4. Explanation of Overall Economic Impact of Proposed Rule:

A. Economic Impact on State Government:

There would likely be some additional revenue (with no estimate) in the form of State and local tax revenue and also revenue to the State from wholesale sales.

This statutory and rule change will impact private retail liquor outlets who will have the opportunity to sell liquor on an additional day. Citizens will benefit from having the convenience to purchase liquor on election day. §175-5-3. Criteria, Limitation and Necessity for Retail Operations.

3.1. State stores. -- In general, the Commissioner may not operate state retail outlets. However, when circumstances prescribed by law exist, the Commissioner may open and operate a state retail outlet in a market zone provided the Board gives its prior consent.

3.2. Application of Commissioner. -- When the Commissioner desires to operate a state retail outlet in a market zone, the Commissioner shall apply to the Board for consent to operate a state retail outlet in that market zone. Application shall be made by filing a petition with the chairman of the Board and forthwith mailing or otherwise delivering copies of the petition to the other members of the Board. This petition shall:

3.2.a. Identify the market zone in which the state store will be located, the Commissioner's reason(s) for opening a state store in that market zone including the facts upon which the Commissioner relies, the estimated cost of opening the state store, and the estimated period of time needed to open the store;

3.2.b. Include a map of the market zone and the immediately adjacent market zones that provide state roads, the location of the proposed state retail outlet and the locations of retail outlets in the adjacent market zones; and

3.2.c. Any other information the Commissioner desires to submit.

Upon receipt of the petition, the Chairman of the Board, who is also the Secretary, shall set a date, acquire a meeting place, and conduct a meeting on such date at the prescribed place for purposes of considering the application.

3.3. Evidence that licensee is unable or unwilling to open a retail outlet in a market zone.

3.3.a. Failure of a licensee to open a retail outlet in a market zone and operate it in a commercially reasonable manner within ninety (90) days after June 30, 2000, and after June 30th for every ten year license period thereafter or the date the retail license is issued to the licensee, whichever occurs last, shall be prima facie evidence that the licensee is unable or unwilling to open a retail outlet in that market zone. In any proceeding before the Board on this issue, the burden of proof shall be on the licensee to show by clear and convincing evidence that the licensee is not unwilling and not unable to open a retail outlet in the market zone.

3.3.b. For purpose of this section, the term "commercially reasonable manner" means that the retail outlet has regularly scheduled business hours on all days of the week [or at least four (4) days of the week] during which liquor in sealed containers may be sold to consumers under state law and that those hours reasonably meet expectations of consumers in the market zone desiring to purchase liquor in seal containers. In any proceeding before the Board on this issue, the burden of proof shall be on the licensee to show by clear and convincing evidence that the licensee is operating the retail outlet in a commercially reasonable manner.

3.3.c. Evidence that a licensee is unable to open a retail outlet includes, but is not limited to:

3.3.c.1. Probative evidence that the licensee is unable to obtain financing necessary to open a retail outlet or is unable or unwilling to pay the installment payments required by the deferred payment financing option;

3.3.c.2. Probative evidence that the licensee is unable to obtain liability and fire insurance for the retail outlet; or

3.3.c.3. Probative evidence that the licensee is unable to obtain all necessary permits, stamps and licenses to open a retail outlet.

3.3.d. Evidence that a licensee is unwilling to open a retail outlet includes, but is not limited to:

3.3.d.1. Probative evidence that the licensee failed to make reasonable efforts to obtain, by purchase or lease, a location for the retail outlet or, having a location, the licensee failed to construct a building, or prepare an existing building, to house a retail outlet to operate either a Class A retail license or a Class B retail license.

3.3.d.2. Probative evidence that the licensee failed to make reasonable efforts to:

3.3.d.2.A. Apply for or obtain financing for the retail outlet;

3.3.d.2.B. Interview or hire employees for the retail outlet;

3.3.d.2.C. Apply for or obtain fire and liability insurance for the retail outlet;

3.3.d.2.D. Apply for all necessary certificates, licenses, permits or stamps to do business at a retail outlet including, but not limited to, the basic permit and retail and wholesale stamps issued by the TTB and a business registration certificate issued by the Tax Commissioner.

3.4. Pending Litigation. -- Whether the operation of any retail outlet in the market zone is prevented by a matter in controversy pending judicial adjudication that will continue for such duration that the opening of a state retail outlet is necessary to meet reasonable consumer expectations regarding the availability of liquor in sealed containers is a fact-specific and case-specific issue to be decided by the Board which does not lend itself to governance by a uniform code.

3.5. Reasonable consumer expectations. -- Evidence that liquor in sealed containers is not reasonably available to consumers residing in a market zone in sufficient quantities to service consumer demand includes, but is not limited to:

3.5.a. A resolution filed with the Commissioner adopted upon majority vote of the county commission in whose jurisdiction the market zone is located, in whole or in part, finding that liquor in sealed containers is not reasonably available to individuals residing in that market zone and requesting the Commissioner to open a state store.

3.5.b. A resolution filed with the Commissioner adopted upon majority vote of the governing body of a municipal corporation located, in whole or in part, in a market zone, finding that liquor in sealed containers is not reasonably available to individuals residing in the market zone and requesting the Commissioner to open a state store.

3.5.c. A petition for a state store filed with the Commissioner signed by twenty-five percent (25%) or more of the individuals residing in voting precincts [or magisterial districts] located, in whole or in part, in the market zone based upon the results of the most recently completed decennial census conducted by the United States government.

3.5.d. A petition for a state store filed with the Commissioner signed by a majority of the private clubs located in the market zone.

3.6. When there is no retail outlet operating in a market zone because the current licensee is unwilling or unable to operate a retail outlet in that market zone and the Commissioner receives a resolution or petition filed under section 3.5 of this rule, the Commissioner shall forthwith mail or otherwise deliver a copy of the resolution or petition to each member of the Board. The chairman of the Board, after consultation with the Commissioner, shall then schedule a meeting of the Board to consider the resolution or petition. At this meeting, the Commissioner shall present the Board with the Commissioner's preliminary assessment of the situation including, but not limited to:

3.6.a. Whether the absence of any operating retail outlet in a market zone is due to the current licensee or licensees' inability or unwillingness to operate a retail outlet, or is prevented by a matter in controversy pending judicial adjudication that will continue for some duration and the facts upon which the Commissioner relies;

3.6.b. The estimated cost of setting up and operating a state store in the market zone;

3.6.c. The estimated period of time necessary to set up the state store and begin its operation;

3.6.d. The estimated period of time the state store might be in operation before a retail outlet is opened in that market zone by a licensee;

3.6.e. The Commissioner's evaluation of the assessment or claim that liquor in sealed containers is not reasonably available to individuals residing in the market zone;

3.6.f. A map showing the boundaries of the market zone, municipalities located in whole or in part in the market zone, the location of retail outlets in market zones adjacent to the market zone for which the resolution or petition was filed, and state roads located in the market zone for which the petition was filed and in adjacent market zones;

3.6.g. Any other information the Commissioner believes to be relevant; and

3.6.h. Any information the Board or the chairman may request prior to the meeting.

3.7. At the meeting of the Board called to consider a resolution or petition filed under section 3.5, the Board may, upon majority vote:

3.7.a. Direct that one or more members of the Board, or the entire Board, hold a public hearing in the market zone to solicit public comments on whether or not liquor in sealed containers is reasonably available to individuals residing in that market zone. Notice of the public hearing shall be published in the State Register at least twenty (20) days before the day of the public hearing;

3.7.b. Act upon the petition or resolution;

3.7.c. Defer action on the petition or resolution;

3.7.d. Request additional information from the Commissioner, the person who filed the resolution or petition with the Commissioner or any interested person who appeared at the public meeting; or

3.7.e. Take any other action within the power of the Board.

3.8. In the event the Board approves and consents to the Commissioner's application to operate a state store in a market zone, the Commissioner shall, as soon as practicable after a licensee opens a retail outlet in that market zone, discontinue operating that state store as provided in W. Va. Code §60-3A-3.

§175-5-4. Limitations on Licenses.

4.1. In general. -- A person may hold, directly or indirectly, one or more Class A retail licenses and one or more Class B retail licenses for a market zone.

4.2. Aggregate limitation rule. -- No individual or other person may directly or indirectly hold a combination of licenses that, in the aggregate, authorizes that person to operate more than thirty percent (30%) of the total number of Class A and Class B retail outlets authorized under the provisions of W. Va. Code §60-3A-1, *et seq.* to be operated in this state during the ten-year (10) license period that begins July 1, 2010. The following constitutes examples of the instant rule:

Example 1. -- The Commissioner advertises for bid Class A and Class B retail licenses that, in the aggregate, will allow one hundred eighty (180) retail outlets to be operated in this state during the ten-year (10) period that begins July 1, 2010. Thirty percent (30%) of one hundred eighty (180) retail outlets is fifty-four (54) retail outlets. ABC Corporation submits bids for Class A and Class B licenses that would authorize it to operate 55 retail outlets should ABC Corporation be the winning bidder for all of those licenses. After the bids are opened, it is determined that ABC Corporation would be the winning bidder for licenses authorizing it to operate 55 retail outlets. Due to the aggregate limitation rule, ABC Corporation may only be issued licenses that allow it to operate no more than 54 retail outlets.

Example 2. -- The Commissioner advertises for bid Class A and Class B retail licenses that, in the aggregate, will allow one hundred eighty (180) retail outlets to be operated in this state during the ten-year (10) period that begins July 1, 2010. Thirty percent (30%) of one hundred eighty (180) retail outlets is fifty-four (54) retail outlets. ABC Corporation submits bids for Class A and Class B licenses that would authorize it to operate thirty (30) retail outlets should ABC Corporation be the winning bidder for all of those licenses. D&E Corporation submits bids for Class A and Class B licenses that would authorize it to operate thirty (30) retail outlets should D&E Corporation be the winning bidder for all of those licenses. After the bids are opened, it is determined that ABC Corporation would be the winning bidder for licenses authorizing it to operate 30 retail outlets and that D&E Corporation would be the winning bidder for licenses authorizing it to operate 30 retail outlets. However, because ABC Corporation and D&E Corporation are wholly owned subsidiaries of Alphabet Corporation, they are disqualified from holding a license that allows them to operate, in the aggregate, more than 54 retail outlets due to application of the thirty percent (30%) rule. No individual or other person may directly or indirectly hold a license that authorizes the operation of more than 54 retail outlets.

4.3. Indirect ownership. -- A license is indirectly held by a person when that license is held by:

4.3.a. Members of a family. For purposes of this rule, the family of an individual includes only his or her brothers and sisters (whether by whole or half blood), spouse, ancestors, and lineal descendants, whether by birth or adoption and within the degree of consanguinity of second cousins and persons related by current marriage;

175CSR5

4.3.b. An individual and a corporation if more than fifty percent (50%) in value of the outstanding stock of the corporation is owned, directly or indirectly, by or for the individual;

4.3.c. An individual and a partnership or limited liability company if more than fifty percent (50%) in value of the ownership interests is owned, directly or indirectly, by or for that individual;

4.3.d. A partnership and another partnership if the same persons own, directly or indirectly, more than fifty percent (50%) of the capital interest, or the profits interest, in each partnership;

4.3.e. A limited liability company and another limited liability company if the same persons own, directly or indirectly, more than fifty percent (50%) of the capital interest, or the profits interest, in each limited liability company;

4.3.f. A partnership and a limited liability company if the same persons own, directly or indirectly, more than fifty percent (50%) of the capital interest, or the profits interest, in the partnership and the limited liability company;

4.3.g. Two corporations that are members of the same "controlled group" as that term is defined in section 4.6 of this rule;

4.3.h. A grantor of a trust and a fiduciary of a trust created by that grantor;

4.3.i. A fiduciary of a trust and a fiduciary of another trust, if the same person is a grantor of both trusts;

4.3.j. A fiduciary of a trust and a beneficiary of that trust;

4.3.k. A fiduciary of a trust and a beneficiary of another trust, if the same person is a grantor of both trusts;

4.3.l. A fiduciary of a trust and a corporation if more than fifty percent (50%) in value of the outstanding stock of the corporation is owned, directly or indirectly, by or for the trust or by or for a person who is a grantor of the trust;

4.3.m. A corporation and a partnership or limited liability company if the same persons own, directly or indirectly, more than fifty percent (50%) in value of the outstanding stock of the corporation, and more than fifty percent (50%) of the capital interest, or the profits interest, in the partnership or limited liability company;

4.3.n. An S corporation and another S corporation if the same persons own, directly or indirectly, more than fifty percent (50%) in value of the outstanding stock of each corporation; or

4.3.o. An S corporation and a C corporation, if the same persons own, directly or indirectly, more than fifty percent (50%) in value of the outstanding stock of each corporation.

4.4. Constructive ownership of stock. -- For purposes of applying section 4.3 of this rule when determining the ownership of stock:

4.4.a. Stock owned, directly or indirectly, by or for a corporation, partnership, limited liability company, estate, or trust shall be considered as owned proportionately by or for its shareholders, partners, members, or beneficiaries;

4.4.b. An individual shall be considered as owning the stock owned, directly or indirectly, by or for his or her family;

Based upon an evaluation and analysis of relevant economic and demographic factors in each county of the State, the Commissioner shall make recommendations to the Board as to how many market zones are necessary, and the Board shall create market zones in each county and provide for the issue of retail licenses in each market zone. For the ten year license period beginning on July 1, 2010, and for every ten year license period beginning July 1st thereafter, the Commissioner, as authorized by the Board, shall determine the minimum bid based upon a review of the inflation data, demographic data, sales data at each retail outlet and

such other factors that are relevant for the State to generate revenues. Thereafter, the Commissioner shall develop recommendations for the Board to consider relating to:

5.1.a. For each market zone, setting the number of Class A retail licenses and Class B retail licenses to be issued, if any, within a market zone;

5.1.a.1. The number of Class A retail licenses is only limited by the total number of licenses issued by the Board for all market zones. Thus, all retail licenses made available by the Board could be Class A retail licenses and meet the freestanding liquor retail outlet requirements;

5.1.a.2. The number of Class B retail licenses in a market zone may not exceed 150% of the Class A retail licenses except as otherwise authorized in W. Va. Code §60-3A-7(d). During the ten year license period beginning July 1, 2010, all mixed retail liquor outlets in existence as of October 31, 2009, must choose between either a Class A retail license or a Class B retail license. The number of Class B retail licenses in a market zone may not exceed the 150% limit. In determining the 150% limit for a market zone, the Commissioner may round up to the next highest whole number if the number of Class A retail licenses is an odd number;

5.1.b. The number, if any, of designated areas recommended for the market zones;

$$5.1.g.1. Z = X(B) + Y_a(B) + [.50(B) + .50(C)].$$

5.1.g.2. The methodology of the formula is: (i) Z = Current Ten Year Minimum Bid; (ii) B = Previous Ten Year Minimum Bid; (iii) X = Inflation Factor; (iv) Y_a = Sales Factor; and (v) C = Previous Ten Year Actual Successful Bid paid for a retail outlet or Previous Ten Year Minimum Bid, whichever is higher; and

5.1.g.3. The Commissioner, as authorized by the Board, may make assumptions on the time periods, indexes and practical application of the formulas and methodology to determine the inflation factor, sales factor and make the necessary calculations.

5.1.g.4. Notwithstanding the above formula to calculate minimum bids in subsection 5.1.g.2, the Commissioner, as authorized by the Board, in the event that a retail outlet's ten year minimum bid calculated by the formula is below the retail outlet's previous ten year actual successful bid, shall use the retail outlet's previous ten year actual successful bid as its current ten year period minimum bid.

5.1.h. The Commissioner or his or her designee, as authorized by the Board, shall calculate the minimum bid.

11.3.b. A bid bond shall not be forfeited but shall be released if a purchase option applicant or the

successful bidder fails to qualify for the Federal Wholesaler's Basic Permit or the wholesale dealer in liquors tax stamp and the retail dealer in liquors tax stamp, unless the bidder provided false information to the federal government or to the Commissioner and such false information was the basis for denial of the basic permit in which case the bid bond shall be forfeited.

11.3.c. In either event, the Commissioner shall issue the retail license to the next highest bidder for the retail license or reject all bids and rebid the license in accordance with the bid procedures contained in the provisions of W. Va. Code §§60-3A-1, *et seq.*, 60-3A-10, 60-3A-10a, 60-3A-10b and this rule.

§175-5-12. License Bidding Procedure and the Preference for Resident Bidders.

12.1. In determining the highest bidder for purposes of W. Va. Code §60-3A-10a, and 175CSR5-10, the Board shall afford a five percent (5%) preference for West Virginia resident bidders. This preference shall be computed by adding five percent (5) of the bid price to the bid price submitted by the West Virginia resident bidder for a retail license. This preference shall be forfeited by any resident bidder who fails to submit the minimum bid amount specified by the Board for a particular retail license.

12.1.a. This preference shall not be added to the amount of any bid that is less than the minimum amount specified by the Board for that retail license.

12.2. For purposes of W. Va. Code §60-3A-10a and this section of the rule, a bidder shall be considered a West Virginia resident if the bidder:

12.2.a. Being an individual, has resided in West Virginia for at least four (4) years during the 48 consecutive month period immediately prior to the date on which the bid is opened; or:

Example 1. The minimum bid for a Class B retail license is \$300,000. Two (2) bids are received. A West Virginia resident bidder submits a bid of \$305,000 and a nonresident submits a bid of \$310,000 for that license. The bid is awarded to the West Virginia resident bidder. [\$305,000 + \$15,250.00 (which is five percent (5%) of \$305,000) equals \$320,250.00 which is greater than the bid of \$310,000 submitted by the nonresident bidder.]

Example 2. The minimum bid for a new Class B retail license is \$200,000. Two bids are received. A West Virginia resident bidder submits a bid of \$200,000 and a nonresident submits a bid of \$215,000 for that license. The bid is awarded to the nonresident bidder. [$\$200,000 + \$10,000$ (which is five percent (5%) of \$200,000.00) equals \$210,000, which is less than the bid of \$215,000 submitted by the nonresident bidder.]

Example 3. The minimum bid for a new Class B retail license is \$200,000. Two bids are received. A West Virginia resident bidder submits a bid of \$190,000 and a nonresident submits a bid of \$205,000 for that license. The bid is awarded to the nonresident bidder because the resident bidder failed to bid the minimum bid amount. The five percent (5%) resident bidder preference does not apply in this example.

12.2.b. Being a person other than an individual, has had its headquarters or principal place of business in this State for at least four (4) years during the forty-eight (48) consecutive month period immediately prior to the date on which the bid is opened.

12.3. "Headquarters" or "principal place of business" means the place where the majority of the governing power of a bidder resides and is executed.

Example 1. ABC Corporation is a Delaware corporation whose corporate headquarters has been located continuously in West Virginia since July 1, 1990. ABC Corporation is a West Virginia resident for purposes of the preference allowed by W. Va. Code §60-3A-10a and this section of the rule.

Example 2. D & E Corporation is incorporated under the laws of West Virginia. Its corporate headquarters is located in Alpha State. D & E Corporation is not a West Virginia resident for purposes of the preference allowed by W. Va. Code §60-3A-10a and this rule.

Example 3. A corporation, whether incorporated in West Virginia or in another state, that operates retail outlets in this State but does not have its headquarters in this State is not a West Virginia resident.

Example 4. A partnership, limited liability company or other legal entity that is not a corporation, whether formed under the laws of this or another state, that operates one or more retail outlets in this State but does not maintain its headquarters or principal place of business in this State is not a West Virginia resident for purposes of the resident vendor preferences allowed under W. Va. Code §§60-3A-10a and 60-3A-10b and this rule.

12.4. In order to qualify as a resident bidder, a person other than an individual, means a bidder who in each year of the four (4) year period during the forty-eight (48) consecutive months immediately prior to the date on which the bid is opened, did as follows:

12.4.b. Maintained its headquarters or principal place of business in this State:

12.4.b.1. Whether or not the person other than an individual maintained its headquarters or principal place of business in this State for the required period can be certified by the chief operating officer, by whatever name called, of the person certifying, under penalty of perjury, that the period of time the person's headquarters or principal place of business was continuously located in this State met the time requirement, as of the date the affidavit is signed and properly acknowledged, and stating that address will remain the same as of the date on which the bids are to be opened. In addition to the submission of an affidavit, the person shall also be required to provide documentary proof that person has complied with all other requirements specified in section 12.4. of this rule.

12.5. A bidder who is an individual shall be able to meet the four year continuous residency requirement by providing the Commissioner with documentary proof that he/she has resided continuously in West Virginia for four (4) years during the forty-eight (48) month period immediately preceding the filing of the bid. Copies of receipts from the Sheriff of a County indicating payment of personal property taxes and/or real estate taxes for each of the four (4) years which indicate a West Virginia address for the bidder; copies of Department of Motor Vehicle documents such as a Driver's License, Registration Card, and Certificate of Title indicating a West Virginia address for the bidder during those four years; copies of Voter Registration office documents indicating a West Virginia residence address for the bidder during those four years; certification from the Tax Commissioner that the bidder had filed Income Tax Returns for the previous four year period prior to the bid which indicated a West Virginia residence address for the bidder are examples of documents which can be submitted to the Commissioner in proof of a bidder's residence address during the four (4) years in question. Copies of any two documents mentioned above shall be submitted with the bid form and to the Commissioner's office by any individual bidder who desires to be granted a Preference For Resident Bidders.

12.5.a. An individual may prove that he or she continuously resided in this State during the required period ending with the day the individual's bid is opened by submitting with his or her bid form an affidavit signed and acknowledged, under penalty of perjury, certifying the period of time the individual continuously resided in this State, as of the date the affidavit is signed and acknowledged, and stating that he or she intends to be a resident of this State on the day his or her bid is opened. In addition to this affidavit, the individual will also be required to submit supporting documents in proof of his or her residency during the required period.

12.6. A bidder who is other than an individual and is claiming a preference for residential bidders, shall submit documents in its bid package which prove its entitlement to this preferential treatment. The documents must establish that the requirements of section 12.4 of this rule have been satisfied.

12.7. A bidder who believes he meets the requirements for residency must affirmatively assert his or her claim on the official application form to receive this preferential treatment.

12.8. A supplemental two-page (2) guideline for bidders seeking a residential preference entitled "Residential Bid Preferences" will be provided by the Commissioner.

§175-5-13. License Bidding Procedure and the Current Licensee's Preference and the Current Licensee's right to match highest bidder.

Code §60-3A-10b, and 175CSR5-10, the Board shall apply a current licensee preference and a current licensee's right to match the highest bidder's bid price. 13.3. Current licensee preference.

13.3.a. An unsuccessful bidder who is a current licensee and meets the Code and the rule's requirements shall have a 5% current licensee preference for a retail license it holds and operates.

13.3.b. The 5% current licensee preference for a current licensee who is an unsuccessful bidder shall be computed by subtracting 5% of the highest bid price from that bid price. For any bidder who qualifies for the West Virginia resident bidder preference and who is also a current licensee, this preference shall be an additional 5% preference.

13.4. Current licensee's right to match the highest bidder's bid price.

13.4.a. An unsuccessful bidder who is a current and active retail licensee, submitted a bid higher than the minimum bid and who after applying all preferences remains an unsuccessful bidder, shall have the right to match the highest bid for its active retail license subject to complying with the requirements of this rule and W. The Commissioner may immediately suspend a retail licensee for failing to meet and maintain licensure requirements, purchase option requirements or deferred payment financing requirements, or if the Commissioner determines that public safety will be adversely affected by the licensee's continued operation. The Commissioner may suspend or revoke a retail license if the retail licensee, or any employee thereof acting in the scope of his or her employment, has violated any such provision, and may suspend a retail license without hearing for a period not to exceed twenty (20) days if he or she finds probable cause to believe that the retail licensee, or any employee thereof acting in the scope of his or her employment, has willfully violated any such provision.

Failure to reopen the retail outlet within 90 days after it is closed, unless the closure was due to fire, flood or other act of God, war, riot, or other catastrophe as to which negligence or willful misconduct on the part of the licensee or a person under the control of the licensee was not the proximate cause, unless the reopening is prevented by a matter in controversy pending judicial adjudication on or before the 60th day;

31.4.c. Failure to reopen the retail outlet within 180 days after it was closed due to fire, flood or other act of God, war, riot, or other catastrophe as to which negligence or willful misconduct on the part of the licensee or a person under the control of the licensee was not the proximate cause, unless the reopening is prevented by a matter in controversy pending judicial adjudication on or before the 180th day; or

31.4.d. Failure to operate a retail outlet in a commercially reasonable manner as defined in section 3 of this rule.

Example 1. -- The holder of a Class A license authorizing the operation of two retail stores opens the second retail outlet but operates it only six hours per week.

Code §60-3A-1, *et seq.*, a Class B license for each retail outlet for which authority to operate is forfeited under this section of this rule. The Board shall set a minimum bid for each Class B license.

At least twenty (20) days' notice of the hearing shall be provided to affected persons. Notice is to be sent by certified mail, return receipt requested to the addresses provided by the petitioner.

32.2. The hearing and the administrative procedures prior to, during and following the same, shall be governed by and in accordance with the provisions of W. Va. Code §29A-5-1, *et seq.*, in like manner as if those provisions were fully set forth in this section.
