The Board shall issue a certificate of renewal to all persons who successfully meet the requirements to renew their registrations.

12.2. No person may use the title of or be referred to as a registered veterinary technician who does not have a current registration.

12.3. The Board shall make reasonable effort to provide all registered veterinary technicians with the renewal form, but failure to receive the notification does not exempt anyone from meeting the requirements of this rule.

12.4. A registered veterinary technician shall notify the Board of any change of address or name, and forward the notice to the Board no later than the effective date of the change with the appropriate fee as

specified in the Schedule of Fees. The RVT shall submit proof of legal name change with any name change request.

§26-3-13. Renewal requirements.

13.1. To renew registration, a RVT shall:

No periods may be accumulated, carried forward, or held over past the calendar year in which the hours of continuing education were completed.

14.2. New registrants who obtain registration on or after June 1 of each year are exempt from the continuing education requirement of this rule until the beginning of the immediately succeeding reporting period after obtaining registration. New registrants who are registered prior to June 1 of each year are required to complete the continuing education requirements for that calendar year in order to renew for the next year.

14.3. The Board may grant continuing education hardship extensions by written appeal to the office of the Board. The Board shall only consider hardship extensions from registered veterinary technicians who were prevented from completing the required continuing education hours within the year due to verified medical or military emergencies beyond the registrant's control. Requests for a hardship extension must be received in the Board's office by December 15.

14.4. If an extension is granted by the Board for completion of approved continuing education hours, the technician shall file the renewal form with the renewal fee. The Board shall renew the registration contingent upon the technician completing the mandatory continuing education within a period determined by the Board from the current year's expiration date of December 31.

14.5. The renewal certificates in hardship extension registrations shall be issued for the period to complete the mandatory continuing education, and shall be extended to December 31 upon receipt of acceptable written documentation of completing the continuing education. 14.6. Any registered veterinary technician issued a hardship extension for completion of continuing education shall submit documentation of completion prior to the end of the Board approved extension period.

14.7. The Board shall not issue a renewal registration certificate to an individual who does not present to the Board sufficient proof that he or she has successfully undertaken and completed the required hours of continuing education, or who has failed to fully complete the renewal form or pay the required renewal fee.

§26-3-15. Reinstatement of lapsed registration.

15.1. Any person who was registered as a veterinary technician in this state whose registration lapsed due to non-renewal may regain such registration without examination no later than 5 years from the date the registration ended by providing to the Board:

15.1.b. Proof of having met the continuing education requirement of classroom continuing education hours, at least 4 of which must be in the field of veterinary science in an approved program in the year prior to each of the years not renewed. Each year's continuing education is to renew for the subsequent year; and

15.1.c. Payment of all delinquent fees from the last renewal date to current renewal period.

15.2. After 5 years have elapsed from the date of expiration, a registration may not be renewed, and the former registrant must make application for a new registration and take and pass the registration examinations.
