**BRIEF SUMMARY OF PROPOSED AMENDMENT TO
TITLE 162, SERIES 5**

The West Virginia Consolidated Public Retirement Board (Board), as administrator of the West Virginia Public Employees Retirement System (PERS), proposes an amendatory revision to Title 162, Series 5, of the West Virginia Code of State Regulations. The proposed rule defines part time employment as employment of less than one thousand forty hours per calendar year, and specifies that total service credit when combined in any calendar year shall not exceed twelve months. The proposed changes also clarify that increment pay received by an hourly employee upon termination of employment shall be added to the last month in which compensation is received for the purpose of calculating the member's final average salary, and deletes an obsolete section regarding court reporters. The proposed rule further clarifies that eligible military service credit will be given unless the member is already receiving service credit for the same month. In addition, the proposed rule clarifies that a retirant may accept temporary full time, temporary part time or permanent part time employment so long as their compensation does not exceed the limitation established by W. Va. Code § 5-10-48.

Other technical changes are also proposed to clarify current administrative practices and to position similar sections together.
