BRIEF SUMMARY OF PROPOSED RULE

The Legislature authorized the West Virginia Conservation Agency to file an emergency rule to implement Senate Bill 250, which passed during the 2015 Regular Session and signed by the Governor on March 24, 2015. This rule establishes procedures for West Virginia's 114 elected and appointed Conservation District supervisors to participate in WVCA financial assistance programs; the transfer of decision-making authority to the West Virginia Conservation Agency when a supervisor applies to a WVCA financial assistance program; and the public notification, disclosure and the appeal of financial assistance program decisions to the State Conservation Committee. This rule is not expected to increase costs or generate revenue for state government. Approval of this rule would allow District Supervisors, who by law must be farmers, to take advantage of financial assistance programs designed to implement best management practices to conserve soil and reduce water pollution on their farms.
