## EXECUTIVE SUMMARY

### WEST VIRGINIA DEPARTMENT OF EDUCATION

---

**Policy Number and Title:** WVBE Policy 5202: Minimum Requirements for the Licensure of Professional/ Paraprofessional Personnel and Advanced Salary Classifications

**Background:** West Virginia Board of Education Policy 5202 establishes the requirements regarding licensure of educators to work in the public schools of West Virginia is critical to the success of all students in the 21<sup>st</sup> century. As changes occur in education, certification and licensure policy must be revised to meet the needs of this 21<sup>st</sup> century education system. As continuous revision occurs, WVBE Policy 5202 reflects many of these changes.

**Proposals:** Revisions to Policy 5202 are being recommended to clarify language to ensure the intent of the policy. Additionally, minor revisions are being recommended to align the numbering and referencing of other sections of policy. It is recommended that the language regarding the ‘Educator 21’ endorsement for the advanced credential be removed, as it has never been issued and has been replaced by three advanced credential endorsements related to teacher leadership. The inclusion of nine (9) industry credentials and thirty-seven (37) Advanced Credential endorsements are being requested, as per the Governor’s Bill regarding advanced career options for students. It is recommended that Appendix A be revised to include an ‘Intermediate (Elementary) Education Grades 3-5’ programmatic area to support the Transition-to-Teaching pilot in Logan and McDowell Counties. Minor edits are recommended to Appendix B to ensure accurate PRAXIS exam scores are reflected. Finally, Appendix C is recommended to accurately reflect the industry credentials and advanced credential endorsements added to policy.

The proposed revision is to the following sections of Policy 5202:

- **§126-136-11. Permits Issued to Professional Educators.** Updated numbering is required to reflect the most recent revision to Policy 5202. Previous references are no longer valid due to renumbering the section.
- 11.7.b.2. Wording was revised to clarify the intent of the policy. Previous language was too specific and limited the coursework to specialization only.
- 11.7.d.2. Wording was revised to clarify the intent of the policy. Previous language was too specific and limited the coursework to specialization only.
- 11.7.e.1. Clarified language to include a Permit for Non-United States citizen, as allowable in State Code.
- 11.8.e.3. Changed language by replacing “the National Registry or West Virginia EMT certification or recertification” with ‘WVDE approved’ examination. This allows the most current exam required to be reflected.
- 11.8.i. Removed the Special Interest Adult Part-Time Permits and replaced with Adult Part-Time Permits.

- 11.9.c.1.C.2. Revised to reflect current policy references. WVBE Policy 2418 was repealed and replaced with WVBE Policy 4373.
- **§126-136-24. Advanced Credentials.**
- 24.4.f. Educator 21. Removed language regarding the Educator 21 endorsement. This was placed in policy in 2007, but was never issued. The addition of three leadership endorsements: (Teacher Leadership for Building School and Community Culture; Teacher Leadership for Student Learning; and Teacher Leadership for Professional Learning) eliminates the need for the Educator 21 endorsement.
- 24.4.m.2. Coursework/Professional Development. Remove the word ‘or’ to reflect the intent of policy.
- **APPENDIX A – Programmatic Levels and Specializations Recognized on the Professional License.** An ‘Intermediate (Elementary) Education Grades 3-5’ programmatic area was added to support the Transition to Teaching Pilot in Logan and McDowell Counties. Should the pilot be replicated statewide, future revisions will be necessary. This revision only enables the WVDE to issue a credential specifically for the participants in this pilot and restricts them to only grades 3-5.
- **APPENDIX B – Approved Standards For Program Development and Required Tests for Completion of WV Approved Programs Leading to WV Licensure.** Language that was inadvertently excluded in the most recently approved revision to policy was added. Revisions include: Mathematics through Math 1 and PRAXIS Exam required scores updates.
- **APPENDIX C – Required tests, Industry Credentials and Work Experience Required for Issuance of the Career/Technical Permit and Career/Technical Certificate.** The following clarifying language was added to better understand policy: ‘Relevant teaching experience may count as equal to work experience requirements.’ Additionally, nine (9) industry credentials and thirty-seven (37) advanced credential endorsements were added. This is in response to the Governor’s Bill which included advanced career options for students.

## **Impact:**

These revisions to Policy 5202 assure appropriate certification of educators for licensure to work in the public schools of West Virginia in order to meet the needs of all students in the 21<sup>st</sup> century, as a part of the cycle of continuous improvement.
