**EXECUTIVE SUMMARY
WEST VIRGINIA BOARD OF EDUCATION**

**Series 3, Provisions Governing Contests
West Virginia Secondary School Activities Commission
Proposed Changes in Rules and Regulations**

BACKGROUND

The majority of public and most private schools in West Virginia belong to the West Virginia Secondary School Activities Commission. Each year, the principals of member schools submit revisions to the rules and regulations. The submitted proposals are presented and voted upon at the annual Board of Control meeting. Any approved changes are then submitted to the West Virginia State Board of Education for its review and approval.

PURPOSE

These amendments are brought forth to keep the West Virginia Secondary School Activities Commission current and updated on changes, trends and issues in the band and athletic programs.

These proposals were distributed for public comment in May and June. The West Virginia Secondary School Activities Commission will present to the Board the comments received for its review at the June meeting.

The West Virginia Secondary School Activities Commission staff, Constitution and Bylaws Committee, and Board of Control respectfully request that the proposed rule changes to the West Virginia Secondary School Activities Commission Rules and Regulations Handbook be approved.

CONTENT

Six proposals are being submitted to the State Board by the West Virginia Secondary School Activities Commission. Each rule change is presented with the whole rule being included. This will help the State Board members understand the significance of the rule change.

The following is a brief summary of the effect of each proposal:

1. Helps utilize available facilities to reduce wait time for practices. (Vote: Yes-127 No-1)
2. Adds clarification to existing rule (Vote: Yes-128 No. 2)
3. Recommendation from WVSSAC sports Medicine Committee to clarify number of practices. (Vote: Yes-125 No-1)
4. To eliminate disparity between counties. (Vote: Yes-121 No-6)
5. Allow more athletes to participate in JV games. (Vote: Yes-122 No-4)
6. Clarify contest an individual must be removed from. (Vote: Yes-127 No-1)

ATHLETIC ADMINISTRATORS, PRINCIPALS, AND COUNTY SUPERINTENDENTS WILL NEED TO BE AWARE OF THE CHANGES IN ORDER TO ADMINISTER THEIR SCHOOL PROGRAMS IN ACCORDANCE WITH THE CURRENT RULES. THERE IS NO MAJOR CHANGE THAT WOULD IMPACT ADMINISTRATION NEGATIVELY.

Response to Comments:

Comments were received from six individuals resulting in no corrections to the proposed amendments.

WVSSAC
Rules and Regulations Handbook
2011-12 Proposed Rule Changes Passed by BOC

Proposal 1 (127-1)

Amend §127-2-3. Enrollment and Team Membership. (Pg. 16) as follows:

3.2.4. Students enrolled in the ninth grade of a four, five or six year high school may participate on the high school team. Also, ninth graders of a feeder school may participate on their high school team and sixth grade students of a K-6 elementary feeder school may participate on their middle school/9th grade team if granted permission by the county board of education or governing body of a private/parochial school and the school principals involved. Once a ninth grade student becomes a member of the high school team said student will be ineligible for the middle school/9th grade team in that sport. Members of a 9th grade team may be grouped for practice with members of the varsity/jv team. However, if a 9th grade student participates, which would include but not limited to dressing, in a varsity/jv scrimmage or game that student becomes ineligible for the 9th grade team.

Joseph Findley, Principal
Grafton High School

Rationale:

Grouping of students for practice purposes will more efficiently utilize the available facilities, reduce the wait time for late practices and decrease late arrival home of participating students. The flexibility to group students for practice purposes provides a solution for several issues.

Proposal 2 (128-2)

Amend §127-2-10. Non-school Participation. (Pg. 22) as follows:

10.1. During the school year and while a member of a school team, a student shall neither participate, which would include, but not limited to, fund-raising activities, team picture, tryouts, etc., on any formally organized non-school team in the same sport, nor shall the student compete as an individual unattached in non-school formally organized competition in the same sport. The following sports are exempted from the provisions of this rule: cross country, golf, swimming, tennis, track, and wrestling, providing:

Constitution and By-Laws

Rationale:

To further clarify what students are not permitted to do while a member of a school team.

Proposal 3 (125-1)

Amend §127-2-13. Practice. (Pg. 24) by adding the following:

13.4.3 A student athlete who is absent from practice with their team for non-medical reasons, not under a doctor care, for more than fourteen (14) consecutive days must have the required full fourteen (14) practice days before resuming participation in a contest. Students participating in football must follow the practice progression as set forth in Rule 127-3-23.

Constitution and By-Laws

Rationale:

Recommendation from WVSSAC Sports Medicine Committee to clarify number of practices a student must have if they are absent from participation for non medical reason.

Proposal 4 (121-6)

Amend §127-3-10. Classification. (Pg. 38) as follows:

10.1. Each member high school shall be classified as either AAA, AA, or A based on the enrollment figures in grades 9-10-11 and 12 at the end of the second school month of the odd numbered year preceding the classification.

Leon Pilewski, Principal
Robert C Byrd High School

Rationale:

County boards of education and high schools have different policies and regulations regarding number of credits required to graduate and to be placed at a grade level. Counting all students in every high school eliminates this disparity.

Proposal 5 (122-4)

Amend §127-3-23. Football (Pg. 46) as follows:

23.4.1. The total number of quarters for a student in one season is ~~40~~ 50 exclusive of the play-off games.

Mike Wells, Principal
St. Marys High School

Rationale:

Athletes in small schools may need to play some JV Quarters in order to field a team and have a JV football game/team. Injuries and other unforeseen circumstances dictate athletes to play varsity quarters, limiting them to either play varsity or not play varsity and have no JV football game/team. This change would allow more athletes to participate in JV football games, rather than not have enough players to competitively field a team. Not having a JV football team not only affects the home school, but also limits football schedules for other teams and schools involved.

Proposal 6 (127-1)

Amend §127-4-2. Sportsmanship. (Pg. 55) as follows:

2.3. It shall be the responsibility of any team, student, coach, or attendant to remain in or a part of a contest until its normal end as provided by the National Federation Rules of that particular sport. The exception to the above would be provided by the same National Federation Rules of that particular sport. The penalty for a violation by a coach, student, or team attendant will not only involve ejection during that particular contest but shall also involve that student, coach, or team attendant not being a part of that school's team for the next regularly scheduled contest(s) or post season progression in a playoff tournament, as regulated in §127-4-3.7.3. The coach, student, or team attendant may practice in the days prior to the contest but may not dress or participate on the day of the contest. Rule 127-3-8 further explains the forfeiture consequences.

Constitution and By-Laws

Rationale:

To further clarify contest an individual must be removed from if in violation of Rule 127-4-2.

§127-3-2. Duties and Responsibilities of the Principal.

2.1. The principal of each member school is recognized as the school representative and as such is accountable to the Commission for conduct of the athletic program of that school.

2.2. The principal and/or his designee shall notify his staff faculty (as defined in Rule §127-3-6) of the rules and regulations of this Commission. It shall be that individual's responsibility to notify those students participating in West Virginia Secondary School Activities Commission (WVSSAC) activities. Failure of the principal in performing this responsibility will not prevent the Commission from enforcing said rules.

2.3. The principal shall have the authority to delegate responsibilities or duties; however, such delegation shall not relieve said principal of the responsibility of any infraction of the rules and regulations of this Commission by the members of his staff.

2.4. The principal has the authority to designate a member of the faculty who must supervise all interscholastic activities.

2.5. The principal is responsible for adequate team and crowd control measures at home contests in which the school participates, assuring that the school's participants and fans conduct themselves in a proper manner, and assuring that all fans and officials are provided adequate protection. In situations where contests are played on neutral sites, it will be the responsibility of both participating school principals.

127CSR3

2.6. The principal has the right to exclude a contestant who would not represent his school in an appropriate manner, a student who fails to maintain a satisfactory scholastic standing, or a student who has been excluded for a serious illness or injury.

2.7. The principal will be responsible for signing all game contracts, seeking sanctioning of necessary events, and signing all certificates of eligibility prior to student participation.

2.10. The principal, assistant principal, and athletic director of each member school shall be allowed admittance to any WVSSAC sanctioned event. Vocational principals and assistant principals shall also be allowed admittance. This admittance will be by presentation of the WVSSAC Courtesy Card and a photo identification.

2.11. The principal and assistant principal of each member school who upon retirement is a member in good standing with the WVSSAC shall receive a WVSSAC permanent Courtesy and Identification Card. This card shall allow admittance to any WVSSAC sponsored event. This admittance will be by presentation of the WVSSAC Courtesy Card and photo identification.

2.12. WVSSAC Courtesy and Identification Cards shall be honored at all events involving WVSSAC member schools with the exception of state tournaments.

§127-3-3. Physical Examination -- Parental Permission.

3.1. Note: The Athletic Participation/Parental Consent/Physician's Certificate Form allows for annual updates rather than a complete physical examination.

3.2. A student shall not be permitted to engage in interscholastic practice or participate in an interscholastic contest until that student has filed with the principal a completed Athletic Participation/Parental Consent/Physician's Certificate Form. This form must be signed by all parties: student, parent(s), physician. Consent and approval for sport(s) in which a student is requesting participation must be approved by both parent and physician.

3.3. A physical examination form must be completed no earlier than June 1 for an upcoming year.

§127-3-4. All-Star Participation.

4.1. A graduating senior, or any student completing athletic eligibility at the end of the

127CSR3

current school year because of age or completion of semesters of eligibility, may play in one All-Star game upon conclusion of the season without loss of athletic eligibility for the balance of that year.

§127-3-5. Awards.

5.1. Only a member school or a school sponsoring a sanctioned event may give the following awards to a student or team: medal, trophy, cup, certificate, ribbon, plaque, unattached letter, unattached chevron or any similar award.

5.2. A student may accept on an individual or team basis the above specified awards in the following situations:

5.2.a. from a member school for participation;

5.2.b. in a sanctioned event;

5.2.c. in a non-sanctioned event at any time in the following sports: cheerleading, cross country, golf, swimming, tennis, track, or wrestling;

5.2.d. in a non-sanctioned event but not during the school sports-season for the following sports: football, basketball, volleyball, baseball, lacrosse, softball or soccer.

5.3. A student may not receive the following awards from any source:

5.3.a. Wearing apparel - sweaters, jackets, jerseys, shoes, etc.

5.3.b. Equipment - radio, televisions, etc.

5.3.c. Athletic goods - batons, tennis rackets, bats, golf bag, tennis or golf balls, etc.

5.3.d. Money - (Scholarships to institutions of higher learning are exempted.)

5.4. Purchase of an item as mentioned in subsection 5.3 above whereby any portion is donated by a school, booster club, auxiliary agency or any other group or organization is prohibited.

5.5. Nothing in this Awards Rule shall be interpreted to affect the recognition of scholarship or scholastic achievements.

§127-3-6. Coaches.

6.1. A member of a school faculty, substitute teacher or student teacher, with or without West Virginia Department of Education Authorized Certification, within a public, private, or parochial school system shall be allowed to coach an athletic team. Also, an authorized certified individual may coach if he meets all of the requirements in subsection 6.5 of this rule.

127CSR3

6.2. A substitute teacher is defined as a person who has met the licensure requirements as specified by the West Virginia Board of Education and has been approved as a substitute teacher of that county board of education, private, or parochial school.

6.3. A college student fulfilling teacher training responsibilities as a student teacher may be assigned certain coaching responsibilities during that period of training. This assignment will be administratively consistent with said student teacher's role in the classroom and shall be approved by the county board of education or the governing board of a private or parochial school. Said student teacher will work directly under the supervision of the appointed coach or assistant coach.

6.4. An authorized certified coach must meet the following requirements:

6.4.a. The coach is employed under a contract with a county board of education which specifies a rate of pay equivalent to the rate for professional educators who accept similar duties as extra duty assignments and which provided for liability insurance associated with the activity.

6.4.b. The coach has successfully completed approved training: NFHS Sport Science, Sport First Aid, and WV Component (14 hours of instruction and test) and has received West Virginia Department of Education Authorization.

6.4.c. The authorized certified coach may be contracted to coach only if an employed certified professional educator within the county has not applied for and accepted the coaching position.

6.4.d. Coaching authorizations are for one year. They may be re-issued upon request if a certified professional educator within a county is not available.

6.5. The head coach shall be required to attend any sports rules clinic in the coaching assignment which is sponsored by this Commission. Schools failing to have a head coaching position filled at the time of the clinic will be required to have a school representative present at the rules clinic.

6.6. All coaches and athletic directors of member schools who upon retirement from a member school with at least 20 years of service either as a coach, athletic director or combination of coaching and athletic director shall receive a lifetime WVSSAC Courtesy and Identification Card. This card shall allow admittance to any WVSSAC sponsored event. This admittance will be by presentation of the WVSSAC Courtesy and Identification Card and photo identification.

§127-3-7. Out-of-Season Coaching.

7.1. Philosophy -- Students should have the opportunity to engage voluntarily in school athletic activities provided that the student is eligible, that such activities do not interfere with the students' educational development and the activities do not conflict with the principles of

127CSR3

wholesome amateur athletics. The WVSSAC wishes to enhance that opportunity while at the same time discouraging the exploitation of students by overzealous individuals and organizations who attempt to impose an obligation or pressure on the student. There has been growing evidence of commercialism and specialization of secondary school students. Experience has revealed that such occurrences tend to divide the allegiance of students, undermine respect for coaches and officials, and encourage the type of adulation which gives students an exaggerated sense of importance of their own athletic prowess. Rather, athletic participation should be used for the pleasure and satisfaction that is derived from athletic competition in a variety of experiences.

7.2. School organized out-of-season practice or related activities shall only be permitted with principal approval during Weeks 50, 51 and 52 of the National Federation Standardized Calendar. Participation by students must be open to all students, voluntary, and not required directly or indirectly for membership on a school team. Participation by students during these weeks does not meet Practice Rule §127-2-13.4.

7.3. A coach or principal designee of each sport or activity may be present as an observer, lecture participant, staff member, or in any capacity at any summer camp during weeks 50, 51, and 52 of the National Federation Standardized Calendar.

7.4. A coach or surrogate shall not work with individuals in any form of drills or practice of the grade level coaching assignment and preceding grade level except during those dates specified as the season for that specific sport or as designated in subsections 7.2 and 7.3 of this rule.

7.5. Coaches may participate in a formal development program of the U.S. Olympic Committee (USOC) involving students of the same sport as their coaching assignments. The formal development program must be under the official guidance of the USOC through the National Governing Body (NGB) of the sport. The NGB must assure in writing to the WVSSAC that coaches will receive formal orientation and that strict supervision and monitoring of coaches will ensure that no recruitment or inappropriate influence will be exerted on students.

7.6. Conditioning/Recreation Programs -- Students throughout the school year who are not participating in a school's athletic program may voluntarily participate in an off season conditioning program. This program may also occur during the summer subject to county board of education or governing body approval and the following provisions:

7.6.a. Participation in the program must be open to all students enrolled in the school providing the program.

7.6.b. Participation is voluntary and is not required directly or indirectly for membership on a school team.

7.6.c. Students will provide their own clothing (sweatsuit, shoes, etc.).

7.6.d. Activities will be limited to running, weight training, and stretching exercises.

127CSR3

Agility drills that do not involve specific skills of a given sport are permitted.

7.6.e. Specific equipment pertaining to a given sport may not be used. This includes such items as footballs, basketballs, volleyballs, wrestling mats, discus, etc.

7.6.f. In those cases where schools schedule all students into the last period of the school day, the guidelines in items (c), (d), and (e) shall apply unless the class is considered a part of the physical education program and credit is given. There shall be no teaching of sport specific skills in this case unless those same skills and course of study are taught in all physical education classes at this same time of the school year.

7.6.g. The county board of education may choose to compensate the supervisor or director.

7.7. Coaches may not promote, initiate, organize, supervise, or participate in out-of-season events involving students of the same sport as the grade level coaching assignment and preceding grade level except as specified in Rules §127-3-7.2 and §127-3-7.3. The county board of education shall be authorized to approve a coach to organize and/or supervise a recreation program for students. However, this type assignment must be recreational in nature, include a variety of activities, and comprise no coaching or instruction of that same sport as the school coaching assignment. In addition to the above, gymnasiums or facilities opened for recreational activities must use the following guidelines:

7.7.a. The gymnasium or field is open to all students for participation.

7.7.b. A variety of activities is available to students and is not limited to one sport or activity on a given day.

7.7.c. Supervisor or director must be approved by the county board of education or governing body.

7.7.d. There is no coaching or instruction in the skills and technique in any sport.

7.7.e. Comparable opportunities are provided both sexes.

7.7.f. Participation is voluntary and is not required directly or indirectly for membership on a school team.

7.8. The principal assumes the responsibility for making certain that there is adherence to these guidelines.

§127-3-8. Forfeit and Restitution.

8.1. A written request for investigation of an eligibility issue may be filed by a member school Principal with the Executive Director in any sport. Individual and/or team awards will not be affected if the request is filed in excess of 42 calendar days from the conclusion of the

127CSR3

State Championship in that sport.

8.2. When a student is declared ineligible subsequent to competing as an individual or a penalty has been imposed or action taken by the WVSSAC, said student's performance shall be stricken from the records and the points contributed to the team total deleted. The team standings will be adjusted accordingly and any awards involved shall be returned.

8.3. When a student is declared ineligible subsequent to representing the school in team competition or a penalty has been imposed by the WVSSAC, the contest(s) may be forfeited. The team standing in the final standing will be adjusted, and the team awards and the ineligible student's awards may be returned.

8.4. If a team or student participating in an individual contest leaves the playing area in protest and fails to complete the contest, the contest is forfeited and the school principal or his designee and the violator may be required to appear before the Executive Director to indicate why additional action should not be taken.

8.5. If a coach is ejected from a contest and an assistant coach or assigned school representative is not available to continue as coach, the contest is terminated and forfeited to the opponent.

8.6. If a student is ineligible according to WVSSAC rules but is permitted to participate in interscholastic competition contrary to such WVSSAC rules but in accordance with the terms of a court restraining order or injunction and said order or injunction is subsequently vacated, stayed, reversed or finally determined by the courts that injunctive relief is/was not justified, any one of the following actions may be taken in the interest of fairness or restitution to the competing schools.

8.6.a. Require that individual or team and performance records achieved during participation by such ineligible student shall be vacated or stricken.

8.6.b. Require that team or individual victories shall be forfeited to opponent(s).

8.6.c. Require that team or individual awards earned by such individual or team be returned to the Commission.

§127-3-9. Game Officials.

9.1. All officials used in interscholastic games and contests in West Virginia must be registered with the WVSSAC, except in case of emergency subsection 9.4 may be invoked. A game officials' registration plan shall be established by the Board of Directors.

9.2. Officials for interscholastic contests shall be mutually agreed upon by the competing schools at least two weeks before the scheduled date of contest. Coaches or other persons connected with competing schools shall not officiate at the contest unless the consent of all competing schools is given.

127CSR3

9.3. The host school initiates the selection of game officials. It is highly recommended that the host school contract officials for all interscholastic contests. Contractual agreements are between the school and the official.

9.4. The Executive Director shall be empowered to authorize the use of non registered officials for athletic contests where registered officials are not available and schools threaten the cancellation of said scheduled athletic contests.

9.5. All officials registered with the WVSSAC are subject to and required to abide by the rules and regulations set forth in these bylaws and the "West Virginia Secondary School Activities Commission Officials' Handbook", which is revised and published yearly. Also, the WVSSAC registered officials are provided the same opportunity for appeal of any decisions as set forth in these same bylaws.

9.6. The official shall:

9.6.a. Attend a state WVSSAC rules clinic in the sport for which the official is registered. Failure to comply will result in suspension for the current year.

9.6.b. Attend four (4) local officials Board meetings. Failure to comply will result in suspension for the current year.

9.6.c. Take Part I and Part II National Federation Rules Examinations in the sports where specified. Failure to comply will result in suspension for the current year.

9.6.d. Abstain from intoxicating beverages on the day of the contest the official is assigned to prior to, during, and after in the vicinity of the playing area of the contest.

9.6.e. Abstain from the use of smokeless or any other forms of tobacco in the vicinity of the playing area of the contest.

9.6.f. Abstain from the use of illegal drugs.

9.6.g. Be fair, impartial, unbiased, professional, and competent in officiating.

9.6.h. Be in and maintain proper physical and mental condition as verified by the physical examination form submitted to the WVSSAC; dress and appearance must be appropriate.

9.6.i. Be at the site of the contest in adequate time to care for necessary pre contest duties or as specified in the National Federation Rules.

9.6.j. Maintain self-control under all conditions.

9.6.k. Refrain from commenting upon or discussing a team, play, game situation, or fellow official.

127CSR3

9.6.l. Conduct the game so as to enlist the cooperation of students, coaches, and spectators in the interest of good sportsmanship.

9.6.m. Comply with any WVSSAC rule, regulation, Constitution or directive, and particularly those regulations pertaining to filing Special Reports and Official Ratings of Schools.

9.6.n. Honor all existing officiating contracts with member schools unless a valid reason is presented and accepted by the involved school. Accepting a game involving a higher level of competition is not a valid reason.

9.6.o. Comply with local board rules as set forth in board constitution.

9.7. The Executive Director shall have the power to penalize for violations of these rules. Any official penalized under these rules shall have the right to appeal to the WVSSAC Board of Directors. The Executive Director shall inform fully a penalized official of his appeal rights.

§127-3-10. Classification.

10.1. Each member high school shall be classified as either AAA, AA, or A based on the enrollment figures in grades 9-10-11 and 12 at the end of the second school month of the odd numbered year preceding the classification.

10.2. Classification of member high schools shall be determined every four years on the even numbered years and will remain in effect for a four year period unless a 20% change in enrollment using West Virginia Department of Education enrollment figures at the end of the second school month. Change of classification due to 20% change in enrollment would not go into effect until the next school year.

10.3. A school may choose to compete in WVSSAC tournaments in one class above its classification providing proper notification is made to the WVSSAC prior to April 1 of a new classification year. Approval of this option will be for a four year period and will be effective for all sports sponsored by the school.

10.4. The Board of Directors may structure the WVSSAC tournament series in each sport by classification (AAA-AA-A). Each sport will be structured according to the level of interest and accommodation for tournament alignment. Prior to any change of structure of any given sport, a survey of the membership must be conducted by WVSSAC.

10.5. If a consolidation of two or more member schools occurs the classification period, the new member school will be reclassified based on the enrollment of grades 9-10-11 in the consolidating schools.

§127-3-11. Exchange of Eligibility Certificates.

127CSR3

11.1. Eligibility certificates will be required at the beginning of the season of each sport approved by this Commission and prior to the first contest.

11.2. The principal will be responsible for the proper completion of the certificate and completion of said information as per WVSSAC policy.

11.3. The names of the students on all junior high and middle school teams and teams from the ninth grade of the four year high school and sixth, seventh, eighth and ninth of a six year high school shall be submitted on the master eligibility certificate prepared for use by the school.

11.4. Additions to the team shall be certified at once on an eligibility certificate to the WVSSAC.

11.5. Verification of student eligibility will be made by the principal. Birth certificates must be used to confirm a student's age. Questionable cases shall be approved by the Executive Director prior to participation.

11.6. If a change is made in the record of age, number of semesters of attendance or semester credits from that which has previously appeared on an eligibility certificate, it must be reported to the WVSSAC and approved prior to participation.

11.7. Failure to send the required eligibility information to the WVSSAC prior to the first contest shall render the offending school liable to a fine of \$25.00 payable to the WVSSAC.

§127-3-12. Legal Opponents.

12.1. Member schools of the WVSSAC shall not participate against any public, private or parochial secondary school whose status has not been recognized by that group's governing body.

12.2. Member schools of the WVSSAC shall not participate against those schools that have been placed under a specified sanction. This would include either member schools or out-of-state schools.

12.3. Member schools of the WVSSAC shall not participate in any interscholastic contest or practice against non-school teams or in any interscholastic contest or practice which involves alumni participants.

§127-3-13. Contracts.

13.1. It is recommended that contracts of games for all interscholastic contests be prepared in duplicate. Contract forms are furnished by the WVSSAC office. These should include specific dates, financial guarantee provisions, adequate forfeiture stipulations, and all other items listed on the contract.

13.2. In order for a contract to be binding, it must be signed by the principal or his designee

from both schools.

13.3. Contracts may be canceled in the following situations:

13.3.a. If both principals or designee fail to sign the contract.

13.3.b. If one of the two schools is forced to suspend its school schedule.

13.3.c. If one school fails to return the signed contract to the other school within thirty (30) days.

13.3.d. If there is written mutual consent of the two parties of the contract.

13.3.e. If the Board of Directors annuls a contract when it deems such action necessary for the furtherance of interscholastic athletics in West Virginia or if provisions of the contract are contrary to the rules of the Commission.

13.4. Athletic contracts made by the principal are considered binding on his successor.

13.5. An athletic contest will be considered forfeited during regular season as per contracted or tournament play as per scheduled if contest cancellation is caused by a strike by teachers, support personnel, or school patrons acting as a striking body. 6/4/11	Susan Cospers, St. Marys HS	<p>127-3-23.4.1 Football</p> <p>I am in support of allowing student athletes in football to have extra quarters to play. This year my son was affected by the limited amount of quarters that students are allowed to play in football. He began his sophomore season by being named the starting safety for our team. He was very excited to be a starter for the Varsity squad! He isn't the biggest player or the strongest, but he has worked hard and earned the spot from the coaching staff. During the first two or three games he was very nervous and his inexperience showed, but he also showed growth and improvement. He was also the back-up quarterback for the Varsity team. He didn't get to see much playing time at that position so he always looked forward to getting out on the field on defense. After the first game, our Junior Varsity team ran into a problem. They had no</p>	N +	

quarterback. After beginning the year with two boys to play quarterback, one quit and the other player was injured. When asked if he would play for the JV, my son did not hesitate to tell his coaches yes. That is the kind of person he is. He loves to play and he wants to help his team get better. After a few games, the coaching staff approached us about the rule that limits the number of quarters that a student athlete may play. By this time my son had established himself as a valuable member of the Varsity squad and we realized he was going to lose some of his playing time. This came after playing one of his best games of the year! Imagine his disappointment. He was trying to do the right things and he felt then that he might be in danger of losing his position and/or earning his Varsity letter. It also came at an important time during the season when the experience he gained at the safety position was needed. The coaching staff felt bad, his teammates felt bad and we as his parents felt bad. I believe that this proposal would help alleviate this kind of problem from happening again. We live in a small community and our options are limited sometimes. Having a few extra quarters would allow some of our student athletes to gain experience at

		<p>other positions and allow them to help out our Junior Varsity football teams so that more students get a chance to play, learn and gain experience. Without the opportunity to play, some of the younger athletes that typically make up the roster of the JV squad might give up their involvement. The JV program is a vital part of the overall instruction and development of young people and keeping them involved helps with attendance, academics, school and community pride. Thank you for allowing me to comment on this policy and to share our story with you.</p>		
5/16/11	Heather Straight	<p>I called to speak with you briefly last year on this issue. I am so happy to see that it is available for public comment and hope that the proposed ammendment is adopted. I feel that this is very important for small schools to develop competitive programs, which obviously do not just happen at the varsity level. Successful JV programs offer student athletes the opportunity to develop and prepare for Varsity play. I appreciate Mr. Well's acknowledgement of this potential negative effect on scheduling with opposing schools, which in rural areas of WV can certainly inhibit the goals of secondary school programs. Thank you again for your time and I look forward to following the decision. Dr. Heather Straight</p>	N +

With communities losing population and rural community and county schools decreasing in enrollment, why would you factor in the 12 graders which will be graduating in 9 months and not use 8th grade enrollment numbers to help out the rural communities in the classifications for the next FOUR years.

I understand that graduation credits differ in each county but we are speaking of actual numbers in each class. Classification alignments are every four years and adding the 12 grade class for the one year is not looking at the big picture for smaller schools that may or may not lose a number of students in a class that would put them at a disadvantage in the next three years.

Classifications as a whole for competition is fine with the exception of football. With football we all know that it places the smaller AAA teams at a disadvantage with the larger schools varsity numbers almost doubling the number of players on the other sideline.

This is not the place for comment on football classification, but why would you not split AAA football into two groups (top half and bottom half) and have the top 8 in each division play in a playoff. I am in support of allowing student athletes in football to have extra

quarters to play. This year my son was affected by the limited amount of quarters that students are allowed to play in football. He began his sophomore season by being named the starting safety for our team. He was very excited to be a starter for the Varsity squad! He isn't the biggest player or the strongest, but he has worked hard and earned the spot from the coaching staff. During the first two or three games he was very nervous and his inexperience showed, but he also showed growth and improvement. He was also the back-up quarterback for the Varsity team. He didn't get to see much playing time at that position so he always looked forward to getting out on the field on defense. After the first game, our Junior Varsity team ran into a problem. They had no quarterback. After beginning the year with two boys to play quarterback, one quit and the other player was injured. When asked if he would !

play for the JV, my son did not hesitate to tell his coaches yes. That is the kind of person he is. He loves to play and he wants to help his team get better. After a few games, the coaching staff approached us about the rule that limits the number of quarters that a student athlete may play. By this time my son had established himself as a valuable member of the Varsity squad and we realized he was going to lose some of his playing time. This came after playing one of his best games of the year! Imagine his disappointment. He was trying to do the right things and he felt then that he might be in danger of losing his position and/or earning his Varsity letter. It also came at an important time during the season when the experience he gained at the safety position was needed. The coaching staff felt bad, his teammates felt bad and we as his parents felt bad. I believe that this proposal would help alleviate this kind of problem from happening again. We live in a s!

mall community and our options are limited sometimes. Having !
a few ex

tra quarters would allow some of our student athletes to gain experience at other positions and allow them to help out our Junior Varsity football teams so that more students get a chance to play, learn and gain experience. Without the opportunity to play, some of the younger athletes that typically make up the roster of the JV squad might give up their involvement. The JV program is a vital part of the overall instruction and development of young people and keeping them involved helps with attendance, academics, school and community pride. Thank you for allowing me to comment on this policy and to share our story with you.
