The Authority is required to develop criteria and procedures for the development of these operational per diem costs through the mechanism of regulations pursuant to W. Va. Code §29A-3. Counties are required by the statute to make payments to the regional jail and correctional facility development fund in an amount sufficient to cover the costs of operating such regional jail facilities and to maintain inmates incarcerated therein.

1.2. Authority.—W. Va. Code §31-20-10(h).

1.3. Filing Date.—August 2, 2000

1.4. Effective Date.—\_\_\_\_\_.

1.5. Repeal of former rule.—This filing represents a repeal and replacement of the procedural rule 94CSR3 formerly effective on July 1, 1994.

**§94-3-2. Application And Enforcement.**

2.1. These procedural rules apply to the Regional Jail and

Correctional Facility Authority, and to counties, municipalities, the West Virginia Division of Corrections, the United States Marshals Service, the United States Bureau of Prisons and any other entity by whose authority inmates are incarcerated and maintained in regional jails operated by the West Virginia Regional Jail and Correctional Facility Authority.

2.2. The enforcement of these regulations rests with the Executive Director of the Regional Jail and Correctional Facility Authority.

**§94-3-3. Annual Schedule of Operating Expenditures.**

3.1. The Regional Jail and Correctional Facility Authority shall develop and approve a schedule of anticipated operational expenditures for each regional jail. Such schedules shall include funds for personal services and fringe benefits for personnel necessary to the operation of the facility as well as allocations of funds for food, clothing, utilities, supplies, transportation and all other costs necessary to operate and maintain the facility.

3.2. The operational expenditure schedule shall include all costs, both direct and indirect, for operating and maintaining the regional jail.

3.3. The operational expenditure schedule shall not include

any costs, either direct or indirect, for the construction, renovation or acquisition of a regional jail.

3.4. The Authority shall develop and approve an operational expenditure schedule for each regional jail on an annual basis, consistent with the state fiscal year.

**§94-3-4. Annual Statement of Cost Per Inmate Day.**

4.1. The authority shall, on an annual basis, prepare an estimate of the cost of operating each regional jail and maintaining inmates therein. This estimate of cost will be expressed as the cost of maintaining one (1) inmate for one (1) day. This estimate shall include all costs of operating each regional jail.

4.2. The annual statement of cost per inmate day will be forwarded to both the Sheriff and the County Commission of each county, the Commissioner of the Division of Corrections, the United States Marshals Service, the United States Bureau of Prisons and the mayor of each municipality served by the regional jail to provide notice of per diem costs and for their use in preparing their own budgets.

5.1.1. If the Authority has revenue available for use as operational funds, the Authority may apply such revenue to the total of the schedule of operational expenditures before calculating the cost per inmate day. In such case, the net operational costs shall become the dividend.

5.1.2. The anticipated number of inmates days to be provided in a fiscal year shall be the product of the bed capacity of the regional jail multiplied by a capacity factor of ninety percent (90%), multiplied by the number of days in the fiscal year; Provided, that, the bed capacity of the regional jails shall be defined as follows:
