**MEMORANDUM**

Please identify any areas of vagueness, technical defects, reasons the proposed rule would not have a fiscal impact, and/or any special issues not captured elsewhere on this form.

Under HB2953, the WV Development Office approved applications for expending coalbed methane severance tax moneys. Under SB487, passed March 6, 2012, the WV Development Office has been removed from the approval process. Previous legislation did not provide any funds to the Development Office to offset the costs of reviewing the spending plans for the seven county development authorities that qualify for funding through this program and existing staff was utilized to review the applications. Therefore, removing the Development Office from the process will not have a fiscal impact.
