SECRETARY OF STATE

NOTICE OF A COMMENT PERIOD ON A PROPOSED RULE

AGENCY: Department of Administration, Purchasing Division TITLE NUMBER: 148

RULE TYPE: Legislative CITE AUTHORITY: 5A-3-4, 10d, 10e

AMENDMENT TO AN EXISTING RULE: YES NO

IF YES, SERIES NUMBER OF RULE BEING AMENDED: 1

TITLE OF RULE BEING AMENDED: ~~148 Department of Administration~~ Purchasing Division

IF NO, SERIES NUMBER OF RULE BEING PROPOSED: _____

TITLE OF RULE BEING PROPOSED: _____

IN LIEU OF A PUBLIC HEARING, A COMMENT PERIOD HAS BEEN ESTABLISHED DURING WHICH ANY INTERESTED PERSON MAY SEND COMMENTS CONCERNING THESE PROPOSED RULES. THIS COMMENT PERIOD WILL END ON July 21, 2014 AT 5:00 PM ONLY WRITTEN COMMENTS WILL BE ACCEPTED AND ARE TO BE MAILED TO THE FOLLOWING ADDRESS:

Diane Holley-Brown
West Virginia Purchasing Division
2019 Washington Street East
Charleston, WV 25305

THE ISSUES TO BE HEARD SHALL BE LIMITED TO THIS PROPOSED RULE.

Authorized Signature

ATTACH A **BRIEF** SUMMARY OF YOUR PROPOSAL

Agency: Department of Admin., Purchasing Division
Rule Type: Legislative

Title Number: 148
Cite Authority: 5A-3-4, 10d, 10e

STATEMENT OF CIRCUMSTANCE
AND BRIEF SUMMARY

The Purchasing Division proposes to modify the legislative rules contained in Title 148, Series 1 of the West Virginia Code of State Rules in order to comply with the legislative mandate that it create rules pertaining to various procurement related topics. In the 2014 legislative session, the West Virginia Legislature passed Senate bill 356 which mandates that the Purchasing Division develop rules to establish a reverse auction process and to establish a master contract/direct order process. Additionally, the Purchasing Division noted that: (1) rules are required under W. Va. Code § 5A-3-4 for topics including buyer qualifications, encumbrance of state funds, debarment, and change orders and (2) rules on the topics above had never been promulgated.

These revised rules are intended to cover the topics listed above, to re-organize the series of rules generally into a more logical structure, and to address minor typographical and other errors.

W. Va. CSR § 148-1-1. General.

FILED

2014 JUN 18 P 4:16

1.1. Scope. -- This Legislative Rule is an explanation and clarification of operative procedures for the purchase of commodities, services or printing by the Purchasing Division of the Department of Administration.

SECRETARY OF STATE

1.2. Authority. -- W. Va. Code, §§ 5A-3-4, 5A-3-10d, 5A-3-10e

1.3. Filing Date. -- .

1.4. Effective Date. -- .

1.5. Repeal and Replace

W. Va. CSR § 148-1-2. Definitions.

As used in this rule, all terms have the same meaning as provided in W. Va. Code § 5A-1-1 and 5A-3-1 et seq., and as follows:

2.1. "Director" means the Director of the Purchasing Division of the Department of Administration or anyone that the Director has designated to perform a specific task or function.

2.2. "F.O.B. destination" and "free on board destination" mean the seller or vendor must transport or pay for the transportation of commodities, services or printing to the point of destination specified in the contract.

2.3. "Secretary" means the head of a department, as appointed by the Governor, as defined in W. Va. Code § 5F-1-2.

2.4. "Best Value Procurement" means a purchasing method used in awarding a contract based on evaluating and comparing all established quality criteria where cost is not the sole determining factor in the award.

2.5. "Bid" or "Bids" means anything that a vendor submits in response to a solicitation that constitutes an offer to the State and includes, but is not limited to, documents submitted in response to a request for quotation, proposals submitted in response to a request for proposal, or proposals submitted in response to an expression of interest.

2.6. "Requisition" means a written or electronic request sent by an agency to the Purchasing Division for the purchase of commodities and services.

2.7 "Working Days" means Monday through Friday, but excludes Saturday, Sunday, state holidays and days that government offices are closed due to declaration of an emergency.

W. Va. CSR § 148-1-3. Applicability.

3.1. This legislative rule applies to all spending units of State government except those statutorily exempted. Exempted spending units may elect to follow this rule.

3.2. All purchases must be approved by the secretary or head of the spending unit, or a designee, whose name shall be filed with the Director. The person(s) named must take at least 10 hours annually of available purchasing training and have responsibility for the function of purchasing. Each spending unit shall process all purchases through this person(s), who shall be responsible for correspondence and communication with the Purchasing Division.

3.3. All automated systems prescribed by the Director as statewide systems shall be mandatory for spending units.

W. Va. CSR § 148-1-4. Authority and Remedies of Director; Buyer Qualifications.

The Director shall:

4.1. Ensure that purchases and contracts for commodities, services or printing are based on competitive bid whenever possible. The Director may establish a list of commodities or services that are not possible to submit for competitive bid. The Director shall approve the list before the beginning of each fiscal year and shall make the list available for public review. Spending units may purchase the commodities and services on the list directly from the vendor and are not required to have contracts for purchase of those items approved by the Purchasing Division. A spending unit's request to add commodities or services to the list must be accompanied by written justification and an explanation of why competitive bids are not possible. Nothing in this section supersedes or replaces the Attorney General's authority to approve contracts as to form.

4.2. Purchase or contract for, in the name of the State, the commodities, services or printing required by the spending units of State government;

4.3. Prescribe the manner in which commodities, services or printing shall be purchased, delivered, stored, and distributed;

4.4. Review specifications and descriptions before soliciting bids to ensure that specifications and descriptions do not favor a particular brand or vendor;

4.5. Accept or reject any and all bids in whole or in part;

4.6. Waive minor irregularities in bids or specifications when the Director determines such action to be appropriate;

4.7. Apply and enforce standard specifications;

4.8. Sell surplus, obsolete, or unused commodities, services or printing or transfer the same to or between spending units;

4.9. Direct the central storerooms of supplies for spending units;

4.10. Prescribe the amount of deposit or bond to be submitted;

4.11. Prescribe in each contract provisions for liquidated damages, remedies or other damage provisions in the event of vendor default;

4.12. Employ a person whose responsibilities, in addition to other duties, are to identify commodities, services or printing available for purchase from nonprofit sheltered workshops; evaluate the needs for the commodities, services or printing; coordinate workshops in their production efforts; and provide information to workshops about available opportunities within State government for the purchase of commodities, services or printing.

4.13. Prescribe the manner of inspection for all deliveries of commodities, services or printing to assure compliance with specifications;

4.14. The Director shall appoint inspectors to review and audit spending unit requests and purchases and other transactions and performance that fall under the authority of the Purchasing Division. Inspectors may also provide relevant training for agency personnel. Inspectors shall have access at any and all times to personnel, records, reports, and other documents as needed.

4.15. Buyer Qualifications. Anyone employed as a buyer or in a higher level buying position such as senior buyer or buyer supervisor shall at a minimum:

4.15.1. be a graduate of an accredited college or university, or

4.15.2. have at least four years of experience in purchasing for any unit of government or for any business, commercial or industrial enterprise.

4.15.3. Additional Qualifications. The Purchasing Division may require additional qualifications for any of the buying positions listed herein provided that those requirements are implemented uniformly to each job title.

W. Va. CSR § 148-1-5. Remedies.

The Director may require that the spending unit attempt to resolve any issues that it may have with the vendor prior to pursuing a remedy contained herein. The spending unit must document any resolution efforts and provide copies of those documents to the Purchasing Division.

5.1. Contract Cancellation.

5.1.1. Cancellation. The Director may cancel a purchase or contract immediately under any one of the following conditions including, but not limited to:

5.1.1.1 The vendor agrees to the cancellation;

5.1.1.2 The vendor has obtained the contract by fraud, collusion, conspiracy, or is in conflict with any statutory or constitutional provision of the State of West Virginia;

5.1.1.3. Failure to honor any contractual term or condition or to honor standard commercial practices;

5.1.1.4. The existence of an organizational conflict of interest is identified;

5.1.1.5. Funds are not appropriated or an appropriation is discontinued by the legislature for the acquisition.

5.1.1.6. Violation of any federal, state, or local law, regulation, or ordinance.

5.1.2. The Director may cancel a purchase or contract for any reason or no reason, upon providing the vendor with 30 days' notice of the cancellation.

5.1.3. Opportunity to Cure. In the event that a vendor fails to honor any contractual term or condition, or violates any provision of federal, state, or local law, regulation, or ordinance, the Director may request that the vendor remedy the contract breach or legal violation within a time frame the Director determines to be appropriate. If the vendor fails to remedy the contract breach or legal violation or the Director determines, at his or her sole discretion, that such a request is unlikely to yield a satisfactory result, then he or she may cancel immediately without providing the vendor an opportunity to perform a remedy.

5.1.4. Re-Award. The Director may award the cancelled contract to the next lowest responsible bidder (or next highest scoring bidder if Best Value Procurement) without a subsequent solicitation if the following conditions are met:

5.1.4.1. The next lowest responsible bidder (or next highest scoring bidder if Best Value Procurement) is able to perform at the price contained in its original bid submission, and

5.1.4.2. The contract is an open-end contract, a one-time purchase contract, or a contract for work which has not yet commenced.

Award to the next lowest responsible bidder (or next highest scoring bidder if Best Value Procurement) will not be an option if the vendor's failure has in any way increased or significantly changed the scope of the original contract. The vendor failing to honor contractual and legal obligations is responsible for any increase in cost the state incurs as a result of the re-award.

5.2. Non-Responsible. If the Director believes that a vendor may be non-responsible, the Director may request that a vendor or spending unit provide evidence that the vendor either does or does not have the capability to fully perform the contract requirements, and the integrity and reliability necessary to assure good faith performance. If the Director determines that the vendor is non-responsible, the Director shall reject that vendor's bid and shall not award the contract to that vendor. A determination of non-responsibility must be evaluated on a case-by-case basis and can only be made after the vendor in question has submitted a bid. A determination of non-responsibility will only extend to the contract for which the vendor has submitted a bid and does not operate as a bar against submitting future bids.

5.3. Suspension.

5.3.1. The Director may suspend, for a period not to exceed one (1) year, the right of a vendor to bid on procurements issued by the Purchasing Division or any state spending unit under its authority if:

5.3.1.1. the vendor has exhibited a pattern of submitting bids and then requesting that its bid be withdrawn after bids have been publicly opened. For purposes of this provision, a pattern is two or more instances in any 12 month period.

5.3.1.2. the vendor has exhibited a pattern of poor performance in fulfilling his or her contractual obligations to the State. Poor performance includes, but is not limited to, two or more instances of any of the following: violations of law, regulation, or ordinance; failure to deliver timely; failure to deliver quantities ordered; poor performance reports; and failure to deliver commodities, services, or printing at the quality level required by the contract.

5.3.1.3. the vendor has breached a contract issued by the Purchasing Division or any state spending unit under its authority and refuses to remedy that breach.

5.3.1.4. the vendor's actions have given rise to one or more of the grounds for debarment listed in section 5A-3-33d.

5.3.2. Vendor suspension for the reasons listed in section 5.3 above shall occur as follows:

5.3.2.1 The Director shall issue a notice of suspension to a vendor after determining that suspension is warranted. The notice should include the grounds for suspension, the duration of

the suspension, and should provide the vendor with an opportunity to respond. Failure to respond to the notice of suspension will result in automatic enforcement of the suspension without further notice or opportunity to respond.

5.3.2.2 The suspended vendor may request a hearing to contest the suspension in writing within five (5) working days of receiving notice of the suspension. The vendor's hearing request must include an explanation of why the Director's asserted grounds for suspension do not apply and why the vendor should not be suspended. Failure to provide an explanation of why the asserted grounds for suspension do not apply will permit the Director to deny the suspended vendor's hearing request.

5.3.2.3. After receiving the hearing request, the Director shall notify a suspended vendor , in writing, of the date, time and place of the requested hearing.

5.3.2.4. The hearing shall be documented and an official record prepared. Following the hearing, the Director shall issue a written decision either confirming or reversing the suspension.

5.3.3 Vendors may appeal the decision of the Director to the Secretary of Administration. The appeal shall be made in writing within five (5) working days of issuance of the decision of the Director. The Secretary of Administration, or a stated designee, shall schedule an appeal hearing and notify the vendor, in writing, of the date, time and place of the hearing. The appeal hearing shall be documented and an official record prepared. The Secretary shall issue a written decision either confirming or reversing the suspension.

5.4. Vendor Debarment. The Director may debar a vendor on the basis of one or more of the grounds for debarment contained in West Virginia Code § 5A-3-33d or if the vendor has been declared ineligible to participate in procurement related activities under federal laws and regulation.

5.4.1. Debarment proceedings shall be conducted in accordance with West Virginia Code § 5A-3-33e and these rules. A vendor that has received notice of the proposed debarment by certified mail, return receipt requested, must respond to the proposed debarment within 30 working days after receipt of notice or the debarment will be instituted without further notice. A vendor is deemed to have received notice, notwithstanding the vendor's failure to accept the certified mail, if the letter is addressed to the vendor at its last known address. After considering the matter and reaching a decision, the Director shall notify the vendor of his or her decision by certified mail, return receipt requested.

5.4.2. Any vendor, other than a vendor prohibited from participating in federal procurement, undergoing debarment proceedings is permitted to continue participating in the state's procurement process until a final debarment decision has been reached. Any contract that a debarred vendor obtains prior to a final debarment decision shall remain in effect for the current term, but may not be extended or renewed. Notwithstanding the foregoing, the Director may cancel a contract held by a debarred vendor if the Director determines, in his or her sole

discretion, that doing so is in the best interest of the State. A vendor prohibited from participating in federal procurement will not be permitted to participate in the state's procurement process during debarment proceedings.

5.4.3. If the Director's final debarment decision is that debarment is warranted and notice of the final debarment decision is mailed, the Purchasing Division shall reject any bid submitted by the debarred vendor, including any bid submitted prior to the final debarment decision if that bid has not yet been accepted and a contract consummated.

5.4.4. List of Debarred Vendors. The Director shall maintain and publicly post a list of debarred vendors on the Purchasing Division's website.

5.5. Damages.

5.5.1. A vendor who fails to perform as required under a contract shall be liable for actual damages and costs incurred by the state.

5.5.2. If any commodities delivered under a contract have been used or consumed by a spending unit and on testing the commodities are found not to comply with specifications, no payment may be approved by the Spending Unit for the merchandise until the amount of actual damages incurred has been determined.

5.5.3. The Spending Unit shall seek to collect damages by following the procedures established by the Office of the Attorney General for the collection of delinquent obligations.

W. Va. CSR § 148-1-6. Registration, Advertising, Bidding, and Award.

6.1. Registration of Vendors.

6.1.1. Purchasing Division Registration. All vendors shall register with the Purchasing Division prior to being awarded a contract, except that the following categories of vendors are exempt from this registration requirement.

6.1.1.1. Purchasing card vendors providing travel related services are not required to register with the Purchasing Division.

6.1.1.2. Purchasing card vendors receiving an aggregate total yearly payment less than \$25,000.00 from a spending unit are not required to register with the Purchasing Division.

6.1.1.3. Any company or corporation, or subsidiary of the company or corporation, listed on any nationally recognized stock exchange is not required to register with the Purchasing Division.

6.1.2. Vendors shall register by submitting the vendor registration and disclosure statement

provided by the Purchasing Division.

6.1.3. Purchasing Division Fee Payment. All vendors shall pay to the Purchasing Division, an annual registration fee of \$125 prior to being awarded a contract, except that the following categories of vendors are exempt from this requirement.

6.1.3.1. Purchasing card vendors providing travel related services are not required to pay the registration fee.

6.1.3.2. Purchasing card vendors receiving an aggregate total yearly payment less than \$25,000.00 from a spending unit are not required to pay the registration fee.

6.1.3.3. Vendors receiving orders for goods or services of \$2,500 or less, regardless of payment method, are not required to pay the registration fee.

6.1.3.4. Vendors providing a good or service under a sole source solicitation are not required to pay the registration fee. The fee is considered waived by the Director for all sole source providers.

6.1.3.5. Any vendor can be exempted from paying the registration fee if the Director determines that waiving the registration fee would be in the best interest of the State of West Virginia.

6.1.4. A vendor with multiple locations shall pay only one fee when operating under one Federal Employer Identification Number (FEIN).

6.1.5. Other Registrations, Licenses, etc. The vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or other state agencies or political subdivisions prior to being awarded a contract. The vendor must provide all necessary releases to obtain information necessary to verify that the vendor is licensed and in good standing with the above entities.

6.1.6. Failure to Register. The Director shall not award any contract to any vendor not properly registered with the Purchasing Division. If a vendor is eligible to be awarded or has been awarded a contract and it is determined that the vendor has failed to comply with the requirements of 6.1.5 of these Rules, the vendor will be given a period of time that the Director deems sufficient to cure the failure. If after that period vendor has not cured the failure, the Director may cancel the contract.

6.2. Advertising. Solicitations that exceed \$25,000 must be advertised using advertising media such as the Purchasing Bulletin, newspapers, trade journals, or any other media the Director considers advisable. The type and duration of advertising completed is at the Director's

discretion. This provision shall not apply to expressions of interest procured by the spending unit under West Virginia Code § 5G-1-4, or other solicitations governed by a law that mandates certain advertising requirements be met.

6.2.1. Any vendor that pays the registration fee shall receive notice of solicitations that the Purchasing Division has released to the public for bidding, response, comment, or other purposes.

6.3. Bidding.

6.3.1. The Purchasing Division must receive bids from vendor prior to the date and time of the bid opening listed on the solicitation forms provided by the Purchasing Division. The Director shall reject bids received after the designated time and date. Each vendor is solely responsible for delivering its bid to the Purchasing Division.

6.3.2. An authorized representative of the vendor shall sign all bids submitted to the Purchasing Division. A corporate or other business entity signature without an individual name is not an acceptable signature.

6.3.3. The Director may allow bids by electronic transmission as defined in W. Va. Code § 5A-1-1(6). Bids by electronic transmission must be received by the Purchasing Division prior to the bid opening date and time. A bid will not be considered received until after transmission is completed. A vendor choosing to submit a bid or a written change to a bid by electronic transmission accepts full responsibility for transmission and receipt of the bid or written change to a bid. The State accepts no responsibility for the unsuccessful and/or incomplete transmission of bids or changes to bids by electronic transmission. Bids submitted via electronic transmission may not be sealed until received by the Purchasing Division. The Purchasing Division makes no guarantee of confidentiality when vendors utilize electronic transmission.

6.3.4. Copies of bids may be open for public inspection in the office of the Purchasing Division at any time after the completion of the public bid opening. No original bid shall be removed from the presence of a purchasing division representative. The Director may prescribe policies to include scanning, copying or other methods of assuring public access. The files of the Purchasing Division are open for public inspection after the award has been made.

6.3.5. A bidder may make a change to a sealed bid before the bid opening. A bidder shall submit changes in writing or by electronic transmission to the Purchasing Division. To be effective, any change must be received by the Purchasing Division prior to the date and time of the bid opening. Changes by electronic transmission must be made in the manner provided in Subdivision 6.2.4 of this rule.

6.3.6. The Director may reject a bid that a vendor declares to be erroneous after the bid opening, but otherwise appears to be responsive, if all of the following conditions exist: (1) An error was made; (2) The error materially affected the bid; (3) Rejection of the bid would not cause a

hardship on the State spending unit involved, other than losing an opportunity to receive commodities, services or printing at a reduced cost; and (4) Enforcement of the part of the bid in error would be unconscionable. In order for the Director to reject a bid under this subsection, the public file shall contain documented evidence that all of the conditions set forth in this subdivision exist.

6.3.7. The Director must reject a bid that is found to be non-responsive. A non-responsive bid is one that fails to conform to the solicitation in all material respects.

6.3.8. The official time clock of the Purchasing Division, for the purpose of receipt of bids, shall be displayed in the offices of the Purchasing Division.

6.3.9. If there is a conflict between the extension price and the unit price in the bid, the unit price prevails.

6.3.10. Vendor shall disclose any instance where the vendor's bid fails to comply with the requirements of the solicitation, which includes but is not limited to, failure to comply with a mandatory requirement or goods or services not meeting the required specifications. If changes are not stated, the Director may assume that items offered meet the specifications.

6.3.11. Vendors are responsible for the accuracy of the information on and in the bid envelopes.

6.3.12. Vendors may contact the Purchasing Division to obtain official bid forms.

6.3.13. All sales to the State of West Virginia are exempt from Consumer Sales Tax or Excise Tax by blanket state exemption and blanket federal exemption.

6.4. Awards.

6.4.1. The Director shall make an award in accordance with the law governing the type of procurement being awarded. The Director may make multiple or split awards when it is in the best interest of the State.

6.4.2. The Director may accept or reject, in whole or in part, any bid when the Director feels it to be in the best interest of the State. If any bid is rejected, the Director shall place a written explanation in the purchase order file.

6.4.3. When tie bids are received, the Director shall break the tie by: allowing the tied vendors to make a final offer, flip of a coin, draw of the cards, or any other impartial method considered prudent by the Director.

6.4.4. Vendor Preference -- All purchases of commodities, services or printing made upon competitive bids, with the exception of construction services, are subject to a vendor preference in accordance with the rules promulgated by the Secretary of the Department of Revenue. For

purposes of application of the vendor preference, the term "West Virginia vendor" used in W. Va. CSR section 110-12C-7 shall have the same meaning as "resident vendor."

6.4.5. Requirements for bonds and deposits -- The Director shall determine the applicability and amount of bonds or deposit required of a vendor at any time, if, it is judged that security is necessary to safeguard the State from undue risk. The Director may require the vendor to submit a certified check, certificate of deposit, performance bond, litigation bond or any other security acceptable to the Director, payable to the State of West Virginia. Neither personal checks nor company checks are acceptable. Vendors can request that bonds or other security be returned after the purpose for which the bond was provided has been fulfilled. Upon confirmation from the spending unit or other relevant party that the bond or security in question has fully served its purpose, the Director may return the bond or security.

6.5. Specifications.

6.5.1. Specifications must be written to encourage competition to the fullest extent possible. No person may write specifications, or attempt to influence the drafter of specifications, to limit competition or favor or disfavor a particular brand or vendor. Spending units may not use brand or vendor names to restrict competition. If, however, brand names are used to adequately describe a needed commodity or service, the brand or vendor name shall be followed by the phrase "or equal" to promote and encourage competition.

6.5.1.1. Examples of limiting competition or favoring a brand or vendor include, but are not limited to: drafting specifications to match a vendor's description of its commodity or service to the exclusion of others, listing a brand name in specifications without noting that equivalent products will be considered, and drafting specifications that are so restrictive that only one desired vendor can meet the requirements without adequate justification for the restrictions.

6.5.1.2. Nothing contained in the subsection will be construed to prevent a spending unit from drafting specifications with restrictions and mandatory requirements that are necessary to perform the objectives for which the commodity or service is purchased. Reduced need for training, maintaining consistency in inventory, staff familiarity, and other similar objectives will not be sufficient to justify restrictions in specifications.

6.5.1.3. A spending unit that uses a brand or vendor name to describe a needed commodity or service must also list in the specifications the mandatory components of that commodity or service that the reference to a brand or vendor name is intended to capture. A vendor's equality with the brand or vendor name will be evaluated on the basis of the mandatory components only. If a vendor bids a commodity or service that is equal to the brand or vendor name with regard to all identified mandatory components, the Director shall not disqualify the vendor's bid due to inequality of non-mandatory components. Any spending unit request to disqualify a vendor on the grounds that the vendor has bid an unequal product must be accompanied by written justification listing the mandatory component that is unequal and explaining how the product bid is unequal.

6.5.2. The Director has authority to develop standard specifications that will form the basis of statewide contracts used by multiple agencies. Standard specifications shall include information relating to the cost of maintenance and expected life of the commodities, services or printing when the Director determines there are applicable nationally accepted standards.

6.5.3. The Purchasing Division has final authority over specifications and may require that a spending unit modify specifications. In the event that a spending unit refuses to make the required changes, the Director is prohibited from issuing a solicitation until the spending unit provides the Director with a written explanation for the refusal, that the Director deems satisfactory.

6.6. Bid Evaluation.

6.6.1. Evaluators of bids must certify that no financial, personal, or other conflict of interest exists relating to any vendor or vendor representative that has submitted a bid. The Purchasing Division may develop a form that evaluators can sign for certification purposes under this subsection.

6.6.2. From the time a requisition is submitted to the Purchasing Division for public advertisement until an award is made, evaluators and spending unit personnel are not permitted to communicate with vendors about the solicitation or any component thereof without prior approval from the Purchasing Division. All communication regarding the solicitation must be directed to the Purchasing Division until an award has been made. Nothing in this subsection, however, shall prevent the evaluators and spending unit personnel from communicating with a vendor about existing contracts or other matters unrelated to the solicitation in question.

6.7. Deliveries.

6.7.1. Spending units are responsible for: (1) the inspection of commodities, services, or printing upon delivery to ensure that purchases meet contractual requirements, and (2) maintaining records of receipt.

6.8. Change Orders

6.8.1 Review and Approval. The Director shall have the authority and responsibility to review change orders just as he or she has authority and responsibility for review and approval of the original contract.

6.8.2. Change Order Submission. A spending unit desiring to make a change to a contract must submit a request for the contract change to the Purchasing Division. Any change order request submitted to the Purchasing Division that requires vendor agreement must include the vendor's agreement in writing.

6.8.3. Documentation. The Director may ask for, and the spending unit shall provide, any

documentation or further explanation that the Director deems necessary to aid in reviewing a change order request.

6.8.4. Rejection. If the Director reviews the change order and determines that it has not been properly justified; fails to include necessary documentation; is or could be construed as an attempt to circumvent the bidding process; or is otherwise unfit to be approved; the Director shall reject the change order.

6.8.5. Attorney General. Change orders must be approved by the Attorney General's office, as to form, just as the original contract is approved as to form by that office under West Virginia Code section 5A-3-13.

6.8.6 Timing of Work. Spending units shall not permit vendors to perform work that the spending unit anticipates will be added to a contract through a change order until such time as the change order has been formally approved by the Purchasing Division and the Attorney General's office, encumbered by the Purchasing Division, and mailed to the vendor.

W. Va. CSR § 148-1-7. Purchasing Methods.

7.1. General.

7.1.1. Contracts requiring more than six (6) months to fulfill are filed with the State Auditor.

7.2. Purchases of \$25,000 or less.

7.2.1. Spending units may make purchases of \$25,000 or less per transaction for certain commodities, services or printing without processing the purchase as a formal solicitation through the Purchasing Division, provided that the spending unit adheres to the most current Purchasing Division procedures and requirements established by the Director. The spending unit shall keep records of these purchases on file and make them available for public inspection during the normal office hours of the spending unit.

7.2.2. If an agency fails to comply with the procedures and requirements established for purchases of \$25,000 or less, the Director has the ability to:

7.2.2.1. suspend or reduce purchasing authority for that spending unit,

7.2.2.2. require the spending to provide additional reports and documentation relating to purchases of \$25,000 or less for Purchasing Division review,

7.2.2.3. require the agency to submit to additional oversight that the Director deems appropriate,

7.2.2.4 require that the agency personnel responsible for purchases of \$25,000 or less participate in remedial training provided by the Purchasing Division.

7.3. Purchases In Excess of \$25,000.

7.3.1. Purchases of commodities, services or printing that exceed \$25,000 shall be made by the Purchasing Division.

7.4. Open End Contracts and Statewide Contracts.

7.4.1. The State may secure open end contracts to obtain commodities, services, or printing to supply the repetitive needs of the spending units in the form of statewide contracts, blanket orders, or spending unit contracts.

7.4.2. If the Director establishes an agency open end contract, any spending unit covered by the contract is required to use it. The Director may grant a spending unit a waiver that permits the spending unit to purchase from a source other than the open-end contract.

7.4.3. If the Director establishes a statewide contract, all spending units are required to use it. The Director may grant a spending unit a waiver that permits the spending unit to purchase from a source other than the statewide contract.

7.4.4. Granting of a waiver from an open end or statewide contract will be considered on a case-by-case basis and will only be granted if the Director determines that granting the waiver is in the best interest of the state. A waiver will only be granted if the spending unit can show that any one of the following conditions exists:

7.4.4.1. the vendor is unable to deliver the commodity or service by the required delivery date, assuming that the spending unit is not imposing an unreasonable delivery deadline;

7.4.4.2. the vendor is unresponsive to ordering requests;

7.4.4.3. the vendor has refused to perform.

7.5. Sole Source Procurement.

7.5.1. The Director of Purchasing may approve the purchase of commodities, services or printing directly from a vendor as a sole source procurement without competitive bidding, if:

7.5.1.1. the spending unit can acquire the required good or services from only one source, and

7.5.1.2. The spending unit provides written documentation to the Director setting forth the basis for the sole source procurement and the specific efforts made to determine the availability of other sources.

7.5.2. Agencies are encouraged to solicit competition rather than process a sole source request. The Director has authority to reject sole source requests whenever competition is believed to be available.

7.5.3. [Reserved]

7.5.4. All sole source requests made to the Director shall be publicly advertised and made available for review by vendors registered with the Purchasing Division. Should this advertisement cause inquiry and concern or requests to bid by prospective bidders or other interested parties, the Director may: (a) reject the sole source request and require the spending unit to submit a requisition for public advertisement and formal bidding; (b) accept the request and approve the sole source; or (c) take other action as necessary.

7.5.5. The Director may require potential sole source requests at any dollar level above \$2,500 to be subject to review, approval and processing in the same manner described in 7.5.4.

7.5.6. The Director shall issue prior approval or disapproval for the purchase of used equipment directly from the vendor without competitive bids. If disapproved, the Director shall return the request to the spending unit and direct another method of purchasing.

7.6. Emergency Procurement.

7.6.1. Any request to procure goods or services exceeding \$25,000 on an emergency basis must be submitted in writing to the Purchasing Division. The Director shall review a spending unit's written request and issue written approval or disapproval.

7.6.2. Approval to procure goods or services on an emergency basis will permit the spending unit to purchase the required goods or services directly from a vendor. Provided, however, that the spending unit must obtain three bids, if possible, and any required documentation must be submitted to the Purchasing Division as soon as possible for processing.

7.6.3. What qualifies as an emergency under this subsection shall be evaluated by the Director on a case by case basis, but will at least include unforeseen events or circumstances, including delays by contractors, delays in transportation, or an unanticipated volume of work, as well as procurement of goods or services related to an official declaration of emergency by the Governor or federal officials. Emergency purchases are not used for hardship resulting from neglect, poor planning, or lack of organization by the spending unit. Competitive bids shall be obtained if possible.

7.7. Best Value Procurement.

7.7.1. The term best value procurement means a request for proposal as described in West Virginia Code § 5A-3-10b or an Expression of Interest as described in West Virginia Code § 5G-1-1.

7.7.2. Requests for Quotation are the preferred method and gold standard of procurement, but a spending unit may utilize a best value procurement method to procure goods, services, or printing, excluding construction. In order to utilize a request for proposal, the spending unit must provide adequate justification explaining why an evaluation based on price and compliance with specification alone would not be adequate. The Director shall review each request to utilize a request for proposal and may permit the use of a request for proposal if he or she determines in writing that it is in the best interest of the state.

7.7.3. A request for proposal must contain provisions for a two-part evaluation, the first part being technical aspects of the proposal and the second part being cost to the State. The two components must then be evaluated based upon the criteria contained in the request for proposal, scored, and combined to form a total score. The highest scoring vendor will be awarded a contract. No proposal may be evaluated using any criteria other than the criteria specified in the request for proposal.

7.7.4. Expressions of interest may only be used to procure architectural, engineering, or other services contained within Chapter 5G, article 1 of the West Virginia Code.

7.8 [Reserved]

7.9. Purchases from contracts issued by other public agencies and entities

7.9.1. The Director may approve a request by a spending unit to purchase from, join as a party, or otherwise utilize contracts issued by agencies of the federal government, agencies of other states, other public bodies, or other state agencies. The Director may also sign an agreement with a vendor that has the effect of adding state spending units to a contract issued by agencies of the federal government, agencies of other states, other public bodies, or other state agencies. The Director may, but is not required to, designate such a contract as a statewide contract and require that spending units utilize it. The Director may also lead, participate in, or join after issuance cooperative purchasing arrangements with other public agencies and entities created by public agencies.

Before undertaking any activity authorized by this section, the Director shall determine that the contracts being utilized and/or created are valid, properly awarded, financially advantageous, and comparable to what can be obtained through competitive bidding. The last requirement will be satisfied if the contract was created or is to be created from a competitive procurement method.

The Director shall require spending units, or the Purchasing Division if acting without a spending unit request, to prove that their requests to use such contracts:

7.9.1.1. Do not conflict with existing State of West Virginia contracts unless the prices on the contracts issued by other public agencies and entities is substantially lower than the state contract based on an equal comparison. No price comparison may be based on differing specifications as determined by the Director.;

7.9.1.2. Will not cause a West Virginia vendor that offers like products and services to lose substantial business, unless the Director determines based on submitted documentation from the spending unit that the difference in price is so great that the State's best interest is served by using the contracts issued by other public agencies and entities; and

7.9.1.3. Does not cause extensive hardship to any spending unit offered preference under the West Virginia Code.

7.9.2. All spending unit requests to take an action authorized under this subsection shall be submitted in advance to the Director with necessary evidence and documentation. The Director shall approve only those requests submitted with evidence that justifies use of such contracts. Any request that is not supportable shall be returned to the spending unit.

7.10. Multiple Awards.

7.10.1. The Director may elect to award a contract to more than one vendor when the Director determines in writing such action would be in the best interest of the State. In arriving at a determination, the Director will consider the following factors, insofar as they are applicable:

7.10.1.1. The quality, availability, and reliability of the supplies, materials, equipment, or service and their adaptability to the particular use required;

7.10.1.2. The ability, capacity, and skill of the bidder;

7.10.1.3. The sufficiency of the bidder's financial resources;

7.10.1.4. The bidder's ability to provide maintenance, repair parts, and service;

7.10.1.5. The compatibility with existing equipment;

7.10.1.6. The need for flexibility in evaluating new products on a large scale before becoming contractually committed for all use; and

7.10.1.7. Any other relevant factors.

7.10.2. In situations where a multiple award is necessary, the Director shall place a written explanation into the public file. If a multiple award is requested by a spending unit, that spending unit shall provide written justification to the Director. The Director's decision shall be final in all cases.

7.11. Negotiation When All Bids Exceed Available Funds.

7.11.1. Spending units shall submit a valid maximum budgeted amount for each requisition to the Purchasing Division. The maximum budgeted amount may not be disclosed to any vendor prior to the bid opening and may not be changed after the bid opening.

7.11.2. If all bids meeting requirements exceed the funds available for the purchase, the Purchasing Division may negotiate a lower price within budget with the lowest bidder meeting specifications. If the negotiation does not lead to the budget amount being met, the Director may negotiate a lower price with the next lowest bidder and continue negotiations with participating bidders after negotiations close with the preceding bidder. In conducting discussions, there may be no disclosure of any information derived from proposals submitted by competing bidders.

7.11.3. If the Purchasing Division solicits bids utilizing a best value procurement, and there is more than one bidder, the Director may negotiate a lower price with the highest ranked bidder. If the Director does not award the contract to the highest scoring bidder, he or she may close negotiations with that bidder and enter into negotiations with the next highest scoring bidder, and may continue to do so in like manner with the remaining responsive and responsible bidders. The Director may not extend an offer to any bidder that is not first extended to the prior bidders in order of rank. Nothing contained herein is intended to supersede the requirements contained in Chapter 5G, article 1 or the West Virginia Code.

7.11.4. If agencies fail to provide a valid maximum budgeted amount, the Director shall not permit negotiation.

7.11.5. The Director shall determine the method of negotiation.

7.12. Discussion and Final Offers.

7.12.1. The Director may conduct discussions to obtain best and final offers from bidders to assure full understanding of solicitation requirements. If the Director determines that a best and final offer is necessary from one vendor, all vendors shall be afforded the opportunity to provide best and final offers.

7.12.2. All best and final offers shall be treated like a formal bid, except that advertising is not required. All bidders shall provide their best and final offers to the Purchasing Division prior to the date and time specified by the Director.

7.12.3. Government construction contracts and supplies and material are exempt from this section pursuant to 5A-3-11(b)(1) and (2).

7.13. Contract Management.

7.13.1. For contracts for commodities and services in the amount of \$1 million or less, the Director may prescribe contract management procedures for all state contracts, except

government construction contracts. These procedures may include, but are not limited to:

7.13.1.a. establishing payment benchmarks to assure the State receives value prior to remitting payment;

7.13.1.b. conducting regular meetings between spending unit and vendor to assess contract performance;

7.13.1.c. training spending unit personnel to manage contracts; or

7.13.1.d. using the Office of Technology Project Manager for its projects.

7.13.2. For contracts for commodities and services in an amount exceeding \$1 million, the following contract management procedures apply:

7.13.2.a. Post Award Conferences -- The agency administrator responsible for administering the contract shall hold a post award conference with the contractor to ensure a clear and mutual understanding of all contract terms and conditions, and the respective responsibilities of all parties. The agenda for the conference shall include, at a minimum, the introduction of all participants and identification of agency and contractor key personnel, and discussion of the following items:

7.13.2.a.1. The scope of the contract, including specifications of what the agency is buying;

7.13.2.a.2. The contract terms and conditions, particularly any special contract provisions;

7.13.2.a.3. The technical and reporting requirements of the contract;

7.13.2.a.4. The contract administration procedures, including contract monitoring and progress measurement;

7.13.2.a.5. The rights and obligations of both parties and the contractor performance evaluation procedures;

7.13.2.a.6. An explanation that the contractor will be evaluated on its performance both during and at the conclusion of the contract and that such information may be considered in the selection of future contracts;

7.13.2.a.7. Potential contract problem areas and possible solutions;

7.13.2.a.8. Invoicing requirements and payment procedures, with particular attention to whether payment will be made according to milestones achieved by the contractor;

7.13.2.a.9. An explanation of the limits of authority of the personnel of both the agency and the contractor.

7.13.2.b. Monitoring -- The agency shall develop a comprehensive and objective monitoring checklist which:

7.13.2.b.1. Measures outcomes;

7.13.2.b.2. Monitors compliance with contract requirements; and

7.13.2.b.3. Assesses contractor performance.

7.13.3. Reports -- The agency shall make the following reports to the Director, on a schedule established by the Director, but not less frequently than once a year:

7.13.3.a. Status Reports. Status reports describe the progress of the work; track the organizational structure of the statement of work in terms of phases, segments, deliverables and products; and describe what work is complete and what work is pending and contrast that status against the contract schedule. If there are any unresolved issues that the agency is contractually obligated to resolve, those issues should be included in the status report and a resolution should be requested.

7.13.3.b. Activity Reports. Activity reports describe all activity on the project, regardless of whether substantial progress has been made toward completion of the project. If payment is based on the number of completed transactions, these activities must be specifically set out in the report.

7.14. Inspection.

7.14.1. The agency shall inspect all materials, supplies, and equipment upon delivery and again prior to final acceptance to insure compliance with the contract requirements and specifications.

7.14.2. The agency shall report any discrepancies to the Director immediately.

7.14.3. If unlisted shortages are discovered, the vendor and the Director must be notified immediately.

7.14.4. A contractor may be required to pick up any merchandise not conforming to specifications and replace the merchandise immediately.

7.15. Substitutions -- Substitution of items called for in a contract is not permitted without the Director's prior approval. The Director will not approve substitution of items unless the substituted items are of equal quality and are offered at the same or lower price.

W. Va. CSR § 148-1-8. Protests.

8.1. Submission of Protest.

8.1.1. Protests based on bid specifications must be submitted no later than five (5) working days prior to bid opening. Protest of a purchase order or contract awards must be submitted no later than five (5) working days after the award. The vendor is responsible for knowing the bid opening and award dates. Protests received after these dates may be rejected at the option of the Director.

8.1.2. All protests shall be submitted in writing to the Purchasing Division and contain the following information:

8.1.2.1. the name and address of the protestor;

8.1.2.2. the requisition, solicitation, purchase order or contract numbers;

8.1.2.3. a statement of the grounds of protest;

8.1.2.4. supporting documentation, if necessary; and

8.1.2.5. the resolution or relief sought.

8.1.3. Failure to submit this information shall be grounds for rejection of the protest by the Director.

8.2. Protest Review.

8.2.1. The Director or his/her designee shall review the matter of protest and issue a written decision. A hearing may be conducted at the option of the Director or assigned designee. Continuation or delay of a purchase order or contract award is at the discretion of the Director.

8.2.2. The Purchasing Division may refuse to review any protests when the matter involved is the subject of litigation before a court of competent jurisdiction; if the merits have previously been decided by a court of competent jurisdiction; or if it has been decided in a previous protest by the Purchasing Division.

8.3. Reverse Auction Protests: A vendor desiring to submit a protest of specifications related to a reverse auction must submit the protest 5 working days prior to the prequalification bid submission deadline. A protest of a prequalification decision must be submitted within 5 working days of the prequalification approval or denial. A protest of award must be submitted within 5 working days of award.

8.4. Master Contract and Direct Order Protests – Any vendor desiring to protest the specifications of a master contract or the direct ordering process may do so prior to 5 working days before the master contract opening date and 5 working days before the direct ordering process opening date. Any vendor desiring to protest the award of a master contract or direct order may do so within 5 working days of the master contract award and within 5 working days of the direct order award.

8.5. All protests, regardless of dollar amount should be directed to the Purchasing Division and any protests incorrectly submitted to the spending unit must be forwarded by the spending unit to the Purchasing Division for further review. A protest incorrectly delivered to the spending unit will not be considered received until it reaches the Purchasing Division. Responsibility for delivery of the protest to the Purchasing Division shall remain with the protesting vendor. A spending unit's failure to deliver the protest to the Purchasing Division shall not be grounds for extending the time for receipt of protests.

W. Va. CSR § 148-1-10. Violations.

10.1. Any person who authorizes or approves a purchase or contract in violation of West Virginia Code, this rule, or any policy or procedure adopted by the Purchasing Division is personally liable for the cost of the purchase or contract. Purchases and contracts violating the West Virginia Code or this rule are void and of no effect.

10.2. The Director shall suspend from bidding on State purchases up to one year, any vendor violating the West Virginia Code, this rule, or any policy or procedure adopted by the Purchasing Division. Appeal of the suspension may be made to the Secretary of Administration.

10.3. Any person receiving anything of value from a known interested party in awarding a purchase order is subject to the provisions of W. Va. Code § 5A-3-28, 29, 30 and 31, unless otherwise determined by the Ethics Commission.

W. Va. CSR § 148-1-11. Internet Auction Sales.

11.1. The state spending unit for surplus property has the exclusive power and authority to sell commodities to the highest bidder by means of an Internet auction site approved by the Director, pursuant to provisions of W. Va. Code § 5A-3-45.

11.2. The state spending unit for surplus property may contract with one or more nationally recognized commercial Internet auction sites to coordinate sales of surplus property, pursuant to the provisions of § 5A-3-45 of the West Virginia Code and this rule.

11.3. To ensure that organizations eligible under Federal Property Management Regulations (41CFR Chapter 101) have priority in obtaining surplus property, all surplus property will be listed on the West Virginia State Agency for Surplus Property website for a least five (5) working days prior to being made available on an Internet auction site.

W. Va. CSR § 148-1-12. Reverse Auctions.

12.1: Authority: Authority to promulgate rules relating to reverse auctions derives from West Virginia Code § 5A-3-10d.

12.2: Definitions: the words and phrases used herein shall have the same meanings assigned to them in West Virginia Code § 5A-1-1 and as listed below.

12.2.1 "Prequalification" means the process by which the Purchasing Division advertises the opportunity to participate in a reverse auction, a vendor submits documentation for evaluation in response to the advertisement, and the Purchasing Division evaluates that documentation to determine if the vendor is qualified to participate in the reverse auction. This process will be conducted in the same manner as a request for quotation, except that no cost information related to the commodity will be included in the evaluation.

12.3. Justification for Use: The spending unit requesting that a reverse auction be utilized to procure commodities shall provide the Director with an explanation of how the reverse auction process would be fair, economical, and in the best interest of the state. Additionally, the spending unit must provide written documentation verifying that the commodities to be procured:

12.3.1. Are subject to low price volatility;

12.3.2. Have specifications that are common and not complex;

12.3.3. Vary little between suppliers;

12.3.4. Are sourced primarily based on price, with limited ancillary considerations;

12.3.5. Require little collaboration from suppliers; and

12.3.6. Are sold by a large, competitive supply base.

When soliciting bids for commodities through a reverse auction, the Purchasing Division may be considered the spending unit and the Purchasing Division may rely on information provided by one or more of the spending units that will utilize the contract in satisfying the requirements necessary to utilize a reverse auction.

12.4. Prequalification: All reverse auctions conducted under these rules shall be preceded by Prequalification of vendors. Only vendors that have completed prequalification for the auction will be permitted to participate in the auction. Prequalification will be completed as follows:

12.4.1 Notice of Reverse Auction: If the Director approves the spending unit's request to utilize a reverse auction, the spending unit will then prepare specifications to describe the commodity being procured by reverse auction and list any mandatory requirements the vendor must meet. The spending unit must then provide that information to the Director, along with any additional documentation the Director deems necessary, in a manner suitable to the Director. The Purchasing Division will then ensure that an adequate description of the contemplated reverse auction is included and will advertise the reverse auction in the same manner that a request for quotation is advertised under Chapter 5A, Article 3 of the West Virginia Code.

12.4.2. Prequalification Bid: Any vendor desiring to participate in the reverse auction must submit a prequalification Bid to the Purchasing Division before the deadline contained in the advertisement or specifications. Failure to submit a prequalification bid prior to the deadline will result in automatic disqualification from participation in the reverse auction. The Director may request additional information from a vendor to assist in evaluating a vendor's prequalification bid.

12.4.3. Prequalification Request Review; Approval; Denial: Each prequalification bid submitted prior to the applicable submission deadline will be evaluated to ensure compliance with all specifications and mandatory requirements. All vendors that are in compliance with the specifications and mandatory requirements will be notified that they have been approved to participate in the reverse auction. Vendors that are not in compliance with the specifications and mandatory requirements will be notified that their request to participate in the reverse auction has been denied.

12.4.3.1. Approval – A vendor that has been approved will be provided with the necessary information to participate in the reverse auction. This information may include website addresses, log-in information, etc.

12.4.3.2. Denial – A vendor that has been denied will be provided with notice thereof and, upon request, the vendor must be provided with a reason for the denial.

12.5. Reverse Auction Bidding: The prequalified vendors will be granted access to participate in the reverse auction either physically or electronically depending on the format of the auction. Each prequalified vendor may submit bids until the time for bidding has expired. Any bid that a vendor submits during the reverse auction process will supersede all prior bids submitted by that vendor.

12.6. Award: The lowest responsible bidder within the time period allowed for the reverse auction will be awarded a contract. If the Director determines that a vendor identified as the lowest responsible bidder has failed to meet a mandatory requirement contained in the specifications or if the vendor fails to consummate the contract after bidding, the Director may

reject the bid of that vendor or cancel an award that has been made and move to award to the next lowest responsible bidder.

12.7. Reverse Auction Options: The Director may conduct reverse auctions through software systems owned and/or operated by the State of West Virginia, through industry-recognized third-party providers, through mailing and electronic submissions, or through a live auctioneer. Third-party providers or auctioneers must be selected through a procurement method authorized by article 3, Chapter 5A for the procurement of services.

W. Va. CSR § 148-1-13. Master Contract and Direct Ordering Process

13.1: Authority: Authority to promulgate rules relating to reverse auctions derives from West Virginia Code § 5A-3-10e.

13.2. Definitions – the words and phrases used herein shall have the same meanings assigned to them in West Virginia Code §§ 5A-3-10e and 5A-1-1.

13.3. Master Contract Procedures – An agency that desires to establish a master contract with a subsequent direct ordering process as defined in W. Va. Code 5A-3-10e(b)(4) must first provide written justification and obtain the written approval from the Director to do so.

13.3.1. Justification for Use – Any request by a spending unit to establish a master contract must include the following items:

13.3.1.1. identification and a detailed description of the commodity to be covered by the master contract;

13.3.1.2. one or more requirements that each vendor must meet in order to be approved for the master contract, which may include, but are not limited to, experience, quality assurance, licensing, delivery terms, and quantity terms;

13.3.1.3. an estimation of the quantity and price of the commodity to be purchased over the term of the contract; and

13.3.1.4. forms (if any) that will be utilized in the direct ordering procedure bidding process.

13.3.2. Advertisement – Once the Director approves a request to solicit master contracts, the documentation contained in the request, along with any additional documentation the Director deems necessary, will be compiled into a form suitable to the Director. The vendor community will be notified of the opportunity to obtain a master contract through an advertisement that the Director deems appropriate. The advertisement will be completed in the same manner that a

request for quotation is advertised under Chapter 5A, Article 3 of the West Virginia Code

The documentation referenced in this section must also contain:

13.3.2.1. a clause stating that the state is seeking a master contract that will permit all awarded vendors an opportunity to participate in the direct ordering process;

13.3.2.2. an explanation of how bids will be submitted and evaluated through the direct ordering process,

13.3.2.3. a clause limiting the master contract to a term of one year, and

13.3.2.4. language setting dollar thresholds for direct ordering process purchases.

13.3.3. Evaluation and Award – At the date and time provided in the advertisement required above, the Purchasing Division will publicly open the vendors' responses in accordance with current laws, rules, and procedures applicable to bid opening, including but not limited to, late bids, public availability of bids, etc.

Vendors' responses will be evaluated and each vendor that meets all of the qualifications will be awarded a master contract that allows the vendor to participate in the direct ordering process.

13.4. Direct Ordering Process.

13.4.1 Limitations – No single order under the master contract and direct ordering process is permitted to exceed \$1,000,000 for information technology commodity purchases or \$50,000 for other commodities unless a written request to exceed these limits is approved by the director in writing. If all bids returned under the direct order process are over the applicable dollar threshold, the spending unit must cancel the direct order process and solicit competitive bids in accordance with the requirements contained in West Virginia Code Chapter 5A, Article 3. If the spending unit solicits bids and one or more vendors submit bids over the applicable dollar threshold, then the spending unit may only award to the vendors that submit bids under the threshold. Nothing contained herein will prohibit the Director from setting lower limits for the direct order process if he or she determines lower limits are more appropriate.

13.4.2. Request for Bids – A spending unit, or the Purchasing Division when acting as a spending unit, that desires to purchase a commodity identified in the master contract must notify each vendor that has been awarded a master contract of the request. The notice must contain any commodity specific requirements, the total quantity of the commodity being sought, the deadline by which the vendors must submit bids, and the location to which bids must be submitted.

13.4.3. Direct Order Bid Opening – At the appointed date, time, and place, the spending unit, or the Purchasing Division when acting as a spending unit, will open all bids in a public bid opening and announce the vendors' bid prices for all bids.

13.4.4. Evaluation and Award – After bids have been opened, the spending unit, or the Purchasing Division when acting as a spending unit, shall evaluate the bids received to ensure that the bid submissions comply with the requirements contained in the master contract and the request for bids. The spending unit, or the Purchasing Division when acting as a spending unit, shall award the direct order to the lowest responsible bidder that has complied with all requirements. The spending unit shall reject any bid that fails to comply with the requirements contained in the master contract and the request for bids. The spending unit shall provide the following notices related the evaluation and award:

13.4.4.1. the lowest responsible bidder must be notified that it has won the direct ordering process and may begin the process of filling the order,

13.4.4.2. the vendors that do not submit the lowest bid must be notified that their bids were not the lowest and they will not be selected to provide the commodity, and

13.4.4.3. any vendor that submits a bid that is rejected must be notified of the rejection and upon request, the vendor must be provided with a reason for that rejection.

All notices relating to evaluation and award must be provided as close to simultaneously as practical.

13.5. Records – Any spending unit utilizing the direct ordering process described herein shall maintain records of all requests for bids, bids received, bids awarded, bids rejected, and other correspondence related to the direct ordering process.

13.6. Purchasing Division Oversight – Notwithstanding anything contained herein to the contrary, the Purchasing Division may institute oversight procedures that require spending units to provide notices to the Purchasing Division and obtain approvals from the Purchasing Division prior to utilizing the direct order process. The Purchasing Division may also choose to conduct the direct order process on behalf of a spending unit if the Director determines additional oversight is warranted.

W. Va. CSR § 148-1-14 – Encumbrance

14.1. Authority. Authority to promulgate rules relating to encumbrance derives from West Virginia Code § 5A-3-4(a).

14.2. Definitions. The words and phrases used herein shall have the same meanings assigned to them in West Virginia Code 5A-1-1.

14.3. Account Designation. Spending units must designate the appropriate account from which funds to pay for a contract will be taken prior to a contract being awarded, unless the

contemplated contract is a type that cannot be encumbered as determined by the Director.

14.4. Purchasing Division Review. Prior to issuing a contract, the Purchasing Division will verify that the amount of funds encumbered is appropriate and that the account being encumbered matches what the spending unit has requested.

14.5. Encumbrance Amounts. Contracts shall be encumbered prior to issuance in the following amounts:

14.5.1. One-time purchase in current fiscal year. A spending unit seeking a contract for a one-time purchase to be completed in the current fiscal year must encumber the full contract amount.

14.5.2. Contract Spanning Multiple Years. A spending unit seeking a contract that will span multiple fiscal years must encumber at least the amount of funds that will be spent under the contract in the current fiscal year.

14.5.3. Contract to Begin in a Future Year. A spending unit seeking a contract that will be awarded prior to the end of a current fiscal year but will become effective after that same fiscal year has ended is not required to encumber funds prior to issuance of the contract.

14.5.4. Open-End and Statewide Contracts. A spending unit seeking an open-end contract or a statewide contract issued by the Purchasing Division is not required have funds encumbered prior to the issuance of the contract.

APPENDIX B

FISCAL NOTE FOR PROPOSED RULES

Rule Title: Title 148, Department of Administration, Purchasing Division

Type of Rule: X Legislative _____ Interpretive _____ Procedural _____

Agency: Purchasing Division

Address: 2019 Washington Street, East, Building 15

Charleston, WV 25305

1. Effect of Proposed Rule:

	ANNUAL			FISCAL YEAR	
	Increase	Decrease	Current	Next	Thereafter
ESTIMATED TOTAL COST	0	0	0	0	0
PERSONAL SERVICES	0	0	0	0	0
CURRENT EXPENSE	0	0	0	0	0
REPAIRS & ALTERATIONS	0	0	0	0	0
EQUIPMENT	0	0	0	0	0
OTHER	0	0	0	0	0

2. Explanation of Above Estimates

There will be no fiscal impact on this modification to the *Code of State Rules* Title 148, Series 1

3. Objective of these Rules

The objective of this rule is to propose modifications to the current rule in Title 148, Series 1 of the West Virginia Code of State Rules in order to comply with the legislative mandate that it create rules pertaining to various procurement-related topics.

Rule Title: Title 148, Department of Administration, Purchasing Division

4. Explanation of Overall Economic Impact of Proposed Rule:

A. Economic Impact on State Government

a. No impact

B. Economic impact on Political Subdivisions; Specific Industries; Specific Groups of Citizens

a. No impact

C. Economic Impact on Citizens/Public at Large

a. No impact
