EMERGENCY RULE DECISION
(ERD 18-12)

AGENCY: West Virginia Board of Dental Examiners
RULE: New Rule, 5CSR10, Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database
FILED AS AN EMERGENCY RULE: June 8, 2012

par. 1 The West Virginia Board of Dental Examiners (Board) has filed the above amendment to an existing rule as an emergency rule.

par. 2 W. Va. Code §29A-3-15a requires the Secretary of State to review all emergency rules filed after March 8, 1986. This review requires the Secretary of State to determine if the agency filing such emergency rule: 1) has complied with the procedures for adopting an emergency rule; 2) exceeded the scope of its statutory authority in promulgating the emergency rule; or 3) can show that an emergency exists justifying the promulgation of an emergency rule.

par. 3 Following review, the Secretary of State shall issue a decision as to whether or not such an emergency rule should be disapproved [§29A-3-15a].

par. 4 (A) Procedural Compliance: W. Va. Code §29A-3-15 permits an agency to adopt, amend or repeal, without hearing, any legislative rule by filing such rule, along with a statement of the circumstances constituting the emergency, with the Secretary of State and forthwith with the Legislative Rule-Making Review Committee (LRMRC).

par. 5 If an agency has accomplished the above two required filings with the appropriate supporting documents by the time the emergency rule decision is issued or the expiration of the forty-two day review period, whichever is sooner, the Secretary of State shall rule in favor of procedural compliance.

par. 6 The Board filed this emergency rule with supporting documents with the Secretary of State June 8, 2012 and with the LRMRC June 8, 2012.

par. 7 It is the determination of the Secretary of State that the Board has complied with the procedural requirements of W. Va. Code §29A-3-15 for adoption of an emergency rule.

par. 8 (B) Statutory Authority -- W. Va. Code §60A-9-5a reads:

§60A-9-5a. Practitioner requirements to conduct annual search of the database; required rulemaking.

(a) Upon initially prescribing or dispensing any pain-relieving controlled substance for a patient and at least annually thereafter should the prescriber or dispenser continue to treat the patient with controlled substances, all persons with prescriptive or dispensing authority and in possession of a valid Drug Enforcement Administration registration

identification number and, who are licensed by the Board of Medicine as set forth in article three, chapter thirty of this code, the Board of Registered Professional Nurses as set forth in article seven, chapter thirty of this code, the Board of Dental Examiners as set forth in article four, chapter thirty of this code and the Board of Osteopathy as set forth in article fourteen, chapter thirty of this code shall access the West Virginia Controlled Substances Monitoring Program database for information regarding specific patients for whom they are providing pain-relieving controlled substances as part of a course of treatment for chronic, nonmalignant pain but who are not suffering from a terminal illness. The information obtained from accessing the West Virginia Controlled Substances Monitoring Program database for the patient shall be documented in the patient's medical record. A pain-relieving controlled substance shall be defined as set forth in section one, article three-a, chapter thirty of this code.

(b) The various boards mentioned in subsection (a) above shall promulgate both emergency and legislative rules pursuant to the provisions of article three, chapter twenty-nine-a of this code to effectuate the provisions of this section.

par. 9 It is the determination of the Secretary of State that the Board has not exceeded its statutory authority in promulgating this emergency rule.

par. 10 (C) Emergency -- W. Va. Code §29A-3-15(f) defines "emergency" as follows:

(f) For the purposes of this section, an emergency exists when the promulgation of a rule is necessary for the immediate preservation of the public peace, health, safety or welfare or is necessary to comply with a time limitation established by this code or by a federal statute or regulation or to prevent substantial harm to the public interest.

par. 11 There are essentially three classes of emergency broadly presented with the above provision: 1) immediate preservation; 2) time limitation; and 3) substantial harm. An agency need only document to the satisfaction of the Secretary of State that there exists a nexus between the proposal and the circumstances creating at least one of the above three emergency categories.

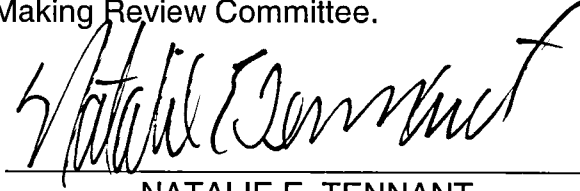

par. 12 The facts and circumstances as presented by the Board are as follows:

SB 437 requires this emergency rule. This rule will require practitioners to access and review their patients controlled substance record before prescribing It also requires documentation of such review in the patients records.

par. 13 It is the determination of the Secretary of State that this proposal qualifies under the definition of an emergency as defined in §29A-3-15(f). . . "immediate preservation of public peace, health, safety or welfare" and "prevent substantial harm to the public interest

par. 14

This decision shall be cited as Emergency Rule Decision 18-12 or ERD 18-12 and may be cited as precedent. This decision is available from the Secretary of State and has been filed with the West Virginia Board of Dental Examiners, the Attorney General and the Legislative Rule Making Review Committee.
