Justification:

Placing a "Cap" or limitation on the jackpot carryover will mean increasing the turnover of money at the racetrack. This means that more money will be in the hands of the patrons to wager which, in turn, count increase the amount of pari-mutuel taxes paid to the State of West Virginia.

SUBJECT: Amendments to Racing Commission Rules

Lois Graham has submitted amendments to the thoroughbred racing rules which are now set forth as 178 CSR, Series 1. A copy of the complete rules is attached for your convenience.

One change is the underlined wording in rule 32.25 found at the top of page 30. This language has been requested by both horse tracks according to Lois. The language actually strengthens the qualification criteria for horses.

The other change is found on page 86, specifically at rule 60.36 (d), (e), (f). This rule change is offered at the request of Mountaineer Park and deals specifically with twin trifecta and superfecta wagering. Mountaineer Park sees this change as an aid to competitiveness with surrounding tracks, specifically The Meadows in Washington, Pennsylvania, and Thistle Downs near Cleveland. It does not appear that this change will have an adverse effect on the pari-mutual wagering tax collected by the State. If, on the other hand, this scheme stimulates additional wagering, the State would receive more taxes as a result of the additional wagering.

I have prepared a consent to file form for you. I believe that it would be good for us to file procedural rules for administrative hearings. Apparently, however, the time it would take to draft and include these rules would somehow be an operational setback to Mountaineer Park.

Lois and the director of racing for Mountaineer Park, Domenick F. Gaudio, believe that these changes can be filed as emergency rule changes. This has been done in the past. Charleston is not affected by this change.

STATE RACING COMMISSION

March 10, 1990

West Virginia Racing Commission  
P.O. Box 3327  
Charleston, WV 25333-3327

Gentlemen:

I am writing in regard to a proposed change in Rule 60.35 of the Rules of Racing dealing with twin trifecta wagering.

Section (d) currently reads as follows:

"After the wagering closes for the first (1st) half of the twin trifecta, the commission will be deducted from the pool in accordance with the laws of the state of West Virginia. The remaining pool will then be divided into two (2) separate pools of equal amounts."

I propose said section be changed to read as follows:

"After the wagering closes for the first (1st) half of the twin trifecta, the commission will be deducted from the pool in accordance with the laws of the State of West Virginia. The remaining pool will then be divided into two (2) separate pools, 25% for the first pool and 75% for the second pool."

This change would then necessitate a change in paragraph 2 of section (e), the proposed new language to be as follows:

"The terms, "First Part of Divided Pool", shall mean one-quarter (1/4) of the net distributable pool of the total monies wagered in the twin trifecta on the current days program only and specifically excluded therefrom shall be any carryover of any special cumulative second race twin trifecta pool from any previous day's program."

It is my belief that by implementing these changes our jackpot will grow quicker and it would give us a more competitive edge with our competition.

I also request that the rules for twin-trifecta wagering be similarly changed so that after the commission is deducted from the pool, only 25% of the remaining pool be paid back to the winners of the first half of the twin-trifecta and 75% of the pool be paid into the carryover or second pool.

March 10, 1990

If these changes are agreeable, please promulgate these rule changes under the emergency provision of the Administrative Procedure Act.

Very truly yours,

*Dominick F. Gaudio*

31.1. If a horse is sold by private treaty or at public auction, the written acknowledgment of both parties is necessary to prove the fact that he was sold with his engagements, but when a horse is claimed out of a claiming race, the horse's engagements are included; but the sale, under any circumstances, to a person ruled off or to a disqualified person, shall not give such person the privilege of racing the horse.

31.2. No horse entered in a race may be sold or transferred until after the race in which he is entered has been run, without permission of the stewards. Neither shall a horse so entered be transferred to another trainer until after the race in which he is entered has been run, without permission of the stewards.

31.3. Subscriptions and all entries or rights of entry are valid when a horse is sold with his engagements duly transferred; in duly registered partnerships, when subscriptions, entries and rights of entries survive in the remaining partners; and when entries under the decedent's subscriptions have been made previous to the decedent's death, by the transfer of the right of entry.

31.4. Subscriptions and all entries or rights of entry under them become void on the death of a subscriber, except in case of duly registered partnerships or except subject to the sanction of the stewards, when the personal representative of an estate shall, in writing, request that the benefits of such accrue to the estate of the decedent subscriber for the privilege of transfer, and shall agree to assume any and all obligations incident to the original entries.

31.5. No person shall make or receive the transfer of a horse or engagement for the purpose of avoiding disqualification.

31.6. So long as the name of a person is on the arrears list no engagements can be transferred or accepted by him, and no horse can be entered by him or under his subscription for any race.

31.7. When a seller fails to declare a horse out of an engagement, not sold or transferred with the horse, the purchaser is not entitled to start the horse or to the stakes if he wins.

31.8. Should a horse be sold with his engagements or any part of them, the seller cannot declare the horse out of any such engagements.

178-1-32. Entries, declarations and subscriptions.

32.1. When a person is ruled off a course or suspended, every horse owned, in whole or in part, by him or under his care and control shall be ineligible to be entered or start in any race until said horse has been reinstated, either by the rescinding of his owner's penalty or by his transfer through bona fide sale to an ownership acceptable to, and approved by the stewards or West Virginia Racing Commission. When a person is ruled off a course or suspended, he shall not be qualified, whether acting as agent or otherwise, to subscribe for or to enter or run any horse in any race either in his own name or in that of any other person until the rescinding of such penalty.

32.2. No horse shall be registered for racing or permitted to enter or start in a race unless stabled on the grounds of the association conducting the meeting or at other approved stabling facilities. Horses may be exchanged if approved by the racing secretary. This rule shall not prohibit entry or nomination of a horse or horses in a handicap, stakes or allowance race if being shipped in to participate in those specific races.

32.3. No person shall willfully enter, or cause to be entered or start a horse which he knows or believes to be ineligible or disqualified.

32.4. A horse shall not be qualified to start in any race unless he has been and continues properly entered therein.

32.5. No horse shall be allowed to race unless it has been lip tattooed. For good cause, the stewards may waive this requirement if the horse is otherwise properly identified. However, the horse shall be tattooed thereafter within such time as set by the stewards.

32.6. For all races, the racing secretary is the person authorized to receive entries and declarations.

32.7. Entries and declarations shall be made in writing and signed by the trainer of the horse, or his authorized agent, or some person deputized by him, and each association shall provide blank forms on which entries and declarations are to be made.

32.8. A signed entry blank shall be prima facie evidence that the contents of the entry blank express the desires and intent of the person making entry.

32.9. Entries may be made by telephone or telegraph with permission of the stewards.

32.10. No person not having an interest in a horse, equal at least to the interest or property of any other one (1) person is entitled to enter the horse in a race as the owner.

32.11. Joint subscriptions and entries may be made by any

one or more of the owners. However, all partners and each of them shall be jointly and separately liable for all fees and forfeits.

32.12. In entering a horse, it must be clearly identified by stating its age, sex, name and color, names of its sire and dam. If the registration certificate indicates the dam was covered by more than one (1) stallion, the names of all of them must be given in order of service.

32.13. The stewards shall have power to call on any person in whose name a horse is entered to produce proof that the horse entered is not the property either wholly or in part of any person who is disqualified, or to produce proof of the extent of his interest or property in the horse, and in default of such proof being given to their satisfaction, may declare the horse out of the race.

32.14. The entries of any person, or the transfer of any entry, may be refused with notice and reason being given therefor.

32.15. No horse shall be allowed to start in any race unless duly registered and named with the registry office of The Jockey Club (New York) and the Certificate of Registration properly endorsed to the current owner is on file with the racing secretary one-half (1/2) hour prior to post time of the first race. For good cause the stewards may waive this requirement if the horse is otherwise properly identified.

32.16. If a horse's name is changed, his new name shall be registered with the Jockey Club (New York) and no entry shall be accepted until such time as new Certificate of Registration has been issued by the Jockey Club (New York).

32.17. No maiden six (6) years or older shall be permitted to start in West Virginia. Any horse thirteen (13) years or older will not be allowed to start in West Virginia unless special permission is granted in response to a request by anyone, who is licensed, by the West Virginia Racing Commission.

32.18. No horse shall be permitted to enter or to start in any race unless he is in the care of, and the saddling is supervised by, a trainer currently licensed in West Virginia.

32.19. No horse shall be permitted to start whose name and true ownership is not registered with the racing secretary.

32.20. The entry of a horse must be in the name of his true owner.

32.21. A horse must be eligible at the time of starting.

32.22. No horse involved in a partnership shall be permitted to enter or to start until the rules for the registration of partnerships have been complied with.

32.23. If an entry from any disqualified person or a disqualified horse is received, such entry shall be void and any money paid for such entry shall be void and any money paid for such entry shall be returned if the disqualification is disclosed forty-five (45) minutes before post time for the race. Otherwise any such money shall be paid to the winner.

32.24. Rescinded.

32.25. No horse on the schooling list, veterinarian list or stewards list, shall be qualified to be entered, or to start.

32.26. No owner or trainer shall enter or start a horse that:

- (b) is a known bleeder unless cleared under Section 21.2 of these rules;
- (c) has been trachea-tubed;
- (d) has been "nerved," except as herein provided in Section 52.20 of these rules; and
- (e) is afflicted by the disease known as periodic ophthalmia, moon blindness or similar disease afflicting the vision.

32.27. If a horse is sold to a disqualified person, said horse's racing engagements shall be void as of the date of sale.

32.28. No horse shall be allowed to enter or to start in any race if the owner of that horse is in arrears, except with the approval of the racing secretary or stewards.

32.29. No more than two (2) horses of the same ownership or interest shall be entered in a purse race, and both may start, except:

(a) When making an entry, the trainer must express a preference; and in no case may two (2) horses start as an entry even though uncoupled for wagering purposes if it deprives a single entry from starting.

(b) Stake rules shall apply at all tracks regardless of size.

32.30. In the races comprising the daily double, only one (1) horse may be raced in a single interest, or trained by one (1) trainer. No entries will be allowed in the races comprising the daily double, trifecta, trizacta, super exacta, superfecta, and/or big perfecta etc. In all simulcast races entries and/or field rules shall be those used at host track.

32.31. If a race is declared off, the racing secretary may split or divide any overnight race which may have closed and cause a new drawing for post positions.

32.32. Entries shall be closed at an advertised time, and no entry accepted thereafter. The racing secretary, however, may postpone closing of overnight races.

32.33. If the number of entries to any purse race is in excess of the number of horses that may, because of track limitations, be permitted to start, the "starters" for the race and their post positions shall be determined by lot in public. The same methods shall be employed in determining the starters and post positions in split races.

32.34. If a horse is successfully claimed or transferred, the original Registration Certificate shall be delivered to the new owner.

32.35. Any licensee who refuses to deliver any such Registration Certificate, if the same is reasonably available, shall be suspended until the same is delivered.

32.36. Entries which have closed shall be compiled without delay by the racing secretary and conspicuously posted.

32.37. No alteration shall be made in any entry after closing of entries, but an error may be corrected.

32.38. Any horse which has been excused from starting on account of sickness or physical disability, will not be eligible to start for a minimum of five (5) calendar days, exclusive of the day of scratch. The entry must be accompanied by a certificate of fitness from the state veterinarian and be approved by the stewards.

32.39. Mares who are or who may be in foal will not be eligible for racing unless full information as to services has been filed with the racing secretary and approval has been given by the track veterinarian. This information will be posted on the bulletin board in the racing secretary's office. Should the in-foal mare be claimed, the original owner shall supply the stallion service certificate to owner of said mare at time of foaling.

32.40. No horse shall be permitted on the grounds of a racing association in this State unless the horse has had a negative Coggins test within the past twenty-four (24) months if stabled in West Virginia or six (6) months if stabled out of the State of West Virginia. All horses from a state with a program comparable to the West Virginia program shall be permitted on the grounds of a racing association if accompanied by an official Health Certificate giving a positive description of the animal and showing a negative coggins test within the last twelve (12) months.

32.41. No entry shall be received of any horse not stabled upon the grounds of the racing association where the race is run, unless the stabling area elsewhere has been approved by the stewards representing the West Virginia Racing Commission or his designee.

32.42. No entry shall be accepted from husband or wife while either is disqualified. For the purpose of these rules, husband and wife shall be considered as one unless legally separated and evidence of such separation is on file with the West Virginia Racing Commission.

178-1-33. Also eligible.

33.1. A list of names (number to be determined by the racing secretary) may be drawn from the overflow entries and listed as "also eligible" to start if and when horses originally carded are "scratched." Horses gaining a position in the race from the "also eligible" list shall be determined by lot.

33.2. If the owner of a horse on the "also eligible" list is not given the opportunity of starting his horse because of insufficient "scratches," the name of said horse shall be placed on the preferred list. The name of no horse shall be placed on the preferred list if the owner thereof did not accept when presented the opportunity of starting. However, where a

substitute race or extra race is used, or placed on the over-night to be used, if needed, all horses entering in such races and not given the opportunity of starting shall be placed on the preferred list. In case of an "entry," the preferred horse only, shall be given a place on the preferred list unless the second choice of an entry should be included in another division of a divided race and does not gain a position in the race (may not exclude a single interest), he then shall be given a place on the preferred list.

33.3. Any horse which has drawn a position in a race and enters again on the next day that entries are taken shall be termed and "in-today" horse and if the race in which the horse is entered overfills, the horse shall be given no consideration whatsoever, stakes excepted. If a horse is on the "also eligible" list and draws in a race the next day, he is an automatic scratch from the "eligible" list the first day.

#### 178-1-34. Preferred list.

34.1. A copy of the preferred list will be posted each afternoon and any claim of error must be made by scratch time of the following day. No claim of error not made within the prescribed time will be recognized by the stewards.

34.2. In entering horses on the preferred list, a claim of preference must be made at time of entry and noted on the entry or the preference shall be lost and no claim of error will be considered by the stewards if the person making the claim has signed an entry not marked in keeping with this rule.

#### 178-1-35. Penalties and allowances.

35.1. Penalties and allowances are not cumulative, unless so declared by the conditions of the race, and shall take effect at the time of starting, except that in overnight events a horse shall have only the allowance to which it was entitled at the time of entry.

35.2. Penalties are obligatory. Allowances are optional as to all or any part thereof, and in overnight events must be claimed at the time of entry.

35.3. No horse shall receive allowance of weight nor be relieved from extra weight for having been beaten in one or more races, but this rule shall not prohibit maiden allowance or allowances to horses that have not won a race within a specified period or a race of a specified value.

35.4. Failure to claim a weight allowance by oversight or omission is not cause of disqualification. Claims of weight allowance to which a horse is not entitled shall not disqualify unless such incorrect weight is carried in the race. However, a fine may be imposed upon the person claiming allowance to which his horse is not entitled.

35.5. Eligibility, penalties and allowances of weight for all races will be determined after considering the reports,

records and statistics published by the daily racing form and other racing statistical publications, but responsibility for weight carried and eligibility still remain with the owner and trainer as prescribed by the Rules of Racing.

35.6. No horse shall incur a weight penalty for placement from which he is disqualified, but a horse placed through the disqualification of another horse shall incur the weight penalties of that placement. No such placement shall make a horse ineligible to a race which has already been run.

35.7. When a race is in dispute, both the horse that finished first and any horse claiming the race shall be liable to all penalties attached to the winner of that race until the matter is decided.

35.8. Races written to be run under "Scale of Weights or Weight for Age" shall be run under the weights as provided for in the scale of weights chart appearing in this book.

35.9. It shall be within the power of the racing secretary to write races either above or below scale as he may see fit: Provided, That his weights comply with the minimum weight rule.

#### 178-1-36. Licenses and licensees.

36.1. Any person who is engaged in or employed by those engaged in racing or operating a race meeting, or those operating concessions for or under authority from any association, except those persons in an executive capacity by the association, must be licensed by the West Virginia Racing Commission.

36.2. In the event that a dispute should arise between a West Virginia Licensee and West Virginia Permit Holders, at any race track in the State of West Virginia and in the event the said permit holders or said licensee desire to terminate or discontinue their activities under an existing license or permit, then in such event the said licensee or said permit holders, as the case may be, shall give seven (7) days notice, in writing, of their intention to terminate or discontinue all activities under their existing license or permit to the licensee or permit holders, as the case may be, and to the West Virginia Racing Commission. The Commission may, upon request from either party, within the aforesaid seven (7) day period conduct hearings in an attempt to arbitrate and settle any disputes by and between the parties. In the event either the West Virginia licensee or West Virginia permit holders fail to provide by the notice provision set forth herein, same shall be grounds for permanent suspension by the West Virginia Racing Commission.

36.3. Applicant for license may be called upon to submit satisfactory evidence of financial responsibility, and after license has been issued, must maintain a record of financial responsibility during the period for which license is issued.

36.4. The Commission may refuse to issue or renew a license, or may suspend or revoke a license issued pursuant to these rules, if it shall find that the applicant, or any person who is a partner, agent, employee or associate of the applicant,

has been convicted of a crime in any jurisdiction, or is or has been associating or consorting with any such person who has or persons who have been convicted of a crime or crimes in any jurisdiction or jurisdictions, or is consorting or associating with or has consorted or associated with bookmakers, touts or persons of similar pursuits, or has himself engaged in similar pursuits, or is financially irresponsible, or has been guilty of or attempted any fraud or misrepresentation in connection with racing, breeding or otherwise, or has violated or attempted to violate any law with respect to racing in any jurisdiction or any rule regulation or order of the Commission, or adopted by the Commission, or has been guilty of or engaged in similar, related or like practice.

36.5. All applications for licenses shall be filed with the West Virginia license clerk in the Commission office and submitted to the stewards who shall have the authority to issue the license, hold the application for further investigation, or refer it to the Racing Commission for final action. All stewards shall review and sign all license applications.

36.6. The association shall provide equipment for fingerprinting and photographing all licensees and shall provide such equipment necessary to plastic coat the license with the picture and fingerprints of the applicant.

(b) No authorized agent, although representing more than one owner, shall submit more than one claim in any one race.

(c) When a stable consists of horses owned by more than one owner, trained by the same trainer, not more than one claim may be entered on behalf of such stable in any one race. In case such an act inadvertently occurs, the owners shall compete by lot for the right of claim.

(d) When a stable consists of horses owned by more than one owner, trained by the same trainer, such owners will not be eligible to claim from that trainer's stable.

47.3. If a horse is claimed, it shall not start in a selling or claiming race for a period of thirty (30) days from the date of claim for less than twenty-five percent (25%) more than the amount for which it was claimed, nor shall it be entered for thirty (30) days after being claimed in a race in which the

determining eligibility price is less than twenty-five percent (25%) more than the price at which the horse was claimed. The day claimed shall not count but the following calendar day shall be the first day and the horse shall be entitled to enter whenever necessary so the horse may start on the thirty-first calendar day following the claim for any claiming price. This provision shall not apply to starter handicaps in which the weight to be carried is assigned by the handicapper.

47.4. Any horse so claimed shall not be sold or transferred, wholly or in part thereof, to anyone for sixty (60) days thereafter, except in another claiming race, nor shall it remain in the same barn or under the control or management of its former owner or trainer for a like period, unless reclaimed, nor shall it race at any other racing jurisdiction for a period of sixty (60) days.

47.5. The claiming price of each horse in a claiming race shall be printed on the program, and all claims for said horse shall be for the amount so designated, plus sales tax. Should more than one claim be filed for the same horse, the disposition of the horse shall be determined by lot under the direction of one or more of the stewards or one deputized to act for them.

47.6. All claims must be made in writing on forms and in envelopes approved by the Commission. Both forms and envelopes must be filled out completely and accurately, otherwise the claim will be void. The envelopes must be sealed, time stamped, and deposited in a locked box provided for this purpose. No money shall accompany the claim. Each person desiring to make a claim must first deposit with the association the whole amount of the claim in cash, plus sales tax, unless at the time of depositing said claim, he shall have such amount to his credit and unencumbered with the association. The spelling of a horses' name, horse's sex and age on the official program on the day of claiming may be considered to be the accurate information for the purpose of claiming, and if same is inaccurate the claim may be voided by the claimant. When a claim has been filed, it is irrevocable and at the risk of the claimant.

47.7. All claims must be deposited in the claiming box at least fifteen (15) minutes before post time of the race with respect to which the claim is made, and no official of said association shall give any information as to the filing of claims therein until after the race has been run. All claims shall be passed upon by the stewards.

47.8. A horse claimed shall not be delivered by the original owner to the successful claimant until authorization shall be given by the stewards, and every horse so claimed shall run in the interest and for the account of the owner who entered it in the race, but title to the claimed horse shall be vested in the successful claimant from the time said horse becomes a "Starter" and said successful claimant shall become the owner of the horse, whether it be alive or dead, sound or unsound, or injured during the race or after it.

47.9. Any person making a claim for a horse in any claiming

race shall sign an affidavit which shall be part of the claim blank, certifying that he is claiming said horse for his own account or as an authorized agent and not for any other person. Any person making such affidavit falsely shall be immediately suspended and his case referred to the Commission for further action.

47.10. No person shall refuse to deliver to the person or persons entitled thereto under these rules, a horse claimed out of a claiming race, and furthermore, the horse in question shall be barred along with all other horses owned or trained by said person, until delivery is made.

47.11. No person shall offer, or enter into an agreement, to claim or attempt to prevent another person from claiming, any horse in a claiming race; nor shall any person attempt by intimidation to prevent any one from running a horse in any race for which it is entered; nor shall any owner or trainer running horses in any claiming race make any agreement for the protection of each other's horses.

47.12. No person or persons shall start or allow to be started in a claiming race, a horse against which any claim is held, either as a mortgage, bill of sale, or lien of any kind, unless before starting the horse a written consent of the holder of the claim is on file with the Horsemen's Bookkeeper.

47.13. Any horse that has been claimed shall, after the race has been run, be taken to the paddock for delivery to the claimant, who must present written authorization for the claim, from the stewards or their designee.

47.14. If a horse has been claimed, the trainer or his designee must accompany his horse to the test barn if said horse is required to go to the test barn, and remain in the test barn until said horse has been released by the state veterinarian or his agent. The trainer or his designee must accompany the horse to the test barn if the horse has been designated to go to the test barn even though delivery has been made in accordance with Section 47.13. of these rules.

50.6. In case of accident to a jockey or to his mount or equipment, the stewards or the starter may permit the jockey to dismount and the horse to be cared for during the delay and may permit all jockeys to dismount and all horses to be cared for during the delay.

50.7. If a jockey is thrown on the way from the paddock to the post, the horse must be remounted, return to the point where the jockey was thrown and then proceed over the route of the parade to the post. Horse must carry his assigned weight from paddock to post and from post to finish.

50.8. If the jockey is so injured on the way to the post as to require another jockey, the horse shall be taken to the paddock and another jockey obtained, and then ridden over an uncompleted portion of the exact route of the parade to the starting point.

60.13. If a horse should run second upon which no "place" ticket has been sold, all the "place" pool is apportioned to the "place" tickets sold on the horse that finished first, there being only one (1) participating ticket and not two (2) as usual, the calculation being the same as in a "straight" pool.

60.14. If a horse should finish third upon which no "show" ticket has been sold, all of the "show" pool is divided between the "show" tickets sold on the horses that finished first and second, there being but two (2) participating tickets and not three (3) as usual the calculation being the same as in the "place" pool.

(c) If no ticket is sold including the winner of the first race, the entire pool will be paid to holders of tickets which include the winner of the second race of the daily double.

(d) Likewise, if no ticket is sold including the winner of the second race, then the entire pool will be paid to holders of tickets which include the winner of the first race of the daily double.

(f) If no ticket is sold which would require distribution of the daily double pool, the association shall make a complete and full refund of the pool.

(g) If, for any reason, the first race of the daily double is canceled and declared "No Race," full and complete refund will be made of the daily double pool. If, for any reason, the second race of a daily double is canceled and declared "No Race," the daily double pool shall be distributed to the holders of the daily double tickets on the winner of the first race in the same manner as the straight pool of the first race is distributed, except as to the amount of distribution which shall be controlled by the amount bet in the daily double pool.

(h) If after the first half of the daily double has been run and declared "Official" a horse is excused or scratched in the second half of the daily double then a consolation pay-off shall be made to holders of the daily double to the excused or scratched horse of the second half of the daily double computed in the following manner:

The net daily double pool (gross pool less commission) shall be divided by the total number of tickets sold combining the winner of the first half, the quotient thus obtained shall constitute the consolation pay off, to be paid to holders of each ticket combining the winner of the first half and the scratched or excused horse in the second half. The entire consolation pool (number of eligible tickets times the consolation price), and not the breakage, shall be deducted from the net daily double pool. The remaining pool is the new net pool for the daily double.

(i) If holder of tickets loses the first race of the daily double and the horse is scratched in the second race, no money shall be refunded.

(j) Rescinded.

60.23. No association holding a race meeting under a license issued by the West Virginia Racing Commission shall permit bets to be made on the grounds of said association on any race run outside of said grounds and no foreign book or gambling device of any kind shall be permitted on said grounds.

60.24. Such rules for pari-mutuel betting as may be specified by the Commission shall be printed in the daily racing programs sold to the public within the premises of racing association.

Payment of the ticket shall be made only to the purchaser who has selected the same order of finish as officially posted.

(c) The perfecta is not a parlay and has no connection with or relation to the win, place and show betting and will be calculated as an entirely separate pool.

(d) In the event no ticket is sold on the winning combination of a perfecta pool, the net pool shall be apportioned equally between those having selected the winner and those having selected the horse finishing second in the same manner in which a place pool is calculated.

(e) In case of a dead heat between two (2) horses for first place, the net perfecta pool shall be calculated as a place pool to holders of tickets of the winning combination(s). In case of a dead heat between two (2) horses for second place, the perfecta pool shall be calculated as a place pool, the holders of tickets combining the winning horse and the two (2) horses finishing

second participating in the pay off.

(f) In the event of any entry finishing first and second, the net exacta or perfecta pool shall be distributed to holder of tickets combining the entry with the horse finishing third.

(a) The big perfecta is a form of pari-mutuel wagering in which the bettor selects two (2) horses that will finish first and second in each of two (2) designated races in the exact order as officially posted.

(b) Each bettor shall select on one (1) ticket the two (2) horses that will finish first and second in each of two (2) consecutive designated races in the exact order as officially posted. Tickets are to be sold for both of the two (2) races prior to the first race of the races without any exchange of tickets between the first and second race.

(c) "Big Perfecta" tickets shall be sold only by the licensee for not less than two dollars (\$2.00) and only from machines capable of issuing tickets in the manner prescribed by section b of this rule. Resale of such tickets from one individual to another is prohibited and shall be grounds for ejection.

(d) The division of the net pool shall be calculated as in a straight pool, subject to the provisions of these rules to the contrary.

(e) If a horse is scratched in either of the two (2) races designated as the big perfecta races before the running of the first of these races, than no further big perfecta tickets may be issued designating such horse and all big perfecta tickets previously issued designating such horse shall be refunded and the money deducted from the gross pool.

(f) If a horse is scratched in the second race, after the running of the first race, of the big perfecta races, then all big perfecta tickets having the exact order as officially posted for the first race of the big perfecta races and also combining the scratched horse shall become consolation tickets and shall be paid a price per dollar denomination calculated as follows: the net big perfecta pool (gross pool less commission) shall be divided by the purchase price of all tickets combining the winners of all tickets combining the winners of the first race of the big perfecta. The quotient thus obtained shall be the price to be paid to all big perfecta tickets having the exact order as officially posted for the first race of the big perfecta races

and combining the scratched runner in second race of the big perfecta. The entire consolation pool (number of eligible tickets times the consolation price) plus the breakage shall be deducted from the net big perfecta pool.

(g) If no big perfecta ticket is sold as a winning combination in the first race of the big perfecta, the big perfecta pool shall be divided among those having tickets including the horse finishing first or second and such distributions shall be calculated and made as a place pool, and in such an instance, the big perfecta race shall end and the pool be closed.

(h) If no big perfecta ticket is sold designating a horse finishing first or second in the first race of the big perfecta then the gross pool shall be refunded.

(i) If the first half of the big perfecta is cancelled or declared "no race" then the big perfecta shall be declared off and the gross pool refunded.

(j) If no big perfecta ticket that is eligible for further participation after the first race includes the winning combination for the second race, then the net pool shall be apportioned equally between those having tickets including the horse finishing first and those having tickets including the horse finishing second in the same manner in which a place pool is calculated and distributed.

(k) If a big perfecta ticket that is eligible for further participation after the first race combines only one of the two (2) winners for the second race and no big perfecta ticket that is eligible for further participation after the first race combines the other winner, then the entire pool shall be distributed as a straight pool to holders of those tickets.

(l) If no big perfecta tickets that is eligible for further participation after the first race includes either the first or second runner of the second race of the big perfecta, then the entire net pool shall be distributed as a straight pool to all holders of big perfecta tickets that were eligible for further participation after the first race.

(m) In the event of a two (2) horse dead heat for place in the first race of the big perfecta races, all big perfecta tickets combining the first horse and either of the place horses shall be eligible for further participation.

(n) In the event of a two (2) horse dead heat for place in the second race of the big perfecta races, the big perfecta pool shall be divided, calculated and distributed as a place pool to the holders of all big perfecta tickets having the exact order as officially posted for the first race in combination with the first horse and either of the place horses in the second race of the big perfecta. In the event of a two (2) horse dead heat to place in the second race and there are no tickets with one (1) combination, then the other combination having winning horses shall be declared the winner. If no big perfecta tickets that are eligible for further participation after the first race combine the winning horses with either of the place horses in the

dead heat, the big perfecta pool shall be calculated and distributed as a place pool to the big perfecta ticket holders eligible for further participation after the first race who combine with the horse finishing first in the second race and the big perfecta ticket holders eligible for further participation after the first race who combine with either of the dead heat place.

In the event of a triple dead heat for place in the first or second race of the big perfecta, three (3) winning combinations result. Prices will be computed using the show pool calculation procedure.

In the event of a dead heat for place in both races of the big perfecta, four (4) (two (2) runner dead heats) or six (6) (triple dead heats) combinations result. Prices are computed in the same manner as the show pool except that the total dividend is divided into four (4) or six (6) equal parts, as appropriate.

(o) If there is a dead heat for the winning horse in either of the two (2) consecutive races for the big perfecta, ticket holders combining those horses in either order will participate in the big perfecta as prescribed in these rules.

If for any reason the second race of the big perfecta races is cancelled or declared "no race" then the pool shall be calculated as a straight pool and shall be distributed among the big perfecta ticket holders eligible for further participation after the first race.

(p) The word "perfecta" used in these rules is to be construed to mean "exacta" where exacta wagering is conducted.

(q) Other than those designated by the auditor of pari-mutuels, no person shall have access to the information that is shown on the computer printouts or any other source concerning the number of tickets sold in the big perfecta or the number or amount of tickets selecting winners of the big perfecta races prior to the time the officials have determined the last race comprising the big perfecta of each performance to be official.

(f) Payment of the ticket will be made only to the purchaser

who has selected the same order of finish as officially posted.

(g) The trizacta is not a parlay and has no connection with or relation to the win, place or show betting and will be calculated in an entirely separate pool.

(h) If a horse is scratched or declared a nonstarter, no further trizacta tickets may be issued designating such horse and all tickets previously issued designating such horse shall be refunded and money deducted from the gross pool.

(i) If no ticket is sold on a winning combination of a trizacta pool, the net pool shall then be apportioned equally between those having tickets selecting the first and second place horses. If no ticket is sold selecting the first and second horse in the trizacta pool, the net pool shall then be apportioned equally between those having tickets selecting the horse or horses that finished first in the trizacta race. Should no selection be made as above mentioned, the net pool shall be apportioned equally between those having selected the horse finishing second combined with the horse finishing third.

(j) Should no selection be made as above mentioned, those having selected the second horse for second and the third horse for third with any other horses, contrary to the win, place and show pool practice, the aggregate number of tickets as mentioned in this paragraph shall divide the net pool and be paid the same payoff price.

(k) In case of a dead heat for first place, the winning combination shall include the first two (2) horses as finishing in either position, and the horse finishing third. 60.32. Pick six wagering.

(a) The pick six is a form of pari-mutuel wagering. The pick six is not a parlay and has no connection with or relation to any other pari-mutuel pool made and conducted by an association, nor is the pick six connected with or related to any win, place and show pool shown on the totalisator board, nor is it governed by any Commission rules pertaining to the distribution of any other pari-mutuel pools. Each person participating in a pick six pool selects the entry or field for win in each of six (6) contests designated by the association with the approval of the Racing Commission. The six (6) contests so designated comprise the pick six for that performance. The

association issues the pick six participant a ticket which reflects the participant's selection in the six (6) designated contests.

(b) A validly issued pick six ticket timely surrendered to the association by the legal holder thereof shall be the only evidence of a person's participation in a pick six pari-mutuel pool. Neither the association, totalisator company nor the State of West Virginia shall be liable to any person for any ticket which is not a winning ticket in accordance with the provisions of this rule nor shall they, or any of them, be liable to any person for any pick six ticket not delivered for any reason, including, but not limited to, mechanical malfunction, electrical failure, machine locking or other cause.

However, if any wagering interest is a starter in a race, the entry or the field selection shall remain as the designated selection to win in that race for the pick six calculation and the pari-mutuel ticket shall not be withdrawn from that pool. Entries or fields shall be permitted in races constituting the Pick Six.

(d) (1) Pick six shall be composed of two (2) separate and distinct pari-mutuel pools. Seventy-five percent (75%) of the gross amount of all sums wagered on pick six tickets on each performance shall be paid into a pari-mutuel pool to be known as "Big Six". The remaining twenty-five percent (25%) of the gross amount of all sums wagered on pick six tickets for that performance shall be paid into a pari-mutuel pool to be known as "The Little Six".

(2) Subject to the provisions of this rule pertaining to refunds and after the deduction of all legal sums therefrom, the net amount in the "Big Six" pool subject to distribution among winning ticket holders shall be distributed only among the holders of pick six tickets which correctly designate all six (6) official winners of the six (6) contests comprising the pick six for that performance.

(3) Subject to the provisions of this rule pertaining to refunds and after deduction of all legal sums therefrom, the net amount in the "The Little Six" pool subject to distribution among winning ticket holders shall be distributed among the holders of pick six tickets which correctly designate the most official winners of the six (6) contests comprising the pick six for that performance.

The "Big Six" shall be supplemented each performance by the amount added thereto from all previous performance's "Big Six" pools that have not been won by a holder of a pick six ticket which correctly selects all six (6) official winners of the six (6) contests comprising the pick six (6) for any performance.

(5) In the event the accumulated "Big Six" has not been distributed prior to the closing day of the calendar year in which the "Big Six" was generated the accumulated "Big Six" and the net amount in the "The Little Six" pool subject to distribution among winning ticket holders shall be distributed among closing day holders of pick six tickets which correctly designate the most official winners of the six (6) contests comprising the closing day pick six. In the event of a cancellation of the closing day racing program, the accumulated "Big Six" pool will be distributed under the direction of the West Virginia Racing Commission. Contrary provisions in the paragraph notwithstanding, the Commission, after due notice and hearing, may impose reasonable limits on the carry over provisions relating to the "Big Six" if the best interests of the State of West Virginia are thereby served.

(6) In the event a pari-mutuel ticket designates as the selection to win in any one or more of the six (6) races comprising the pick six sweepstakes a single wagering interest which is scratched or excused by the stewards, the holder of such ticket shall automatically receive as his alternate selection in the race that horse upon which the most money was wagered to win. In the event two (2) or more horses have the identical amounts wagered upon them to win, the holder of such ticket shall automatically receive as his alternate selection in the race that horse upon which the most money was wagered to win and to place. In the event two (2) or more horses have the identical amounts wagered upon them to win and to place, the holder of such ticket shall automatically receive as his selection in the race that horse upon which the most money was wagered to win, to place and to show. In the event two (2) or more horses have the identical amounts wagered upon them to win, to place and to show, the holder of such ticket shall automatically receive each such horse as his alternate selections.

(7) In the event one or more of the contests comprising the pick six is canceled for any reason, the distribution of the net amount subject to distribution in "The Little Six" pool shall be among the holders of pari-mutuel tickets which correctly designate the most official winners in all of the remaining contests comprising the pick six in such performances, except, that in the event there is officially canceled or declared as no contest three (3) or more of the six (6) contests comprising the pick six, all pari-mutuel tickets on the pick six for that performance shall be refunded, and the pick six shall be canceled

for that performance. No person shall win "Big Six" unless that person holds a pick six ticket which correctly designates all six (6) official winners of the six (6) contests comprising the pick six for that performance. The cancellation of one or more contests comprising the pick six in any performances shall result in the contribution to the "The Little Six" pool of the amount contributed that day to the "Big Six". The contribution to that performance's "Big Six" pool will then be distributed along with the remainder of the "The Little Six" pool to the winners of the "The Little Six" pool. Any contributions to "The Big Six" pool from prior performances will remain in the "Big Six" pool to be carried over and included in the "Big Six" pool for the next performance as prescribed in Section 60.34 (d)(4) of these rules.

(e) In the event of a dead heat for win between two (2) or more contestants in any pick six race, all such contestants in the dead heat for win shall be considered as the winner in the race for the purpose of distribution of "Big Six" and the "The Little Six" pools.

(f) Other than the auditor of pari-mutuels, no person shall have access to the information that is shown on the computer printouts or any other source concerning the number of tickets sold in the pick six or the number or amount of tickets selecting winners of the pick six races prior to the time the officials have determined the last contest comprising the pick six of each performance to be official.

(g) No pari-mutuel ticket for pick six shall be sold, exchanged or canceled after the time of the close of the mutuel windows for wagering in the first of the six (6) contests comprising the pick six, except for such refunds on pick six tickets as are required under this rule.

(h) Notwithstanding the provisions of the previous paragraph, the mutuel windows may be reopened after the time of the close for wagering in the first of the six (6) contests comprising the pick six for the sole purpose of canceling any ticket that was issued in error. A full written report is to be made by the mutuel manager and totalisator manager with their signatures thereon and submitted to the auditor of pari-mutuels within twenty-four (24) hours detailing the circumstances involved. In any event the mutuel windows shall not be reopened for canceling tickets after the start of the first of the six (6) contests comprising the pick six.

(e) The payout price for a pick-three shall be calculated from the net pool (gross pool less commission take-out).

(f) (A) The winning combination of horses constituting a winning ticket shall be those that finish first or those horses determined to be the winners as set forth in paragraph 1. hereinafter referred to as the winner, in each leg of the pick-three feature, determined in sequence, race by race.

(B) Where no tickets have been sold on the combination of winners, winning tickets shall be determined starting with the first leg as follows:

(1) In the event no pari-mutuel ticket is sold combining the three (3) winners of the pick-three, one hundred percent (100%) of the net amount in the pari-mutuel pool shall be distributed among the holders of pari-mutuel tickets which include the winners of two (2) of the three (3) races comprising the pick-three.

(2) In the event no pari-mutuel ticket is sold combining two (2) winners of the pick-three, one hundred percent (100%) of the net amount of the pari-mutuel pool shall be distributed among the holders of pari-mutuel tickets which include the winner of any one (1) race comprising the pick-three.

(g) When the race on which the first leg of the pick-three feature is scheduled and cancelled, declared off, declared no contest or no horse finishes, then the total pool shall be refunded.

(h) (a) When after the running of the race on which the first leg of the pick-three feature is operated, the race on which the second or third leg is scheduled to be operated is:

(1) cancelled, declared off, declared no contest;

(2) a race in which no horses finish, or

(3) a race in which all bets are refunded in accordance with any provision of the rules, the pick-three feature pool shall be calculated in accordance with subsections (B), (c) or (d) as the case may be.

(b) When circumstances described in paragraph (a) occur in the race on which the second leg of the pick-three feature is scheduled, the pool shall be calculated in accordance with section 5, except that the net pool shall be divided by the value of tickets sold coupling the winner of the first leg with all horses in the second leg and the winner of the third leg.

(c) When circumstances described in paragraph (A) occur in the race in which the third leg of the pick-three feature is scheduled, the pool shall be calculated in accordance with section 5 except that the net pool shall be divided by the value

of tickets sold coupling the winners of the first and second legs with all horses in the third.

(d) When circumstances described in paragraph (a) occur in both races on which the second and third leg of the pick-three feature is scheduled, the pool shall be calculated in accordance with section 3, except that the net pool shall be divided by the value of tickets sold coupling the winner of first leg with all horses in the second and third legs.

(i) In the event a pari-mutuel ticket designates as the selection to win in any one or more of the three (3) races comprising the pick three a single wagering interest which is scratched or excused by the stewards, the holder of such ticket shall automatically receive as his alternate selection in the race that horse upon which the most money was wagered to win.

In the event two (2) or more horses have the identical amounts wagered upon them to win, the holder of such ticket shall automatically receive as his selection in the race that horse upon which the most money was wagered to win and place.

In the event two (2) or more horses have the identical amounts wagered upon them to win and to place, the holder of such ticket shall automatically receive as his selection in the race that horse upon which the most money was wagered to win, to place and to show.

In the event two (2) or more horses have the identical amounts wagered upon them to win, to place and to show, the holder of such ticket shall automatically receive such horse in the lower post position as his alternate selection.

(j) When two (2) or more horses finish in a dead heat for first place in any leg of the pick three feature, the payout prices shall be calculated in the following manner:

(1) The legal percentages shall be deducted from the total amount bet in the pool to determine the net pool;

(2) The total value of all bets on all winning combinations shall be deducted from the net pool to determine the calculating pool;

(3) The calculating pool shall be divided by the number of winning combinations on which tickets have been sold;

(4) The value of the tickets bet on each respective winning combination shall be divided into its' respective portion of the calculating pool;

(5) One dollar (\$1.00) shall be added to the quotient obtained pursuant to paragraph 4; and 6.

(6) The sum shall be multiplied by the purchase price of each ticket.

#### 60.34. Quinella double.

(a) The quinella double is a form of pari-mutuel wagering. The quinella double consists of selecting the quinella (the first two (2) horses to finish) of each of two (2) consecutive races. Pari-mutuel wagering tickets are to be sold for both of the two

(2) consecutive races prior to the first race of the two (2) consecutive races, without any exchange of tickets between the first and second race. The division of the pool shall be calculated as in a straight pool, subject to the provisions of these rules to the contrary.

(b) Quinella Double tickets shall be sold only by the licensee for not less than two dollars (\$2.00) and only from machines capable of issuing tickets in the manner prescribed by paragraph (1) of this rule. Resale of such tickets from one individual to another is prohibited and shall be grounds for ejection.

(c) Each bettor purchasing quinella double tickets shall designate his selection in both of the two (2) consecutive races for which such tickets are sold at the time he purchases the quinella double ticket(s) as the first two (2) horses to finish in each of the said two (2) consecutive races.

(d) If a horse is scratched in the first of the quinella double races, all quinella double tickets sold on the scratched horse will be refunded.

(e) If a horse is scratched in the second race of the quinella double races, all tickets combining the scratched horse shall become consolation tickets and shall be paid a price per dollar denomination calculated as follows: The net quinella double pool (gross pool less commission) shall be divided by the total purchase price of all tickets combining the winners of the first race of the quinella double. The quotient thus obtained shall be the price to be paid to holders of tickets combining the scratched horse in the second race of the quinella double. The entire consolation pool (number of eligible tickets times the consolation price) plus the breakage shall be deducted from the net quinella double pool.

(f) If no quinella double ticket is sold as a winning combination in the first race of the quinella double, the entire quinella double pool will be paid to the holders of tickets with the winning combination in the second race of the quinella double.

(g) If no quinella double ticket is issued on the winning combination in the second race of the quinella double, the net pool shall be distributed to holders of tickets including the horse finishing second in the same manner in which a place pool is calculated and distributed.

(h) If a quinella double ticket combines only one of the two winners in the second race and no quinella double ticket combines the other winner, the entire pool shall be distributed as a straight pool to the holders of those tickets.

(i) If no ticket includes either the first (1st) or second (2nd) horse of the second half of the quinella double, the entire net pool shall be distributed as a straight pool to all holders of tickets with winning combinations of the first half.

(j) In the event of a dead heat for place in the first race of the quinella double races, all quinella double tickets combining the first horse and either of the place horses shall be

considered eligible for participation in the second race of the quinella double. The aggregated number of winning tickets shall be divided into the net pool and to be paid the same payoff price.

(k) In the event of a dead heat for place in the second race of the quinella double races, the quinella double pool shall be divided, calculated and distributed as a place pool to the holders of quinella double tickets combining the first horse and either of the place horses in the second race. In the event of the dead heat to place and there are no tickets sold on one combination, then the other combination having winning horses shall be declared the winner.

(l) If no tickets combine the winning horse in the second race with either of the horses in the dead heat for place, the net quinella double pool shall be paid to holders of tickets including any of the (3) win/place horses as in a win, place or show pool. However if any tickets combine both of the horses in the dead heat for place, the net pool shall be paid to holders of such tickets.

(m) If for any reason the first race of the quinella double races is cancelled or declared "No Race," full and complete refund shall be made from the quinella double pool.

(n) If for any reason the second of the quinella double races is cancelled or declared "No Race," the pool shall be calculated as a straight pool and shall be distributed among the holders of tickets combining the first two (2) horses of the first (1st) race of the quinella double.

(o) If there is a dead heat for the winning horse in either of the two (2) consecutive races for the quinella double, such calculation of distribution of the quinella double pool shall be made in the manner in which any ordinary quinella pool would be made should there be a dead heat for the win despite the number of horses involved in the dead heat.

(p) Each association using this form of wagering shall make available to the public upon request copies of this rule at the information window.

(q) Entries or fields shall be permitted in races constituting the quinella double.

#### 60.35. Twin trifecta wagering.

(a) The Twin Trifecta is a form of pari-mutuel wagering in which the bettor selects the three (3) horses that will finish first (1st), second (2nd), and third (3rd) in each of the two (2) designated races in the exact order as officially posted. To obtain a twin-trifecta exchange ticket as described in paragraph (j), a first half ticket must have all three horses in the first designated race in the exact order of finish.

(b) Twin trifecta tickets shall be sold by the licensee only from automatic issue machines.

(c) Each bettor purchasing twin trifecta tickets shall designate his three (3) selections as the first (1st) three (3)

horses for finish in that order in the first race of the designated two (2) races.

(d) After the wagering closes for the first (1st) half of the twin trifecta, the commission will be deducted from the pool in accordance with the laws of the state of West Virginia. The remaining pool will then be divided into two (2) separate pools of equal amounts, 25% for the first pool and 75% for the second pool.

(e) The monies in the first part of the divided pool will be distributed to the holders of twin trifecta tickets selecting the first three (3) horses, in order, on the first designated twin trifecta race, in accordance with the established pari-mutuel practice.

The terms, "First Part of Divided Pool", shall mean ~~one-half (1/2)~~ one-quarter (1/4) of the net distributable pool of the total monies wagered in the twin trifecta on the current days program only and specifically excluded therefrom shall be any carryover of any special cumulative second race twin trifecta pool from any previous day's program.

(f) The second part of the divided pool will be placed in a separate pool to be distributed to holders of "Second Half" twin trifecta tickets selecting the first (1st) three (3) horses, in exact order, on the second (2nd) designated twin trifecta race.

(g) In the first (1st) half of the twin trifecta if no ticket is sold on a winning combination of a twin trifecta pool, with all three horses in exact order of finish, then there will be no exchange tickets issued for the second half. Further, the second half of the divided pool for that performance shall be added to the cumulative or carry-over pool from previous performances and along with the carryover pool shall not be distributed for that performance. However, the first part of the divided pool for that performance shall be distributed as follows: the net pool shall be apportioned equally between those having tickets selecting the first (1st) and second (2nd) place horses. If no ticket is sold selecting the first (1st) and second (2nd) horses in the twin trifecta pool, the net pool shall then be apportioned equally between those having tickets selecting the horse and horses that finish first (1st) in the twin trifecta race. Should no selection be made as above mentioned, the net pool shall be apportioned equally between those having selected the horse finishing second (2nd) combined with the horse finishing third (3rd).

(h) Should no selection be made as above mentioned, those having selected the second (2nd) horse for second (2nd) or the third (3rd) horse for third (3rd) with any other horses, contrary to win, place and show pool practice, the aggregate number of tickets as mentioned in this paragraph shall divide the net pool and be paid the same pay-off price. Should no selection be made as above, then a complete refund of the twin trifecta pool shall be made and the twin trifecta will be cancelled for that performance.

(i) In the event of a dead heat or dead heats in either the

first (1st) or second (2nd) race of the twin trifecta, all twin trifecta tickets selecting the correct order of finish counting a horse in a dead heat as finishing in any position dead heated shall be winning tickets, and contrary to the usual practice, the aggregate number of winning tickets shall be divided into the net pool and be paid the same pay-off price.

(j) After the official declaration of the first (1st) three (3) horses to finish in the first (1st) race of the twin trifecta, each bettor holding a winning ticket must, prior to the running of the second twin trifecta race, exchange such winning ticket for both the monetary value established by the mutuels department and a twin trifecta exchange ticket at any window and at such time shall select the three (3) horses to finish in the second (2nd) race of the twin trifecta in exact order as officially posted. No further money shall be requested of the holders of the winning ticket in order to make the exchange. However, to obtain a twin trifecta exchange ticket, a first half ticket must have all three horses in the first designated race in the exact order of finish. Other than the auditor of pari-mutuels, no person shall have access to the information that is shown on the computer printouts or any other source concerning the number of tickets sold in the first (1st) half of the twin trifecta or the number of amount of tickets selecting winners of the first (1st) half of the twin trifecta prior to the time the officials have determined the second (2nd) half of the twin trifecta of each performance to be official.

(k) No twin trifecta exchange ticket upon the second (2nd) race shall be issued except upon surrender of the twin trifecta tickets from the first (1st) race as described in these rules. Twin trifecta windows, for the purpose of cashing and exchanging winning tickets, shall be open for the purpose of making exchange as described only after the first (1st) race has been declared official and such windows shall close when wagering closes for the second race of the twin trifecta races.

(l) If a winning twin trifecta ticket from the first (1st) race is not presented for cashing and exchanged within the time provided, the bettor may still collect the monetary value attached to the ticket but forfeits all rights to any distribution of the second race twin trifecta pool.

(m) Scratches.

If up to and including the post parade, five (5) or more horses are scratched in the first (1st) or second (2nd) race (twelve (12) horse field) of the twin trifecta, then the twin trifecta will be cancelled for that performance and the races designated for the twin trifecta will revert to a regular trifecta race. A refund shall be made of all money wagered for that performance's twin trifecta pool.

If a horse(s) is scratched in the first (1st) or second (2nd) races of the twin trifecta after the post parade but prior to the running of the first (1st) half of the twin trifecta, then all twin trifecta tickets on the scratched horse(s) will be

refunded. A public address announcement will be made and reasonable time will be given to make another selection.

If after the running of the first half of the twin trifecta races, a horse(s) is scratched in the second (2nd) race of the twin trifecta races, then all twin trifecta tickets on the scratched horse(s) will be refunded. A public address announcement will be made and reasonable time will be given to make another selection.

(n) In the event there is no twin trifecta ticket issued accurately selecting the officially declared first three finishers of the second (2nd) twin trifecta race, in the exact order, such second (2nd) race pool, as divided earlier, shall be held for the next consecutive racing day or night and combined with that program's second race twin trifecta pool. Distribution of this special cumulative second (2nd) race twin trifecta pool will be made only upon the accurate selection, in the exact order, of the first three (3) officially declared finishers of the second (2nd) twin trifecta race.

(o) If for any reason, the second half of the twin trifecta is not declared official, the winning ticket holders will be entitled to the remaining amount of the current programs divided pool provided that there was an exchange process for that performance.

In the event that racing is cancelled for any program prior to the running of the second half of the twin trifecta, the second (2nd) part of that program's divided pool will be evenly distributed to all holders of first half winning tickets and all holders of second half twin trifecta exchange tickets. The cumulative twin trifecta pool will remain undistributed and be carried over for use in the next twin trifecta.

(p) Sales of the twin trifecta tickets other than from pari-mutuel machines or from an individual to another shall be deemed illegal and prohibited.

(q) The twin trifecta pool shall be held entirely separate from all other pools, and is not part of a daily double, perfecta, trifecta or other wagering pools.

(r) The Racing Commission, after due notice and hearing may impose reasonable limits on the twin trifecta jackpot pool if the best interests of racing are thereby served.

Further, if there is a limit placed on the twin trifecta jackpot pool and there is no twin trifecta ticket issued selecting in the exact order of finish, the officially declared first three (3) finishers of the second (2nd) twin trifecta race, the second (2nd) race pool shall be apportioned in accordance with the first half twin trifecta rules (paragraphs G and H).

However, should no selection be made as provided for in paragraphs G and H, then the second part of that program's divided pool and any carryover in the final performance of the meeting will be evenly distributed to all holders of first half winning tickets and all holders of second half twin trifecta exchange tickets.

(s) The two (2) races comprising the twin trifecta shall be

approved by the Racing Commission and shall be clearly and prominently designated in the program.

(t) Notwithstanding any other provision or section contained in this rule, the state steward may at any time impose such condition or conditions for running twin trifecta races and at any time take such action or actions as he deems necessary in his sole discretion to protect the best interests of racing. Such imposed condition and action taken and the reasons therefore shall be detailed in writing to the Racing Commission within seventy-two (72) hours of implementation.

178-1-60

60.36 (a). The Tri-Super is a form of pari-mutuel wagering in which the bettor selects three (3) runners that will finish first, second and third in one designated race, then selects the correct order of finish for first, second, third and fourth in another designated race. To obtain a Tri-super exchange ticket as described in paragraph (j), a first half ticket must have all three horses in the first designated race in the exact order of finish.

(b). Tri-super tickets shall be sold in not less than two dollar denominations by the licensee only from automatic ticket issuing machines.

(c). Each bettor purchasing tri-super tickets shall designate his three (3) selections as the first three (3) runners to finish in that order in the first race of the designated two (2) races.

(d). After the wagering closes on the first half of the tri-super, the commission will be deducted from the pool in accordance with the law of the State of West Virginia. The remaining pool will then be divided into two (2) separate pools of equal amounts, 25% for the first pool and 75% for the second pool.

(e). The monies in the first part of the divided pool will be distributed to the holders of the Trifecta portion selecting the first three (3) runners in order on the first designated tri-super race in accordance with the established pari-mutuel practice.

The term, "first part of divided pool," shall mean one-half of the net-distributable pool one-fourth of the total monies wagered in the tri-super on the current performance only and specifically excluded therefrom shall be any carryover of any special cumulative second race tri-super pool from any previous performance.

(f). The second part of the divided pool 75% will be placed in a separate pool to be distributed to holders of "second half" tri-super tickets selecting the first four (4) runners in exact order in the second designated tri-super race.

(g). In the first half of the tri-super only, if no ticket is sold on a winning combination of a tri-super pool with all three (3) horses in exact order of finish, then there will be no exchange tickets issued for the second half. Further, the

second half of the divided pool for that performance shall be added to the cumulative or carryover pool from previous performances and along with the carryover pool shall not be distributed for that performance. However, the first part of the divided pool for that performance shall be distributed as follows: The net pool shall be apportioned equally between those having tickets

selecting the first and second place runners. If no ticket is sold selecting the first and second runners in the tri-super pool, the net pool shall then be apportioned equally between those having tickets selecting the runner or runners that finish first in the tri-super. Should no selection be made as above mentioned, the net pool shall be apportioned equally between those having selected the runner finishing second combined with the runner finishing third.

(h). Should no selection be made as above described, those having selected the second runner for second or the third runner for third with any other runners, contrary to win, place and show pool practices, the aggregate number of tickets as mentioned in this paragraph shall divide the net pool and be paid the same pay-off price. Should no selection be made as above described, then a complete refund of the tri-super pool will be made and the tri-super will be cancelled for that performance.

(i). In the event of a dead heat in either the first or second of the tri-super races, all tri-super tickets with the correct order of finish counting a runner in a dead heat as finishing in any position dead-heated shall be a winning ticket and, contrary to usual practice, the aggregated number of winning tickets shall be divided into the net pool and be paid the same pay-off price.

(j). After the official declaration of the first three runners of finish in the first race of the tri-super, each bettor holding a winning ticket must, prior to the running of the second tri-super race, exchange such winning ticket for both the monetary value established by the mutuels department and a tri-super exchange ticket at any window and at such time shall select the four (4) runners to finish in the second race of the tri-super in the exact order of finish as officially posted. No further money shall be requested of the holders of the winning ticket in order to make the exchange.

(k). Other than the auditor of pari-mutuels, no person shall have access to the information that is shown on the computer print-outs or any other source concerning the number of tickets sold in the first half of the tri-super or the number or amount of tickets selecting winners of the first half of the tri-super prior to the time the officials have determined the second half of the tri-super of each performance to be official.

(l). No tri-super exchange ticket for the second race shall be issued except upon surrender of the tri-super tickets from the first race as described in these rules. Tri-super windows for the purpose of cashing tickets and exchanging winning tickets shall be open for the purpose of making exchanges as

described above only after the first race has been declared official. Such windows shall close when wagering closes for the second race of the tri-super races.

(m). If a winning tri-super ticket from the first race is not presented for cashing and exchanging within the time provided, the bettor may still collect the monetary value attached to the ticket but forfeits all rights to any distribution of the second race tri-super pool.

(n). If up to and including the post parade, five (5) or more runners are scratched from a ten (10) horse field in either the first or second race of the tri-super, or four (4) or more runners are scratched from a nine (9) horse field in either the first or second race of the tri-super, then the tri-super will be cancelled for that performance and all money wagered in the tri-super pool shall be refunded. Also, provided further, if the cancellation occurs after the first half, then those patrons who have made selections for the second half with an exchange ticket shall be entitled to the entire second half net pool for that performance.

If a runner(s) is scratched in the first or second race of the tri-super after the post parade but prior to the running of the first half of the tri-super, then all tri-super tickets on the scratched runner(s) will be refunded. A public address announcement will be made and reasonable time will be given to make another selection.

If after the running of the first half of the tri-super races a runner(s) is scratched in the second race of the tri-super, then all tri-super tickets on the scratched runner(s) will be exchanged. A public address announcement will be made and a reasonable time will be given to make another selection. In the event it is not feasible to make a public address announcement and give reasonable time to make another selection due to a late scratch, the State Steward may impose the distribution of the second part of that program's divided pool as provided for in paragraph q.

(o). In the event there is no tri-super ticket issued accurately selecting the officially declared first four (4) finishers of the second tri-super race in the exact order, then such second race pool as divided earlier shall be held for the next consecutive performance and combined with that performance's second race tri-super. Distribution of this special cumulative second race tri-super pool will be made only upon accurate selection, in exact order of the first four officially declared finishers of the second tri-super race.

(p). If for any reason the second half of the tri-super is not declared "official," the winning ticket holders will be entitled to the remaining amount of the current performance's divided pool provided that there was an exchange process for that performance.

(q). In the event that racing is cancelled or that the second half of the tri-super is cancelled due to an insufficient number of horses, for any performance prior to the running of the

second half of the tri-super, the second part of that performance's divided pool will be distributed equally to all holders of the first half winning tickets and to all holders of the second half tri-super exchange tickets. The cumulative tri-super pool will remain undistributed and will be carried over for use in the next tri-super.

(r). Sales of tri-super tickets, other than from pari-mutuel machines, from an individual to another shall be deemed illegal and prohibited.

(s). The tri-super pool shall be held entirely separate from all other pools and is not part of a daily double, perfecta, trifecta or other wagering pools.

(t). If there is no tri-super ticket issued selecting in the exact order of finish the officially declared first four (4) finishers of the second tri-super race, then the second race pool - when a so-called "forced" pay-out is necessary - shall be apportioned in accordance with the first half tri-super rules (paragraphs g and h.)

However, should no selection be made as provided in paragraphs g and h, then the second part of the performance's divided pool and any carryover shall be evenly distributed to all holders of first half winning tickets and all holders of second half tri-super exchange tickets.

(u). The two (2) races comprising the tri-super shall be approved by the Racing Commission and shall be clearly and prominently designated in the program.

(v). Notwithstanding any other provision or section contained in this rule, the State Steward may at any time impose such condition or conditions for running of tri-super races and may at any time take such action or actions as he deems necessary in his sole discretion to protect the best interests of racing. Such imposed condition and action taken and the reasons therefor shall be detailed in writing to the Racing Commission within seventy-two (72) hours of implementation.

(w). If all of the above conditions have been met and the carryover pool is \$150,000. or more on the next racing day, if there are no holders of a winning Tri-Super ticket, \$100,000 will be distributed to holders with three (3) winners. If there are no holders with a ticket with three (3) winners, \$100,000 will be distributed to holders with two (2) winners. If there are no holders with a ticket with two (2) winners, \$100,000 will be distributed to holders with one (1) winner, all holders of exchange tickets will share the \$100,000.

DECISION

EMERGENCY RULE DECISION  
(ERD 11-90)

AGENCY: Racing Commission  
RULE: Amendments, Series 1, Thoroughbred  
FILED AS AN EMERGENCY RULE: April 25, 1990

- par. 1 The Racing Commission (Commission) has filed emergency amendments to the above rule.
- par. 2 West Virginia Code 29A-3-15A requires the Secretary of State to review all emergency rules filed after March 8, 1986. This review requires the Secretary of State to determine if the agency filing such emergency rule 1) has complied with the procedures for adopting an emergency rule; 2) exceeded the scope of its statutory authority in promulgating the emergency rule; or 3) can show that an emergency exists justifying the promulgation of an emergency rule.
- par. 3 Following review, the Secretary of State shall issue a decision as to whether or not such an emergency rule should be disapproved [29A-3-15a(a)].
- par. 4 (A) Procedural Compliance: WV Code 29A-3-15 permits an agency to adopt, amend or repeal, without hearing, any legislative rule by filing such rule, along with a statement of the circumstances constituting the emergency, with the Secretary of State and forthwith with the Legislative Rule-Making Review Fire Commission (LRMRC).
- par. 5 If an agency has accomplished the above two required filings with the appropriate supporting documents by the time the ERD is issued or the expiration of the forty-two day review period, whichever is sooner, the Secretary of State shall rule in favor of procedural compliance.
- par. 6 The Commission has filed this emergency rule with supporting documents with the Secretary of State on May 16, 1990 and with the LRMRC on May 16, 1990.

par. 7 It is the determination of the Secretary of State that the Commission has complied with the procedural requirements of WV Code §29A-3-15 for adoption of an emergency rule.

par. 8 (B) Statutory Authority -- WV Code §19-23-6(a)(3) reads:

*(3) To promulgate reasonable rules and regulations implementing and making effective the provisions of this article and the powers and authority conferred and the duties imposed upon the racing commission under the provisions of this article, including, but not limited to, reasonable rules and regulations under which all horse races, dog races, horse race meetings and dog race meetings shall be held and conducted, all of which reasonable rules and regulations shall be promulgated in accordance with the provisions of §29A-3-1 et. seq. of this code.*

par. 9 It is the determination of the Secretary of State that the Commission has not exceeded its statutory authority in promulgating this emergency rule.

par. 10 (C) Emergency: WV Code 29A-3-15(g) defines "emergency" as follows:

*(g) For the purposes of this section, an emergency exists when the promulgation of a rule is necessary for the immediate preservation of the public peace, health, safety or welfare or is necessary to comply with a time limitation established by this code or by a federal statute or regulation or to prevent substantial harm to the public interest.*

par. 11 There are essentially three classes of emergency broadly presented with the above provision: 1) immediate preservation; 2) time limitation; and 3) substantial harm. An agency need only document to the satisfaction of the Secretary of State that there exists a nexus between the proposal and the circumstances creating at least one of the above three emergency categories.

par. 12 The facts and circumstances as presented by the Commission are as follows:

The thoroughbred racing industry in our State is facing an immediate problem concerning declines in attendance and the amount of wagering. Surrounding states, including Ohio and Pennsylvania, are giving their patrons opportunities to participate in various forms of wagering that offer high payoffs due in large part to the manner in which the wagering pools are structured.

The Racing Commission submitted amendments to the Twin-trifecta and Tri-Superfecta which would allow these wagering pools to be attractive to the patrons. These changes would cause more money to be returned to the patrons in winnings as well as cause more money to be wagered and, thus, this would increase the revenue to the State of West Virginia.

Mountaineer Park is in direct competition with two (2) race tracks in Pennsylvania and two (2) race tracks in Ohio. These tracks offer similar types of wagering pools. For the next four months, Mountaineer Park has designed their marketing strategy to include these forms of wagering based on a 25% - 75% split. If these changes were processed on a non-emergency basis, it would be too late.

Without Mountaineer Park having the ability now to counter the strategy of the competition in Pennsylvania and Ohio, the volume of business at Mountaineer Park will decline which means adverse effects on racing as well as on the northern pan-handle's economy. Mountaineer Park, after Weirton Steel Corporation, is the second largest employer in Hancock County.

These rule changes are being requested on an emergency basis since time is of the essence. Jobs and revenue are at stake.

par. 13 It is the determination of the Secretary of State that this proposal qualifies under the definition of an emergency.

par. 14 This decision shall be cited as Emergency Rule Decision 11-90 or ERD 11-90 and may be cited as precedent. This decision is available from the Secretary of State's office and has been filed with the Racing Commission, the Attorney General and the Legislative Rule Making Review Commission.
