West Virginia State Police
Title 81
Series 3

Circumstances Requiring Amendments to the Rule

The following circumstances led to the proposed amendments to §81-3-1 et seq.:

- 1.) The legislature changed the name of the agency from the "Division of Public Safety" to the "West Virginia State Police." The proposed rule reflects this change.
- 2.) Generic references to the West Virginia State Police will be made using "department" rather than "Division." This is a consequence of the legislative name change. The proposed rule reflects this change.
- 3.) The current rule refers to specific disciplinary rules within the code of conduct, under section CSR §81-1-1 et seq. These sections in the code will be eliminated upon the passage of the proposed amendments to section CSR §81-1-1 et seq. The proposed rule reflects this change.
- 4.) The current rule creates an appeal board for members to appeal various processes in the promotions process. This board exists even though CSR §81-8-1 et seq. creates a grievance system that members can (and do) initiate appeals of the promotions process. Therefore, the proposed rule eliminates the special appeal board, thereby eliminating this dual system.
- 5.) The current rule does not specifically list the accreditation organizations for the receipt of "valid" college hours. The proposed rule lists these organizations.
- 6.) The current rule deducts promotional points from members that have active disciplinary files. The proposed rule eliminates this promotional point deduction.
- 7.) The current rule awards longevity points for full years of service only. The proposed rule will award points for full and partial years of service, when applicable.
- 8.) The current rule does not allow for the assignment of evaluators individually or into groups to perform specific portions of the evaluation process. The proposed rule allows such assignment.
- 9.) "[P]hysical fitness program" has been changed to "physical ability program." The proposed rule reflects this change.
- 10.) The current does not require a member to have obtained a rating of success in all applicable areas on the most recently completed employee evaluation to participate in the career progression system. The proposed rule contains such a requirement.
