ATTACH A **BRIEF** SUMMARY OF YOUR PROPOSAL

THOROUGHBRED RACING

BRIEF SUMMARY OF RULE

The rule amends one section involving testing of horses of equine infectious anemia ("EIA").

The new rule will require any horse entering a race to have had a negative Coggins test, or medical test that detects EIA, within the past twelve months or within the past six months prior to being moved interstate. All race horses that change ownership while stabled at a West Virginia racetrack due to being sold, traded, donated or claimed as a result of a claiming race must have been tested for EIA with a negative result no more than six (6) months before the change of ownership. This rule will no longer permit horses to enter races where their Coggins test is expired.

This rule also requires a steward representing the racing association or another individual representing the racing association, to review official test papers of each horse at the time of entry on the grounds of the racing association to ensure that all horses are test-negative for EIA.

Finally, should a horse at a racetrack test positive for EIA, a report of the test must be sent to the West Virginia Commissioner within 24 hours, after the results are known. Copies of the notice sent to the Commissioner shall be given at the same time to the steward at the racetrack who represents the Racing Commission and to the steward who represents the racetrack. Once a positive reactor is identified at a West Virginia racetrack, rules and procedures of the Commissioner of Agriculture govern the handling and movement of infected and exposed horses at the track.

STATEMENT OF CIRCUMSTANCES

The amendment of this rule brings the current rules of thoroughbred racing into compliance with the rule promulgated by the Department of Agriculture. According to the Department of Agriculture's Rule 61 CSR 1.6.14.A, no horse may be imported into the State of West Virginia without a valid, official health certificate showing the results of a negative approved test for equine infectious anemia ("EIA"). Thus, under the Department of Agriculture's legislative rule, any horse that comes into the State, except for sale on public market, must have a negative test result for EIA.

As the rule for thoroughbred racing is currently drafted, a window of thirty days is permitted where a thoroughbred horse may enter the state, enter a race and compete in a race without having a negative test for EIA. This rule is in conflict with the Department of Agriculture's rules for horses.

In order to bring the rules of thoroughbred racing into compliance with the rules for the Department of Agriculture, the provision allowing horses to run during that thirty day period is removed in this current proposed rule.

Non-Amended Sections directly affected by the proposed Amendment:

The proposed amendment to the existing rule does not have a direct effect on other sections of the rule which are not amended herein.

Note of Explanation:

The proposed amendment to the existing rule is an amendment of a direct requirement that all thoroughbreds be tested for equine infectious anemia ("EIA") and present a proof of a negative test prior to racing in West Virginia. See generally attached "Brief Summary of Rule." In light of the fact that the proposed amendment addresses a discreet requirement already present in the rule, it does not directly modify, eliminate, or expand any other existing rule.

26.7. If the results of the initial test on a specimen are negative, the Racing Commission veterinarian may discard the retained part of the specimen upon receipt of the negative result. If the result of the initial test on a specimen is positive, the Racing Commission veterinarian may discard the retained part of the specimen after the expiration of the period during which an owner or trainer may request the retained part be sent for split testing.

26.8. The official chemist of the primary testing laboratory shall reveal the identity of the drug or drug metabolites to the split sample laboratory. 28.1. The split sample laboratory shall send a confidential written report on the result of its tests to the Racing Commission steward.

28.2. No action shall be taken against the trainer or owner if the results of the split sample testing are negative or in the instance of quantitative levels of permitted medications, in the urine and/or blood where the confirmed levels are within the permitted levels.

28.3. No hearing shall be held concerning the allegations against the trainer or owner, nor shall purse redistribution take place, until split sample testing has been completed and the results of the primary testing laboratory have been confirmed.

28.4. The owner or trainer shall be notified in writing of the results of the primary and split sample testing laboratories when confirmation of positives exists. When quantitative levels of permitted medications exceed the permitted levels, the level of the confirming laboratory, if lower than the primary laboratory report, shall be used as the basis for a violation and penalty.

Prior to shipment, the representative of the Racing Commission shall confirm the split sample laboratory's willingness to provide the testing requested, the laboratory's willingness to send results to the Racing Commission steward and arrangements for payment satisfactory to the split sample laboratory. A split sample testing laboratory shall be a member in good standing of the Association of Official Racing Chemist and approved by the Racing Commission.

35.8. Bar plates may be used only with the consent of the stewards and the stewards must approve their discontinuance.

35.9. Whips and/or blinkers may be used on two (2) year Olds as well as other first time starters if schooled or reviewed by the starter with the whips and/or blinkers, and approved by the starter and the stewards before time of entry.

35.10. The use of plastic bridles and/or reins is prohibited unless they are steel reinforced.

35.11. No bridle shall exceed two (2) pounds in weight, and no whips shall exceed one (1) pound in weight or thirty (30) inches in length, unless approved by the stewards.

§178-1-36. Declarations and scratches.

36.1. No horse shall be considered to be scratched from a race until the trainer, or his or her deputized surrogate in writing notifies the association's racing secretary within the proscribed time period established by the association.

36.2. For stakes races, if a horse is not named through the entry box at the usual time of closing, the horse is automatically scratched.

36.3. The declaration of a horse from a race is irrevocable.

36.4. Scratches from stakes races shall close forty-five (45) minutes before post time for that race.

36.5. If the miscarriage of any declaration

by mail or otherwise is alleged, satisfactory proof of the miscarriage is required of the complainant. Otherwise, the declaration shall not be accepted.

36.7. A report from the Racing Commission veterinarian shall be given to the stewards and shall be used only as an aid in determining the final decision of a request to scratch.

36.8. Horses listed as also eligible shall be selected into a race by lot unless a scratch card has been deposited by scratch time the day of the race. Horses listed as also eligible shall have the preference of scratching. Horses listed as also eligible for which a scratch card has been deposited shall be given the following consideration:

36.8.1. if there are no scratches among horses assigned post positions, the preferential status of horses on the also eligible list shall remain unchanged;

36.8.2. if the opportunity to start, as determined by lot, is refused by scratching, that horse shall lose all preference; or

36.9. In all races with more than eight (8) horses, trainers may withdraw a horse to this number by the specified scratch or elimination time on the day of the race. This right is to be determined by lot when necessary. §178-1-37. Disciplinary Action.

37.1. No racing official other than the stewards may impose a fine or suspension. The starter may recommend disciplinary action to the stewards.

§178-1-38. Engagements and Transfer.

38.1. If a horse is sold by private treaty or at a public auction, the written acknowledgment of both parties is necessary to prove the fact that the horse was sold with its engagements. However, when a horse is claimed or purchased from a claiming race, the horse's engagements are included. The sale of a horse under any circumstances to a non-eligible person shall not give that person the privilege of racing the horse.

38.2. No horse entered in a race may be sold or transferred until after the race has been run in which the horse is entered without permission of the stewards. A horse entered in a race shall not be transferred to another trainer until after the race in which it is entered has been run, unless permission is obtained from the stewards.

38.3. When a horse is sold with its engagements transferred, valid subscriptions, entries or rights of entry continue to exist with the surviving partners of a duly registered partnership in the event of the death of a partner, provided that the subscription, entries or rights of entry were made prior to the partner's death.

38.4. Subscriptions and all entries or rights of entry under them become void on the death of a subscriber, except in the case of a surviving partnership or except subject to the approval of the stewards when the personal representative of an estate, in writing, requests that the benefits of accrue to the estate of the decedent subscriber for the privilege of transfer, and agrees to assume any and all obligations incident to the original entries.

38.5. No person shall make or receive the transfer of a horse or engagement for the purpose of evading disqualification.

39.2. When a person is excluded from a racetrack or suspended, he or she is not qualified, whether acting as agent or otherwise, to subscribe for, to enter, or run any horse in any race either in his or her own name or in that of any other person until the stewards rescind their penalty.

39.3. The owner or trainer shall not register a horse for racing or be permitted to enter or start a horse in a race unless the horse is stabled on the grounds of the association conducting the meeting or at other stabling facilities. Entries and declarations may be made through an electronic device, and each association shall provide blank forms on which entries and declarations are to be made.

39.9. A signed entry blank is prima facie evidence that the contents of the entry blank express the desires and intent of the person making entry.

39.10. Entries may be made by telephone or other electronic devices approved by the Racing Commission or their designee.

39.11. A person not having an interest in a horse that is equal at least to the ownership interest of any other individual may not enter the horse in a race as the owner.

39.12. One or more of the owners may make joint subscriptions and entries. However, each of them is jointly and separately liable for

all fees and forfeits.

39.13. When a horse is entered it must be clearly identified by stating its age, sex, name, color, names of its sire, and dam. If the registration certificate indicates the dam was covered by more than one (1) stallion, the names of all stallions shall be given in the order in which the stallion covered the mare.

39.14. The stewards may call on any person in whose name a horse is entered to produce proof that the horse entered is not the property either wholly or in part of any person who is disqualified, and produce proof of the extent of his or her interest or property in the horse. If proof is not given to their satisfaction, the stewards may declare or eliminate the horse from the race.

39.15. The Racing Commission may refuse an entry of any person, or the transfer of any entry, with notice and the reason given.

39.16. The stewards may not allow a horse to start in any race unless it is duly registered and named with the registry office of The Jockey Club with the Certificate of Registration properly endorsed to the current owner on file with the association's racing secretary one-half (½) hour before post time of the first race. For good cause, the stewards may waive this requirement if the horse is otherwise properly identified.

39.17. If a horse's name is changed, the owner shall register its new name with The Jockey Club. The Racing Commission shall accept no entry until such time as The Jockey Club has issued a new Certificate of Registration.

39.18. Maidens two (2) "year old" and up may start in West Virginia. Any horse thirteen (13) years of age or older shall not be allowed to start in West Virginia unless special permission is granted by the Racing Commission or its representative in response to a request by anyone who holds an occupational permit.

39.19. No horse shall be permitted to enter or to start in any race unless the horse is supervised, including its saddling, by a trainer who holds an occupational permit in West

Otherwise, any money shall be paid to the winner.

39.25. No horse on the schooling list, veterinarian list or stewards lists, is qualified to be entered, or to start in a race.

39.26.5. is afflicted by the disease known as periodic ophthalmia, moon blindness or similar disease afflicting the vision.

39.27. If a horse is sold to a disqualified person, the horse's racing engagements are void as of the date of sale.

39.28. No horse shall be allowed to enter or to start in any race if the owner of that horse is

in financial arrears, except with the approval of the association's racing secretary or stewards.

39.29. No more than two (2) horses of the same ownership or interest shall be entered and start in a purse race except;

39.29.1. When making an entry, the trainer shall express a preference. In no case may two (2) horses start as an entry even though uncoupled for wagering purposes, if this deprives a single entry from starting;

39.29.2. Stake rules apply at all racetracks regardless of size. In a stake, futurity or other special event, any two (2) or more horses entered that are owned in whole or in part by the same owner or trained by the same trainer shall be given an equal draw according to the eligibility conditions of the race. These horses shall be coupled as set forth under subsection 10.15 of this rule.

39.30. In the races comprising the daily double, only one (1) horse may be raced in a single interest, or trained by one (1) trainer. 39.31. The association's racing secretary may split or divide any overnight race which may have closed and conduct a new drawing for post positions.

39.32. The racing secretary shall close all entries at an advertised time with no entry accepted thereafter. The association's racing secretary, however, may postpone closing or filling of overnight races.

39.33. If, due to racetrack limitations the number of entries to any purse race is in excess of the number of horses that may be permitted to start, the horses for the race and their post or starting gate positions, shall be determined by lot in public. The same methods shall be employed in determining the horses and post or starting positions in split races.

39.34. If the ownership of a horse is changed through claiming or transfers, the association's racing association shall deliver the original registration certificate to the new owner.

39.35. An Owner or trainer refusing to deliver any registration certificate, if reasonably available, shall be suspended until delivered.

39.36. The association's racing secretary shall immediately compile and conspicuously display all entries.

39.37. Alterations shall not be made in any entry after closing of entries, except correction of errors approved by the stewards.

39.38. Any horse, which has been removed from starting due to sickness or physical disability, is not eligible to start for a minimum of five (5) calendar days, exclusive of the day of the horse's removal. The entry shall be accompanied by a written certificate of fitness from the Racing Commission veterinarian and be approved by the stewards.

39.39. Mares who are or who may be in foal are not eligible for racing unless full information as to services or breeding has been filed with the association's racing secretary and the track veterinarian has given approval. The Racing Commission veterinarian shall post this information on the bulletin board in the association's racing secretary's office. If the in-foal mare is claimed, the original owner shall supply the stallion service certificate to the owner of that mare at the time of foaling.

39.40. Horses moved into West Virginia from another state or county. All horses that move onto a West Virginia racetrack from another state or country must comply with all applicable rules of the West Virginia Commissioner of Agriculture and with the applicable rules of the United States Department of Agriculture.

~~39.40~~ 39.41. Equine infectious anemia (EIA).

39.41.1. No horses shall be permitted on the grounds of a racing association in this State unless the horse has had a negative Coggins test within the past

twenty-four (24) months if stabled in West Virginia or six (6) months if stabled out of the State of West Virginia. All horses from a state with a program comparable to the West Virginia program shall be permitted on the grounds of a racing association if accompanied by an official health certificate giving a positive description of the animal and showing a negative Coggins test within the last twelve (12) months. If a horse is in the entries, and if the Coggins' test has expired, the veterinarian shall draw blood and the horse may run for a period no longer than thirty (30) days from the date that the blood is drawn, at which time the actual Coggins' test result shall be submitted twelve (12) months, or within the past six (6) months prior to being moved interstate, whichever requirement is applicable to the particular horse, except as otherwise provided in this subsection 39.41.

39.41.2. A steward representing the racing association or other individual designated and employed by the racing association, must review official test papers of each horse at the time of entry on the grounds of the racing association to ensure that all horses are test-negative for EIA.

39.41.3. Testing for EIA.

39.41.3.a. All horses being moved interstate must have been tested for EIA with a negative result within six (6) months prior to entry in a race held under the jurisdiction of the West Virginia racing commission.

39.41.3.b. All horses not moved interstate must have been tested for EIA with a negative result within twelve (12) months prior to entry in a race held under the jurisdiction of the West Virginia racing commission.

39.41.3.c. Notwithstanding the subdivisions a. and b. of this subsection, all race horses that change ownership while stabled at a West Virginia racetrack due to being sold, traded, donated, or claimed as a result of a claiming race must have been tested for EIA with a negative result no more than six (6) months before the change in ownership.

39.41.4. Procedures for handling infected horses.

39.41.4.a. Should a horse at a racetrack in this state test positive for EIA, that report must be sent to the West Virginia Commissioner of Agriculture within 24 hours after the results of the test are known, and copies of the notice sent to the Commissioner shall be given at the same time to the steward at the racetrack who represents the Racing Commission and to the steward at the track who represents the racetrack.

39.41.4.b. Once a positive reactor is identified at a West Virginia racetrack, rules and procedures of the Commissioner of Agriculture govern the handling and movement of infected and exposed horses at the track.

39.42. No entry shall be received of any horse that is not stabled upon the grounds of the racing association where the race is run, unless the horse is stabled in an area with the approval of the Racing Commission or stewards.

39.43. The association's racing secretary shall not accept an entry from a husband or wife while either is disqualified from racing. For the purpose of this rule, a husband and wife shall be considered as one, unless they are legally separated and evidence of the separation is on file with the Racing Commission.

§178-1-40. Also Eligible.

40.1. A list of names, the number to be determined by the association's racing secretary, may be drawn from the overflow entries and listed as also eligible to start if and when horses originally listed are scratched. Horses gaining a position in the race from the also eligible list shall be determined by lot.

40.2. If the owner of a horse on the also eligible list is not given the opportunity of starting his or her horse because of insufficient scratches, the name of that horse shall be placed on the preferred list. No owner's horse shall be placed on the preferred list if the owner did not accept, when presented, the opportunity of starting. However, when a substitute race or extra race is used, all horses entering in the races and not given the opportunity of starting shall be placed on the preferred list. In case of an entry, the preferred horse only shall be given a place on the preferred list, unless the second choice of

an entry is included in another division of a divided race and does not gain a position in the race (may not exclude a single interest), the horse then shall be given a place on the preferred list.

40.3. Any horse which has drawn or obtained a position in a race and enters again on the next day that entries are taken shall be termed an in-today horse and if the race in which the horse is entered overfills, the horse shall be given no consideration whatsoever with the exception of participation in a stakes race. If a horse is on the also eligible list and is selected in a race the next day, the horse is an automatic scratch or elimination from the eligible list the first day.

§178-1-41. Preferred List.

41.1. The association's racing secretary will post or display each afternoon a copy of the preferred list. Any claim of error shall be made by scratch or elimination time of the following day. The stewards shall recognize any claim of error that is made within the prescribed time.

41.2. In entering horses on the preferred list, the owner and/or trainer shall make a claim of preference at time of entry and noted on the entry. If the claim is not noted on the entry the preference shall be foregone with no claim of error being considered by the stewards.

§178-1-42. Penalties and Allowances.

42.1. Penalties and allowances are not cumulative, unless designated by the conditions of the race, and they shall take effect at the time of starting with the exception that in overnight events, a horse shall have only the allowance to which it was entitled at the time of entry.

42.2. Penalties are mandatory. Allowances are optional as to all or any part of this section, and in overnight events, allowances shall be claimed at the time of entry.

42.3. No horse shall receive allowance of weight nor be relieved from extra weight for having lost in one or more races. However, this subsection shall not prohibit maiden allowance or allowances to horses that have not won a race within a specified period or a race of a specified

value.

42.4. Failure to claim a weight allowance by oversight or omission is not cause of disqualification. Claims of weight allowance to which a horse is not entitled shall not disqualify the horse unless the incorrect weight is carried in the race. However, the Racing Commission may impose a fine upon the person claiming a weight allowance to which his or her horse is not entitled.

42.5. Eligibility, penalties, and allowances of weight for all races shall be determined after considering the reports, records, and statistics published by the Daily Racing Form and other racing statistical publications. However, responsibility for weight carried and eligibility still remains with the owner and trainer.

42.6. No horse shall incur a weight penalty for order of finish from which the horse is disqualified, but a horse finishing position in a race through the disqualification of another horse shall take the weight penalties of that position. No such position shall disqualify a horse for a race, which has already been run.

42.7. When a race is in dispute, both the horse that finished first and any other horse involved in the dispute are subject to all penalties attached to the winner of that race until the matter is decided.

42.8. Races described to run under Scale of Weights or Weight for Age shall be run under the weights as provided for in the scale of weights are set forth in table 62.1 of this rule.

Any person who is involved in or employed by those involved in racing or operating a licensed racetrack or those operating concessions for or under authority from any association, shall have a valid occupational permit issued by the Racing Commission, unless otherwise specifically exempt from this

requirement.

43.2. If a dispute arises between a licensee and an occupational permit holder, at any licensed racetrack and if the occupational permit holder or licensee desires to terminate his or her activities under an existing license or occupational permit, then the licensee or occupational permit holder shall give seven (7) days' notice, in writing, of his or her intention to terminate all activities under his or her existing license or occupational permit to the Racing Commission. The Racing Commission may, upon request from either party, within the seven (7) day period, conduct hearings in an attempt to arbitrate and settle any disputes by and between the parties. In the event, either the licensee or occupational permit holder does not comply with this provision of this section the Racing Commission may suspend the licensee and/or occupational permit holder. All hearings shall be governed by West Virginia Procedural Regulations, 178 CSR 4 (1991), Dispute Resolution Procedures.

43.3. Applicants for occupational permits may be called upon to submit satisfactory evidence of financial responsibility. After the occupational permit has been issued, the applicant shall maintain a record of financial responsibility during the period for which an occupational permit is issued.

43.8. A person who is suspended, or whose occupational permit is revoked, or to whom an occupational permit is denied by any racing board or commission shall apply to and be reinstated by the Board or Commission of the state in which the original ruling was made before he or she is eligible to hold an occupational permit in any capacity issued by the Racing Commission.

43.9. All occupational permit holders shall visibly display their card at all times in restricted areas and are responsible for its safekeeping. No occupational permit is transferable. The Racing Commission shall not issue duplicate cards except upon payment of a fee of five dollars (\$5.00).

43.10. The Racing Commission may suspend and/or fine any occupational permit holder who allows another to use his or her occupational permit card or badge or any person who uses the occupational permit card or badge of another person for the purpose of transferring any of the benefits pertaining to the card or badge.

43.14. The Racing Commission may deny or revoke an occupational permit of any person who has been refused an occupational permit by any other racing jurisdiction when the racing jurisdiction of each other state extends to the Racing Commission of West Virginia reciprocal courtesy to maintain the disciplinary control. 43.16. The Racing Commission shall not grant an occupational permit to anyone under sixteen (16) years of age.

43.17. The stewards or the Racing Commission may impose any condition or conditions on the issuance of an occupational permit, that they consider necessary in their sole discretion to protect the best interest and integrity of racing. The stewards or Racing Commission may deny the occupational permit if a conflict of interest exists or could exist as a result of the issuance of an occupational permit.

43.18. Any person under suspension by any racing jurisdiction in any country remains under suspension in this State until he or she is reinstated by the original racing jurisdiction.

43.19. It is the responsibility of the person mounted on a horse to wear the approved safety equipment. §178-1-45. Jockeys and Apprentice Jockeys.

45.1. Each jockey and apprentice jockey shall obtain an occupational permit from the Racing Commission, and the Racing Commission shall not issue an occupational permit to any jockey or apprentice jockey under sixteen (16) years of age.

45.2. Stewards may grant a temporary occupational permit for the riding of ten (10) or more races. If approved after having consulted with the representatives of the jockeys, the stewards may replace the temporary occupational permit with an occupational permit.

45.3. No jockey shall be the owner of any race horse.

45.4. A jockey shall not compete in any race against a horse, which is owned or trained

by the jockey's spouse.

45.5. Male or female jockeys who are husband and wife may ride separate entries in the same race.

45.6. A jockey shall not ride or agree to ride in any race without the consent of the owner to whom he or she is under contract.

45.7. A jockey shall faithfully fulfill all engagements in respect to racing.

45.8. A jockey may not ride in any race against a horse of his or her contract employer unless his or her mount and his or her contract employer's horse are both in the hands of the same trainer.

45.9. In riding a race, a jockey shall be neat in appearance and the judgment of the stewards control in this regard. A jockey shall dress, in clean jockey costume, cap, and jacket of silk, which is satin or waterproof, with white or light breeches and top boots. In all races, a jockey shall wear approved safety helmets and a safety vest the weight of which shall not be included in the jockey's weight. The safety helmet shall meet at least the minimum standards as defined by the American Society for Testing and Materials (ASTM). The safety vest shall not weigh more than two (2) pounds and be designed to provide shock absorbing protection to the upper body of at least a rating of five (5), as defined by the British Equestrian Trade Association (BETA).

45.10. A jockey shall wear the colors of the owner or owners of the horse he or she is riding (except by special permission or orders from the stewards) and wear a number on the saddlecloth corresponding to the number of the horse as exhibited in the official program.

45.11. A jockey shall wear a number on his or her right arm and this number and the saddle cloth number shall correspond to the number of the horse in the official program.

45.12. Every jockey who is to ride shall report and weigh out at the appointed time unless excused by the stewards. Every jockey who has an engagement to ride in a stake race shall report into the jockey room no later than

one (1) hour before post time of that race. Jockeys shall not leave the jockey room, except to view the races from a point approved by the stewards or to ride in a race unless by permission granted by the stewards.

45.13. A jockey shall pass an annual physical examination that is administered by a physician of the jockey's choice before being permitted to ride. The stewards may require that any jockey be reexamined and may refuse to allow any jockey to ride until he or she successfully passes an examination. If a jockey has previously passed an examination prior to his or her appearance at a racetrack in this State, he or she shall present a physical fitness card signed by the examining physician that shows the date upon which the examination was made.

45.14. No jockey shall make a wager on any race nor accept the promise or token of any wager with respect to the race in which he or she is riding except through or from the owner or trainer of the horse he or she rides and then only on that horse.

45.15. The owner of the horse shall pay the jockeys' riding fees to the horsemen's bookkeeper.

45.15.1. If any owner or trainer engages two (2) or more jockeys for the same race, he or she shall pay the losing fee for each engaged jockey not riding in the race as well as the proper fee to the jockey who does ride.

45.16. A jockey's fee shall be considered earned when the clerk of scales weighs out the jockey. The fee shall not be considered earned if the jockey, of his or her own free will, takes himself or herself off his or her horse when injury to the horse or rider is not involved. Any conditions or considerations not covered by this subsection are at the discretion of the stewards.

45.17. In a dead heat, the jockeys involved shall divide equally the sum total of the fees they would have received individually had one beaten the other or others. Likewise, the owners of the horses involved shall pay their equal share of fees.

45.18. A jockey who is serving a suspension of ten (10) days or less may ride in a

designated race during the suspension if;

45.18.1. race has been specified as a designated race by the association's racing secretary before the inception of the race meeting at the association; or

45.18.2. race has been approved as a designated race by the stewards officiating at the meeting; and

45.18.3. jockey is named no later than the time set for the close of entries for the race; and

45.18.4. jockey agrees to serve an additional day of suspension in place of the day on which the jockey rides in a designated race.

45.18.5. Reciprocity of this rule applies only to those states, which have adopted the designated race rule.

45.19. The suspension of a jockey for an offense not involving fraud begins on the second day after the ruling, unless otherwise ordered by the stewards. A suspension for fraud begins immediately after the ruling.

45.20. A jockey temporarily suspended may exercise or gallop horses until the racetrack closes for the morning.

45.21. A forfeiture shall be paid by the jockey himself or herself and any other person paying the forfeiture is subject to fine or suspension.

45.22. A jockey may have no more than one (1) agent. All engagements to ride, other than those for his or her contract employer, shall be made by him or her or his or her agent. The person making the engagements is responsible for the proper maintenance of the engagement book.

45.23. A jockey shall not have an attendant other than those provided by the association. If a jockey cannot find an available attendant, the clerk of scales shall assign one. A jockey may care for his or her own equipment.

45.24. Employers retaining the same jockey have precedence according to priority of the

retainers as specified in the contracts.

45.25. Approved jockeys' fees are set forth in table 45.25 of this rule)

45.26. Jockey apprentices shall obtain an occupational permit from the Racing Commission and shall comply with the provisions of this section relating to jockeys, except those that are in conflict with the following subsection specific relating to apprentices.

45.28. The Racing Commission shall keep the original apprentice jockey contract in full force and effect throughout its contract period. The Racing Commission shall attach any and all amendments to that contract to the copies in possession of the parties with a copy of the amendments sent to the Racing Commission where the original contract is filed.

45.29. A copy of all apprentice contracts, wherever entered into, shall be approved by the stewards and filed with the Racing Commission. A satisfactory record of birth shall accompany the apprentice contract at all times.

45.30. If an apprentice contract is transferred, that transfer shall be approved by the stewards and registered with the Racing Commission by both the transferor and the transferee.

45.31. No person may enter into a contract in West Virginia with an apprentice jockey unless he or she is the owner or trainer of a stable of horses, which would, in the opinion of the stewards, warrant his or her employment of an apprentice.

45.32. An application for an occupational permit as apprentice jockey shall be accompanied by (a) an original, a notarized or photostatic copy of his or her agreement with his or her contract employer; (b) written proof of at least one (1) year of service with a racing stable;

(c) a certificate of proficiency from the starter; (d) a birth certificate or satisfactory evidence of the date of birth.

45.33. All engagements for an apprentice jockey to ride, other than those for his or her contract employer shall be made by himself or herself, his or her agent, or his or her contract employer, who may act as his or her agent without an occupational permit. However, the person making the engagements is responsible for the proper maintenance of the engagement book.

45.33.1. Any person sixteen (16) years of age or older, and who has not previously been issued an occupational permit as a jockey in this or any other country, and who meets the eligibility requirements may be granted an apprentice certificate. He or she may also obligate himself or herself, with the consent of a parent or guardian if said person is not of legal age, by contract to an owner or trainer for a term of not less than three (3) nor more than five (5) years (subject to written extension if made for less than five (5) years). The contract or certificate shall be subject to the approval and jurisdiction of the Racing Commission. A duly certified apprentice jockey may claim the following weight allowances in all overnight races, except stakes and handicaps:

45.33.1.1. Ten (10) pounds allowance beginning with the first mount and continuing until he or she has ridden five (5) winners;

45.33.1.2. A seven (7) pounds allowance until the apprentice has ridden an additional thirty-five (35) winners; and

45.33.1.3. If an apprentice has ridden a total of 40 winners prior to the end of a period of one (1) year from the date of riding his or her fifth winner, he or she shall have an allowance of five (5) pounds until the end of that year.

45.34. If after one (1) year from the date of the fifth winning mount, the apprentice jockey has not ridden forty (40) winners, the applicable weight allowance shall continue for one more year or until the fortieth (40) winner, whichever comes first. But in no event may a weight

allowance be claimed for more than two (2) years from the date of the fifth winning mount, unless an extension has been granted pursuant to this rule.

45.35. After the completion of conditions set forth in this subsection, for one (1) year he or she may claim three (3) pounds when riding horses owned or trained by his or her original contract employer if the contract has not been transferred or sold since he or she rode his or her first winner.

45.36. The holder of the contract at the time the apprentice rides his or her first winner is considered the original contract employer.

45.34. The Racing Commission shall take jurisdiction of an application for extension of apprentice allowance in cases where personal injuries in the conduct an apprentice jockey's duty and restrictions on racing occurred at tracks licensed by the Racing Commission.

45.35. Extension of Weight Allowance: The Racing Commission may extend the weight allowance of an apprentice jockey when, in the discretion of the Racing Commission, an apprentice jockey cannot continue riding due to:

45.35.1. physical disablement or illness;

45.35.2. military service;

45.35.3. attendance in an institution of secondary or higher education;

45.35.4. restriction on racing; or

45.35.5. other valid reasons.

45.36. To qualify for an extension, an apprentice jockey shall have been rendered unable to ride for a period of not less than seven (7) consecutive days during the period in which he or she was entitled to an apprentice allowance. Under exceptional circumstances, the Racing Commission may consider total days lost collectively.

45.37. The Racing Commission currently licensing the apprentice jockey may grant an extension to an eligible applicant, but only after the apprentice has produced documentation

verifying time lost as defined by this section.

45.37.1. An apprentice may petition one of the jurisdictions in which he or she is issued an occupational permit and ride for an extension of the time for claiming apprentice weight allowances. The apprentice is bound by the decision of the jurisdiction that is petitioned.

45.38. Apprentice allowance shall be claimed at the time of entry and shall not be waived except by consent of the stewards.

45.39. The stewards shall not consider any race, unless reported in the Daily Racing Form or an equivalent foreign publication, in determining a jockey's right to the apprentice allowance.

46.5. No jockey agent may handle, at the same time, more than two (2) jockeys or one (1) apprentice and one (1) jockey, nor shall he or she make or assist in the making of any engagement for any jockey other than those for whom he or she holds an occupational permit to represent.

46.6. If any jockey agent gives up the making of engagements for any jockey, he or she shall immediately notify the stewards, the Racing Commission and the association's racing

secretary. He or she shall at the same time turn over to the stewards a list of any unfilled engagements he or she may have made for that jockey.

46.7. Jockey agents are not allowed in the paddock or on the racetrack at any time, except by special permission from the stewards.

46.8. A jockey agent shall not give to anyone, directly or indirectly, any information or advice pertaining to a race or engage in the practice commonly known as touting for the purpose of influencing any person, in the making of a wager on the result of any race.

46.9. No person other than a jockey agent or contract employer shall make engagements for an apprentice jockey or jockey. However, a jockey not represented by an agent shall make his or her own engagements.

46.10. Jockey agents shall be called upon to explain rival claims for any mount or for any rider. A jockey agent's inability to satisfy the stewards that the rival claim arose through honest and bona fide error is considered a falsification of records.

46.11. The stewards shall decide conflicting claims for the services of a jockey and first call has priority.

46.12. Any agent who falsifies his or her record shall be fined and/or suspended by the stewards.

46.13. A jockey agent may not hold an occupational permit in any other capacity as long as he or she holds an agent's occupational permit unless the Racing Commission approves the additional occupational permit. An applicant for a jockey agent occupational permit, who has not been previously issued, an occupational permit in any State, shall have the written statement of two (2) reputable persons to the effect that the applicant is personally known to them and that he or she is a person of good reputation and capable of the satisfactory performance of the vocation he or

she seeks to follow. The stewards shall give the applicant a thorough written and/or oral examination on the duties of a jockey agent.

46.15. If, for good reason, a jockey agent is short of his or her permissible quota of jockeys and wishes to take on the task of making engagements for a jockey not named in his or her occupational permit, he or she shall obtain permission from the stewards before making these engagements.

§178-1-47. Naming of Riders.

47.1. Owners and/or trainers shall name their jockeys no later than scratch time of the day of the race.

47.2. Any subsequent change of a jockey must be sanctioned by the stewards and shall be promptly and publicly displayed and announced.

§178-1-49. Owners - Trainers.

49.1. Each owner shall obtain an occupational permit from the Racing Commission.

49.2. All owners and trainers of horses and their stable employees are subject to the laws of West Virginia and the rules promulgated by its Racing Commission immediately upon acceptance and occupancy of stabling accommodations from an association or upon making entry to run on an association's racetrack. The owners, trainers and stable employees shall abide by this rule and accept the decision of the stewards on all questions, subject to their right of appeal to the Racing Commission.

49.3. If any owner changes trainers, he or she must notify the stewards and obtain a transfer certificate.

49.4. No owner shall employ a jockey for the purpose of preventing him or her from riding in any race.

49.5. No owner shall accept, directly or indirectly, any bribe, gift or gratuity in any form, which might influence the result of any race.

50.4. A power of attorney instrument submitted by an owner or trainer shall be attached to the regular application form and filed permanently with the Racing Commission's license clerk.

50.5. An owner wishing to make changes to the written instrument shall do so in writing and file with the Racing Commission.

50.6. The term of the occupational permit expires December 31 of each year, unless the agent's appointment is revoked by the owner of the occupational permit or revoked by the Racing Commission prior to the expiration date.

50.7. An owner's cancellation of an authorized agent shall be in writing, sworn to before a notary public, and filed with the Racing Commission.

§178-1-51. Licensing Requirements for Multiple Owners.

51.3. An application for joint ownership shall include a designation of a managing owner, a business address, percentage of each owner's beneficial interest and any other information as the Racing Commission may specify. Receipt of

§178-1-52. Partnerships.

52.1. Each and every partner, including husband and wife, shall obtain an owner's occupational permit to allow the partnership to function on the racetracks of West Virginia and complete proper partnership forms.

53.1. The owner and/or trainer shall clear all stable names with the office of the Association of Racing Commissioners, International, Inc. and shall be duly registered with the Racing Commission. A stable name shall be plainly distinguishable from that of another duly registered stable name when appearing on the program.

53.1.1. All names not revealing the actual identity or identities of the owner or owners shall be considered a stable name.

53.1.2. In applying to race under a stable name, the applicant shall disclose the identity or the identities behind the stable name. If a partnership is involved in the identity behind a stable name, this rule covering partnerships shall be complied with, in detail.

53.1.3. Anyone making changes in identities shall report immediately to and be approved by the Racing Commission.

53.1.4. A person cannot register more than one stable name at the same time, nor can he or she use his or her real name for racing purposes, as long as he or she has a registered stable name.

53.1.5. Any person who has been

registered under a stable name may, at any time, cancel it after he or she has given written notarized notice to the Racing Commission.

53.1.6. A person cannot register as his or her stable name, a stable name, which has been registered by any other person with an association conducting a recognized meeting.

53.1.8. A trainer, who holds an occupational permit as an owner or part owner, may use a stable name as owner or part owner, provided that he or she is the trainer for the stable name owner. However, a trainer may not obtain an occupational permit as a trainer other than in his or her legal name.

53.1.9. A stable name shall be plainly distinguishable from that of another duly registered as a stable name. When appearing on the program, the stable name shall be accompanied by the legal name of the owner. If the stable name has more than one owner, the legal name of an owner must appear and be followed by the term "etal".

53.1.10. A corporate name shall be considered as a stable name for the purpose of this rule, but the Racing Commission reserves the right to refuse any corporation the privileges of registering a stable name or racing as a corporation.

53.1.11. If more than one person races with a stable name registered as the owner, an authorized agent shall be appointed and he or she shall transact all business.

§178-1-54. Trainers.

54.1. Each trainer shall obtain an occupational permit from the Racing Commission and list on the occupational permit application all the names of owners or part owners of all horses trained by him or her.

54.2. No owner or trainer shall harbor on the grounds of an association, engage, or retain

in his or her employ, any person not holding an occupational permit.

54.3. A trainer holding an occupational permit may represent the owner in the matter of entries, declarations, and the employment of jockeys. The trainer may not withdraw any money from the horsemen's bookkeeper, either in his or her own name or that of an owner, nor may he or she contract obligations against the account of any owner or part owner unless he or she is the authorized agent of the owner or part owner and has an occupational permit issued by the Racing Commission.

54.4. A trainer shall have his or her horse in the paddock at the time appointed.

54.5. If, for any reason, the trainer of a horse is not or cannot be present at the time of collection of urine, blood, or other samples, it shall be determined by the Racing Commission that the person actually in custody of the horse is duly authorized to witness the taking and sealing of the specimen and has the trainer's authority to sign as witness to the action.

54.6. A trainer shall attend his or her horse in the paddock and shall be present to supervise his or her saddling, unless he or she has obtained the permission of a steward to send another occupational permit holder trainer as a substitute. He or she shall also be present following the running of a race to attend his or her horse or cause an occupational permit holder employee to be present for that purpose.

54.7. Each trainer shall register with the association's racing secretary all horses under his or her care. The trainer shall list each horse by name, age, sex, breeding, and ownership. Any horse stabled on the grounds of the association, and not listed by a trainer occupying a stall not assigned to him or her may be cause for disciplinary action.

54.8. Any alteration in the sex of a horse shall be reported and noted by the trainer to the association's racing secretary or the identifier immediately and this information shall be recorded on the foal certificate.

54.9. Each trainer shall register with the association's racing secretary and the security

department every person under his or her supervision or employment. He or she is also responsible for the licensing of each employee and not harbor, engage, or have in his or her charge any person or persons not holding an occupational permit.

54.10. A trainer shall not have in his or her charge or under his or her supervision any horse owned, in whole or in part, by a disqualified person.

54.11. No trainer shall accept, directly or indirectly, any bribe, gift or gratuity in any form, which might influence the result of any race.

54.12. No trainer shall move or permit to be moved any horse or horses in his or her care from the grounds of an association without permission from the association's racing secretary or the stewards.

54.13. No trainer shall employ a jockey for the purpose of preventing him or her from riding in any race.

54.14. The trainer is responsible as an absolute insurer of the condition of the horses he or she enters regardless of any act of a third party as further set forth in this rule.

54.15. An applicant for a trainer's occupational permit who has not previously held a trainer's occupational permit in any state shall obtain the written statement of two (2) reputable persons who will attest that the applicant is personally known to them and that he or she is a person of good reputation and character. The applicant must have held an occupational permit in the state of West Virginia for three (3) consecutive years or four (4) consecutive years in another state. The stewards shall give the applicant a thorough written and/or oral examination.

§178-1-55. Claiming.

55.1. In claiming races, any horse is subject to claim or purchase for its entered price by any occupational permit holder owner in good standing, or by the holder of a certificate of eligibility to claim. The procedure for obtaining a certificate to claim is as follows:

55.1.1. An applicant shall, five (5) days before entering a claim, submit an application for the owner's original occupational permit, which is accompanied by:

55.1.1.1. a financial statement;

55.1.1.2. the name of an occupational permit holder trainer or person eligible to be issued an occupational permit as a trainer, who will assume care and responsibility for the horse claimed; and

55.1.1.3. the requisite fee for an owner's occupational permit.

55.1.2. This certificate is valid for the remainder of the calendar year.

55.2. No one may claim more than one horse out of any one race and/or submit more than one claim for the same horse.

55.2.1. A trainer, even though he or she is an owner and qualified under the rules to claim, may not submit a claim in the same race in which the owner of horses trained by him or her has submitted a claim. If this act inadvertently occurs, the Racing Commission shall declare void the claim made by the trainer.

55.2.2. No authorized agent, although representing more than one owner shall submit more than one claim in any one race.

55.2.3. When a stable consists of horses owned by more than one owner and trained by the same trainer, not more than one claim may be entered on behalf of the stable in any one race. If an act inadvertently occurs, the owners shall compete by lot for the right of claim.

55.2.4. When a stable consists of horses owned by more than one owner and trained by the same trainer, those owners are not eligible to claim from that trainer's stable.

55.3. Any horse claimed shall not be sold or transferred, wholly or in part thereof, to anyone for thirty (30) days except in another claiming race. The horse shall not remain in the same barn or under the control or management of its former owner or trainer for thirty (30) days, unless reclaimed, nor shall it race in any other

racings jurisdiction for a period of sixty (60) days.

55.4. The claiming price of each horse in a claiming race shall be printed on the program, and all claims for that horse shall be for the amount designated, plus sales tax. If more than one claim is filed for the same horse, the disposition of the horse shall be determined by lot under the direction of one or more of the stewards or a person deputized to act for the stewards.

55.5. All claims shall be made in writing on forms and in envelopes approved by the Racing Commission. Both forms and envelopes shall be complete and accurate. Otherwise, the claim will be invalid. The envelope shall have no identification marked on it other than the number of the race for which the claim is being made. The envelopes shall be sealed, time stamped, and deposited in a locked box provided for this purpose. No money shall accompany the claim. Each person desiring to make a claim shall first deposit with the horsemen's bookkeeper the whole amount of the claim in cash, plus applicable sales tax, unless at the time of depositing the claim, he or she shall have the amount to his or her credit and unencumbered with the horsemen's bookkeeper. The spelling of a horse's name on the official program on the day of claiming may be considered to be the accurate information for the purpose of claiming. The claimant of a horse is solely responsible for determining the sex of the horse claimed. When a claim has been filed, it is irrevocable.

55.6. All claims shall be deposited in the claiming box at least ten (10) minutes before post time of the race with respect to which the claim is made, and no official of that association shall give any information as to the filing of claims in the claiming box until after the race has been run. The stewards or their designee shall pass upon all claims.

55.7. The original owner shall not deliver a horse claimed to the successful claimant until the stewards give authorization. Every horse claimed shall run in the interest and for the account of the owner who entered it in the race, but title to the claimed horse is vested in the successful claimant from the time the horse

becomes a Starter. The successful claimant shall become the owner of the horse, whether it is alive or dead, sound, or unsound, or injured during the race or after the race.

55.8. Any person making a claim for a horse in any claiming race shall sign an affidavit which shall be part of the claim blank, certifying that he or she is claiming the horse for his or her own account or as an authorized agent and not for any other person. The stewards shall revoke the occupational permit of any person failing to give the required notice.
