Section 1. Groundwater Protection Standard

1.01 Scope and Purpose.

The purpose of these regulations is to provide a standard of protection for groundwater which shall apply to hazardous waste management facilities. The term "hazardous waste management facility" as used in this section shall have the same meaning as that term is defined under Section 2, Series XV, Department of Natural Resources, Administrative Regulations.

1.02 Authority.

These regulations are promulgated under the authority of the West Virginia Code Chapter 20, Articles 5E and 5A.

1.03 Effective Date.

These regulations will become effective upon filing in the Office of the Secretary of State.

1.04 Filing Date.

These regulations were filed in the Office of the Secretary of State on May 4, 1983.

1.05 Certification.

These regulations are certified authentic by the Chairman of the State Water Resources Board.

1.06 Groundwater Protection Standard.

The owner or operator must comply with conditions specified in the permit that are designed to ensure that hazardous constituents under Section 8.13.04, Series XV, Department of Natural Resources Administrative

Regulations, entering the groundwater from a regulated unit do not exceed the background concentrations of those constituents in the groundwater in the uppermost aquifer underlying the waste management area at or beyond the point of compliance under Section 8.13.05, Series XV, Department of Natural Resources Administrative Regulations, during the compliance period under Section 8.13.06, Series XV, Department of Natural Resources Administrative Regulations. These background concentrations will be determined as described under Section 8.13.08(b), Series XV, Department of Natural Resources Administrative Regulations. When determining compliance with the groundwater standard, the statistical tests and procedures outlined in Sections 8.13.08(c) and 8.13.08(d) of Series XV, Department of Natural Resources Administrative Regulations, shall be applied.
