On page 2, subsection 2.10, by striking '46 C.S.R.2 §9.2.b' and inserting in lieu thereof '47CSR10, subdivision 9.2.b';

On page 2, subsection 2.11, by striking '46 C.S.R. 2 §9.2.a' and inserting in lieu thereof '47CSR10, subdivision 9.2.a';

On page 2, subsection 2.13, by striking 'had not been issued by the chief prior to July 1, 1989' and inserting in lieu thereof 'has not been issued previously by the chief';

On page 3, subdivision 2.23.a and 2.23b, by striking '47 C.S.R. 35' in both instances and inserting in lieu thereof '33CSR20';

On page 3, subsection 3.3, by striking 'West Virginia Division of Natural Resources' and inserting in lieu thereof 'West Virginia Division of Environmental Protection, Office of Water Resources';

On page 3, subdivision 3.4.a, by striking '46 C.S.R. 2 §4.3' and inserting in lieu thereof '47CSR10 subsection 4.3';

Beginning on page 6, subsection 4.4, and continuing throughout the text of the rule, by striking '47 C.S.R. 38' and inserting in lieu thereof '33CSR1';

On page 9, Table D, last line, by striking 'greater than 5,000' and inserting in lieu thereof '5,000 and greater';

AND

On page 11, Table G, last line, by striking 'greater than 30,000' and inserting in lieu thereof '30,000 and greater.'

TITLE 47
LEGISLATIVE RULE
BUREAU OF ENVIRONMENT
DIVISION OF ENVIRONMENTAL PROTECTION
OFFICE OF WATER RESOURCES-WASTE MANAGEMENT

SERIES 26
WATER POLLUTION CONTROL PERMIT FEE SCHEDULES

§ 47-26-1. General.

1.1. Scope and Purpose. -- This legislative rule establishes schedules of permit application fees and annual permit fees for state water pollution control permits and national pollutant discharge elimination system permits issued by the chief of the ~~Section Office~~ of Water Resources. This rule applies to any person who is required to apply for and obtain a permit from the chief in order to conduct an activity that is enumerated in W. Va. Code ~~§20-5A-5~~§22-11-8.

1.2. Authority. -- W. Va. Code ~~20-5A-6a~~ 22-11-10.

1.3. Filing Date. -- ~~July 1, 1993~~.

1.4. Effective Date. -- ~~July 1, 1993~~.

1.5. Incorporation by Reference. Whenever federal or State statutes or regulations are incorporated into these ~~regulations~~ rules by reference, the reference is to the statute or regulation in effect on ~~July 1, 1989~~ July 1, 1996.

1.6. Repeal of Formal Rule. -- This legislative rule repeals and replaces 47 C.S.R. 26 "Water Pollution Control Permit Fee Schedules" that was filed on ~~April 13, 1992~~ July 1, 1993 and became effective on ~~April 13, 1992~~ July 1, 1993.

§ 47-26-2. Definitions.

2.1. "Activity" means an activity for which a permit is required pursuant to the provisions of W. Va. Code ~~§20-5A-5~~§22-11-8.

2.2. "Average Discharge Volume" or "ADV" means:

2.2.a. For a State water pollution control permit, the flow reported on the permit application.

2.2.b. For a national pollutant discharge elimination system permit for industrial wastes or for other wastes, the sum of the average flows reported on the permit application, as described in ~~46 C.S.R. 2-§4.4.b.3~~ 47CSR10, paragraph 4.4.b.3.

2.2.c. For a national pollutant discharge elimination system permit for sewage, the design flow reported on the permit application.

2.3. "Chief" means the chief of the ~~Section of Water Resources of the Division of Natural Resources of the West Virginia Department of Commerce, Labor and Environmental Resources Office of Water Resources of the Division of Environmental Protection of the West Virginia Bureau of Environment.~~

2.4. "Closed System Facility" means a facility that is required by effluent limitation guidelines or other statutory or regulatory mandates to maintain no discharge or to maintain a recycle system or that otherwise maintains a closed system.

2.5. "Customer" means a person who is provided wastewater disposal services from a facility permitted under W. Va. Code ~~§20-5A §22-11~~. For the purpose of these regulations, commercial customers and residential customers other than single family dwellings (e.g., apartment complexes, trailer parks) shall be translated into customer equivalents by dividing their total daily estimated volume of wastewater by three hundred and fifty gallons per day (350 gpd).

2.6. "Existing Facility" means a facility for which a State water pollution control permit or a national pollutant discharge elimination system permit ~~had been issued by the chief prior to July 1, 1989~~ has been previously issued by the chief.

2.7. "Facility" means any plant, means, system, disposal field, lagoon, pumping station, constructed drainage ditch, surface water intercepting ditch, diversion ditch above or below the surface of the ground, settling tank or pond, earthen pit, incinerator, solid waste facility, or other works that is installed for the purpose of treating, neutralizing, stabilizing, holding, disposing, or controlling the quality and rate of flow of sewage, industrial wastes, or other wastes.

2.8. "Industrial Wastes" means any liquid, gaseous, solid, or other waste substance, or a combination thereof, resulting from or incidental to any process of industry, manufacturing, trade, or business, or from or incidental to the development, processing, or recovery of any natural resources. The term "industrial wastes" includes the admixture of industrial wastes with sewage or other wastes.

2.9. "Major Facility" means a facility or activity classified as a major facility by the Regional Administrator of the United States Environmental Protection Agency for Region III in joint consultation with the chief.

2.10. "Major Modification" means a modification of an issued permit made in accordance with the provisions of ~~46 C.S.R. 2-§9.2.b~~ 47CSR10, subdivision 9.2.b.

2.11. "Minor Modification" means a modification of an issued permit made in accordance with the provisions of ~~46 C.S.R. 2-§9.2.a~~ 47CSR10, subdivision 9.2.a.

2.12. "Minor POTW" means a POTW that is not a major facility.

2.13. "New Facility" means a facility for which a State water pollution control permit or a national pollutant discharge elimination system permit ~~had not been issued by the chief prior to July 1, 1989~~ has not been issued previously by the chief.

2.14. "Other Wastes" means garbage; refuse; decayed wood, sawdust, shavings, bark and other wood debris and residues resulting from secondary processing; sand; lime; cinders; ashes; offal; night soil; silt; oil; tar; dyestuffs; acids; chemicals; heat; and all other materials and substances that are not, by definition, sewage or industrial wastes which may cause or might reasonably be expected to cause or to contribute to the pollution of any of the waters of the State.

2.15. "Permit" means a State water pollution control permit or a national pollutant discharge elimination system permit issued by the chief.

2.16. "Person" means:

2.16.a. Any industrial user, public or private corporation, institution, association, firm, or company organized or existing under the laws of this or any other state or country;

2.16.b. The State of West Virginia;

2.16.c. Any governmental agency, including federal facilities;

2.16.d. Any political subdivision of this State, including a county commission, municipality, sanitary district, public service district, drainage district, soil conservation district, or watershed improvement district;

2.16.e. Any partnership, trust, or estate;

2.16.f. Any person or individual;

2.16.g. Any group of persons or individuals acting individually or as a group; or

2.16.h. Any other legal entity.

2.17. "Primary Industrial Category" means any industry category listed in Appendix A of 40 C.F.R. Part 122.

2.18. "Priority Pollutant" means any substance listed in 40 C.F.R. §401.15.

2.19. "Publicly-Owned Treatment Works" or "POTW" means any device or system used in the treatment (including recycling and reclamation) of municipal sewage or industrial wastes of a liquid nature which is owned by a state or municipality as defined by section 502(4) of the Clean Water Act. This definition includes sewers, pipes or other conveyances only if they convey wastewater to a POTW providing treatment.

2.20. "Secondary Industrial Category" means any industry category not listed in Appendix A of 40 C.F.R. Part 122.

2.21. "Sewage" means water-carried human or animal wastes from residences, buildings, industrial establishments, or other places together with such groundwater infiltration and surface waters as they may be present.

2.22. "Solid Waste Facility" means any system, facility, land, contiguous land, improvements on the land, structures, or other appurtenances or methods used for processing, recycling, or disposing of solid waste including landfills, transfer stations, incinerators, resource recovery facilities, recycling facilities, and other such facilities not herein specified.

2.23. "Toxic Chemical" means:

2.23.a. Any substance listed in Table V of ~~47 C.S.R.~~
35 33CSR20;

2.23.b. Any substance listed in Table VI of ~~47 C.S.R.~~
35 33CSR20;

2.23.c. Any substance listed in 40 C.F.R. §116.4;

2.23.d. Any substance listed in 40 C.F.R. §302.4;

2.23.e. Any substance listed in 40 C.F.R. §372.65;

2.23.f. Any substance listed in 40 C.F.R. §712.30 or
40 C.F.R. §716.120; or

2.23.g. Any substance for which replicated test data exist to indicate that exposure to that substance poses a risk of injury to human health or the environment.

§ 47-26-3. Fee Assessment and Collection.

3.1. Assessment of Permit Application Fees. Any person who applies for a permit shall pay the appropriate permit application fee in accordance with the provisions of sections 4 through 6 of these ~~regulations~~ rules.

3.2. Assessment of Annual Permit Fees. Any person who holds a permit shall pay an annual permit fee in accordance with the provisions of section 7 of these ~~regulations~~ rules.

3.3. Method of Fee Payment. All fees assessed under these ~~regulations~~ rules shall be submitted to the chief by check or money order payable to the ~~West Virginia Division of Natural Resources~~ West Virginia Division of Environmental Protection, Office of Water Resources.

3.4. Collection of Permit Application Fees. The permit application fee shall be submitted to the chief with the permit application. No permit application will be processed until the appropriate fee has been received by the chief.

3.4.a. A person may seek verification of the correct amount of a permit application fee by submitting his calculation of the fee to the chief in writing. This calculation shall be submitted sufficiently in advance of the permit application so that the provisions of ~~46 C.S.R. 2-84.3~~ 47CSR10 subsection 4.3 are met. Within thirty (30) days of the receipt of this calculation, the chief shall notify the applicant of the accuracy of his calculation. If the applicant's calculation is incorrect, the chief shall advise him of the correct amount to be submitted as the permit application fee.

3.4.b. If the chief determines that a submitted application is incomplete and must be returned to the applicant for additional information, the permit application resubmission fee shall accompany the refiled application. This fee shall be either a sum equivalent to five percent (5%) of the permit application fee or fifty dollars (\$50), whichever is greater.

3.5. Collection of Annual Permit Fees. The annual permit fee shall be submitted to the chief by no later than the anniversary of the date of permit issuance in each year of the term of the permit.

3.5.a. A permit will become void if the annual permit fee has not been paid within one hundred and eighty (180) days of the due date.

3.5.b. A permit will not be reissued until all annual permit fees due during the term of that permit have been

paid in full.

§ 47-26-4. Initial Permit Application Fees.

4.1. Fee Calculation. Except as provided in subsections 4.2 through 4.4 of these ~~regulations~~ rules, all initial permit application fees shall be calculated through the use of the following formula: the initial permit application fee shall equal the volume fee multiplied by the facility factor multiplied by the waste factor (i.e., Initial Permit Application Fee = Volume Fee X Facility Factor X Waste Factor).

4.1.a. The appropriate volume fee shall be determined through the use of the "New Facility" column of Table A of these ~~regulations~~ rules.

4.1.b. The appropriate facility factor shall be determined through the use of Table B of these ~~regulations~~ rules.

4.1.c. The appropriate waste factor shall be determined through the use of Table C of these ~~regulations~~ rules.

4.2. Publicly-Owned Treatment Works. The initial permit application fee for a POTW that operates a collection system only shall be two thousand five hundred dollars (\$2,500).

4.3. Closed System Facilities.

4.3.a. The initial permit application fee for a closed system facility where priority pollutants or toxic chemicals are present in the system shall be seven thousand five hundred dollars (\$7,500).

4.3.b. The initial permit application fee for a closed system facility where no priority pollutants or toxic chemicals are present in the system shall be three hundred fifty dollars (\$350).

4.4. Solid Waste Facilities. The initial permit application fee for a solid waste facility shall be set and collected in accordance with the provisions of ~~47 C.S.R. 38~~ 33CSR1.

§ 47-26-5. Permit Renewal Application Fees.

5.1. Fee Calculation. Except as provided in subsections 5.2 through 5.4 of these ~~regulations~~ rules, all permit renewal application fees shall be calculated through the use of the following formula: the permit renewal application fee shall equal the volume fee multiplied by the facility factor multiplied by the waste factor (i.e., Permit Renewal Application Fee = Volume Fee X Facility Factor X Waste Factor).

5.1.a. The appropriate volume fee shall be determined through the use of the "Existing Facility" column of Table A of these regulations rules.

5.1.b. The appropriate facility factor shall be determined through the use of Table B of these regulations rules.

5.1.c. The appropriate waste factor shall be determined through the use of Table C of these regulations rules.

5.2. Publicly-Owned Treatment Works. The permit renewal application fee for a POTW that operates a collection system only shall be one thousand dollars (\$1,000).

5.3. Closed System Facilities.

5.3.a. The permit renewal application fee for a closed system facility where priority pollutants or toxic chemicals are present in the system shall be two thousand five hundred dollars (\$2,500).

5.3.b. The permit renewal application fee for a closed system facility where no priority pollutants or toxic chemicals are present in the system shall be one hundred seventy five dollars (\$175).

5.4. Solid Waste Facilities. The permit renewal application fee for a solid waste facility shall be set and collected in accordance with the provisions of ~~47 C.S.R. 38~~ 33CSR1.

§ 47-26-6. Permit Modification Application Fees.

6.1. Fee Calculation. Except as provided in subsections 6.2 through 6.6 of these regulations rules, all permit modification application fees shall be calculated through the use of the following formula: the permit modification application fee shall equal the volume fee multiplied by the facility factor multiplied by the waste factor (i.e., Permit Modification Application Fee = Volume Fee X Facility Factor X Waste Factor).

6.1.a. The appropriate volume fee shall be determined through the use of the "Existing Facility" column of Table A of these regulations rules. Only the discharge volume of the activity affected by the modification shall be used in determining the appropriate volume fee.

6.1.b. The appropriate facility factor shall be determined through the use of Table B of these regulations rules.

6.1.c. The appropriate waste factor shall be determined through the use of Table C of these regulations rules.

6.2. Publicly-Owned Treatment Works.

6.2.a. The permit modification application fee for a POTW that operates a collection system only shall be ten percent (10%) of the initial permit application fee for an application seeking a major modification.

6.2.b. The permit modification application fee for a POTW that operates a collection system only shall be two percent (2%) of the initial permit application fee or fifty dollars (\$50), whichever is greater, for an application seeking a minor modification.

6.3. Closed System Facilities.

6.3.a. The permit modification application fee for a closed system facility shall be ten percent (10%) of the initial permit application fee for an application seeking a major modification.

6.3.b. The permit modification application fee for a closed system facility shall be two percent (2%) of the initial permit application fee or fifty dollars (\$50), whichever is greater, for an application seeking a minor modification.

6.4. Solid Waste Facilities. The permit modification application fee for a solid waste facility shall be set and collected in accordance with the provisions of ~~47 C.S.R. 38~~ 33CSR1.

6.5. Non-Volume-Related Major Modifications. Except as provided in subsections 6.2 through 6.4 of these ~~regulations~~ rules, the permit modification application fee shall be ten percent (10%) of the initial permit application fee for an application seeking a major modification where no discharge volume is involved.

6.6. Non-Volume-Related Minor Modifications. Except as provided in subsections 6.2 through 6.4 of these ~~regulations~~ rules, the permit modification application fee shall be fifty dollars (\$50) for an application seeking a minor modification where no discharge volume is involved.

§ 47-26-7. Annual Permit Fees.

7.1. Facilities Discharging Sewage. The annual permit fee for a facility that discharges sewage shall be determined through the use of Table D of these ~~regulations~~ rules.

7.2. Facilities Discharging Industrial Wastes or Other Wastes. The annual permit fee for a facility that discharges

industrial wastes or other wastes shall be determined through the use of Table E of these ~~regulations~~ rules.

7.3. Publicly-Owned Treatment Works. The annual permit fee for a POTW that operates a collection system only shall be determined through the use of Table D of these ~~regulations~~ rules.

7.4. Closed System Facilities.

7.4.a. The annual permit fee for a closed system facility where priority pollutants or toxic chemicals are present in the system shall be two thousand five hundred dollars (\$2,500): **Provided**, That if the chief determines that a facility is in substantial compliance with its existing permit, the fee is one thousand two hundred fifty dollars (\$1,250.00).

7.4.b. The annual permit fee for a closed system facility where no priority pollutants or toxic chemicals are present in the system shall be fifty dollars (\$50).

7.5. Solid Waste Facilities. The annual permit fee for a solid waste facility shall be two thousand five hundred dollars (\$2,500).

7.6. Facilities Discharging Stormwater. The annual permit fee for a facility that discharges stormwater only shall be determined through the use of Table F of these ~~regulations~~ rules.

7.7. Aquaculture facilities. The annual permit fees for aquaculture facilities that are subject to the provisions of the water pollution control regulations shall be determined by Table G of these ~~regulations~~ rules.

TABLE A
Volume Fees

Average Discharge Volume Facility (gallons per day) Volume Fee	Existing Facility Volume Fee	New
less than 1,001	\$50	\$200
1,001 to 5,000	\$100	\$300
5,001 to 50,000	\$150	\$500
50,001 to 100,000	\$200	\$600
greater than 100,000	\$250	\$750

Note: Stormwater runoff shall be included when calculating the average discharge volume of a facility that discharges industrial waste or other waste. Calculations of the average discharge volume for stormwater runoff shall be made in accordance with the provisions of Appendix A of these regulations rules.

TABLE B
Facility Factors

Type of Facility	Facility Factor
Major Facility	5.0
Primary Industry Category (except Auto and Other Laundries)	5.0
Secondary Industry Category	3.0
Minor POTWs	2.0
Auto and Other Laundries Category	1.0
Facility covered under a General Permit	0.9
All other facilities and activities	1.0

TABLE C
Waste Factors

Type of Waste	Waste Factor
Process Waste	2.0
Sewage	1.7
Contact Cooling Water	1.5
Contaminated Stormwater	1.3
Blowdowns	1.1
Once-Through Cooling Water With Additives	1.1
Once-Through Cooling Water Without Additives	1.0
Uncontaminated Stormwater	1.0
Other Waste	1.0

Note: When an industrial facility discharges more than one type of waste, the highest applicable waste factor shall be used in the calculation of the permit application fee.

TABLE D
 Annual Permit Fees For
 Facilities Discharging Sewage

Number of Customers	Annual Permit Fee
less than 100	\$50
100 to 499	\$100
500 to 999	\$250
1,000 to 1,499	\$500
1,500 to 1,999	\$750
2,000 to 2,499	\$1,000
2,500 to 2,999	\$1,250
3,000 to 3,499	\$1,500
3,500 to 3,999	\$1,750
4,000 to 4,499	\$2,000
4,500 to 4,999	\$2,250
greater than 5,000 5,000 and greater	\$2,500

TABLE E

Annual Permit Fees For
Facilities Discharging
Industrial Wastes
Other Wastes

Fee	Average Discharge Volume (gallons per day)	Annual Permit
	less than 1,001	\$50
	1,001 to 2,500	\$125
	2,501 to 5,000	\$250
	5,001 to 10,000	\$500
	10,001 to 15,000	\$750
	15,001 to 50,000	\$1,000
	greater than 50,000	\$2,500

TABLE F

Schedule of Annual Permit Fees for
Facilities Discharging Stormwater

Average Discharge Volume (gallons per day)	Annual Permit Fee
less than 5,001	\$ 50
5,001 to 15,000	\$125
15,001 to 50,000	\$250
50,001 to 100,000	\$500
greater than 100,000	\$750

TABLE G

Schedule of Annual Permit Fees For
Aquaculture Facilities

# Feed/Month Application Fee	Annual Fee	(Initial and Reissuance)
5,000 to 9,999	\$ 250	\$ 250
10,000 to 14,999	\$ 500	\$ 250
15,000 to 19,999	\$ 750	\$ 250
20,000 to 24,999	\$1,000	\$ 250
25,000 to 29,999	\$1,250	\$ 250
greater than 30,000*	\$1,750	\$ 250
30,000 and greater		
*Editor's note: This should read '30,000 and greater'.		

APPENDIX A

Calculation of the Average
Discharge Volume for Stormwater Runoff

The following formula shall be used to determine the average discharge volume for stormwater runoff:

$$\frac{\text{Average Discharge Volume for Stormwater Runoff (gallons per day)}}{\text{Annual Stormwater Runoff Volume}} = \frac{\text{Annual Stormwater Runoff Volume}}{366 \text{ days per year}}$$

where Annual Stormwater Runoff Volume (gallons) =

$$\text{Annual Rainfall (ft/yr)} \times \text{Drainage Area (ft-sq)} \times 7.48 \text{ gallons per ft-cu} \times \text{Runoff Coefficient}$$

where the Runoff Coefficient shall be 0.90 for areas covered by concrete or asphalt and 0.25 for areas covered by vegetation.

Note: An alternative method of stormwater runoff calculation may be substituted for this formula upon approval from the chief.
