1/16	Fred Whitt Danville WV	I am disappointed that organized liberal out of state groups that have no children in school and usually pay no WV taxes and guiding the education of our children. Political issues such as exaggerated global warming should not be indoctrinated on our children.	NA/ o	Comment is not relevant to Policy 4350 and was referred to the appropriate WVDE staff for consideration.
1/22	Abigail Watkins Unitarian Universalist Charleston WV	Anyone can clearly see that in West Virginia as a whole, most of the educational system is lacking. Whether it be through student test scores, along with poor teaching at school, or lack of parent involvement at home something needs to be done for the youth of today and tomorrow in the Mountain State. Science plays a big role for most in their education. Learning about the climate change and upcoming changes to come is an issue that needs to be addressed in the schooling curriculum.
