SUMMARY:

Series 45 revises the current Hunting and Trapping Rule. This rule prescribes the open seasons and the bag, size, age, weight and sex limits with respect to the hunting and trapping of wildlife in West Virginia. The rule will become effective September 1, 2012. Revisions to this rule include modifications to season frameworks and bag limits for the various deer seasons (e.g. archery, special urban archery, muzzleloader and antlerless), bear archery and fall turkey seasons. In addition, modifications were made to allow for Class XS license holders to participate in the youth antlerless deer season; and the removal of language pertaining to the color of lights to be used during the fox and coyote season. Minor technical changes were also made.
