RE: Administrative Regulation Dealing with
 Cadet Selection Process

Pursuant to W. Va. Code Sec. 5F-2-2(a)(12), I have reviewed the West Virginia Legislative Rule, Department of Military Affairs and Public Safety, Division of Public Safety, Title 81, Series II, concerning rules and regulations governing the selection of cadets, as proposed by the Division of Public Safety. I hereby approve the proposed amendments to the regulation for filing with the Secretary of State.

Department of Military Affairs and Public Safety
Division of Public Safety
Title 81
Series II

Circumstances Requiring Repeal of Rule

The following circumstances led to the proposed amendments to former CSR §81-2-1 et seq.:

1) During the 1991 Legislative Session, the former Department of Public Safety Retirement Board was eliminated by statute and replaced with the Consolidated Public Employees Retirement Board. The Public Safety Board had previously been empowered to promulgate standards for cadet selection; however, the legislature amended W. Va. Code §15-2-7(b) to transfer those responsibilities to a Cadet Selection Board appointed by the Division Superintendent. The proposed rule reflects these changes.

2) The Americans with Disabilities Act and the West Virginia Human Rights Act prohibits employer inquiries prior to employment regarding an applicant's medical or psychological health. The proposed rule eliminates the provision of the former rule allowing such inquiries.

3) The Law Enforcement Training Sub-Committee of the Governor's Committee on Crime, Delinquency, and Corrections sponsored a study which identified the essential job tasks of a state police officer and then analytically connected these tasks with certain medical and physical fitness standards. The standards outlined in this updated study are incorporated into the proposed rule and replace the former standards which did not meet the job-relatedness requirements of federal law.

Summary of Proposed Rule

The proposed rule essentially repeals former CSR §81-2-1 et seq., and brings the Division's cadet selection process in compliance with the West Virginia Human Rights Act and the Americans with Disabilities Act. The rule outlines the process involved in applying and testing for membership in the Division including the requirements attendant to physical fitness, medical fitness, psychological fitness, and personal background. Also, the rule describes several instances in which an applicant may be disqualified from consideration for employment. Finally, the proposed rule integrates the statutorily created Cadet Selection Board into the various stages of the selection and screening process to ensure oversight of each phase.
