**BRIEF SUMMARY OF PROPOSED AMENDMENT TO
TITLE 162, SERIES 5**

The West Virginia Consolidated Public Retirement Board (Board), as administrator of the West Virginia Public Employees Retirement System (PERS), proposes an amendatory revision to Title 162, Series 5, of the West Virginia Code of State Regulations. The proposed rule ensures that the growing number of members who are paid in arrears are given appropriate retirement service credit for months in salary is paid and further clarifies the effective date for the commencement of an annuity for all members, including those paid in arrears. The proposed changes also specifically list the titles of elected officials who are considered members of a legislative body of a political subdivision. The proposed rule codifies the long standing practice of giving military service credit for months in which 15 days or more are served in the Armed Forces of the United States. In addition, the proposed rule clarifies that termination or transfer of employment from one participating employer to another constitutes return to employment for the purposes of the requirements to reinstate previously withdrawn service, and clarifies "shortly hereafter" as thirty (30) days when going from one employer to another.

Other technical changes are also proposed to clarify current administrative practices and to position similar sections together.
