July 14, 2012	Diana Jackson Charlino – American Public University System	<b>§126-114-6 4 b 5 and b 6.</b> It is our understanding that the clinical experience requirements listed under this section also apply to the clinical experience requirements for programs leading to certification in school counseling and administration and supervision. In our counseling program the clinical experience is provided during a practicum (100 hours) and an internship (600 hours). For clarification, would the limitation of no more than 50% of the clinical experiences in a virtual setting apply to each course in the experience (practicum (50% of 100 hrs) and internship (50% of 600 hrs) or to the combined total hours of the experience (700) or be left to the discretion of the IHE? [comment received for both clinical experiences completed in public and non-public schools]	N o	Policy states it shall not constitute more than 50% of the minimum required experience. This applies to any and all clinical experiences as defined by the institution.
