§ 178-5-1. GENERAL.

- 1.1 Scope. - These regulations regulate all pari-mutuel wagering occurring in West Virginia.
- 1.2 Authority. - W.Va. Code § 19-23-6.
- 1.3 Filing Date. - August 1, 1995
- 1.4 Effective Date. -

§ 178-5-2. DEFINITIONS. As used in these regulations and unless the context clearly requires a different meaning, the following terms shall have the meaning ascribed herein, and shall apply in the singular or in the plural.

2.1 "Association" means a person or persons, partnership or corporate body licensed by the Commission to conduct a meeting where horse racing or dog racing is permitted for any stake, permit or reward.

2.2 "Code" means the Code of West Virginia of 1932, as amended.

2.3 "Commission" or "Racing Commission" means the West Virginia Racing Commission.

2.4 "Contestant" means the horse or dog entered to run in a scheduled race.

2.5 "Pari-mutuel" means a mutuel or collective pool that can be divided among those who have contributed their wagers to one central agency, the odds to be reckoned in accordance to the collective amounts wagered upon each contest running in a race upon which the pool is made, but the total to be divided among the first three contestants on the basis of the number of wagers on these.

2.6 "Totalisator" means the system used by the association to maintain the odds, amounts wagered and winnings per race.

§ 178-5-3. INFORMATION OF A GENERAL NATURE.

3.1 General

3.1.1 Each association shall conduct wagering in accordance with applicable laws and these rules. Such wagering shall employ a pari-mutuel system approved by the Commission. The totalisator shall be tested prior to and during the meeting as required by the Commission.

3.2 Records

3.2.1 The association shall maintain records of all wagering so the Commission may review such records for any contest including the opening line, subsequent odds fluctuation, the amount and at which window wagers were placed on any betting interest and such other information as may be required. Such wagering records shall be retained by each association and safeguarded for a period of time specified by the Commission. The Commission may require that certain of these records be made available to the wagering public at the completion of each contest.

3.2.2 The association shall provide the Commission with a list of the licensed individuals afforded access to pari-mutuel records and equipment at the wagering facility.

3.3 Pari-Mutuel Tickets. -

3.3.1 A pari-mutuel ticket is evidence of a contribution to the pari-mutuel pool operated by the association and is evidence of the obligation of the association to pay to the holder thereof such portion of the distributable amount of the pari-mutuel pool as is represented by such valid pari-mutuel ticket. The association shall cash all valid winning tickets when such are presented for payment during the course of the meeting where sold, and for a specified period after the last day of the meeting.

3.3.2 To be deemed a valid pari-mutuel ticket, such ticket shall have been issued by a pari-mutuel ticket machine operated by the association and recorded as a ticket entitled to a share of the pari-mutuel pool, and contain imprinted information as to:

3.3.2.1 the name of the association operating the meeting.

3.3.2.2 a unique identifying number or code.

3.3.2.3 identification of the terminal at which the ticket was issued.

3.3.2.4 a designation of the performance for which the wagering transaction was issued.

3.3.2.5 the contest number for which the pool is conducted.

3.3.2.6 the type or types of wagers represented.

3.3.2.7 the number or numbers representing the betting interests for which the wager is recorded.

3.3.2.8 the amount or amounts of the contributions to the pari-mutuel pool or pools for which the ticket is evidence.

3.3.3 No pari-mutuel ticket recorded or reported as previously paid, canceled, or non-existent shall be deemed a valid pari-mutuel ticket by the association. The association may withhold payment and refuse to cash any pari-mutuel ticket deemed not valid, except as provided in rule D (5) of these general provisions.

3.4 Pari-Mutuel Ticket Sales

3.4.1 Pari-mutuel tickets shall not be sold by anyone other than an association licensed to conduct pari-mutuel wagering.

3.4.2 No pari-mutuel ticket may be sold on a contest for which wagering has already been closed and no association shall be responsible for ticket sales entered into but not completed by issuance of a ticket before the totalisator is closed for wagering on such contest.

3.4.3 Claims pertaining to a mistake on an issued or unissued ticket or a mistake involving failure to issue a ticket must be made by the bettor prior to leaving the seller's window. Cancellation or exchange of tickets issued shall not be permitted after a patron has left a seller's window except in accordance with written policies established by the association and approved by the Commission.

3.4.4 Payment on winning pari-mutuel wagers shall be made on the basis of the order of finish as purposely posted and declared "official". Any subsequent change in the order of finish or award of purse money as may result from a subsequent ruling by the stewards or Commission shall in no way affect the pari-mutuel payoff payout. If an error in the posted order of finish or payoff payout figures is discovered, the official order of finish or payoff payout prices may be corrected and an announcement concerning the change shall be made to the public.

3.4.5 The association shall not satisfy claims on lost, mutilated, or altered pari-mutuel tickets without authorization of the Commission.

3.4.6 The association shall have no obligation to enter a wager into a betting pool if unable to do so due to equipment failure.

3.5 Advance Performance Wagering

No association shall permit wagering to begin more than one hour before scheduled post time of the first contest of a performance unless it has first obtained the authorization of the Commission.

3.6 Claims for Payment from Pari-Mutuel Pool

At a designated location, a written, verified claim for payment from a pari-mutuel pool shall be accepted by the association in any case where the association has withheld payment or has refused to cash a pari-mutuel wager. The claim shall be made on such form as approved by the Commission, and the claimant shall make such claim under penalty of perjury. The original of such claim shall be forwarded to the Commission within 48 hours.

3.6.1 In the case of a claim made for payment of a mutilated pari-mutuel ticket which does not contain the total imprinted elements required in rule C (1) of these general provisions, the association shall make a recommendation to accompany the claim forwarded to the Commission as to whether or not the mutilated ticket has sufficient elements to be positively identified as a winning ticket.

3.6.2 In the case of a claim made for payment on a pari-mutuel wager, the Commission shall adjudicate the claim and may order payment thereon from the pari-mutuel pool or by the association, or may deny the claim, or may make such other order as it may deem proper.

3.7 Payment for Errors

3.7.1 If an error occurs in the payment amounts for pari-mutuel wagers which are cashed or entitled to be cashed; and as a result of such error the pari-mutuel pool involved in the error is not correctly distributed among winning ticket holders, the following shall apply:

3.7.2 Verification is required to show that the amount of the commission, the amount in breakage, and the amount in payoffs

payouts is equal to the total gross pool. If the amount of the pool is more than the amount used to calculate the payoff payout, the underpayment shall be added to the corresponding pool of the next contest. If underpayments are discovered after the close of the meeting, the underpayment shall be held in an interest-bearing account approved by the Commission until being added, together with accrued interest, to the corresponding pool of the next meet.

3.7.3 Any claim not filed with the association within 30 days, inclusive of the date on which the underpayment was publicly announced, shall be deemed waived; and the association shall have no further liability therefore.

3.7.4 In the event the error results in an overpayment to winning wagers, the association shall be responsible for such payment.

3.8 Betting Explanation

3.8.1 A summary explanation of pari-mutuel wagering and each type of betting pool offered shall be published in the program for every wagering performance. The rules of racing relative to each type of pari-mutuel pool offered must be prominently displayed on association grounds and available upon request through association representatives.

3.9 Display of Betting Information

3.9.1 Approximate odds for Win pool betting shall be posted on display devices within view of the wagering public and updated at intervals of not more than 90 seconds.

3.9.2 The probable payoff payout or amounts wagered, in total and on each betting interest, for other pools may be displayed to the wagering public at intervals and in a manner approved by the Commission.

3.9.3 Official results and payoffs payouts must be displayed upon each contest being declared official.

3.10 Canceled Contests

3.10.1 If a contest is canceled or declared "no contest", refunds shall be granted on valid wagers in accordance with these rules.

3.11 Refunds

3.11.1 Notwithstanding other provisions of these rules, refunds of the entire pool shall be made on:

3.11.1.1 Win pools, Exacta pools, and first-half Double pools offered in contests in which the number of betting interests has been reduced to fewer than two (2).

3.11.1.2 Place pools, Quinella pools, Trifecta pools, first-half Quinella Double pools, first-half Twin Quinella pools, first-half Twin Trifecta pools, and first-half Tri-Superfecta pools offered in contests in which the number of betting interests has been reduced to fewer than three (3).

3.11.1.3 Show pools, Superfecta pools, and first-half Twin Superfecta pools offered in contests in which the number of betting interests has been reduced to less than four (4).

3.11.2 Authorized refunds shall be paid upon presentation and surrender of the affected pari-mutuel ticket.

3.12 Coupled Entries and Mutuel Fields

3.12.1 Contestants coupled in wagering as a coupled entry or mutuel field shall be considered part of a single betting interest for the purpose of price calculations and distribution of pools. Should any contestant in a coupled entry or mutuel field be officially withdrawn or scratched, the remaining contestants in that coupled entry or mutuel field shall remain valid betting interests and no refunds will be granted. If all contestants within a coupled entry or mutuel field are scratched, then tickets on such betting interests shall be refunded, notwithstanding other provisions of these rules.

3.12.2 For the purpose of price calculations only, coupled entries and mutuel fields shall be calculated as a single finisher, using the finishing position of the leading contestant in that coupled entry or mutuel field to determine order of placing. This rule shall apply to all circumstances, including situations involving a dead heat, except as otherwise provided by these rules.

3.13 Pools Dependent Upon Betting Interests

3.13.1 Unless the Commission otherwise provides, at the time the pools are opened for wagering, the association:

3.13.1.1 may offer win, place, and show wagering on all contests with six (6) or more betting interests.

3.13.1.2 may be allowed to prohibit show wagering on any contest with five (5) or fewer betting interests scheduled to start.

3.13.1.3 may be allowed to prohibit place wagering on any contest with four (4) or fewer betting interests scheduled to start.

3.13.1.4 may be allowed to prohibit Quinella wagering on any contest with three (3) or fewer betting interests scheduled to start.

3.13.1.12 may prohibit Twin Superfecta wagering on any contests with seven (7) or fewer betting interests scheduled to start.

3.14 Prior Approval Required For Betting Pools

3.14.1 An association that desires to offer new forms of wagering must apply in writing to the Commission and receive written approval prior to implementing the new betting pool.

3.14.2 The association may suspend previously-approved forms for wagering with the prior approval of the Commission. Any carryover shall be held until the suspended form of wagering is reinstated. An association may request approval of a form of wagering or separate wagering pool for specific performances.

3.15 Closing of Wagering in a Contest

3.15.1 A Commission representative shall close wagering for each contest after which time no pari-mutuel tickets shall be sold for that contest.

3.15.2 The association shall maintain, in good order, a system approved by the Commission for closing wagering.

3.16 Complaints Pertaining to Pari-Mutuel Operations

unrestricted access at all times to its facilities and equipment and to all books, ledgers, accounts, documents and records of the association that relate to pari-mutuel wagering.

3.19 Emergency Situations

3.19.1 In the event of an emergency in connection with the pari-mutuel department not covered in these rules, the pari-mutuel manager representing the association shall report the problem to the stewards and the association and the stewards shall render a full report to the Commission within 48 hours.

§ 178-5-4. Totalisator System.

4.1. No association shall be licensed to hold a race meet by the Commission until a totalisator, approved by the Commission, has been installed to handle the pari-mutuel wagering. The cycle of frequency of change on the totalisator board shall not be more than sixty (60) seconds.

4.1.1 All totalisator operators shall inform the Racing Commission of planned totalisator program modifications by completing the formal modification form which is supplied by the Racing Commission and sending such form to the Racing Commission at least two (2) weeks in advance of performing a software modification or change. In emergency situations, where programs are modified in response to operational problems, the form shall be prepared and forwarded to the Racing Commission immediately after the modification has been made. This form, too, would be applicable when planning or making hardware or peripheral equipment changes.

Totalisator operators shall undertake appropriate procedures in the presence of Racing Commission and association personnel to test software modifications and make available to the Racing Commission, upon request, documentation of testing procedures and results including production of all affected reports. The Racing Commission reserves the right to review such test procedures and results prior to installation of a new version of a totalisator system within the State, upon the modification of existing systems or at any other time or under any other circumstances desired.

4.1.2 All totalisator operators shall provide the Racing Commission with a list of its representatives authorized to have access to the totalisator room.

4.1.3 All totalisator operators shall maintain, in

conjunction with the association, a control log of keys to the totalisator room and to whom each is assigned. When an employee possessing a key to the totalisator room is no longer employed, the key shall be collected upon termination; alternatively, locks to the totalisator room shall be changed and new keys distributed. All keys providing entry to the totalisator room shall be non-duplicable.

4.1.4 All associations shall authorize with Racing Commission approval specific individuals to have access to the room/facility housing totalisator computers. Further, a list of such authorized individuals, including their duties in the room shall be maintained and provided to Racing Commission representatives. Racing Commission representatives, as authorized by Racing Commission, shall be included among such authorized individuals.

4.1.5 Associations must maintain appropriate facilities and enforce adequate procedures to insure the security of paper stock used for producing mutuel tickets. Specifically:

4.1.5.1 Locked storage facilities shall be maintained for all ticket paper storage.

4.1.6 All totalisator systems shall maintain at least two (2) independent sets of pool totals for comparison. In the event that a difference in final pool totals is encountered and it cannot be ascertained which pool is correct, the higher pool total shall be used in all calculations, including pay-off, commissions, etc. Any waiver provided hereto shall be considered only after a written request is made by the totalisator company to the Racing Commission detailing all the facts and circumstances for exemption of this rule. In any event, final approval and/or disapproval shall rest with the Racing Commission in granting or not granting a waiver.

4.1.7 The sell/cash totalisator system shall have the capability to produce, upon request of the Racing Commission, a listing of the daily cashed tickets and "outs" tickets cashed by a seller-cashier, sorted by unique ticket number or time of cashing for each performance.

4.1.7.1 The association, upon request of the Racing Commission, shall produce by the unique ticket number:

4.1.7.1.a The corresponding daily cashed ticket requested by the Racing Commission.

4.1.7.1.b The corresponding cashed "outs" ticket

requested by the Racing Commission.

4.1.7.2 Issued tickets may be cancelled only under the following conditions:

4.1.7.2.a Error on the part of the seller or when a patron claims that a ticket issued was not the one requested and such claim is made before the patron leaves the seller's window or subsequently when such claim is approved by the association mutuel manager or his designee; and

4.1.7.2.b Ticket issuing machine have not been locked by issue of the "stop betting" command; and

4.1.7.2.c The race for which the ticket was purchased has not officially started.

4.1.8 The seller-cashier shall retain and account for all cashed, refunded and cancelled tickets. These cashed, refunded and cancelled tickets shall be retained by the association for a period of three (3) years from the date of filing of the outs ledger at the end of the ninety (90) days outs period with the Racing Commission or until all audit tests have been completed and a letter from the Racing Commission has been issued allowing for their disposal, whichever occurs first. The retention period for cashed, refunded and cancelled tickets shall also be applicable to used computer printouts as well as all other hard copy information described in any of these pari-mutuel rules as well as any other data generated by the computers and terminals that are related directly or indirectly to the pari-mutuel process.

4.1.8.1 In the event a cashed ticket cannot be produced by the association prior to the date when disposal of the ticket is allowed, then the association shall pay to the Racing Commission the money equal to the amount of the ticket's winnings. The Racing Commission shall treat the payment as if it were money represented by the unclaimed, uncashed or abandoned ticket pursuant to section thirteen, article twenty-three, chapter nineteen of the West Virginia Code.

4.1.8.2 In the event a refunded or cancelled ticket is not available for inspection, then sufficient supporting documentation, e.g., a ticket cancellation report or seller-cashier history, shall be made available upon request. In no event will a refunded or cancelled ticket which has been removed from the sell/cash totalisator system by a key board entry be accepted for credit unless the actual hard copy

ticket is presented during the audit.

4.1.9 Usage and storage of modem.

4.1.9.1 The modem shall be secured in a locked cabinet under the dual control of representatives of the totalisator company and the association.

4.1.9.2 An unpublished telephone line shall also be obtained for the exclusive use of modem sessions and the number shall be changed on a periodic basis. The timing, frequency and changing of the numbers shall be at the sole discretion and direction of the Racing Commission.

4.1.10 Physical security of the computer room:

4.1.10.1 Fire extinguisher specifically designed for electronic data processing equipment shall be installed at various key locations.

4.1.10.2 Glass windows permitting public viewing of computer room operations shall be composed of shatterproof glass.

4.1.10.3 Backup tapes for production data and program files shall be stored in a protected area that is fireproof and secure.

4.1.11 Maintenance of emergency electrical generator.

4.1.11.1 The backup electrical generator shall be started and tested at least weekly to insure its reliability in the event of a power failure.

4.1.11.2 Such testing shall be logged in a record to be maintained by the association and be made available to the Racing Commission upon request.

4.2 Each racing association must in all cases of pari-mutuel pool distribute not less than two dollars and twenty cents (\$2.20) on each winning two dollar (\$2.00) wager.

4.3 If more than five (5) separate interests are declared official starters by the board of stewards, there must be win, place and show wagering in the pari-mutuels. If more than four (4) separate interests are declared official starters by the board of stewards, there must be at least win and place wagering in the pari-mutuels.

4.4 The result of every race is determined insofar as the mutuel pay off is affected when it is posted as "Official" and, an immediate distribution of the respective pools is required, no subsequent change in the order of finish shall involve the mutuel department.

4.5 All contestants in the name of the same owner and/or under the care of the same trainer shall, when entered to race, be coupled as an "Entry"; a wager on any one of them being a wager on all; the entry running as one (1) contestant. If a contestant of either an "Entry" or "The Field" are scratched or excused and there remains at least one (1) contestant in the entry or field, all wagers made on the entry or field stand and no refund is to be made. In all simulcast races conducted in West Virginia, the provisions of Section 60.7 of these rules shall be in full force and effect.

4.6 If the stewards or the veterinarian excuse a contestant and order the contestant scratched, before they are locked in the gate, and such action reduces the number of contestants in separate interests actually engaged in the race below the number required for show or place betting, refunds may be made of the place and show pools, either or both, to bring the number of contestants in separate interests within the required minimum of contestants necessary for such pools.

4.7 If any contestant should be excused by the stewards after the horses shall have left the paddock for the post, the money bet on any contestants so excused shall be deducted from the pool and refunded to the purchaser or purchasers of tickets on the contestants so excused: Provided, That after the start, there shall be no refund.

4.8 All payments to holders of tickets entitled to share in the distribution of the respective pools shall be in proportion to their investment in the contestants sharing in the distribution from these pools; reference to payments out of pools, meaning the distributable portion thereof; but refunds when made include all the money in the pool or pools to which they apply.

4.9 Should there be any error in calculation where the public is underpaid, the amount of the underpay shall be added to the same pool on the next race. If such an error should result in the public being overpaid, the amount of the overpay will be chargeable against the funds of the racing association.

4.10 No association shall recognize either during the course of a race meeting or thereafter, any claim on pari-mutuel tickets unless a valid pari-mutuel ticket is presented. To be deemed a valid pari-mutuel ticket such ticket should have been issued by a pari-mutuel

ticket machine operated by the association and recorded as a ticket entitled to a share of the pari-mutuel pool and contain imprinted information as to:

4.10.1 The name of the association operating the meeting.

4.10.2 The date of the wagering transaction.

4.10.3 A unique identifying number or code.

4.10.4 The race number for which the pool is conducted.

4.10.5 The type or types of wager represented.

4.10.6 The number or numbers representing the wagering interests for which the wager is recorded.

4.10.7 The amount or amounts of the contributions to the pari-mutuel pool for which the ticket is evidence.

4.10.8 No mutilated ticket may be paid by the association if the following is missing.

4.10.8.1 A unique identifying number or code.

No pari-mutuel ticket recorded or reported as previously paid, cancelled or non-existent shall be deemed a valid pari-mutuel ticket by the association.

4.11 If two (2) contestants run a dead heat for first place, the money in the "Straight" mutuel pool is divided the same as in the "Place" pool calculation.

4.12 If two (2) contestants run a dead heat for second place, the division is as follows: The winner of the race receives his full share of one half of the "Place" money, and the two (2) dead heaters receive one-half each of the balance or one-fourth each of the whole.

4.13 If a contestant should run second upon which no "place" ticket has been sold, all the "place" pool is apportioned to the "place" tickets sold on the contestant that finished first, there being only one (1) participating ticket and not two (2) as usual, the calculation being the same as in a "straight" pool.

4.14 If a contestant should finish third upon which no "show" ticket has been sold, all of the "show" pool is divided between the

"show" tickets sold on the contestants that finished first and second, there being but two (2) participating tickets and not three (3) as usual the calculation being the same as in the "place" pool.

4.15 If only one (1) contestant finished in a race, all money in the "place" and "show" pools goes to the holders of "place" and "show" tickets on this one (1) contestants, the money being distributed as in a "straight" pool. If only two (2) contestants finish in a race, all money in the "show" pool goes to the holders of "show" tickets on these two (2) contestants, the money being distributed as in a "place" pool.

4.16 If no contestant finishes, all money shall be refunded.

4.17 The state steward shall close and lock all mutuel machines at the scheduled post time as shown on the field mutuel board.

4.18 Each association shall maintain suitable electric apparatus for locking the totalisator windows. It shall be operated from the steward's stand by one (1) of the stewards designated for this duty.

4.19 While the betting is in progress, there shall be frequent posting of the approximate odds on the contestants taking part in the race, "entries" being listed on the odds board as one (1) contestant, and, likewise, the "field" when either or both are a part of the race.

4.20 Suitable apparatus must be provided whereby notice is given to the mutuel department (1) that the contestants that are to run are on the track after leaving the paddock; (2) that they are parading; (3) that the lead contestant has just reached the starting gate; and (4) that the contestants are off.

4.21 Totalisator adjustments will be summarized at the close of each meeting, and, if the net result is a credit to the company operating the totalisator, then the auditor of pari-mutuels will obtain a check from the company for the amount of the net credit, made payable to the West Virginia Racing Commission, which said Commission will deposit with the State Treasurer.

4.22 Daily double rules shall be as follows:

4.22.1 The daily double is not a parlay and has no connections with or relation to the mutuel betting. All tickets on the daily double will be calculated in an entirely separate pool. All tickets will be to win (straight) only. No "entry" or "field" shall be permitted in any race involved in the daily double.

4.22.2 If no ticket is sold combining the two (2) winners, the daily double pool then shall be apportioned equally between those having tickets including the winner in the first race and those having tickets including the winner in the second race, in the same manner in which a "place" pool is calculated and distributed.

4.22.3 If no ticket is sold including the winner of the first race, the entire pool will be paid to holders of tickets which include the winner of the second race of the daily double.

4.22.4 Likewise, if no ticket is sold including the winner of the second race, then the entire pool will be paid to holders of tickets which include the winner of the first race of the daily double.

4.22.5 If no ticket is sold including the winner of either race, then the pool shall be paid to the holders of tickets which include the contestants finishing second in the two (2) races of the daily double.

4.22.6 If no ticket is sold which would require distribution of the daily double pool, the association shall make a complete and full refund of the pool.

4.22.7 If, for any reason, the first race of the daily double is canceled and declared "No Race," full and complete refund will be made of the daily double pool. If, for any reason, the second race of a daily double is canceled and declared "No Race," the daily double pool shall be distributed to the holders of the daily double tickets on the winner of the first race in the same manner as the straight pool of the first race is distributed, except as to the amount of distribution which shall be controlled by the amount bet in the daily double pool.

4.22.8 If after the first half of the daily double has been run and declared "Official" a contestant is excused or scratched in the second half of the daily double then a consolation pay-off shall be made to holders of the daily double to the excused or scratched contestant of the second half of the daily double computed in the following manner:

The net daily double pool (gross pool less commission) shall be divided by the total number of tickets sold combining the winner of the first half, the quotient thus obtained shall constitute the consolation pay off, to be paid to holders of each ticket combining the winner of the first half and the scratched or excused horse in the second half. The entire consolation pool (number of eligible tickets times the

State Tax Department
Title 178

consolation price), and not the breakage, shall be deducted from the net daily double pool. The remaining pool is the new net pool for the daily double.

4.22.9 If holder of tickets loses the first race of the daily double and the contestant is scratched in the second race, no money shall be refunded.

4.22.10 Rescinded.

4.22.11 Before the running of the second half of the daily double, the pay off prices of each combination coupled with the first winner shall be prominently posted, unless the first race of the daily double has resulted in a dead heat in which case the prices will not be posted and an announcement to this effect will be made over the loud speaker.

4.23 No association holding a race meeting under a license issued by the West Virginia Racing Commission shall permit bets to be made on the grounds of said association on any race run outside of said grounds and no foreign book or gambling device of any kind shall be permitted on said grounds.

4.24 Such rules for pari-mutuel betting as may be specified by the Commission shall be printed in the daily racing programs sold to the public within the premises of racing association.

§ 178-5-5. ACCOUNT WAGERING

5.1 General

The association may offer a system of account wagering to its patrons whereby wagers are debited and ~~payoffs~~ payouts credited to a sum of money, deposited in an account by the patron, that is held by the association. The association shall notify the patron, at the time of opening the account, of any rules the association has made concerning deposits, withdrawals, average daily balance, user fees, interest payments and any other aspect of the operation of the account. The association shall notify the patron whenever the rules governing the account are changed, such notification occurring before the new rules are applied to the account and including the opportunity for the patron to close or cash-in the account. The patron shall be deemed to have accepted the rules of account operation upon opening or not closing the account. The association shall request authorization from the Commission before a system of account wagering is offered.

5.2 Account Opening

5.2.1 The association may offer to open for its patrons:

5.2.1.1 short-term accounts that are operational only for the performance during which they were opened and only at the site where they were opened, whereby wagers are placed by the account holder at a self-service terminal;

5.2.1.2 long-term accounts that are operational for any performance offered by the association, whereby wagers are placed by the account holder at a self-service terminal or by telephone; and

5.2.1.3 voucher accounts that are operational for any performance offered by the association, whereby wagers are placed by the account holder at any ticket issuing terminal operated by the association. The patron may choose to credit winning ~~payoffs~~ payouts in cash and may choose to close or cash-in the account at any time.

5.3 Refusals

5.3.1 The association may reserve the right at any time to refuse to open an account, to accept a wager, or to accept a deposit.

5.4 Patron Information

5.4.1 Each short-term or long-term account holder shall provide such personal information as the association and the Commission require, including an address to which communications are to be delivered. The association shall provide, for each short-term or long-term account holder, a confidential account number and password to be used by the patron to confirm validity of every account transaction.

5.5 Deposits

5.5.1 Deposits may be made in cash or by check, whereby the proceeds of the check may first need banker's clearance. Holding periods will be determined by the association and advised to the account holder. A receipt for the deposit must be issued to the account holder, but does not need to reflect the current account balance.

5.6 Sufficient Account Balance

5.6.1 Each account holder shall be deemed to be aware of the

status of that account at all times. Wagers will not be accepted which would exceed the available balance of that account. Any account not updated when a transaction is completed shall be inoperable until the transaction is posted and the account balance updated.

5.7 Account Credits

5.7.1 When an account is entitled to a payoff payout or refund, said monies will be credited to the respective accounts, thus increasing the credit balance. It is the responsibility of the account holder to verify proper credits and, if in doubt, notify the association within the agreed upon time-frame for consideration. Unresolved disputes may be forwarded to the Commission by the association or the account holder. No claim will be considered by the Commission unless submitted in writing and accompanied by supporting evidence.

5.8 Account Operation

5.8.1 The association must maintain complete records of every deposit, withdrawal, wager and winning payoff payout for each short- and long-term account. Voucher accounts shall be recorded in a manner similar to a ticket. These records shall be made available to the Commission upon request.

5.8.2 For wagers made for an account by telephone, the association shall make a voice recording of the entire transaction and shall not accept any such wager if the voice recording system is inoperable.

5.8.3 Any account wagering system must provide for the account holder's review and finalization of a wager before it is accepted by the association. Neither the account holder nor the association shall change a wager after the account holder has reviewed and finalized the wager. In the case of a wager made by telephone, the voice recording of the transaction shall be deemed to be the actual wager, regardless of what was recorded by the pari-mutuel system.

5.9 Account Closure

5.9.1 The association may close any account when the holder thereof attempts to operate with an insufficient balance or when the account is dormant for a period approved by the Commission. In either case, the association shall refund the remaining balance of the account.

§ 178-5-6 SIMULCAST WAGERING

6.1 Duties of Simulcast Host

6.1.1 Every host association simulcasting its performance, if requested, may contract with an authorized receiver for the purpose of providing authorized users its simulcast.

6.1.2 A host association is responsible for content of the simulcast and shall use all reasonable effort to present a simulcast which offers the viewers an exemplary depiction of each performance.

6.1.3 Unless otherwise permitted by the Commission, every simulcast will contain in its video content a digital display of actual time of day, the name of the host facility from where it emanates, the number of the contest being displayed, and any other relevant information available to patrons at the host facility.

6.1.4 The host association shall maintain such security controls including encryption over its uplink and communications systems as directed or approved by the Commission.

6.2 Duties of Authorized Receiver

6.2.1 An authorized receiver conducts and operates a pari-mutuel wagering system on the results of contests being held or conducted and simulcast from the enclosures of one or more host associations and with the approval of the Commission.

6.2.2 An authorized receiver shall provide:

6.2.2.1 adequate transmitting and receiving equipment of acceptable broadcast quality, which shall not interfere with the closed circuit TV system of the host association for providing any host facility patron information.

6.2.2.2 pari-mutuel terminals, pari-mutuel odds displays, modems and switching units enabling pari-mutuel data transmissions, and data communications between the host and guest associations.

6.2.2.3 a voice communication system between each guest association and the host association providing timely voice contact among the Commission designees, placing judges and pari-mutuel departments.

6.2.3 The guest association and all authorized receivers shall conduct pari-mutuel wagering pursuant to the applicable Commission rules.

6.2.4 The Commission may appoint at least one designee to supervise all approved simulcast facilities and may require additional designees as is reasonably necessary for the protection of the public interest.

6.2.5 Not less than 30 minutes prior to the commencement of transmission of the performance of pari-mutuel contests for each day or night, the guest association shall initiate a test program of its transmitter, encryption and decoding, and data communication to assure proper operation of the system.

6.2.6 The guest association shall, in conjunction with the host association or associations for which it operates pari-mutuel wagering, provide the Commission with a certified report of its pari-mutuel operations as directed by the Commission.

6.2.7 Every authorized receiver shall file with the Commission an annual report of its simulcast operations and an audited financial statement.

§ 178-5-7 INTERSTATE COMMON POOL WAGERING

7.1 General

7.1.1 All contracts governing participation in interstate common pools shall be submitted to the Commission for approval.

7.1.2 Individual wagering transactions are made at the point of sale in the state where placed. Pari-mutuel pools are combined for computing odds and calculating payoffs payouts and breakage, but will be held separate for auditing and all other purposes.

7.1.3 Any surcharges or withholdings in addition to the takeout shall only be applied in the jurisdiction otherwise imposing such surcharges or withholdings.

7.1.4 In determining whether to approve an interstate common pool which does not include the host track or which includes contests from more than one association, the Commission shall consider and may approve use of a bet type which is not utilized at the host track, application of a takeout rate not in effect at the host track, or other factors which are presented to the Commission.

7.1.5 The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate common pool need not be identical to the similar information permitted or required to be displayed under these rules.

7.2 Guest State Participation in Interstate Common Pools

7.2.1 With the prior approval of the Commission, pari-mutuel wagering pools may be combined with corresponding wagering pools in the host state, or with corresponding pools established by one or more other jurisdictions.

7.2.2 The Commission may permit adjustment of the takeout from the pari-mutuel pool so that the takeout rate in this jurisdiction is identical to that at the host track, or identical to that of other jurisdictions participating in a merged pool.

7.2.3 Where takeout rates in the merged pool are not identical, the net price calculation shall be the method by which the differing takeout rates are applied.

7.2.4 Rules established in the state of the host association designated for a pari-mutuel pool shall apply.

7.2.5 The commission shall approve agreements made between the association and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.

7.2.6 If, for any reason, it becomes impossible to successfully merge the bets placed into the interstate common pool, the association shall make ~~payoffs~~ payouts in accordance with ~~payoff~~ payout prices that would have been in effect if prices for the pool of bets were calculated without regard to wagers placed elsewhere; except that, with permission of the Commission, the association may alternatively determine to either pay winning tickets at the ~~payoff~~ payout prices at the host track, or declare such accepted bets void and make refunds in accordance with the applicable rules.

7.3 Host State Participation in Merged Pools

7.3.1 With the prior approval of the Commission, an association licensed to conduct pari-mutuel wagering may determine that one or more of its contests be utilized for pari-mutuel wagering at guest facilities in other states, and may also determine that pari-mutuel pools in guest states be combined with corresponding

wagering pools established by it as the host track or comparable wagering pools established by two or more states.

7.3.2 Where takeout rates in the merged pool are not identical, the net price calculation shall be the method by which the differing takeout rates are applied.

7.3.3 Rules of racing established for races held in this state shall also apply to interstate common pools unless the Commission shall have specifically otherwise determined.

7.3.4 The Commission shall approve agreements made between the association and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.

7.3.5 Any ~~contract~~ for interstate common pools entered into by the association shall contain a provision to the effect that if, for any reason, it becomes impossible to successfully merge the bets placed in another state into the interstate common pool formed by the association, or if, for any reason, the Commission's or the association's representative determines that attempting to effect transfer of pool data from the guest state may endanger the association's wagering pool, the association shall have no liability for any measures taken which may result in the guest's wagers not being accepted into the pool.

7.4 Takeout Rates in Interstate Common Pools

7.4.1 With the prior approval of the Commission, an association wishing to participate in an interstate common pool may change its takeout rate (within the limits permitted by state law) so as to achieve a common takeout rate with all other participants in the interstate common pool.

7.4.2 An association wishing to participate in an interstate common pool may request that the Commission approve a methodology whereby host and guest states with different takeout rates for corresponding pari-mutuel pools may effectively and equitably combine wagers from the different states into an interstate common pool.

§ 178-5-8 CALCULATION OF PAYOFFS PAYOUTS AND DISTRIBUTION OF POOLS

8.1 General

8.1.1 All permitted pari-mutuel wagering pools shall be separately and independently calculated and distributed. Takeout shall

be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall constitute the net pool for distribution as ~~payoff~~ payout on winning wagers.

8.1.2 For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar.

8.1.3 Either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools.

8.1.3.1 Standard Price Calculation Procedure

SINGLE PRICE POOL (WIN POOL)

gross pool	=sum of wagers on all betting interests - refunds
takeout	=gross pool x percent takeout
net pool	=gross pool - takeout
profit	=net pool - gross amount bet on winner
profit per dollar	=profit / gross amount bet on winner
\$1 unbroken price	=profit per dollar + \$1
\$1 broken price	=\$1 unbroken price rounded down to the break point
total payoff <u>payout</u>	=\$1 broken price x gross amount bet on winner
total breakage	=net pool-total payoff <u>payout</u>

PROFIT SPLIT (PLACE POOL)

Profit is net pool less gross amount bet on all place finishers. Finishers split profit 1/2 and 1/2 (place profit), then divide by gross amount bet on each place finisher for two unique prices.

PROFIT SPLIT (SHOW POOL)

Profit is net pool less gross amount bet on all show finishers. Finishers split profit 1/3 and 1/2 (place profit), then divide by gross amount bet on each show finisher for three unique prices.

8.1.3.2 Net Price Calculation Procedure

SINGLE PRICE POOL (WIN POOL)

gross pool	=sum of wagers on all betting interests - refunds
------------	--

takeout =gross pool x percent takeout
* for each source:
net pool =gross pool - takeout
net bet on winner =gross amount bet on winner x (1 - percent
takeout)
total net pool =sum of all sources net pools
total net bet on winner =sum of all sources net bet on winner
total profit =total net pool - total net bet on winner
profit per dollar =total profit / total net bet on winner
\$1 unbroken base price =profit per dollar + \$1

* for each source:
\$1 unbroken price =\$1 unbroken base price x (1 - percent takeout)
\$1 broken price =\$1 unbroken price rounded down to the break
point
total payoff payout =\$1 broken price x gross amount bet on winner
total breakage =net pool - total payoff payout

PROFIT SPLIT (PLACE POOL)

Total profit is the total net pool less the total net amount bet on all place finishers. Finishers split total profit 1/2 and 1/2 (place profit), then divide by total net amount bet on each place finisher for two unique unbroken base prices.

PROFIT SPLIT (SHOW POOL)

Total profit is the total net pool less the total net amount bet on all show finishers. Finishers split total profit 1/3 and 1/3 and 1/3 (show profit), then divide by total net amount bet on each show finisher for three unique unbroken base prices.

8.1.4 If a profit split results in only one covered winning betting interest or combinations it shall be calculated the same as a single price pool.

8.1.5 Minimum payoffs payouts and the method used for calculating breakage shall be established by the Commission.

8.1.6 The individual pools outlined in these rules may be given alternative names by each association, provided prior approval is obtained from the Commission.

8.2 Win Pools

8.2.1 The amount wagered on the betting interest which

finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to Win on that betting interest.

8.2.2 The net Win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

8.2.2.1 To those whose selection finished first; but if there are no such wagers, then

8.2.2.2 To those whose selection finished second; but if there are no such wagers, then

8.2.2.3 To those whose selection finished third; but if there are no such wagers, then

8.2.2.4 The entire pool shall be refunded on Win wagers for that contest.

8.2.3 If there is a dead heat for first involving:

8.2.3.1 contestants representing the same betting interest, the Win pool shall be distributed as if no dead heat occurred.

8.2.3.2 contestants representing two or more betting interests, the Win pool shall be distributed as a profit split.

8.3 Place Pools

8.3.1 The amounts wagered to Place on the first two betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Place on that betting interest, the resulting quotient is the profit per dollar wagered to Place on that betting interest.

8.3.2 The net Place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

8.3.2.1 If contestants of a coupled entry or mutuel field finished in the first two places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise

8.3.2.2 As a profit split to those whose selection is included within the first two finishers; but if there are no such wagers on one of those two finishers, then

8.3.2.3 As a single price pool to those who selected the one covered betting interest included within the first two finishers; but if there are no such wagers, then

8.3.2.4 As a single price pool to those who selected the third-place finisher; but if there are no such wagers, then

8.3.2.5 The entire pool shall be refunded on Place wagers for that contest.

8.3.3 If there is a dead heat for first involving:

8.3.3.1 contestants representing the same betting

interest, the Place pool shall be distributed as a single price pool.

8.3.3.2 contestants representing two or more betting interests, the Place pool shall be distributed as a profit split.

8.3.4 If there is a dead heat for second involving:

8.3.4.1 contestants representing the same betting interest, the Place pool shall be distributed as if no dead heat occurred.

8.3.4.2 contestants representing two or more betting interests, the Place pool is divided with one half (1/2) of the profit distributed to Place wagers on the betting interest finishing first and the remainder is distributed equally amongst Place wagers on those betting interests involved in the dead heat for second.

8.4 Show Pools

8.4.1 The amounts wagered to Show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Show on that betting interest, the resulting quotient being the profit per dollar wagered to Show on that betting interest.

8.4.2 The net Show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

8.4.2.1 If contestants of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise

8.4.2.2 If contestants of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with two-thirds (2/3) distributed to those who selected the coupled entry or mutuel field and one-third (1/3) distributed to those who selected the other betting interest included within the first three finishers; otherwise

8.4.2.7 The entire pool shall be refunded on Show wagers for that contest.

8.4.3 If there is a dead heat for first involving:

8.4.3.1 two contestants representing the same betting interest, the profit is divided with two-thirds (2/3) distributed to those who selected the first-place finishers and one-third (1/3) distributed to those who selected the betting interest finishing third.

8.4.3.2 three contestants representing a single betting interest, the Show pool shall be distributed as a single price pool.

8.4.3.3 contestants representing two or more betting interests, the Show pool shall be distributed as a profit split.

8.4.4 If there is a dead heat for second involving:

8.4.4.1 contestants representing the same betting interest, the profit is divided with one-third (1/3) distributed to those who selected the betting interest finishing first and two-thirds (2/3) distributed to those who selected the second-place finishers.

8.4.4.2 contestants representing two betting interests, the Show pool shall be distributed as a profit split.

8.4.4.3 contestants representing three betting interests, the Show pool is divided with one-third (1/3) of the profit distributed to Show wagers on the betting interest finishing first and the remainder is distributed equally amongst Show wagers on those betting interests involved in the dead heat for second.

8.4.5 If there is a dead heat for third involving:

8.4.5.1 contestants representing the same betting interest, the Show pool shall be distributed as if no dead heat occurred.

8.4.5.2 contestants representing two or more betting interests, the Show pool is divided with two-thirds (2/3) of the profit

distributed to Show wagers on the betting interests finishing first and second and the remainder is distributed equally amongst Show wagers on those betting interests involved in the dead heat for third.

8.5 Double Pools

8.5.1 The Double requires selection of the first-place finisher in each of two specified contests.

8.5.2 The net Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

8.5.2.1 As a single price pool to those whose selection finished first in each of the two contests; but if there are no such

wagers, then

8.5.2.2 As a profit split to those who selected the first-place finisher in either of the two contests; but if there are no such wagers, then

8.5.2.3 As a single price pool to those who selected the one covered first-place finisher in either contest; but if there are no such wagers, then

8.5.2.4 As a single price pool to those whose selection finished second in each of the two contests; but if there are no such wagers, then

8.5.2.5 The entire pool shall be refunded on Double wagers for those contests.

8.5.3 If there is a dead heat for first in either of the two contests involving:

8.5.3.1 contestants representing the same betting interest, the Double pool shall be distributed as if no dead heat occurred.

8.5.3.2 contestants representing two or more betting interests, the Double pool shall be distributed as a profit split if there is more than one covered winning combination.

8.5.4 Should a betting interest in the first-half of the Double be scratched prior to the first Double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.

8.5.5 Should a betting interest in the second-half of the Double be scratched prior to the close of wagering on the first Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.

8.5.6 Should a betting interest in the second-half of the Double be scratched after the close of wagering on the first Double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest shall be allocated a consolation ~~payeff~~ payout. In calculating the consolation ~~payeff~~ payout the net Double pool shall be divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of

wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payoff payout. Breakage is not declared in this calculation. The consolation payoff payout is deducted from the net Double pool before calculation and distribution of the winning Double payoff payout. Dead heats including separate betting interests in the first contest shall result in a consolation payoff payout calculated as a profit split.

8.5.7 If either of the Double contests are canceled prior to the first Double contest, or the first Double contest is declared "no contest", the entire Double pool shall be refunded on Double wagers for those contests.

8.5.8 If the second Double contest is canceled or declared "no contest" after the conclusion of the first Double contest, the net Double pool shall be distributed as a single price pool to wagers selecting the winner of the first Double contest. In the event of a dead heat involving separate betting interests, the net Double pool shall be distributed as a profit split.

8.6.1 The Pick Three requires selection of the first-place finisher in each of three specified contests.

8.6.2 The net Pick Three pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

8.6.2.1 As a single price pool to those whose selection finished first in each of the three contests; but if there are no such wagers, then

8.6.2.2 As a single price pool to those who selected the first-place finisher in any two of the three contests; but if there are no such wagers, then

8.6.2.3 As a single price pool to those who selected the first-place finisher in any one of the three contests; but if there are no such wagers, then

8.6.2.4 The entire pool shall be refunded on Pick Three wagers for those contests.

8.6.3 If there is a dead heat for first in any of the three contests involving:

8.6.3.1 contestants representing the same betting interest, the Pick Three pool shall be distributed as if no dead heat occurred.

8.6.3.2 contestants representing two or more betting interests, the Pick Three pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

8.6.4 Should a betting interest in any of the three Pick Three contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win

pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

8.6.5 If all three Pick Three contests are canceled or declared "no contest", the entire pool shall be refunded on Pick Three wagers for those contests.

8.6.6 If one or two of the Pick Three contests are canceled or declared "no contest", the Pick Three pool will remain valid and shall be distributed in accordance with subsection 2 of this rule.

8.7 Pick (n) Pools

8.7.1 The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The association must obtain written approval from the Commission concerning the scheduling of Pick (n) contests, the designation of one of the methods prescribed in Part (2), and the amount of any cap to be set on the carryover. Any changes to the approved Pick (n) format require prior approval from the Commission.

8.7.2 The Pick (n) pool shall be apportioned under one of the following methods:

8.7.2.1 Method 1, Pick (n) with Carryover: The net Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the remainder shall be added to the carryover.

8.7.2.2 Method 2, Pick (n) with Minor Pool and Carryover: The major share of the net Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the minor share of the net Pick (n)

pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the major share shall be added to the carryover.

8.7.2.3 Method 3, Pick (n) with No Minor Pool and No Carryover: The net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

8.7.2.4 Method 4, Pick (n) with Minor Pool and No Carryover: The major share of the net Pick (n) pool shall be distributed to those who selected the first place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is one (1), the major and minor shares are combined for distribution as single price pool. If there are no winning wagers, the pool is refunded.

8.7.2.5 Method 5, Pick (n) with Minor Pool and No Carryover: The major share of net Pick (n) pool shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded.

8.7.3 If there is a dead heat for first in any of the Pick (n) contests involving:

State Tax Department

8.7.3.1 contestants representing the same betting interest, the Pick (n) pool shall be distributed as if no dead heat occurred.

8.7.3.2 contestants representing two or more betting interests, the Pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

8.7.4 Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win Pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interest which became winners as a result of the substitution, in addition to the normal wining combinations.

8.7.5 The Pick (n) pool shall be canceled and all Pick (n) wagers for the individual performance shall be refunded if:

8.7.5.1 at least two contests included as part of a Pick 3 are canceled or declared "no contest".

8.7.5.2 at least three contests included as part of a Pick 4, Pick 5 or Pick 6 are canceled or declared "no contest".

8.7.5.3 at least four contests included as part of a Pick 7, Pick 8 or Pick 9 are canceled or declared "no contest".

8.7.5.4 at least five contests included as part of a Pick 10 are canceled or declared "no contest".

8.7.6 If at least one contest included as part of a Pick (n) is canceled or declared "no contest", but not more than the number specified in subsection 5 of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.

8.7.7 The Pick (n) carryover may be capped at a designated level approved by the Commission so that is, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the

designated cap, the Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Pick (n) carryover is frozen, 100 percent of the net pool, part of which ordinarily would be added to the Pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance.

8.7.8 A written request for permission to distribute the Pick (n) carryover on a specific performances may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

8.7.9 Should the Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

8.7.9.1 Upon written approval from the Commission as provided in subsection 8 of this rule.

8.7.9.3 On the closing performance of the meet or split meet.

8.7.10 If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Commission. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance so designated by the Commission.

8.7.11 With the written approval of the Commission, the association may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap.

8.7.12 Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly

prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

8.7.13 The association may suspend previously-approved Pick (n) wagering with the prior approval of the Commission. Any carryover shall be held until the suspended Pick (n) wagering is reinstated. An association may request approval of a Pick (n) wager or separate wagering pool for specific performances.

8.7.14.4.a Contestants representing the same betting interest, the Place Pick (n) pool shall be distributed as if no dead heat occurred.

8.7.14.4.b contestants representing two or more betting interests, the Place Pick (n) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first or any betting interest involved in the dead heat for second.

8.8.5.1 As a profit split to those combining the winner with any of the betting interests involved in the dead heat for second; but if there is only one covered combination, then

8.8.5.2 As a single price pool to those combining the winner with the one covered betting interest involved in the dead heat for second; but if there are no such wagers, then

8.8.5.3 As a profit split to those combining the betting interests involved in the dead heat for second; but if there are no such wagers, then

8.8.5.4 As a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers, then

8.8.5.5 The entire pool shall be refunded on Quinella wagers for that contest.

8.9.2.2 As a single price pool to those who selected the first two finishers in each of the two Quinella Double contests; but if there are no such wagers, then

8.9.3 If there is a dead heat for first in either of the two Quinella Double contests involving:

8.9.3.1 contestants representing the same betting interest, the Quinella Double pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest.

In calculating the consolation payoff payout the net Quinella Double pool shall be divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payoff payout. Breakage is not utilized in this calculation. The consolation payoff payout is deducted from the net Quinella Double pool before calculation and distribution of the winning Quinella Double payoff payout. 8.13.8 If a winning ticket for the first-half of the Twin Quinella is not presented for exchange prior to the close of betting on the second-half Twin Quinella contest, the ticket holder forfeits all rights to any distribution of the Twin Quinella pool resulting from the outcome of the second contest.

8.13.9 Should a betting interest in the first-half of the Twin Quinella be scratched, those Twin Quinella wagers including the scratched betting interest shall be refunded.

8.13.10 Should a betting interest in the second-half of the Twin Quinella be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Quinella contest, the ticket holder forfeits all rights to the Twin Quinella pool.

8.13.11 If either of the Twin Quinella contests is canceled

prior to the first Twin Quinella contest, or the first Twin Quinella contest is declared "no contest", the entire Twin Quinella pool shall be refunded on Twin Quinella wagers for that contest.

8.13.12 If the second-half Twin Quinella contest is canceled or declared "no contest" after the conclusion of the first Twin Quinella contest, the net Twin Quinella pool shall be distributed as a single price pool to wagers selecting the winning combination in the first Twin Quinella contest and all valid exchange tickets. If there is no such wagers, the net Twin Quinella pool shall be distributed as described in subsection 2 of the Twin Quinella rules.

8.14 Twin Trifecta Pools

8.14.1 The Twin Trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first Twin Trifecta contest must be exchanged for a free ticket on the second Twin Trifecta contest in order to remain eligible for the second-half Twin Trifecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Twin Trifecta contest. Winning first-half Twin Trifecta wagers will receive both an exchange and a monetary ~~payoff~~ payout. Both of the designated Twin Trifecta contests shall be included in only one Twin Trifecta pool.

8.14.2 After wagering closes for the first-half of the Twin Trifecta and commissions have been deducted from the pool, the net pool shall then be divided into separate pools: the first-half Twin Trifecta pool and the second-half Twin Trifecta pool.

8.14.3 In the first Twin Trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Trifecta contest:

8.14.3.1 As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

8.14.3.2 As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

8.14.3.3 As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

8.14.3.4 As a single price pool to those whose combination correctly selected the finishers finishing second combined with the finisher finishing third. As a single price pool to those whose combination correctly selected the finisher finishing second for second and the finisher finishing third for third with any other finishers. If there are no such wagers the entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second-half shall be canceled.

8.14.4 If no first-half Twin Trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Trifecta pool. In such case, the second-half Twin Trifecta pool shall be retained and added to any existing Twin Trifecta carryover pool.

8.14.5 Winning tickets from the first-half of the Twin Trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the Twin Trifecta. The second-half Twin Trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Trifecta contest:

8.14.5.1 As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first three betting interests; but if there are no such tickets, then

8.14.5.2 The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Trifecta pool of the next consecutive performance.

8.14.6 If a winning first-half Twin Trifecta ticket is not presented for cashing and exchange prior to the second-half Twin Trifecta contest, the ticket holder may still collect the monetary value associated with the first-half Twin Trifecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool.

8.14.7 Coupled entries and mutuel fields shall be prohibited in Twin Trifecta contests.

8.14.8 Should a betting interest in the first-half of the Twin Trifecta be scratched, those Twin Trifecta wagers including the scratched betting interest shall be refunded.

8.14.9 Should a betting interest in the second-half of the

Twin Trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Trifecta contest, the ticket holder forfeits all rights to the second-half Twin Trifecta pool.

8.14.10 If, due to a late scratch, the number of betting interests in the second-half of the Twin Trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Twin Trifecta pool for that contest as a single price pool, but not the Twin Trifecta carryover.

8.14.11 If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Trifecta, all Twin Trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

8.14.11.1 the first-half of the Twin Trifecta, the ~~payoff~~ payout shall be calculated as a profit split.

8.14.11.2 the second-half of the Twin Trifecta, the ~~payoff~~ payout shall be calculated as a single price pool.

8.14.12 If either of the Twin Trifecta contests are canceled prior to the first Twin Trifecta contest, or the first Twin Trifecta contest is declared "no contest", the entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second-half shall be canceled.

8.14.13 If the second-half Twin Trifecta contest is canceled or declared "no contest", all exchange tickets and outstanding first-half winning Twin Trifecta tickets shall be entitled to the net Twin Trifecta pool for that contest as a single price pool, but not Twin Trifecta carryover. If there are no such tickets, the net Twin Trifecta pool shall be distributed as described in subsection 3 of the Twin Trifecta rules.

8.14.14 The Twin Trifecta carryover may be capped at a designated level approved by the Commission so that if, at the close of any performance, the amount in the Twin Trifecta carryover equals or exceeds the designated cap, the Twin Trifecta carryover will be frozen until it is won or distributed under other provisions of this

rule. After the Twin Trifecta carryover is frozen, 100 percent of the net Twin Trifecta pool for each individual contest shall be distributed to winners of the first-half of the Twin Trifecta pool.

8.14.15 A written request for permission to distribute the Twin-Trifecta carryover on a specific performance may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

8.14.16 Should the Twin Trifecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Twin Trifecta after completion of the first-half of the Twin Trifecta:

8.14.16.1 As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

8.14.16.2 As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

8.14.16.3 As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

8.14.16.4 As a single price pool to holders of valid exchange tickets

8.14.16.5 As a single price pool to holders of outstanding first-half winning tickets.

8.14.17 Contrary to subsection 4 of the Twin Trifecta rules, during a performance designated to distribute the Twin Trifecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Twin Trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting

the first-place betting interest only in the first-half of the Twin Trifecta, all first-half tickets will become winners and will receive 100 percent of that day's net Twin Trifecta pool and any existing Twin Trifecta carryover as a single price pool. In the event that there is no carry over pool on a force out performance and there are no winners in the first half, there will be a complete refund.

8.14.18 The Twin Trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

8.14.18.1 Upon written approval from the Commission as provided in subsection 15 of the Twin Trifecta rules.

8.14.18.2 Upon written approval from the Commission when there is a change in the carryover cap or when the Twin Trifecta is discontinued.

8.14.10. Should no selection be made as above mentioned the net pool shall be apportioned equally between those having selected the finishers finishing second combined with the finishers finishing third.

8.14.11. Should no selection be made as above mentioned those having selected the second finisher for second and the third finisher for third with any other finisher, contrary to the win, place and show pool practice, the aggregate number of tickets as mentioned in this paragraph shall divide the net pool and be paid and be paid the same payout price.

8.14.18.3 On the closing performance of the meet or split meet.

8.14.19 If, for any reason, the Twin-Trifecta carryover must be carried over to the corresponding Twin Trifecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Commission. The Twin Trifecta carryover plus accrued interest shall then be added to the second-half Twin Trifecta pool of the following meet on a date and performance so designated by the Commission.

8.14.20 Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, ~~or number of valid exchange tickets~~ is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

8.14.21 The association must obtain written approval from the Commission concerning the scheduling of Twin Trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Trifecta format require prior approval from the Commission.

8.15 Tri-Superfecta Pools

8.15.1 The Tri-Superfecta requires selection of the first three finishers, in their exact order, in the first of two designated contests and the first four finishers, in exact order, in the second of the two designated contests. Each winning ticket for the first Tri-Superfecta contest must be exchanged for a free ticket on the second Tri-Superfecta contest in order to remain eligible for the second-half Tri-Superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Tri-Superfecta contest. Winning first-half Tri-Superfecta tickets will receive both an exchange and a monetary ~~payoff~~ payout. Both of the designated Tri-superfecta contests shall be included in only one Tri-Superfecta pool.

8.15.2 After wagering closes for the first-half of the Tri-Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half Tri-Superfecta pool and the second-half Tri-Superfecta pool.

8.15.3 In the first Tri-Superfecta contest only, winning tickets shall be determined using the following precedence, based upon the official order of finish for the first Tri-Superfecta contest:

8.15.3.1 As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

8.15.3.2 As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

8.15.3.3 As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

8.15.3.4 As a single price pool to those whose combination correctly selected the finishers finishing second combined with the finisher finishing third. As a single price pool to those whose combination correctly selected the finisher finishing second for

second and the finisher finishing third for third with any other finishers. If there are no such wagers the entire Tri-Superfecta pool shall be refunded on Tri-Superfecta wagers for that contest and the second-half shall be canceled.

8.15.4 If no first-half Tri-Superfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Tri-Superfecta pool. In such case, the second-half Tri-superfecta pool shall be retained and added to any existing Tri-Superfecta carryover pool.

8.15.5 Winning tickets from the first-half of the Tri-Superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the Tri-Superfecta. The second-half Tri-Superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Tri-Superfecta contest:

8.15.5.1 As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets, then

8.15.5.2 The entire second-half Tri-Superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Tri-Superfecta pool of the next performance.

8.15.6 If a winning first-half Tri-Superfecta ticket is not presented for cashing and exchange prior to the second-half Tri-Superfecta contest, the ticket holder may still collect the monetary value associated with the first-half Tri-Superfecta pool but forfeits all rights to any distribution of the second-half Tri-Superfecta pool.

8.15.7 Coupled entries and mutuel fields shall be prohibited in Tri-Superfecta contests.

8.15.8 Should a betting interest in the first-half of the Tri-Superfecta be scratched, those Tri-Superfecta tickets including the scratched betting interest shall be refunded.

8.15.9 Should a betting interest in the second-half of the Tri-Superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for

exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Tri-Superfecta contest, the ticket holder forfeits all rights to the second-half Tri-Superfecta pool.

8.15.10 If, due to a late scratch, the number of betting interests in the second-half of the Tri-Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover.

8.15.11 If there is a dead heat or multiple dead heats in either the first- or second-half of the Tri-Superfecta, all Tri-Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

8.15.11.1 the first-half of the Tri-Superfecta, the payoff payout shall be calculated as a profit split.

8.15.11.2 the second-half of the Tri-Superfecta, the payoff payout shall be calculated as a single price pool.

8.15.12 If either of the Tri-Superfecta contests are canceled prior to the first Tri-Superfecta contest, or the first Tri-Superfecta contest is declared "no contest", the entire Tri-Superfecta pool shall be refunded on Tri-Superfecta wagers for that contest and the second-half shall be canceled.

8.15.13 If the second-half Tri-Superfecta contest is canceled or declared "no contest", all exchange tickets and outstanding first-half winning Tri-Superfecta tickets shall be entitled to the net Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover. If no there are no such tickets, the net Tri-Superfecta pool shall be distributed as described in subsection 3 of the Tri-Superfecta rules.

8.15.14 The Tri-Superfecta carryover may be capped at a designated level approved by the Commission so that if, at the close of any performance, the amount in the Tri-Superfecta carryover equals or exceeds the designated cap, the Tri-Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Tri-Superfecta carryover is frozen, 100 percent of the net Tri-Superfecta pool for each individual contest

shall be distributed to winners of the first-half of the Tri-Superfecta pool.

8.15.15 A written request for permission to distribute the Tri-Superfecta carryover on a specific performance may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

8.15.16 Should the Tri-Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Tri-Superfecta after completion of the first-half of the Tri-Superfecta:

8.15.16.1 As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

8.15.16.2 As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then

8.15.16.3 As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

8.15.16.4 As a single price pool to those whose combination included, in correct sequence, the first-place betting interest only; but if there are no such wagers, then

8.15.16.5 As a single price pool to holders of valid exchange tickets.

8.15.16.6 As a single price pool to holders of outstanding first-half winning tickets.

8.15.17 Contrary to subsection 4 of the Tri-Superfecta rules, during a performance designated to distribute the Tri-Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Tri-Superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the

first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the Tri-Superfecta, all first-half tickets will become winners and will receive 100 percent of that day's net Tri-Superfecta pool and any existing Tri-Superfecta carryover as a single price pool.

8.15.18 The Tri-Superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

8.15.18.1 Upon written approval from the Commission as provided in subsection 15 of the Tri-Superfecta rules.

8.15.18.2 Upon written approval from the Commission when there is a change in the carryover cap or when the Tri-Superfecta is discontinued.

8.15.18.3 On the closing performance of the meet or split meet.

8.15.19 If, for any reason, the Tri-Superfecta carryover must be carried over to the corresponding Tri-Superfecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Commission. The Tri-Superfecta carryover plus accrued interest shall then be added to the second-half Tri-superfecta pool of the following meet on a date and performance so designated by the Commission.

8.15.20 Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

8.15.21 The association must obtain written approval from the Commission concerning the scheduling of Tri-Superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Tri-Superfecta format require prior approval from the Commission.

8.16 Twin Superfecta Pools

8.16.1 The Twin Superfecta requires selection of the first

four finishers, in their exact order, in each of two designated contests. Each winning ticket for the first Twin Superfecta contest must be exchanged for a free ticket on the second Twin Superfecta contest in order to remain eligible for the second-half Twin Superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Twin Superfecta contest. Winning first-half Twin Superfecta tickets will receive both an exchange and a monetary payoff payout. Both of the designated Twin Superfecta contests shall be included in only one Twin Superfecta pool.

8.16.2 After wagering closes for the first-half of the Twin Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half Twin Superfecta pool and the second-half Twin Superfecta pool.

8.16.3 In the first Twin Superfecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Superfecta contest:

8.16.3.1 As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

8.16.3.2 As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then

8.16.3.3 As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

8.16.3.4 As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

8.16.3.5 The entire Twin Superfecta pool shall be refunded on Twin Superfecta wagers for that contest and the second-half shall be canceled.

8.16.4 If no first-half Twin Superfecta ticket selects the first four finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Superfecta pool. In such case, the second-half Twin Superfecta pool shall be retained and added to any existing Twin Superfecta carryover pool.

8.16.5.1 As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets, then

8.16.5.2 The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Superfecta pool of the next performance.

8.16.6 If a winning first-half Twin Superfecta ticket is not presented for cashing and exchange prior to the second-half Twin Superfecta contest, the ticket holder may still collect the monetary value associated with the first-half Twin Superfecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool.

8.16.7 Coupled entries and mutuel fields shall be prohibited in Twin Superfecta contests.

8.16.8 Should a betting interest in the first-half of the Twin Superfecta be scratched, those Twin Superfecta tickets including the scratched betting interest shall be refunded.

8.16.9 Should a betting interest in the second-half of the Twin Superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Superfecta contest, the ticket holder forfeits all rights to the second-half Twin Superfecta pool.

8.16.10 If, due to a late scratch, the number of betting interests in the second-half of the Twin Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Twin Superfecta pool for that contest as a single price pool, but not the Twin Superfecta carryover.

8.16.11 If there is a dead heat or multiple dead heats in

either the first- or second-half of the Twin Superfecta, all Twin Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

8.16.11.1 the first-half of the Twin Superfecta, the ~~payoff~~ payout shall be calculated as a profit split.

8.16.11.2 the second-half of the Twin Superfecta, the ~~payoff~~ payout shall be calculated as a single price pool.

8.16.12 If the either of the Twin Superfecta contests are canceled prior to the first Twin Superfecta contest, or the first Twin Superfecta contest is declared "no contest", the entire Twin Superfecta pool shall be refunded on Twin Superfecta wagers for that contest and the second-half shall be canceled.

8.16.13 If the second-half Twin Superfecta contest is canceled or declared "no contest", all exchange tickets and outstanding first-half winning Twin Superfecta tickets shall be entitled to the net Twin Superfecta pool for that contest as a single price pool, but not the Twin Superfecta carryover. If there are no such tickets, the net Twin Superfecta pool shall be distributed as described in subsection 3 of the Twin Superfecta rules.

8.16.14 The Twin-Superfecta carryover may be capped at a designated level approved by the Commission so that if, at the close of any performance, the amount in the Twin-Superfecta carryover equals or exceeds the designated cap, the Twin-Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Twin Superfecta carryover is frozen, 100 percent of the net Twin Superfecta pool for each individual contest shall be distributed to winners of the first-half of the Twin Superfecta pool.

8.16.15 A written request for permission to distribute the Twin Superfecta carryover on a specific performance may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

of the Twin Superfecta:

8.16.16.1 As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

8.16.16.6 As a single price pool to holders of outstanding first-half winning tickets.

8.16.17 Contrary to subsection 4 of the Twin Superfecta rules, during a performance designated to distribute the Twin Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Twin Superfecta. If there are no wagers correctly selecting the first-, second-, third-, and fourth-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-, second-, and third-place betting interests.
