Dear Secretary Manchin:

Please consider this letter to be my written approval for the filing of the above-noted proposed Rule.

Pursuant to Senate Bill 2013, Second Extraordinary Session, 2003, the Workers' Compensation Commission is established as a government entity separate from the Bureau of Employment Programs. Pursuant to that same bill, the Board of Managers of the Workers' Compensation Commission has approved the enclosed 85 C.S.R. 26 entitled, "Health Care Advisory Panel," for filing as a proposed rule of the Workers' Compensation Commission.

Thank you very much for your assistance in this matter.

Very truly yours,

Gregory A. Burton
Executive Director

**SUMMARY OF PROPOSED RULE
STATEMENT OF CIRCUMSTANCES
TITLE 85, SERIES 26
Heath Care Advisory Panel**

FILED

2004 SEP 21 P 3:28

OFFICE WEST VIRGINIA
SECRETARY OF STATE

This rule repeals and replaces the provisions of 85 C.S.R. 26, entitled the same,
"Health Care Advisory Panel."

Pursuant to Senate Bill 2013, Second Extraordinary Session, 2003, the Workers' Compensation Commission was created, effective October 1, 2003, as a stand-alone agency of State government. Under that Bill, the Commission is required to revise each of its rules prior to July 1, 2006. W. Va. Code § 23-1-1d.

Pursuant to Senate Bill 2013 and also effective October 1, 2003, the Compensation Programs Performance Council was abolished and replaced by the Workers' Compensation Commission's Board of Managers.

The proposed rule substantially revises the procedures related to the meetings and composition of the Health Care Advisory panel. The rule relates to:

- (1) The composition of the Health Care Advisory Panel;
- (2) The selection of officers;
- (3) How meetings are conducted;
- (4) The establishment of agendas;
- (5) How meetings are noticed to the public;
- (6) How executive sessions are conducted;
- (7) The establishment of sub-panels;
- (8) Minutes of the meetings; and
- (9) The establishment of Preferred Drug Lists.

FISCAL NOTE FOR PROPOSED RULES

Rule Title: Title 85, Series 26, Health Care Advisory Panel

Type of Rule: X Legislative Exempt Interpretive Procedural

Agency Workers' Compensation Commission

Address 4700 MacCorkle Avenue, S.E.

Charleston, WV 25301

1. Effect of Proposed Rule

	ANNUAL		FISCAL YEAR		
	INCREASE	DECREASE	CURRENT	NEXT	THEREAFTER
<u>ESTIMATED TOTAL COST</u>	\$0	Unknown	Decrease	Decrease	Decrease
PERSONAL SERVICES	0	0	0	0	0
CURRENT EXPENSE	0	0	0	0	0
REPAIRS & ALTERNATIONS	0	0	0	0	0
EQUIPMENT	0	0	0	0	0
OTHER:					
Claims expense	0	Unknown	Decrease	Decrease	Decrease

2. Explanation of above estimates:

The Health Care Advisory Panel (HCAP) has been operating since 1993. The proposed rule changes the number of members on the panel from 15 to, potentially, as few as 5, but does not change the basic authority and function of the HCAP. Consequently, the annual compensation and reimbursement of travel expenses for panel members as well as any additional sub-panel members appointed by the HCAP and the Executive Director should be comparable or somewhat less than the annual costs that the Commission has incurred for the HCAP to conduct its business and meetings prior to this rule. Any reduction in expenses that may be realized would be dependent on the number of panel and sub-panel members appointed, the number of meetings held each year and the compensation rate established for the members by the Executive Director. The proposed rule also allows the HCAP to establish a Preferred Drug List (PDL) that should affect additional medical cost savings. However, there is no historical data readily available to estimate the reduction in claims medical costs that will be realized as a result of establishing a PDL.

Rule Title: Title 85, Series 26, Health Care Advisory Panel

3. Objectives of this rule:

The purpose of this rule is to define the procedure for appointment of panel members and sub-panel members of the Health Care Advisory Panel and to further set forth procedures by which the panel will conduct its business.

4. Explanation of Overall Economic Impact of Proposed Rule.

A. Economic Impact on State Government.

It is expected that this rule will lead to more efficient, thorough, and informed health care management by the Commission and will result in savings in workers' compensation medical costs.

B. Economic Impact on Political Subdivisions; Specific Industries; Specific groups of Citizens.

It is expected that the rule will promote lower drug costs and improve medical claims management, and help to deter escalating medical costs for employers. Also, it is expected that better overall health care management will lead to better health care of injured workers, and assist in their return to the workforce.

C. Economic Impact on Citizens/Public at Large.

This rule will not have a direct economic impact on the citizens of West Virginia.
