7/17/12	Cindy Daniel, Assistant Superintendent Putnam County Schools	Section 126-7-6: With regards to (3) – “acceptance of credits toward graduation....” – counties SHOULD NOT be required to issue a diploma to an incarcerated student who has never attended a school in that county. Since there is a superintendent for Institutional Education Programs, the diploma should come from that office. Issuing a diploma to someone from a school in which he/she never attended for even one day is not right. It assumes that the individual completed graduation requirements for that particular county and includes both the superintendent and principal signature on the diploma assuring that he/she did. We will gladly work with any agency to help transition students and review transcripts for credit transfers, but we should not have to issue diplomas for those who never attend our schools. Please consider this request. Thank you.	NA
