Dear Michael:

Many thanks for forwarding the upgraded papers regarding boxing as it pertains to the rules and regulations under the West Virginia Athletic Commission. You, my friend, were very timely in your action, and it is very much appreciated.

I really consider these changes to be a statement of circumstance for the following reasons. We are now having major professional boxing at the Mountaineer Resort in Chester, West Virginia. At least three or four of these bouts per year will be on ESPN, which will cover all fifty states. In addition, we are working to some degree with Top Rank Boxing Promoters out of Atlantic City. These people are "pros", and it behooves the State of West Virginia to upgrade and update, wherever possible, in order for us to have top caliber shows in our great State. As you can see, the old rules, or I should say, the current rules have been in existence for many, many years, and we just had to upgrade these rules.

Also, we must always be aware of safety in the ring. Since the West Virginia Athletic Commission sanctions and gives permits for boxing, it is also possible that if we do not cover ourselves and have the rules and regulations in order, we could liable the State of West Virginia to a very serious law suit -- and we do not want this to happen. By upgrading the rules and regulations, we will be able to exhibit top caliber boxing in the State, and at the same time, it is quite possible that in addition to ESPN televising our shows, there will be other networks interested in working with us, provided we have current rules and regulations.

I have diligently reviewed all of the papers forwarded to me, and I am in accord with them.

I want to thank you for working with the Commission in a most professional manner.

Sincerely,

A handwritten signature in cursive script, appearing to read "J. Knox McConnell".
