29.3. Every entry in a race must be in the name of the registered owner, lessee or his kennel name and must be made in writing or by telephone immediately confirmed in writing. The full name of every person having an ownership in a greyhound or accepting the trainer's percentage, or having any interest in its winnings, must be registered with the racing secretary before it starts at any meeting, as must every change in such ownership or interest, thereafter made during that meeting and a copy thereof be promptly delivered to the Commission by the racing secretary of the track where the greyhound is racing. Any failure to comply with this rule shall be punished by a fine or suspension or both, and if any objection because of such default is duly made and sustained against a greyhound that has run in a race, its winnings in that race shall be forfeited and the purse redistributed by the judges. Such redistribution shall in no way affect the pari-mutuel pay-off for the race.

29.4. A greyhound shall not be qualified to run in any race unless it has been and continues duly entered for the same; and unless otherwise specified by the conditions of a race, or disqualified by violation of racing rules, any greyhound eligible at the time of entry shall continue to be qualified, except in an overnight event, in which it must be eligible at the time of the start.

29.5. The entrance to a race shall be free unless otherwise stipulated in its conditions. If the conditions require an entrance fee, it must accompany the entry.

29.6. Any person having an interest in a greyhound less than the interest or property of any other person is not entitled to assume any of the rights or duties of an owner as provided by these rules including the right of entry, declaration, etc.

29.9. No greyhound shall be permitted to start that has not been fully identified.

29.10. Any person who knowingly attempts to establish the identity of a greyhound or his ownership shall be held to account the same as the owner and shall be subject to the same penalty in case of fraud or attempted fraud.

29.11. No disqualified greyhound shall be allowed to enter or to start in any race.

29.12. A greyhound shall not be qualified to be entered or to start in any race if owned, in whole or in part, or is under the control, directly or indirectly, of a disqualified person.

29.13. The entries of any person or the transfer of any entry may be refused with or without notice or reason being given therefor.

In all other purse races, the following conditions shall apply: No double entries shall be allowed until all single interests are used and double entries shall be uncoupled for wagering purposes; the owner shall have agreed to a double entry; when no other single entry is available then the racing secretary may use a double entry without the permission of the owner; greyhounds nominated for any distance over 5/16 mile are subject to double entry without permission of the owner.

29.20. If an entry from any person or of any greyhound that stands suspended or expelled is received, such entry shall be void and the money, if any, paid for such entry refunded. Any money or prize won under said entry shall be returned.

29.21. No greyhound under the age of fifteen (15) months shall run in any official race other than races conditioned for greyhounds of the same age.

29.22. Entries for stake races, the conditions of which have previously been published shall close at the time advertised in such publication, and no entry shall be received after that

time, but in case races fail to fill, additional time may be granted.

29.23. Every greyhound entered for a purse must be a starter unless it be declared or scratched.

29.24. An entry in a sweepstake is a subscription and cannot be withdrawn.

29.25. A greyhound shall not become a starter for a stake race unless there has been duly paid any stake or entrance money payable in respect to that race.

29.26. Entrance money is not refunded on the death of a greyhound or his failure to start.

29.27. The nominator is liable for the entrance money or stake and the death of a greyhound or a mistake in its entry when eligible, does not release the subscriber or transferee from liability for stakes.

29.28. In the absence of notice to the contrary, entrance and declarations for sweepstakes which close during or on the eve of a racing meeting, close at the office of the racing secretary who shall make provisions therefor. Closing at all other times for sweepstakes shall be at the office of the association.

29.30. Nomination for stake races received and postmarked before midnight of the day of closing shall be valid if received twenty-four (24) hours in advance of closing overnight entries.

29.31. If a miscarriage of any entry or declaration in a stake is alleged, satisfactory proof that it was mailed or telegraphed must be presented within a reasonable time or it shall not be received.

29.32. A person entering a greyhound thereby becomes liable for the entrance money or stake.

29.33. An entry of a greyhound in a sweepstake is a subscription to the sweepstakes and the subscriber is liable for stake and forfeit, but should he transfer the entry he is liable only in cause of default to the transferee. Similarly, the seller of a greyhound with engagements is liable for stake or forfeit if the engagement is not kept.

29.34. A person making a wrong entry or nomination shall be liable for stake and forfeits under the nomination.

29.35. The entrance money, starting and subscription fees, in every race shall go to the winner unless otherwise provided in the conditions of the race, but when, from any cause, a race is not run off, all stakes or entrance money, if any is paid, shall be refunded.

29.36. When a person is prevented by these rules from entering or starting a greyhound for any race without pay arrears

in which he would not otherwise be liable, he may, by paying the same, enter or start the greyhound and have the arrears placed on the forfeit list as due to himself.

(a) If the seller of a greyhound with engagements is compelled to pay arrears through the purchaser's default, he may place the amount on the forfeit list as due from the purchaser to him. This rule shall also apply in the transfer of entries when the transferee defaults.

(b) The racing secretary, with the approval of the judges, shall have full authority to waive the obligations incurred by this rule according to the circumstances of the case.

29.37. Any person not having money to his credit with the association must, before his greyhound can start, pay (in case, if required) to the association, all entrance money, stakes and arrears then due it or on the greyhound he intends to start.

The post position of greyhounds in starting shall be assigned by lot or drawing, supervised by the Commission judge and racing secretary, at a time and place properly posted in the paddock, at least one (1) day previous to the running of the races, so that any and all owners, trainers or authorized agents interested may be present if they so desire.

178-2-31. Declarations.

31.1. The declaration of a greyhound out of an engagement is irrevocable.

32.3. If three (3) or more greyhounds are withdrawn or scratched in any one race, the race may be canceled.

32.4. The judges may scratch a greyhound entered in a race for sufficient cause.

178-2-33. The race.

33.1. If a greyhound bolts the course, of his own volition runs in the opposite direction or does not run the entire prescribed distance for the race, it shall forfeit all rights in the race and, no matter where it finished, the judge shall declare the finish of the race the same as if said greyhound were not a contender. However, for the purpose of the rule, said greyhound shall be considered a "starter".

33.2. If a greyhound bolts the course, of his own volition or runs in the opposite direction during the running of the race, and in so doing, said greyhound, in the opinion of the judges, interfered with any other greyhound in the race, the judges shall declare it "No Race" and all moneys wagered shall be refunded; except when, in the opinion of the judges, such interference clearly did not interfere with the outcome of the race.

33.3. If it appears that a greyhound may interfere with the running of the race because of failure to leave the box, because of an accident or for any other reason, any person under the supervision of the judges stationed around the track, may remove said greyhound from the track. However, for the purpose of the rule, said greyhound shall be considered a "starter".

33.4. All greyhounds must wear the regulation association muzzle and blanket while racing. Blinker muzzles may not be used.

33.5. Muzzles and blankets must be carefully examined in the paddock by the paddock judge before the greyhounds leave the post and again be examined before the judges at the judges' stand or before the starter at the starting box by the patrol judge.

33.6. All greyhounds must be exhibited in the show paddock before post time of the race in which they are entered.

33.7. After the greyhounds leave the paddock on their way to the starting point, and until the judges direct the gates to

be reopened, all persons except the racing officials and necessary attendants shall be excluded from the track to be run over.

33.8. No race shall be called official unless the lure is in advance of the greyhound at all times during the race, and if at any time during the race, any greyhound or greyhounds catch or pass the lure, the judges shall declare it "No Race" and all moneys shall be refunded.

33.9. The judges shall closely observe the operation of the lure and hold the lure operator to strict accountability for any inconsistency of operation.

34.4. At weighing-out time, if a greyhound loses weight in excess of one and one-half (1 1/2) pounds from its weigh-in weight while in the lock-out kennels, the judges shall order said greyhound scratched. However, upon certificate from the veterinarians that such loss of weight while in the lock-out kennels does not impair the racing condition of the greyhound, the judges may allow said greyhound to race.

34.5. If at weighing-in time, should there be more than two (2) pounds variation between the weight of its present race and the weight at weighing-in time of its last race, the judges shall order said greyhound scratched.

34.6. The weight regulations provided in Sections 34.1, 34.2, 34.3, 34.4, 34.5 and 34.6 above shall be printed in the daily program.

(b) In the event a refunded or cancelled ticket is not available for inspection, then sufficient supporting documentation, e.g., a ticket cancellation report or seller-cashier history, shall be made available upon request. 45.5. If five (5) or more separate interests are declared official starters by the board of judges, there must be win, place and show wagering in the pari-mutuels. If four (4) or more separate interests are declared official starters by the board of judges, there must be at least win and place wagering in the pari-mutuels.

45.6. The result of every race is determined insofar as the mutuel pay-off is affected when it is posted as "Official" and, as immediate distribution of the respective pools is required, no subsequent change in the order of finish shall involve the mutuel department.

45.7. If the judges or the veterinarian excuse a greyhound or greyhounds and order the greyhound or greyhounds scratched, before they are locked in the starting box, and such action reduces the number of greyhounds in separate interests actually engaged in the race below the number required for show or place betting, refunds may be made of the place and show pools, either or both, to bring the number of greyhounds in separate interests within the required minimum of greyhounds necessary for such pools.

45.8. If any greyhound or greyhounds should be excused by the judges after the greyhounds shall have left the paddock for the post, the money bet on any greyhound or greyhounds so excused shall be deducted from the pool and refunded to the purchaser or purchasers of tickets on the greyhound or greyhounds so excused; Provided, That after the start, there shall be no refund.

45.10. Should there be any error in calculation where the public is underpaid, the amount of the underpay shall be added to the same pool on the next race. If such an error should result in the public being overpaid, the amount of the overpay will be chargeable against the commissions earned by ef the racing association for that day.

No pari-mutuel ticket recorded or reported as previously paid, cancelled or non-existent shall be deemed a valid pari-mutuel ticket by the association.

45.12. If two (2) greyhounds run a dead heat for first place, the money in the "Straight" mutuel pool is divided the same as in the "Place" pool calculation.

45.13. If two (2) greyhounds run a dead heat for second place, the division is as follows: The winner of the race receives his full share of one half (1/2) of the "Place" money, and the two (2) dead heaters receive one-half (1/2) each of the balance or one-fourth (1/4) each of the whole.

45.15. If a greyhound should run second upon which no "Place" ticket has been sold, all the "Place" pool is apportioned to the "Place" tickets sold on the greyhound that finished first, there being only one (1) participating ticket and not two (2) as usual, the calculation being the same as in a "Straight" pool.

45.16. If a greyhound should finish third upon which no "Show" ticket has been sold, all of the "Show" pool is divided

between the "Show" tickets sold on the greyhounds that finished first and second, there being but two (2) participating tickets and not three (3) as usual the calculation being the same as in the "Place" pool.

45.17. If only one (1) greyhound finishes in a race, all money in all pools shall be refunded.

45.23. Totalisator adjustments will be summarized at the close of each meeting, and, if the net result is a credit to the company operating the totalisator, then the auditor of pari-mutuels will obtain a check from the company for the amount of the net credit, made payable to the West Virginia Racing Commission, which said Commission will deposit with the State Treasurer.

45.24. Daily Double Rules shall be as follows:

(a) The daily double is not a parlay and has no connections with or relation to the mutuel betting. All tickets on the daily double will be calculated in an entirely separate pool. All tickets will be to win (straight) only. No "entry" or "field" shall be permitted in any race involved in the daily double.

(b) If no ticket is sold combining the two (2) winners, the daily double pool then shall be apportioned equally between those having tickets including the winner in the first race and those having tickets including the winner in the second race, in the same manner in which a "Place" pool is calculated and distributed.

(c) If no ticket is sold including the winner of the first race, the entire pool will be paid to holders of tickets which include the winner of the second race of the daily double.

(d) Likewise, if no ticket is sold including the winner of the second race, then the entire pool will be paid to holders of tickets which include the winner of the first race of the daily double.

(e) If no ticket is sold including the winner of either race, then the pool shall be paid to the holders of tickets which include the greyhounds finishing second in the two (2) races of the daily double.

(f) If no ticket is sold which would require distribution of the daily double pool, the association shall make a complete and full refund of the pool.

(g) If, for any reason, the first race of the daily double is canceled and declared "No Race," full and complete refund will be made of the daily double pool. If, for any reason, the second race of a daily double is canceled and declared "No Race," the daily double pool shall be distributed to the holders of the daily double tickets on the winner of the first race in the same manner as the straight pool of the first race is distributed except as to the amount of distribution which shall be controlled by the amount bet in the daily double pool.

(h) If after the first half of the "Daily Double" has been run and declared "Official" a greyhound is excused or scratched in the second half of the "daily double", then a consolation pay-off shall be made to holders of the daily double to the excused or scratched greyhound of the second half of the daily double computed in the following manner:

The net daily double pool (gross pool less commission) shall be divided by the total number of tickets sold combining the winner of the first half, the quotient thus obtained shall constitute the consolation pay-off, to be paid to holders of each ticket combining the winner of the first half and the scratched or excused greyhound in the second half. The entire consolation pool (number of eligible tickets times the consolation price and not the breakage) shall be deducted from the net daily double pool.

The remaining pool is the new net pool for the daily double.

(i) If holder of tickets loses the first race of the daily double and the greyhound is scratched in the second race, no money shall be refunded.

(j) Before the running of the second half of the daily double, the pay-off prices of each combination coupled with the first winner shall be prominently posted, unless the first race of the daily double has resulted in a dead heat in which case the prices will not be posted and an announcement to this effect will be made over the loud speaker.

45.25. No association holding a race meeting under a license issued by the West Virginia Racing Commission shall permit bets to be made on the grounds of said association on any race run outside of said grounds, and no foreign book or gambling

device of any kind shall be permitted on said grounds, with the exception of any simulcast races.

45.26. Such rules for pari-mutuel betting as may be specified by the Commission shall be printed in the daily racing programs sold to the public within the premises of racing associations.

45.27. Perfecta wagering.

(a) The "Perfecta" form of wagering may be permitted by permission of the Commission upon application of the licensee.

(b) The "Perfecta" is a contract by the purchaser of a ticket combining two (2) greyhounds in a single race, selecting the two (2) greyhounds that will subsequently finish first and second in that race. Payment of the ticket shall be made only to the purchaser who has selected the same order to finish as officially posted.

(c) The "Perfecta" is not a parlay and has no connection with or relation to the win, place and show betting and will be calculated as an entirely separate pool.

(d) In the event no ticket is sold on the winning combination of a perfecta pool, the net pool shall be apportioned equally between those having selected the winner and those having selected the greyhound finishing second in the same manner in which a place pool is calculated.

(e) In case of a dead heat between two (2) greyhounds for first place, the net perfecta pool shall be calculated as a place pool to holders of tickets of the winning combinations(s). In case of a dead heat between the two (2) greyhounds for second place, the perfecta pool shall be calculated as a place pool, the holders of tickets combining the winning greyhound and the two (2) greyhounds finishing second participating in the payoff.

(f) In the event of an entry finishing first and second, the next exacta or perfecta pool shall be distributed to holders of tickets combining the entry with the greyhound finishing third.

(g) If a greyhound(s) in a race on which there is perfecta wagering is excused by the judges, all moneys wagered on combinations which include this greyhound shall be deducted from the perfecta pool and refunded to the purchaser of tickets on the greyhound(s).

(h) If no ticket is sold that would require distribution of a perfecta pool, the association shall make a complete and full refund of perfecta pool.

45.28. "Big Perfecta" wagering:

(a) The "Big Perfecta" is a form of pari-mutuel wagering in which the bettor selects two (2) greyhounds, that will finish first and second in each of two (2) designated races in the exact order as officially posted.

(b) Each bettor shall select on one (1) ticket the two (2) greyhounds that will finish first and second in each of two (2) consecutive designated races in the exact order as officially posted. Tickets are to be sold for both of the two (2) races prior to the first race of the races without any exchange of tickets between the first and second race.

(c) "Big Perfecta" tickets shall be sold only by the licensee for not less than two dollars ($2.00) and only from machines capable of issuing tickets in the manner prescribed by section (2) of this rule. Resale of such tickets from one individual to another is prohibited and shall be grounds for ejection.

(d) The division of the net pool shall be calculated as in a straight pool, subject to the provisions of these rules to the contrary.

(e) If a greyhound is scratched in either of the two (2) races designated as the big perfecta races before the running of the first of these races, then no further big perfecta tickets may be issued designating such greyhound and all big perfecta tickets previously issued designating such greyhound shall be refunded and the money deducted from the gross pool.

(f) If a greyhound is scratched in the second race, after the running of the first race, of the big perfecta races, then all big perfecta tickets having the exact order as officially posted for the first race of the big perfecta races and also combining the scratched greyhound shall become consolation tickets and shall be paid a price per dollar denomination calculated as follows: The net big perfecta pool (gross pool less commission) shall be divided by the purchase price of all tickets combining the winners of all tickets combining the winners of the first race of the big perfecta. The quotient thus obtained shall be the price to be paid to all big perfecta tickets having the exact order as officially posted for the first race of the big perfecta races and combining the scratched runner in the second race of the big perfecta. The entire consolation pool (number of eligible tickets times the consolation price) plus the breakage shall be deducted from the net big perfecta pool.

(g) If no big perfecta ticket is sold as a winning combination in the first race of the big perfecta, the big perfecta pool shall be divided among those having tickets including the greyhound finishing first or second and such distributions shall be calculated and made as a place pool, and in such an instance, the big perfecta race shall end and the pool be closed.

(h) If no big perfecta ticket is sold designating a greyhound finishing first or second in the first race of the big perfecta then the gross pool shall be refunded.

(i) If the first half of the big perfecta is cancelled

or declared "no race" then the big perfecta shall be declared off and the gross pool refunded.

(j) If no big perfecta ticket that is eligible for further participation after the first race includes the winning combination for the second race, then the net pool shall be apportioned equally between those having tickets including the greyhound finishing first and those having tickets including the greyhound finishing second in the same manner in which a place pool is calculated and distributed.

(l) If no big perfecta ticket that is eligible for further participation after the first race includes either the first or second runner of the second race of the big perfecta, then the entire net pool shall be distributed as a straight pool to all holders of big perfecta tickets that were eligible for further participation after the first race.

In the event of a dead heat for place in both races of the big perfecta, four (2-runner dead heats) or six (triple dead heats) combinations result. Prices are computed in the same manner as the show pool except that the total dividend is divided into four (4) or six (6) equal parts, as appropriate.

If there is a dead heat for the winning greyhound in either of the two (2) consecutive races for the big perfecta, ticket holders combining those greyhounds in either order will participate in the big perfecta as prescribed in these rules.

(o) If for any reason the second race of the big perfecta races is cancelled or declared "No Race," then the pool shall be calculated as a straight pool and shall be distributed among the big perfecta ticket holders eligible for further participation after the first race.

The entire consolation pool (number of eligible tickets times the consolation price) plus the breakage shall be deducted from the net quinella double pool.

(f) If no quinella double ticket is sold as a winning combination in the first race of the quinella double, the entire quinella double pool will be paid to the holders of the tickets with the winning combination in the second race of the quinella double.

However if any tickets combine both of the greyhounds in the dead heat for place, the net pool shall be paid to holders of such tickets.

In addition, the association shall post notice of the applicable division percentages in conspicuous places at the race track.

(1) The first part of the divided pool will be distributed among the holders of twin trifecta tickets selecting the first three (3) greyhounds, in exact order of finish, on the designated first race of the twin trifecta in accordance with the established pari-mutuel practice.

The "First Part of Divided Pool", shall consist of the designated part of the net distributable pool of the total monies wagered on the first race of the twin trifecta on the current performance only. Specifically excluded therefrom shall be any carryover of any twin trifecta pool from any previous performance.

(2) The second part of the divided pool will be placed in a separate pool to be distributed among holders of "Second Half" twin trifecta tickets selecting the first three (3) greyhounds, in exact order, on the designated second race of the twin trifecta, in accordance with the established pari-mutuel practice.

(e) In the first part of the twin trifecta only, if no ticket is sold on a winning combination of a twin trifecta pool, the second half race pool shall carryover to the next twin trifecta race and the first part of the divided pool shall be apportioned equally between those having tickets selecting the first and second place greyhounds If no ticket is sold selecting the first and second greyhounds in the twin trifecta pool, the net pool shall than be apportioned equally between those having tickets selecting the greyhound or greyhounds that finish first in the twin trifecta race. Should no selection be made as above mentioned, the net pool shall be apportioned equally between those having selected the greyhound finishing second combined with the greyhound finishing third.

Should no selection be made as above mentioned, those having selected the second greyhound for second or the third greyhound for third with any other greyhound, contrary to win, place, and show pool practice, then the aggregate number of tickets as mentioned in this paragraph shall divide the net pool and be paid

the same pay-off price.

(f) After the official declaration of the exact order of finish of the first three (3) greyhounds to finish in the first race of the twin trifecta, each bettor holding a winning ticket must, prior to the running of the second designated race of the twin trifecta race, exchange such winning ticket for both the (1) monetary value from the first part of the divided pool, as established by the mutuel department of the association, and (2) a twin trifecta exchange ticket which designates the bettor's selection for finish in that order in the second designated race of the twin trifecta. No further money shall be requested of the holders of the winning ticket in order to make the exchange. Until the second race of the twin trifecta has been declared official, no person shall disclose the number of winning twin trifecta tickets eligible for exchange in the second twin trifecta race, nor shall any person disclose any information regarding those tickets during the exchange process.

Other than the auditor of pari-mutuels, no person shall have access to the information that is shown on the computer printouts or any other source concerning the number of tickets sold in the first half of the twin trifecta or the number or amount of tickets selecting winners of the first half of the twin trifecta prior to the time the officials have determined the second half of the twin trifecta of each performance to be official.

(g) No twin trifecta exchange ticket for the second race of the twin trifecta shall be issued except upon surrender of the twin trifecta tickets from the first race as described in these rules. Windows, for the purpose of cashing and exchanging of winning twin trifecta tickets, as described above, shall be opened immediately after the first race of the twin trifecta has been declared official. Such windows shall close when wagering closes for the race constituting the second race of the twin trifecta.

(h) If a winning twin trifecta ticket from the first race of the twin trifecta is not presented for cashing and exchange within the time provided above, the bettor may still collect the monetary value attached to the ticket but shall forfeit all rights to any distribution resulting from the second race of the twin trifecta.

(i) In the event of a dead heat or dead heats in either the first or second race of the twin trifecta, all twin trifecta tickets selecting the correct order of finish counting a greyhound in a dead heart as finishing in any position dead heated, shall be winning tickets, and, contrary to the usual practice, the aggregated number of winning tickets shall be divided into the net pool and be paid the same pay-off price.

(j) In the event there is no twin trifecta ticket issued accurately selecting the officially declared first three (3)

finishers of the second race of the twin trifecta, in the exact order, such second race pool, determined as provided in this rule, shall be held for the next consecutive race performance and combined with the pool of that performance's second race of the twin trifecta. Distribution of this special cumulative pool of the second race of the twin trifecta shall be made only upon accurate selection, in the exact order, of the first three, (3) officially declared finishers of the second race of the twin trifecta race.

(k) If a greyhound is scratched in the first race of the twin trifecta, all twin trifecta tickets issued which include the scratched greyhound will be refunded. If a greyhound(s) is scratched in the second race of the twin trifecta and there had been twin trifecta wagering on the scratched greyhound(s), public address announcements will be made and the judges will attempt to allow a reasonable time, as determined in their sole and final discretion, for further exchanging of tickets issued which include the scratched greyhound(s).

(l) If for any reason, the second race of the twin trifecta is not declared "official", the winning ticket holders only who have cashed their ticket of the first race of the twin trifecta and have received an exchange ticket, will be entitled to be paid the remaining amount of the current performance's second divided pool only.

(m) In the event that racing is cancelled for any program prior to the running of the second half of the twin trifecta, the second part of that program's divided pool will be evenly distributed to all holders of first half winning tickets and all holders of second half twin trifecta exchange tickets. The cumulative twin trifecta pool will remain undistributed and be carried over for use in the next twin trifecta.

(n) Sales of twin trifecta tickets other than from pari-mutuel machines shall be deemed illegal and prohibited.

(O) The twin trifecta pool shall be held entirely separate from all other pools, and shall not be part of a daily double, exacta, triple, pick six or other wagering pools.

The twin trifecta special cumulative second race pool, otherwise known as the twin trifecta jackpot carryover pool, may be capped at a level designated by the association with the prior approval of the Racing Commission. Such request by the association for a capped level shall be received in writing by the Racing Commission at least one (1) week prior to the performance that is to be designated for capping. The Racing commission's determination shall be in writing and shall be published in the State Registar. If approval is granted, the association shall post notice of the amount of the cap and the effective date thereof in conspicuous places at the race track.

The Tri-Super is a form of pari-mutuel wagering in which the bettor selects three (3) runners that will finish first, second, and third in one designated race, then selects the correct order of finish, for the first, second, third, and fourth runners in another designated race. To obtain a tri-super exchange ticket as described in paragraphs (e) and (f), a first half ticket must have all three runners in the first designated race in the exact order of finish.

(b). Each bettor purchasing tri-super tickets shall designated his three (3) selections as the first three (3) runners to finish in that order in the first race of the designated two (2) races.

(c). Upon the official results for the first race of the tri-super combination, and after commissions have been deducted according to the laws of West Virginia, the net pool will be divided into two equal amounts. One half of the divided net pool will be distributed to the first half tri-super race winning ticket holders in the following priorities:

(1). To those selecting the first three finishers in order; if the winning combination herein described is not

covered, then;

(2). To those selecting the first two finishers; if the winning combination herein described is not covered, then;

(h). If, for any reason, the second race of the tri-super combination contest is not declared official, or if the second half of the contest is cancelled, holders of second race exchange tickets and first race winning tickets which were not exchanged will be entitled to the second half of the divided net pool. (2). Under the second option, 75 percent (75%) of all subsequent contributions which ordinarily would have been added to the tri-super jackpot will be distributed equally to holders of winning first half tickets irrespective of whether there is a winner in the second half. The remaining 25 percent (25%) will be added to a "seed" pool. This seed pool shall accumulate until:

The tri-super jackpot is won under provisions of subsection (p) of this rule; or

the seed pool exceeds the maximum allowed for the tri-super jackpot pool; or

If the seed pool exceeds the maximum allowed for the tri-super jackpot pool in all subsequent performances, 100 percent (100%) of all subsequent contributions which ordinarily would have been added to the seed pool will be distributed equally to holders of winning first half tickets irrespective of whether there is a winner in the second half. When a second half winning ticket is issued and the jackpot distributed, the capped seed pool shall become the jackpot pool and normal seed pool contributions shall resume.
