointment to fill the job opening. The notice shall state that a job opening has occurred, describe the duties to be performed, and the classification to be used to fill the job opening.

(a) The term job opening refers to any vacancy to be filled by original appointment, promotion, demotion, lateral class change, reinstatement, or transfer.

(b) The posting notice shall include a description of the duties to be performed by the person selected, the minimum qualifications for the position, the job classification to be used in filling the job opening, the salary level or range that will be considered, the full-time equivalent for the position, and the job location.

(c) An established closing date, if any, for the receipt of applications shall allow sufficient time to ensure that the job vacancy circulation has been posted throughout the agency for ten (10) working days. The naming of an individual to fill the position is the appointment and is not altered by the fact that the individual will not assume the duties until a later date. Therefore, the agency shall not make an appointment to a position prior to the deadline for receipt of applications as listed on the posting.

(d) The appointing authority shall give due consideration of those employees who apply and are eligible for the posted vacancy.

(e) If a posted vacancy is not filled within six months of the established closing date, the appointing authority must re-post the vacancy prior to an appointment to the vacant position.

(f) Any employee in the classified service who believes that the posting time and notice requirements of this subdivision have been violated or who is denied consideration for the job opening has the right to initiate a grievance as provided for in W.Va. Code §29-6A-1 et seq.

(g) The vacancy posting requirements in this ~~sub~~-subdivision shall apply to all classified position vacancies except demotions with prejudice and/or transfers for cause.

Section 10. Probationary Period

10.1. Nature, Purpose, and Duration

(a) The probationary period is a trial work period designed to allow the appointing authority an opportunity to evaluate the ability of the employee to effectively perform the work of his or her position and to adjust himself or herself to the organization and program of the agency. It is an integral part of the examination process and the appointing authority shall use the probationary period for the most effective adjustment of a new employee and the elimination of those employees who do not meet the required standards of work.

(b) Appointing authorities shall make all original appointments to permanent positions from officially promulgated registers for a probationary period of not more than one year. The Board shall fix the length of the probationary period for each class of position. The appointing authority shall notify the Director of Personnel when a probationary period has been completed and permanent status has been granted. This subdivision shall not be construed to prohibit application of time served in a provisional status to completion of a probationary period. The period of provisional appointment may apply toward completion of the probationary period only for that part served continuously, in the same class, and immediately prior to an original appointment. However, it is the responsibility of the appointing authority to state in writing at the time permanent status is being granted that the time served in a provisional status has been applied toward completion of a probationary period. ~~Permanent appointment of a probationary employee begins with the date ending the probationary period.~~

(c) Time spent by probationary employees on a leave of absence without pay extends the probationary period.

10.2. Conditions Preliminary to Permanent Appointment

(a) Four weeks prior to the end of the probationary period, the appointing authority shall obtain from the probationary employee's supervisor a statement in writing recommending that the employee be continued or not be continued in service. This statement shall include an appraisal of the employee's services and should include a service rating in conformity with the system of performance evaluation prescribed by the Director. If the appointing authority determines that the services of the employee shall be retained, the appointing authority shall notify the employee and the Director of Personnel of the action no later than the last day of the probationary period.

(b) In the event the appointing authority takes no action on the status of a probationary employee before the expiration of the probationary period, either to retain or terminate, the employee shall be considered as having attained permanent status. Permanent status begins the first working day following the last day of the probationary period.

10.3. Demotions during Probation - The serving of a probationary period shall not, of itself, prevent an employee from being demoted to a position in a lower class, provided he or she meets the minimum qualifications of the lower class. However, the appointing authority may not take this action until the employee has been presented with the reasons in writing and has been given a reasonable time to reply in writing, or to appear personally and reply to the appointing authority or his or her designee. The appointing authority shall not take this action until the employee has completed one-third of the probationary period. The probationary period for the class of position to which the employee is demoted begins with the date of demotion.

10.4. Transfers during Probation - An appointing authority shall not transfer an employee during his or her probationary period to a position in another class. An appointing authority shall not transfer an employee, certified to a vacancy on a geographic selective certification in accordance with the provisions of subsection 8.3 of

this rule, from that geographic area to any other geographic area or class.

10.5. Dismissal during Probation

(a) If at any time during the probationary period, the appointing authority determines that the services of the employee are unsatisfactory, the appointing authority may dismiss the employee in accordance with subsection 12.2. of this rule. If the appointing authority gives the fifteen calendar days notice on or before the last day of the probationary period, but less than fifteen calendar days in advance of that date, the probationary period shall be extended fifteen days from the date of the notice and the employee shall not attain permanent status. This extension shall not apply to employees serving a twelve month probationary period.

(b) The Director may restore the name of a dismissed probationary appointee who has been dismissed to the register from which he or she was certified, in accordance with the procedure described in subsection 12.8 of this rule, but the Director shall not in the future certify the name of that person to the same appointing authority from the same register.

Section 11. Promotions, Demotions and Transfers

11.1. Method of Making Promotions

(a) ~~Whenever practical and in the best interest of the service, an appointing authority shall fill a vacancy by promotion, after consideration of the eligible permanent employees in the agency or in the career service upon the basis of the employees' demonstrated capacity and quality and length of service.~~ In filling vacancies, appointing authorities ~~should~~ shall make an effort to achieve a balance between promotion from within the service and the introduction into the service of qualified new employees. Whenever practical and in the best interest of the service, an appointing authority may fill a vacancy by promotion, after consideration of the eligible permanent employees in the agency or in the classified service based on demonstrated capacity and quality and length of service.

(b) The Director must certify that a candidate for promotion possesses the qualifications for the position as set forth in the specifications for the class of position for which he or she is a candidate, and the appointing authority may require the candidate to qualify for the new position by a promotional competitive or non-competitive examination administered by the Director.

11.2. Promotion by Competitive Examination

(a) If it is determined by the appointing authority to fill vacancies in a particular class of position by promotion by competitive examination, the examination shall be given under the direction of the Director. To be eligible to compete for promotion, an employee must have permanent status and must meet the minimum qualifications as to training and experience for the class of position. A promotional competitive examination shall consist of any combination of the following: written tests, ratings on training and experience, evaluation of recorded service ratings and seniority, performance tests and oral examinations. The combination in each case and the procedure for the determination of the passing grade shall be announced by the Director in advance of the examination, and shall take into consideration approved practices.

(b) The Director shall place the names of all employees who receive a passing grade on a promotional register for the class of position in order of their examination ratings.

(c) If a promotional and an original register exist, the Director shall certify the same number of names from each register in accordance with Section 8 of this rule. The appointing authority may make his or her selection from the names submitted from either register, giving such preference to present employees as the good of the service will permit.

11.3. Promotion by Noncompetitive Examination - If it is determined by the appointing authority to fill a vacancy by a non-competitive promotional examination, an employee proposed for promotion shall be examined by the Director in accordance with subsection 11.2 of this rule, and if found to qualify for the class will be certified.

11.4. Demotions - There are two types of demotion, involuntary and voluntary. An involuntary demotion is a reduction in pay and/or a change in classification to a lower classification due to the inability of an employee to perform the duties of a classification or for improper conduct. A voluntary demotion is a change in classification of an employee to a lower classification, a transfer of an employee to a lower classification or a reduction in pay due to business necessity. An appointing authority may demote a permanent employee after presenting the employee with the reasons for the demotion stated in writing, and allowing the employee a reasonable time to reply in writing, or upon request to appear personally and reply to the appointing authority or his or her designee. The appointing authority shall file the statement of reasons for the demotion and the reply with the Director of Personnel. An appointing authority may demote a probationary employee as provided for in subsection 10.4 of this rule.

11.5. Lateral Class Change - An appointing authority may move a permanent employee from a position in one class to a vacant position in another class in the same pay grade if the employee is found by the Director to qualify for the vacant position.

11.6 Transfers

(a) Except as otherwise provided in subsection 10.4 of this rule, appointing authorities may transfer a permanent employee from a position in one organizational subdivision of an agency to a position in another organizational subdivision of the same or another agency at any time. In the case of inter-agency transfers, an appointing authority shall transfer all hours of accumulated annual and sick leave and all seniority rights service credit shall be transferred with the employee. An appointing authority shall not treat an inter-agency transfer as a resignation and shall not require an employee transferring inter-agency to submit a resignation letter except when the employee is resigning from a classified position to accept employment in a classified-exempt position.

(b) Appointing authorities shall report all inter and intra-agency transfers within a class to the Director on appropriate forms at the time of the transfer. The Director shall approve transfers to comparable classes prior to the transfers and shall require that the employee meet the minimum qualifications of the new class.

Section 12. Separations, Tenure and Reinstatement

12.1. Resignations - An employee who resigns shall present the reasons for the resignation in writing to the appointing authority. The appointing authority shall forward a copy of the resignation to the Director of Personnel who shall record the resignation. If a written resignation cannot be obtained, the appointing authority shall notify the Director of Personnel in writing of the resignation of the employee and the circumstances of the resignation. The appointing authority shall not treat an intra-agency nor an inter-agency transfer as a resignation except when the employee is resigning from a classified position to accept employment in a classified-exempt position.

12.2. Dismissals

(a) Fifteen (15) calendar days after notice in writing to an employee stating specific reasons, the appointing authority may dismiss any employee for cause. The appointing authority shall allow the employee a reasonable time to reply to the dismissal in writing, or upon request to appear personally and reply to the appointing authority or his or her designee. The appointing authority shall file the reasons for dismissal and the reply, if any, with the Director of Personnel. Fifteen days notice is not required ~~for employees in certain cases~~ when the public interests are best served by withholding the notice or when the cause of dismissal is gross misconduct. An appointing authority may dismiss an employee after oral notice stating specific reasons, confirmed in writing, when the dismissed employee's action(s) constitute a threat to the safety or welfare of

persons or property.

(b) An appointing authority may require that an employee dismissed for cause immediately vacate the workplace, or an employee dismissed for cause may elect to do so. If the appointing authority requires a dismissed employee to immediately vacate the workplace in lieu of any advance notice of discharge, or if an employee who receives notice of dismissal for cause elects to immediately vacate the workplace, the employee is entitled to receive severance pay attributable to the time he or she otherwise would have worked, up to a maximum of fifteen calendar days after vacating the workplace. Receipt of severance pay does not affect any other right to which the employee is entitled with respect to the dismissal.

(c) An appointing authority may dismiss an employee for job abandonment who is absent from work for more than three consecutive work days without notice to the appointing authority of the reason for the absence as required by established agency policy. The dismissal shall be effective fifteen calendar days after the appointing authority notifies the employee of the dismissal. Under circumstances in which the term job abandonment becomes synonymous with the term resignation, an employee dismissed for job abandonment is not eligible for severance pay.

12.3. Suspension - Eight (8) calendar days after oral notice confirmed in writing or by written notice, the appointing authority may suspend any employee without pay for cause or to conduct an investigation regarding an employee's conduct which has a rational nexus to the employee's performance of his or her job. The suspension shall be for a specific period of scheduled work time, except where an employee is the subject of an indictment or other criminal proceeding. The appointing authority shall allow the employee being suspended a reasonable time to reply in writing, or upon request to appear personally and reply to the appointing authority or his or her designee. The eight (8) calendar day notice is not required for employees in certain cases when the public interests are best served by withholding the notice. The appointing authority shall file the statement of reasons for the suspension and the reply, if any, with the Director of Personnel.

12.4. Layoff

(a) When it becomes necessary by reason of shortage of work or funds, or to permit reinstatement of employees released from periods of military service in the armed forces of the United States or to implement the provisions of this subdivision, the appointing authority may initiate a layoff in accordance with the provisions of this rule.

(b) Organizational Unit. The appointing authority shall submit to the State Personnel Board for approval a description of the unit or units to which a layoff will apply. The organizational unit may be an entire agency, division, bureau, or other organizational unit.

(c) Prior to the separation or involuntary demotion of any employee by layoff, the appointing authority shall file with the Director a proposed plan which shall include:

1. a statement of the circumstances requiring the layoff;
2. the approved organizational unit(s) in which the proposed layoff will take place; and,
3. a list of the employees in each class affected by the layoff in order of retention.

(d) It is the duty of the Director to verify the details on which the lists are based and to notify the appointing authority in writing of the plan's approval.

(e) The plan followed by the appointing authority shall be available, upon request in writing, to any employee or adversely affected former employees.

(f) Order of Separation. After the appointing authority has determined the number of positions to be abolished and the Board has approved the organizational unit to which the layoff will apply, the order of

separation shall be applied in the following manner:

1. employees without permanent status in the same class or classes identified for layoff in the following order: emergency, ninety-day exempt, student, seasonal, contract, intermittent, temporary, exempt part-time professional, provisional, and probationary.

2. permanent employees by job class on the basis of tenure as a permanent employee of a state agency or in the classified service regardless of job class or title. ~~Time spent on leave without pay, or on terminal annual leave shall not be counted, but educational and military leave shall be counted. No tenure credit accrues for periods during which terminal annual leave is paid nor for periods during which an employee is not paid a wage or salary except for military leave, educational leave, or periods during which the employee is paid temporary total disability benefits under the provisions of WV Code §23-4-1 for a personal injury received in the course of and resulting from covered employment as a permanent employee of a state agency or in the classified service, or unless otherwise provided by State or Federal statute.~~ In the event of a tie in the order of separation, the appointing authority or his or her representative and those employees who are tied shall agree on a means of breaking the tie by either a coin toss or lot drawing and shall notify the Director in writing of the agreement and the results.

(g) Bumping Rights. A permanent employee who is to be laid off may request a lateral class change ~~to a job class in an equivalent pay grade~~ or an involuntary demotion to a job class in a lower pay grade in the occupational group in the same unit approved by the Board for reduction in force unless the results would be to cause the layoff of another permanent employee who possesses greater seniority than the employee who is exercising the request for lateral class change or involuntary demotion. The employee requesting the lateral class change or involuntary demotion must be available for the work schedule and at the work location of the job to which he or she has requested the change or demotion. A permanent employee who is laid off under these provisions as a result of another employee having a greater seniority has the same right of demotion or reassignment as provided for in this procedure. The Director shall develop the occupational groups in the classified service based on similarity of work and required knowledges, skills and abilities.

(h) Recall. Recall shall be to the agency as a whole and in reverse order of the layoff to the class from which the employee was laid off or any lower class in the class series or to any class previously held in the occupational group. An employee shall remain on the recall list for the length of his or her tenure on the date of the layoff or for a period of two years, whichever is less. The agency shall first consider for reemployment those former employees whose names appear on the recall list for the class in which a vacancy has occurred and no original appointment of a new employee or reinstatement of a former employee shall be made to the class until all former employees on the recall list have been given first chance of refusal of the vacancy. An employee shall be recalled to jobs within the county wherein his or her last place of employment is located or within a contiguous county. The agency shall notify any laid off employee who is eligible for recall to a position under these provisions by certified mail of the vacancy. It is the responsibility of the employee to notify the agency of any change in mailing address.

(i) Preference Hiring. When filling vacancies at agencies, appointing authorities shall, for a period of twelve months after the layoff of a permanent classified employee in another agency, give preference to those laid-off qualified permanent classified employees based on seniority and fitness over all but existing employees of the agency or its facilities. This preference shall not supersede the recall rights of employees who have been laid off in the agency. Preference hiring shall be accomplished by original appointment.

(j) Salary Reductions for Layoff. Salary reductions resulting from provisions of this subdivision shall follow subsection 5.6 of this rule for pay on demotion.

(k) Reporting. The appointing authority shall report the names of all employees who are to be laid off to the Director in writing no later than the date notification of the layoff is mailed to the employee.

(l) Appeals. Employees shall file appeals from layoffs in accordance with W.Va. Code §29-6A-1 et seq.

12.5. Like Penalties for Like Offenses - In dismissals for cause and other punishments, appointing authorities shall impose like penalties for like offenses.

~~12.6. Tenure of Office - The tenure of office of every permanent employee shall be during good behavior and the satisfactory performance of his or her duties as recorded by his or her performance evaluation. This provision, however, shall not be interpreted to prevent the release of an employee for cause, or the release of an employee because of lack of funds or curtailment of work, when the release is made in accordance with this rule. No tenure credit accrues for periods during which an employee is not paid a wage or salary unless otherwise provided by State or Federal statute or is paid temporary total disability under the provisions of section one, article four, chapter twenty-three of this code.~~

~~12.7~~ 12.6. Reinstatement to Previous Class of Position

(a) An employee with permanent status under the Division of Personnel or a comparable system of personnel administration existing in the agency prior to the agency's affiliation with the Division of Personnel, who has resigned while in good standing or who has been ~~released without prejudice~~ laid off is eligible for reinstatement, provided that he or she has been certified by the Director as meeting the current minimum qualifications as to training and experience of the class status of position to which he or she is being appointed. Prior to making the certification, the Director may require the employee to pass a qualifying examination.

(b) Appointing authorities shall reinstate provisional, probationary, or permanent employees who leave the classified service to enter the armed forces of the United States in time of war or national emergency or under compulsory provisions of law of the United States in time of peace to their former positions or to positions of like class, seniority and pay within 30 days following application provided that within 90 days after release from active military service the employees indicate in writing or in person to the agency their readiness and ability to return to classified employment. Veterans hospitalized immediately on release from the armed services due to service-connected disabilities must apply for reinstatement within 90 days of their release from hospitalization.

(c) Any veteran who has been in the armed services of the United States and who has been granted military leave from one of the agencies and who returns to the agency shall be granted all within-grade salary adjustments and may be granted salary advancements he or she would have received had he or she remained in active status in the classified service. He or she shall be credited with all annual and sick leave accumulated and unused at the time the military leave began. The appointing authority shall uniformly apply the provisions in this subdivision to all veterans within an agency having had military leave and who return to the agency.

~~12.8~~ 12.7. Reinstatement to Register

(a) A person who has had his or her name withdrawn from a register at his or her request may have his or her name reinstated on the currently effective register for the same position class provided that the original register is still in effect and that his or her examination score is still valid. His or her rank on the register shall be determined by his or her final earned examination score.

(b) Reinstatement to a register as provided for in the previous subdivision is subject to the following conditions:

1. The person petitioning the reinstatement shall make his or her request to the Director in writing and shall furnish whatever information the Director may require.
2. No person may be reinstated to a register who does not satisfy the current minimum qualifications for the position class for which the register is maintained. The Director may require that ~~that~~ person he or she pass an appropriate examination in the case of position classes requiring special skills, ~~and~~
3. No person may be reinstated to a register from which he or she has been or may be

disqualified under subsections 6.4, 7.3, or 8.2 of this rule.

Section 13. Appeals

13.1. Appeal for Examination Rejection

(a) Appeal Request - Any applicant whose application for examination has been rejected may appeal to the Director for reconsideration of his or her qualifications. The Director shall consider the appeal if it is submitted in writing and received not later than fifteen (15) calendar days following the date the rejection notice was postmarked. The Director may admit an applicant to an examination pending the outcome of the written appeal. Admission to an examination under these circumstances shall not constitute assurance of a passing grade with respect to any portion of the examination process.

(b) Decision - Within thirty (30) calendar days after a properly submitted appeal is received, the Director shall report his or her decision in writing to the applicant. The Director shall determine that uniform rating or review procedures have been applied. Any correction resulting from the appeal shall not affect a certification or appointment which has already been made from a register.

13.2. Appeal for Removal from Register

(a) Appeal Request - Any person whose name has been removed from a register allegedly for reasons specified in this rule may appeal to the Board for reconsideration. The appeal must be filed in writing with the Director within fifteen (15) calendar days after the date on which notification to the applicant was postmarked. The appeal shall state the reasons why the applicant should not be removed from the register.

(b) Decision - The Board shall review all relevant information to determine if the action appealed was taken in accordance with this rule. Within thirty (30) calendar days after a properly submitted appeal is received, the Director shall report his or her decision in writing to the applicant.

~~Section 14. Classified-Exempt Service~~

~~14.1. Classification Plan for the Classified-Exempt Service - Upon the recommendation of the Director, the Board shall adopt and make effective a classification plan for the classified-exempt service. When a holiday falls on a Saturday, the previous Friday shall be observed as the official holiday. When Christmas or New Year's Day occurs on Tuesday, Wednesday, Thursday, or Friday, the last half of the scheduled work day immediately preceding the holiday will be given as time off. When an agency must modify holiday schedules to accommodate around-the-clock shifts or other special needs, the agency should notify employees in advance of altered holiday work schedules and should schedule altered holidays on days as close as possible to the normal holidays. The total payment of paid time off for holidays shall not exceed eight hours per full day holiday.

(c) Part-time employees are entitled to receive payment for holidays in proportion to the amount of time worked as compared to the employer's standard workweek.

(d) An employee must either work or be on approved paid leave for either the full scheduled workday before or after the holiday and either work or be on approved paid leave for any fraction of the scheduled workday before or after the holiday to receive pay for the holiday. The work schedules and changes must be submitted to the Director within fifteen (15) calendar days after employees commence work under the schedule.

~~15.3~~: 14.3. Annual Leave

(a) Amount, Accrual - Except as otherwise noted in this rule, each employee is ~~entitled to~~ eligible to

accrue annual leave with pay and benefits. The table below lists the rates of accrual according to the employee's length of service category and the number of hours of annual leave that may be carried forward from one calendar year to another. Annual leave is accrued at the end of each pay period or on the last work day for separating employees. It may be prorated for employees granted a medical leave of absence or satisfying the conditions for approval of a medical leave of absence in accordance with subdivision ~~15.8(c)~~ 14.8(c) of this rule. Prorated leave is computed in proportion to hours worked during the pay period based on the proper length of service category. Annual leave cannot be accrued for hours not paid nor for hours worked beyond the normal work week which shall not exceed 40 hours.

Length of Service Category	Accrual Rate: Hours Equal To	Carry-forward Hours: Hours Equal To
Less than 5 years of regular employment	1.25 days/month	30 days
5 years but less than 10 years of regular employment	1.50 days/month	30 days
10 years but less than 15 years of regular employment	1.75 days/month	35 days
15 years or more	2.00 days/month	40 days

(b) Service to Qualify - Qualifying service for length of service category is based on State employment or employment in the classified service. No service credit accrues for periods during which an employee is not paid a wage or salary unless otherwise provided by State or Federal statute.

(c) Requesting, Granting - Accrued annual leave shall be granted at those times that will not materially affect the agency's efficient operation or when requested under the provisions of W.Va. Code §21-5D-1 et seq., the Parental Leave Act and 29 U.S.C. §2601-2654, The Family and Medical Leave Act of 1993. The employee shall request annual leave in advance of taking the leave except as noted elsewhere in this subdivision. Annual leave may not be granted in advance of the employee's accrual of the leave. Agencies are encouraged to grant annual leave when hazardous conditions make going to and from work difficult.

(d) Coverage

1. 30-day emergency, per diem, student, seasonal, or 90-day exempt employees shall not accrue annual leave.

2. Annual leave accrued by provisional, intermittent, irregular part-time and temporary (appointed from the register) employees shall be computed in proportion to hours worked during the pay period not to exceed the full-time work schedule of the employer. These employees must take their accrued annual leave prior to the expiration of the period of appointment, unless immediately followed by an appointment from the register, or the leave is forfeited.

3. Annual leave accrued by part-time employees shall be computed in proportion to hours worked during the pay period based on the proper length of service category.

(e) Minimum Charge - The minimum charge against annual leave shall be one quarter ($\frac{1}{4}$) hour. Additional leave shall be in multiples of a quarter hour.

(f) Separation from Employment - The appointing authority shall pay an employee who separates from employment for any reason for all accrued and unused annual leave. An employee does not accrue annual leave after his or her date of separation. The payment shall be made according to one of the following methods:

1. An employee may elect to be paid in semi-monthly installments as if employment were continuing until the pay period during which the accrued annual leave is exhausted. If the last day for which terminal leave payment is due falls before the day on which the pay period ends, terminal leave payment for those days within that pay period shall be calculated using the daily rate for the half-month in which the last day on payroll occurs. Employees in positions allocated to job classes assigned to an hourly pay schedule or per diem pay schedule approved by the Board shall be paid according to those standard procedures. No deductions may be made for contributions toward retirement from the payment for terminal leave;

2. Any eligible employee as defined in W.Va. Code §5-5-1 who is separated from employment by resignation, layoff, dismissal, retirement, death, or termination, may be paid in a lump sum, at his or her option, for accrued and unused annual leave. Terminal leave payment for an employee who selects a lump sum payment shall be calculated using the daily rate of pay for the half-month(s) or portion of the month which the accrued and unused annual leave covers. Employees in positions allocated to job classes assigned to an hourly pay schedule or per diem pay schedule approved by the Board shall be paid according to those standard procedures. The lump sum payment shall be made by the time of what would have been the employee's next regular pay day had his or her employment continued. No deductions may be made for contributions toward retirement from the lump sum payment; or

3. An employee who retires may elect not to receive payment for any or all accrued annual leave and may apply the balance towards extended insurance coverage under guidelines established by the Public Employees Insurance Agency or to acquire additional credited service in the appropriate state retirement system.

(g) Transfer of Annual Leave

1. When a classified employee transfers or otherwise changes employment from one agency to another, all service credit and hours of accrued annual leave shall be transferred. The previous employer shall provide written documentation of the employee's annual leave balance to the other agency within thirty (30) calendar days after the employee commences work.

2. Annual leave accrued while in exempt or classified-exempt permanent employment shall be transferred to classified employment.

(h) When Sick Leave Exhausted - Annual leave, if requested, shall be granted in circumstances when sick leave or the sick leave allowance for an employee's immediate family is exhausted. The provisions of subdivision ~~15.4(g)~~ 14.4(g) of this rule regarding the necessity for a physician's statement when sick leave is used apply when annual leave is used under these circumstances.

~~15.4.~~ 14.4. Sick Leave

(a) Accrual - Except as otherwise provided in this subdivision, each employee shall receive accrued sick leave with pay and benefits. Sick leave is computed on the basis of hours equal to 1.5 days per month for full-time employees. Sick leave is accrued at the end of each pay period or on the last work day for separating employees. It may be prorated for employees granted a medical leave of absence or satisfying the conditions for approval of a medical leave of absence in accordance with subdivision ~~15.8(c)~~ 14.8(c) of this rule. Prorated leave is computed in proportion to hours worked during the pay period. Sick leave cannot be accrued for hours not paid nor for hours worked beyond the normal work week which shall not exceed 40 hours. There is unlimited accumulation of sick leave.

(b) Coverage

1. Sick leave shall not be accorded 30-day emergency, 90-day exempt, student, or per diem employees.

2. Provisional, temporary (appointed from the register), irregular part-time and intermittent employees shall accrue sick leave in proportion to hours worked in the pay period. The leave expires at the termination of the period of employment unless immediately followed by an appointment from the register for a

permanent position.

3. Part-time, probationary, and permanent employees shall accrue sick leave with pay and benefits in proportion to hours they are employed to work annually.

(c) Minimum Charge - The minimum charge against sick leave is one quarter ($\frac{1}{4}$) hour. Additional leave is charged in multiples of one quarter hour.

(d) Maximum Charge - The maximum charge against sick leave is one work year per substantially continuous absence. The appointing authority may at his or her discretion grant additional accrued sick leave if the employee's disability, as verified by a physician, is not of such a nature as to render the employee permanently unable to perform the essential duties of the position.

(e) Separation from Service - Sick leave does not accrue after the date of separation as defined in this rule.

1. Retirement - Unused sick leave may be used to purchase extended insurance coverage upon retirement under guidelines established by the Public Employees Insurance Agency or to acquire additional credited service in the state retirement system.

2. All Other Separations - All accumulated sick leave shall be cancelled as of the date of separation. If the employee returns to work within twelve (12) calendar months, including the first working day the reinstatement could be accomplished, all cancelled sick leave shall be restored. However, if the employee returns to work after more than twelve (12) calendar months from the effective date of separation of employment, no more than thirty (30) days of cancelled sick leave shall be restored. If an employee is recalled from a layoff all cancelled sick leave shall be restored.

(f) Granting - Sick leave may not be granted in advance of the employee's accrual of the leave. Accrued sick leave shall be granted to employees for the following reasons:

1. Illness - Sick leave shall be granted in the event of an illness of, or injury to, an employee which incapacitates him or her from performing his or her duties ;

2. Death in the immediate family of the employee - Sick leave shall be granted up to 3 days to an employee for the death of a member of his or her immediate family as defined in this rule;

3. Exposure to Contagious Disease - Sick leave shall be granted in the case of exposure to a contagious disease when a physician determines and states in writing that the employee's presence on duty may jeopardize the health of others;

4. Pregnancy - An incapacity due to pregnancy shall be charged to sick leave under the same conditions applying to any illness;

5. Routine Dental and Medical Appointments-Employee - Routine dental and medical appointments for treatment or examination of the employee shall be charged to sick leave. Reasonable travel time for the appointments may also be charged to sick leave not to exceed a total of three hours per occurrence ;

6. Illness and/or Routine Dental and Medical Appointments-Immediate Family - Absence for illness or routine medical and dental appointments of a member of an employee's immediate family as defined in this rule, including reasonable travel time, if requested, not to exceed a total of three hours per occurrence, shall be charged to accrued sick leave, not to exceed 40 hours per calendar year ; or,

7. Work related illness or injury - An employee may elect to use sick leave due to a work related illness or injury personal injury received in the course of and resulting from covered employment with the State or its political subdivisions in accordance with W. Va. Code §23-4-1. However, an employee who elects not to use sick leave under this paragraph must apply for a medical leave of absence without pay as provided under ~~part 15.8(c)1.a.2.~~ 14.8(c)1.a.2 of this rule.

(g) Physician's Statement

1. The Director shall prescribe a physician's statement form to be supplied by all agencies to its

employees. All agencies shall use this form.

2. Within two days of return to work, an employee shall furnish a prescribed physician's statement form from the attending physician/practitioner for all consecutive days of sick leave granted beyond three working days. The physician's statement form shall specify the period of incapacity and state that the employee was unable to perform his or her job or that the employee's absence was due to reasons provided in Paragraph ~~15.4(f)6~~: 14.4(f)6 of this rule for a member of the employee's immediate family.

3. In the absence of a prescribed physician's statement form, the entire absence shall be charged to unauthorized leave as provided in subsection ~~15.6~~: 14.6 of these Rules, and the employee's pay shall be docked the following pay period for the entire period of absence. The appointing authority shall notify the employee in writing that his or her pay is being docked.

4. For extended periods of sick leave, a prescribed physician's statement form confirming the necessity for continued leave must be submitted within thirty (30) calendar days of the commencement of the sick leave and must indicate a date the physician will release the employee to return to work or a date the physician will re-evaluate the employee's medical condition. For employees being re-evaluated, an additional physician's statement must be submitted upon re-evaluation. Failure to produce the required statement is grounds to terminate further sick leave benefits and the appointing authority shall immediately place the employee on unauthorized leave and notify the employee in writing of such action as provided in subsection ~~15.6~~: 14.6 of this rule. This written notice shall allow the employee fifteen days to submit the required physician's statement. Failure of the employee to promptly submit the required statement at the expiration of the fifteen day notice period, except for satisfactory reasons submitted in advance to the appointing authority, is cause for dismissal. The necessity for absence because of exposure to contagious disease must be verified on a prescribed physician's statement form regardless of the length of absence.

(h) Return At Less Than Full Duty - The appointing authority may permit an employee to return to work from sick leave at less than full duty, but the terms of return shall be in writing and are subject to review by the Director. The review may include the requirement of additional information from a physician regarding the employee's ability to perform the essential duties of his or her job.

1. Any denial of an employee's request to return to work at less than full duty must be approved by the Director.

2. The Director may deny the request to return to work at less than full duty under conditions including, but not limited to, the following:

- (a) the employee cannot perform the essential duties of his or her job;
- (b) the nature of the employee's job is such that it may aggravate the employee's medical condition; or,
- (c) the approval of the request would seriously impair the conduct of the agency's business.

3. Approval of a return to work at less than full duty shall be granted for no longer than 30 days. Requests to continue at less than full duty for more than 30 days shall fall under the same requirements as an original request.

(i) Transfer of Sick Leave

1. When a classified employee transfers or otherwise changes employment from one agency to another, all hours of accrued sick leave shall be transferred. The previous employer shall provide written documentation of the sick leave balance to the other agency within thirty (30) calendar days after the employee commences work.

2. At the discretion of the appointing authority, sick leave accrued while in other State employment may be transferable to covered agency employment.

(j) Illness While on Annual Leave - An employee who becomes ill and who is admitted to a hospital or

has medical services performed in an emergency room while on previously approved annual leave may request that all or part of the time spent in a hospital or emergency room be charged to sick leave. The employee shall request that action immediately upon return to work and shall provide a physician's statement or hospital statement listing the specific dates of hospitalization or emergency room services. Sick leave may be charged only for the period of time the employee is hospitalized or in the emergency room. The remainder of the time shall be charged to annual leave.

~~15-5:~~ 14.5. Suspected Leave Abuse - When an employee appears to have a pattern of leave abuse, including such frequent use of sick leave as to render the employee's services undependable, the appointing authority may request appropriate substantiation of the employee's claim for leave, for example, verification of an illness of less than three days. The appointing authority shall give the employee prior written notice of the requirement for appropriate substantiation.

~~15-6:~~ 14.6. Unauthorized Leave - When an employee is absent from work without authorization for sick or annual leave, the appointing authority shall dock the employee's pay in the next pay period for an equal amount of time paid during which no work was performed. The appointing authority shall notify the employee in writing that his or her pay is being docked and that the unauthorized leave is misconduct for which discipline is being imposed. The appointing authority shall use unauthorized leave only in cases when the employee fails to obtain the appropriate approval, according to agency policy, for the absence. The appointing authority shall transmit notice of the action in writing to the Director of Personnel.

~~15-7:~~ 14.7. Overtime Work and Holiday Work - An appointing authority or his or her designated representative may require an employee to work in excess of the prescribed working hours or on holidays when the work is considered necessary to the public interest. Compensation shall be made in accordance with the Fair Labor Standards Act of 1986 and W.Va. Code §21-5(C)-1 et seq.

~~15-8:~~ 14.8. Leave of Absence Without Pay

(a) Personal Leave - An appointing authority may grant a permanent, probationary, or provisional employee a leave of absence without pay for a specific period of time which normally should not exceed one year. The employee shall apply for the leave of absence in writing to the appointing authority. If the appointing authority approves the request, the approval shall be in writing. A leave of absence without pay may exceed the normal one year limitation and the appointing authority may grant the leave of absence at his or her discretion based on the agency's personnel needs. Time spent by provisional employees for leaves of absence does not extend the provisional period limitation. Written approval of the appointing authority is required in all cases. Approval of personal leave is discretionary with the appointing authority.

(b) Family Leave - The Board, by formal action, may establish uniform procedures, which shall be followed by all appointing authorities, for granting leave to eligible employees under the provisions of W.Va. Code §21-5D-1 et seq., the Parental Leave Act, ~~or P.L. 103-3~~ and 29 U.S.C. § 2601-2654, the Family and Medical Leave Act of 1993.

(c) Medical Leave; Notice to Employee

1. An injured or ill permanent employee upon written application to the appointing authority shall be granted a medical leave of absence without pay not to exceed six (6) months within a twelve month period provided:

a. The employee (1) has exhausted all sick leave and makes application no later than fifteen (15) calendar days following the expiration of all sick leave or (2) has elected not to use sick leave for a work-related injury personal injury received in the course of and resulting from covered employment with the State or its political subdivisions in accordance with W. Va. Code §23-4-1 and makes application no later than fifteen (15) calendar days following the date on which the employee filed a claim for Worker's Compensation ;

b. The employee's absence is due to an illness or injury which is verified by a

physician/practitioner on the prescribed physician's statement form stating that the employee is unable to perform his or her duties and giving a date for the employee's return to work or the date the employee's medical condition will be re-evaluated;

c. A prescribed physician's statement form is submitted each time the employee's condition is re-evaluated to confirm the necessity for continued leave; and,

d. The disability, as verified by a physician/practitioner on the prescribed physician's statement form, is not of such nature as to render the employee permanently unable to perform his or her duties.

2. The appointing authority shall, at least 15 days prior to, if possible, but no later than five (5) days following the expiration of the employee's sick leave, mail to the employee a written notice of the employee's right to a medical leave of absence without pay and informing him or her that the leave will not be granted if he or she fails to apply within the time limits specified in subparagraph 15.8.c.1.a. 14.8(c)1.a. of this rule.

(d) End of Leave

1. At the expiration of a leave of absence without pay, the employee shall be returned to duty to either his or her former position, or one of comparable pay and duties, without loss of rights, unless the position is no longer available due to a reduction-in-force.

2. If the leave of absence without pay was granted due to personal illness, the employee must furnish from the attending physician/practitioner a prescribed physician's statement form indicating the ability of the employee to return to work. The appointing authority may permit an employee to return to work at or before the expiration of the leave of absence at less than full duty, but the terms of return are subject to the same conditions specified in subdivision 15.4. ~~(h)~~ 14.4(h) of this rule.

3. Failure of the employee to report promptly at the expiration of a leave of absence without pay, except for satisfactory reasons submitted in advance to the appointing authority, is cause for dismissal.

(e) Reporting Procedures - The appointing authority must report a leave of absence without pay to the Director. The appropriate forms must include the provision of this Rule under which the leave is being granted, the employee's last date on the payroll, and the specific anticipated date for return to duty. An extension of a leave of absence must also be reported.

~~15.9. Injury on the Job~~

~~————(a) In the event an employee is injured in the course of and resulting from covered employment, the employee may elect to receive either temporary total disability benefits from the Workers' Compensation Division or sick leave benefits, but not both. Employees may collect sick leave benefits and, upon exhaustion of sick leave benefits, annual leave benefits until they receive temporary total disability benefits. If an employee has elected to receive temporary total disability benefits, upon receipt of the initial temporary total disability payment the employee shall pay or assign to his or her employer the net value of the sick and/or annual leave paid. Employees' sick leave and, if used, annual leave shall be restored on a day-for-day basis which corresponds to the net value of the sick and/or annual leave paid. If the employee fails to pay or assign to the employer the net value of the sick and/or annual leave paid, then the employer shall deduct from the employee's subsequent wage payments an amount equal to the net value of the sick and/or annual leave paid. Upon payment of this amount the employer shall restore sick and/or annual leave previously paid.~~

~~————(b) It is a discriminatory practice for an employer to fail to reinstate an employee who has sustained a compensable illness or injury to that employee's former position of employment, upon demand for the reinstatement, provided that the position is available and the employee is not disabled from performing the essential duties of the position. If the former position is not available, the employee shall be reinstated to another comparable available position with duties the employee is capable of performing. A comparable position means a position which is comparable in wages, working conditions, and, to the extent reasonably practicable, duties of the position held at the time of illness or injury. A written statement from a physician/practitioner approving the injured employee's return to regular employment is prima facie evidence that the worker is able to perform the essential duties. In the event that neither the former position nor a comparable position is available, the employee~~

~~has a right to preferential recall to any job which the injured employee is capable of performing which becomes open after the injured employee notifies the employer that reinstatement is desired. The right of preferential recall is in effect for one year from the day the injured employee notifies the employer that reinstatement is desired. The employee shall provide the employer with a current mailing address during the one-year period.~~

~~—(c)The provisions of Subdivisions 15.8.(c), (d), and (e) of this rule shall also apply to leave taken under the provisions of Subsection 15.9 of this rule.~~

~~15.10:~~ 14.9. Military Leave

(a) All officers and employees of the State who are members of the National Guard or of any of the Reserve Components of the Armed Forces of the Federal Government are entitled to a leave of absence from duty without loss of pay, status, or efficiency rating, on all days during which they are engaged in drills or parades during business hours ordered by proper authority, or for field training or active service for a maximum period of thirty working days in any one calendar year ordered or authorized by proper authority. The term "without loss of pay" means that the employee continues to receive his or her normal salary or compensation, notwithstanding the fact that the employee may have received other compensation during the same period. An employee need not exhaust all annual leave or sick leave. Furthermore, the leave of absence is considered as time worked for the agency in computing seniority, eligibility for salary increase and experience with the agency. The terms of this subdivision do not apply under the provisions of any Selective Training and Service Act. An employee shall submit an official order from the appropriate military officer in support of the request for military leave.

(b) All officers and employees of the State who are ordered or called to active duty by the President of the United States are eligible for an additional leave of absence from employment without loss of pay, status, or efficiency rating for a maximum period of thirty working days. The term "without loss of pay" means that the employee shall continue to receive his or her normal salary or compensation, notwithstanding the fact that the employee may have received other compensation from federal or state sources during the same period.

(c) Other than as provided in subdivision (b) of this subsection, any employee hired for permanent employment entering the U.S. armed services in time of war, national emergency or under compulsory provisions of law of the U.S. in time of peace shall be granted a leave of absence from his or her service with the agency. Upon completion of and discharge from the armed services and within the applicable time period prescribed by federal statute, rule, or regulation regarding return to employment, the employee has the right to resume his or her service with the agency without any prejudice to his or her status, merit rating or standing by reason of the absence, in accordance with subdivision ~~12.7(b)~~ 12.6(b) of this rule. An employee shall be credited with all annual leave and sick leave not used at the commencement of his or her military leave in accordance with subdivision ~~12.7(c)~~ 12.6(c) of this rule. This subdivision shall not be construed:

1. As an attempt to enlarge or to extend the length of employment of any temporary employee or to create a definite term where no definite term with respect to the position previously existed;

2. As providing that the salary paid by the agency shall continue to be paid to the employee while he or she is not performing the duties of his or her position with the state because of the services with the armed forces of the United States; or,

3. As having precedence over the provisions of any applicable federal statute, rule, or regulation regarding military leave or re-employment rights with which this subdivision is inconsistent or in conflict.

~~15.11:~~ 14.10. Court, Jury, and Hearing Leave

(a) Upon application in writing, an employee hired for permanent employment shall be granted leave with pay when, in obedience to a subpoena or direction by proper authority, he or she serves upon a jury or appears as a witness before any court or judge, any legislative committee, or any officer, board, or body authorized by law to conduct any hearing or inquiry. This subdivision shall not apply in cases where the employee is a litigant, defendant or other principal party or has a personal or familial interest in the case or proceeding. This

subdivision shall not be construed:

1. to deprive, prohibit, or infringe upon the rights of any employee who is a party to, or a witness in, a grievance proceeding or a court of law proceeding resulting from the course of employment; or,
2. to deprive, prohibit, or infringe upon the rights of any employee in their pursuit of personal or civic responsibilities while on annual leave or a personal leave of absence.

(b) The employee shall furnish such written confirmation of the absence as is required by the Director.

~~15.12:~~ 14.11. Education Leave

(a) Subsidized by Agency - An agency authorized by law to subsidize advanced educational training for classified employees may grant to selected employees educational leave subject to conditions stipulated by that agency. The procedures for granting educational leave and compensatory payment shall be filed with the Director of Personnel. The leave shall be considered as continuous employment, except that employees while on educational leave shall not accrue sick leave or annual leave, nor are the employees eligible for salary advancements.

(b) Non-subsidized by Agency - A personal leave of absence may be granted for educational purposes in conformance with the requirements of subdivision ~~15.8(a)~~ 14.8(a) of this rule.

~~15.13:~~ 14.12. Supplemental Attendance and Leave Regulations - Each agency shall prepare supplemental rules as may be required. The rules shall not enhance nor diminish the benefits afforded by this subsection. Copies of all rules shall be filed with the Director who may approve, amend or disapprove the supplemental rules.

~~15.14:~~ 14.13. Distribution of Regulations - Each agency shall make available to each of its employees a copy of this attendance and leave rule together with the agency's own supplemental attendance and leave rules.

Section 25. Amendments

If and when it appears desirable in the interests of good administration, the State Personnel Board, after public notice and public hearing and legislative approval, may amend the rules as it becomes necessary.

PUBLIC HEARING
June 17, 1999
Building 6, Room 425
State Capitol Complex
Charleston, West Virginia 25305

Board Members Present: Chairman Roger Morgan, Rev. Paul J. Gilmer, Eugene Stump and Elizabeth Harter.

Division of Personnel staff members present: Joe E. Smith, Acting Director, Perry Dotson, Mary Murphy, Stephanie Schulz, Alma M. Legg and Jane Fouty.

MR. MORGAN: Public Hearing is called to order. The Public Hearing is on the Administrative Rule that is in existence now and modifications to that rule. Copies of the rule have been circulated and notice of the submission of the amendments have been submitted to the Secretary of State more than thirty days ago, which is the requirement of the statute. We have in hand some comments about the rule as proposed and we are prepared in this Public Hearing to hear from anyone who wishes to address the Personnel Board with comments, modifications or suggested changes or otherwise and at this time we would open the meeting for those comments. Do we have anyone here that wishes to speak to the Administrative Rule?

HILDA WILLIAMS: I'm Hilda Williams from the Division of Corrections.

MR. MORGAN: Very good. Just give your name and speak into the microphone and we will have it on record.

MS. WILLIAMS: Thank you. Mr. Chairman, my name is Hilda Williams. I'm with the Division of Corrections and while our recommendation regarding the rule does not pertain to any amendment that has been addressed at this particular time, we would like to present a change that we would like to see in the future, if not this time. It's regarding Provisional Appointments which is in Section 9.3 of the rule. I have provided a copy to Ms. Legg, in writing, of our proposal. I just

would like to make a comment as to what we are recommending. The provisional appointments specifically states that "if there are fewer than three available eligibles on the competitive register". We would like to see that changed to ten-fewer than ten on the available register and we have several reasons why we would like to have that addressed. One being that we believe that it would give us a better opportunity for recruitment purposes and it does not limit us in the number of people that we have to pick from an applicant pool. Also, we believe that it parallels hiring in the top ten eligibles on the register. So it's something that we would be able to discuss with the staff of the Division of Personnel and something I'm sure we would have to have discussion about but that's really the only comment that I have to make at this time but we really wanted to take that opportunity.

MR. MORGAN: So you have submitted the language that you proposed?

MS. WILLIAMS: Yes, sir. I have.

MR. MORGAN: Thank you very much. We appreciated you coming forward. We have a representative of the Department of Highways. Would you come up, sir?

NOTE

This ends the comments on the proposed amendments to the Administrative Rule of the Division of Personnel 143CSR1, the subject of the public hearing which began at 2:00 p.m.. The public hearing on the proposed rule, Division of Personnel Workers' Compensation Temporary Total Disability Rule 143CSR3, was scheduled to follow at 2:15 p.m. Mr. Lilly inadvertently signed up to comment on 143CSR1 instead of 143CSR3. His comments which follow concern the Division of Personnel Workers' Compensation Temporary Total Disability Rule.

JERRY LILLY: My name is Jerry Lilly, I'm with the Department of Highways and also I'm a representative of Independent Union of Public Employees. I would like to give the Board copies

of the statement.

MR. MORGAN: Thank you. Would you like to summarize what your proposal is here, we haven't had a chance to read it yet.

MR. LILLY: I'll just go ahead and read through it.

MR. MORGAN: Alright.

MR. LILLY: The Independent Union of Public Employees drafted and promoted the legislation which brought about this new rule. We are pleased that this rule corrects the prior policy of depriving injured workers full increment pay for their years of service to the state.

However, we believe that this rule falls short of eliminating the discriminatory practice in its entirety because employees still lose benefits in other areas when they are off work due to a workplace injury and choose to file Workers' Compensation claim rather than use sick leave. This rule is now contradictory and inconsistent.

For example, the time an employee misses while on Workers' Compensation, is credited to his or her years of service for lay-off purposes. Yet, that same employee gets no credit for that same time when the employee is ready to retire. In other words, if a 20 year DOH employee has missed 9 months of work over the years due to on the job injuries, that employee must work an additional 9 months in order to be able to retire. There is no legislator who ever voted for Workers' Compensation who intended that state employees be discriminated against in this manner.

Also, it is discriminatory because had that employee chosen to use sick leave instead of his legal entitlement to Workers' Compensation, he or she would have received full credit for work time for retirement purposes and would even have continued to accrue sick and annual leave while off work. This new rule forces the injured employee to use up all of his or her sick leave rather than

claim his or her legal entitlement to Workers' Compensation benefits. While it may look good for the employer to have fewer claims reported, and save money by extending the years needed for retirement, it is discriminatory, in bad public policy, and sets a bad example for the private sector as well.

Workers' Compensation law itself prohibits discrimination in any form against an employee for having filed a claim. Loss of benefits is included in that prohibition. Employees should not have to sue the state for restoration of their benefits. There is an opportunity here to promote a new rule which is consistent, legal and good public policy by eliminating all forms of benefit discrimination for state workers who receive Workers' Compensation benefits.

My personal experience, I'm a 20 year employee with the Department of Highways and I've never been off on comp. Fortunately, I've never been injured on the job. So we represent many members of the state workers who have and I work with guys in the shop, that their hire date, they were employed before I came to work and one guy in particular now, he has lost about two years in seniority. Due to had a severe back injury at one time and almost lost a hand down in the district shop a couple of years ago. Now, this is altogether different from somebody going off on voluntary leave of absence or medical leave of absence for non-work related injury. We're talking about folks injured on the job. You should not be discriminated against injured benefits. I mean, it could happen to anybody. It could happen to one of you guys, if you're out here in a state vehicle, and be crippled up for a couple of years. When it comes time to retire, well, you're looking at a couple of years and you thought you had it secured and you don't .

MR. MORGAN: Your not proposing any specific language to correct this?

MR. LILLY: Well, our original bill, this bill regarding this, Senate Bill 351. We had

language in there that would cover all areas of this. Of course, it was met with quite a bit of opposition from Personnel Division and we ended up making a compromise and come out of there with something covered injuries which was a pretty big issue for a lot of folks throughout the state who had been off on comp. And frankly we got that through and that clarified and stopped a lot of grievances and what have you that pertains to accidents and compensations. But it need to go a little bit further. Nobody should be discriminated against and we feel the law is very specific on that and that the workers should not be discriminated on any of his benefits while off on Workers' Comp. The practice that is in place is very much discriminatory. As in the new rule in regards to lay-off for example, it is very clear that your seniority, your tenure will not be discriminated against in regard to lay-off, its counted for, and now the increment. Well if this would be discriminatory now for man to lose his increment pay in regard to being off on comp or discriminatory for a man to lose tenure in behalf of lay-off it would also have to be discriminatory for the practice of losing your time for retirement, so really it's incomplete. It's a good opportunity here to make this right. We sure appreciate the Personnel Division to address this matter.

MR. MORGAN: We appreciate your comments and thank you for coming in. We will absolutely take it under consideration and give it the attention it needs.

MR. LILLY: Thank you very much.

MR. MORGAN: Do we have anyone else here who would like to speak to the Administrative Rule? If not, our policy has been and will remain, anybody who has any suggestions or any thing they would like to offer as long as it is postmarked by tonight midnight we will give it consideration. After that of course, the hearing will be closed to any consideration of additional materials. Anybody else who wishes to speak? If not we will close the Public Hearing on this issue and move

on to a second Public Hearing with respect to a proposed rule on Workers' Compensation Temporary Total Disability Rule. This too has been filed with the Secretary of State's Office at the appropriate time and has been circulated among those who has been interested in it and we would now convene this public hearing of the issue on the Workers' Compensation Temporary Total Disability issue. Is there any comments? Do we have any writings about that, has anybody submitted anything?

NOTE

As noted previously, Mr. Jerry Lilly's comments concerned the Workers' Compensation Temporary Total Disability Rule.

MR. SMITH: No.

MR. MORGAN: Well again if there's no comments from the audience, we will take in consideration anything anyone wants to offer as long as it's postmarked by tonight midnight otherwise unless there's some objections we will close this public hearing. Closed.

Dear Joe:

On behalf of the Division of Corrections, we propose the following change to the Division of Personnel Administrative Rule:

Section 9.3. Provisional Appointments. (a) "...and there are fewer than ~~three~~ ten available eligibles on the competitive register..."

This would give the agency a better opportunity to recruit when there is an insufficient number of applicants. Additionally, it would parallel hiring in the top ten.

If you have any questions or need additional information, please contact Hilda L. Williams or myself.

Sincerely,

Dear Commissioner Kirby:

As Chairman of the State Personnel Board, I wish to respond to your comments on the changes which have been proposed to Personnel's *Administrative Rule*. I wish to thank you for taking the time to review and comment on the proposed revisions.

In your comments, you recommended that Section 9.3, which deals with provisional appointments, be changed to permit provisional appointments to be made when there are fewer than ten available eligibles on a competitive register. Personnel's *Rule* currently authorizes provisional appointments only when there are fewer than three available eligibles on a register.

Your recommendation has been considered by the Board and by Personnel and both agree that the present *Rule* is adequate and that change is not necessary at this time. We are not aware of other agencies having problems with depleted or nearly-depleted registers.

We believe that it would be unfair to those already on a register for us to permit provisional appointments to be made when there are from three to nine eligibles available on a register. Also, we believe that provisional appointments should only be used when there truly is a dire shortage, i.e., less than three, qualified candidates on a register and not simply (as some agencies evidently think) as a way to employ a favored candidate while that candidate tries to get on a register. Finally, such a practice would probably not be very efficient. Reaching the candidate on the provisional appointment would probably be much more difficult and, perhaps impossible, with eight or nine candidates already on the register. This is not to say that agencies cannot use temporary appointments (e.g., 90-day and 30-day) for such a purpose.

Thank you for your participation in the process to amend our *Administrative Rule*. The proposed amendments to the *Rule* will be reviewed by the Legislative Rule-Making Review Committee at interim meetings tentatively scheduled for August and/or September. If you have

FROM: John B. Rader, Director 

DATE: June 17, 1999

SUBJECT: Amendments to the Division of Personnel Administrative Rule

My staff has reviewed the Workers' Compensation Temporary Total Disability Rule and the proposed amendments to the Administrative Rule. The following is a list of comments they have provided:

- Workers' Compensation Temporary Total Disability Rule - **no comments**
- Proposed changes to the Administrative Rule, overall, appear to be strongly in favor of the employee and having no adverse impact on this agency.
- On page 20, Section 9.1.(c) Appointees in Positions added to the Classified Service - The appointing authority shall appoint each person passing the qualifying examination for probationary or permanent employment - the use of the word "shall" is very restrictive; therefore, "may" should be the preferred word.
- On page 28, Section 12.7 Reinstatement to Register section (b) 2. there is a typographical error it reads he o she should read he or she.

Thank you for the opportunity for our agency to review these changes and make comments. If you have any questions regarding our comments, please do not hesitate to call me.

Dear Mr. Rader:

As Chairman of the State Personnel Board, I wish to respond to your comments on the changes which have been made to Personnel's *Administrative Rule*. I wish to thank you for taking the time to review and comment on the proposed revisions.

In your reply, you stated that the term "shall," as it is used in Section 9.1, "is very restrictive; therefore, 'may' should be the preferred word." The section you referred to deals with the appointment of individuals who happen to be in classified-exempt (or non-classified) positions at the time the positions are added to the classified service through an act of the Legislature or by an executive order of the Governor.

The use of the term "shall" was intended to prevent agencies from excluding an individual from classified or "covered" employment and replacing an incumbent with another individual for a wrong reason (e.g., personal prejudice or to show favoritism to another). I can understand your concern that, if applied literally, it is conceivable that an incumbent may be able to pass the qualifying examination and yet be unfit, in some other regard, to perform the essential functions of the job (i.e., has a disability which cannot be accommodated, lacks personal initiative and motivation, or displays inappropriate behavior, etc). However, I believe those matters are adequately addressed in other sections of the *Rule*, which deal with discharging an employee.

Thank you for your participation in the process to amend our *Administrative Rule*. The proposed amendments to the *Rule* will be reviewed by the Legislative Rule-Making Review Committee at interim meetings tentatively scheduled for August and/or September. Subject: Amendments to the Division of Personnel Administrative Rule

RECEIVED
JUN 18 1999
DIRECTORS OFFICE - DOP
2:06 PM

In accordance with your memorandum of May 19, 1999, the following represents comments from the Department of Transportation regarding revisions to the Administrative Rule:

- 1) Under 12.2(c), we do not agree with the proposal that an employee be dismissed for an unsubstantiated absence of three consecutive work days. We feel there is already in place an effective method of dismissing employees for job abandonment. Further, this provision could have a high likelihood of selective application, resulting in disparate treatment. We also believe it could be problematic when applied to employees whose approved leaves of absence have expired, since there is often confusion on the employee's part as to what is required of them at that time.
- 2) Under 12.4(f)(2), we believe there should be some clarifying language included to the effect that the total temporary disability benefits must be received in conjunction with their state employment. It is conceivable an employee could have a second job in the private sector where they were injured, thereby missing work with their state employer.
- 3) Under 14.3(b), we believe periods during which an employee receives temporary total disability payments due to an injury associated with their state employment should be counted toward Service to Qualify for annual leave accrual.

Thank you for the opportunity to comment on these changes. Should you have any questions, please contact Jeff Black at 558-3111.

Dear Assistant Commissioner Badgett:

I am in receipt of your June 17, 1999, memorandum transmitting comments relative to our proposed revisions to the Division of Personnel's *Administrative Rule*. Thank you for your attention to this matter and your response. As Chairman of the State Personnel Board, I wish to respond to your comments on the changes which have been proposed to the *Rule* and to thank you for taking the time to review and comment on the proposed revisions.

You "do not agree with the proposal that an employee be dismissed for an unsubstantiated absence of three consecutive working days." Please note that this is not the revision we have proposed. We have proposed that employees who are absent from work for more than three consecutive work days without notice to the appointing authority (§ 12.2(c)) may be dismissed for job abandonment. This is discretionary on the part of the agency. Agencies concerned with inconsistent internal administration of this option should establish policy that this option not be available to its managers. Additionally, concerns that an employee may be dismissed unjustly due to some misunderstanding should be allayed by the agency's ensuring the employee's due process rights.

Additionally, you believe there should be some clarifying language included to the effect that the TTD benefits must be received in conjunction with an employee's State employment (rather than with some other employer) in order that tenure accrue for that period of leave without pay (§ 12.4(f)(2)). We will propose this revision for Legislative rule-making and, upon their approval thereof, will revise our *Rule* and *Annual Increment Policy* to ensure that employees on leave without pay from their State jobs, while receiving TTD from an "outside" job, not receive tenure credit for the period of absence. This will be accomplished by revisions to §§ 12.6, 15.4(f)(7) and 15.8(c)(1)(a)(2) and to the *Policy*. As you may know, our *Rule* currently permits employees to accrue tenure credit toward annual increment for leaves without pay while receiving TTD. However, that provision was based on the assumption that the absence was due to an injury related to the employee's State job.

Finally, you believe periods during which an employee receives TTD payments due to an injury associated with their State employment should be counted toward service to qualify for annual leave accrual (§ 14.3(b)). Generally, only periods during which employees accrued annual leave

count as tenure toward annual leave accrual rates. To permit tenure for annual leave accrual during periods in which employees are in leave without pay status is contrary to that basic premise. Additionally, we have good reason to believe that the Legislature considered and rejected the premise that employees earn annual leave while on leave without pay and receiving TTD benefits.

Thank you for your participation in the process to amend our *Administrative Rule*. The proposed amendments to the *Rule* will be reviewed by the Legislative Rule-Making Review Committee at interim meetings tentatively scheduled for August and/or September. If you have additional comments, you may direct them to Debra Graham, Counsel, Legislative Rule-Making Review Committee, Building 1, Room MB-49, 1900 Kanawha Boulevard, East, Charleston, West Virginia 25305-0470. Again, thank you for your input. Please let me know if you have any questions.

Sincerely,

Roger Morgan, Chairman
State Personnel Board

Reason:

This is merely a technical correction. The word "proposed" was removed in two places as it added no meaning to the rule.

Section 12.4(f) Order of Separation

From:

2. permanent employees by job class on the basis of tenure as a permanent employee of a state agency or in the classified service regardless of job class or title. ~~Time spent on leave without pay, or on terminal annual leave shall not be counted, but educational and military leave shall be counted. No tenure credit accrues for periods during which terminal annual leave is paid nor for periods during which an employee is not paid a wage or salary except for military leave, educational leave, or periods during which the employee is paid temporary total disability benefits under the provisions of WV Code §23-4-1 or unless otherwise provided by State or Federal statute.~~ In the event of a tie in the order of separation, the appointing authority or his or her representative and those employees who are tied shall agree on a means of breaking the tie by either a coin toss or lot drawing and shall notify the Director in writing of the agreement and the results.

No tenure credit accrues for periods during which terminal annual leave is paid nor for periods during which an employee is not paid a wage or salary except for military leave, educational leave, or periods during which the employee is paid temporary total disability benefits under the provisions of WV Code §23-4-1 for a personal injury received in the course of and resulting from covered employment as a permanent employee of a state agency or in the classified service, or unless otherwise provided by State or Federal statute.~~ In the event of a tie in the order of separation, the appointing authority or his or her representative and those employees who are tied shall agree on a means of breaking the tie by either a coin toss or lot drawing and shall notify the Director in writing of the agreement and the results.

Reason:

The language "for a personal injury received in the course of and resulting from covered employment as a permanent employee of a state agency or in the classified service" was added to clarify that, for layoff purposes, the accrual of tenure credit is limited to periods of temporary total disability which occur during and as a result of employment as a permanent state employee or as a classified employee.

Section 14.4. Sick Leave (f) Granting

From:

7. Work related illness or injury - An employee may elect to use sick leave due to a work related illness or injury. However, an employee who elects not to use sick leave under this paragraph must apply for a medical leave of absence without pay as provided under part ~~15.8(e)1.a.2.~~ 14.8(c)1.a.2 of this rule.

To:

7. Work related illness or injury - An employee may elect to use sick leave due to a ~~work related illness or injury~~ personal injury received in the course of and resulting from covered employment with the State or its political subdivisions in accordance with W. However, an employee who elects not to use sick leave under this paragraph must apply for a medical leave of absence without pay as provided under part ~~15.8(e)1.a.2.~~ 14.8(c)1.a.2 of this rule.

Reason:

The language " personal injury received in the course of and resulting from covered employment with the State or its political subdivisions in accordance with W. Va. Code §23-4-1" was substituted for the language "work related illness or injury" to clarify that the option to use sick leave for work related injuries is limited to those injuries which occur in the course of and resulting from covered employment with the State or its political subdivisions.
