## Law Enforcement Training and Certification Standards

### Summary of Proposed Changes to Title 149, Series 2

The members of the Law Enforcement Professional Standards (LEPS) Subcommittee, a subcommittee of the Governor's Committee on Crime, Delinquency and Correction, in recognition of the need to make necessary changes to the current rule to allow for the certification and training of West Virginia law enforcement officers to remain current with the best practices concerning such certification and training met April 28-29, 2015 to address proposed changes to this rule. As a result of the discussion of the subcommittee members, a quorum being present and it being the unanimous decision of those present as to each proposed change, a series of changes were set forth to the current rule.

The changes proposed set forth address definition related changes which primarily relate to the removal of law enforcement powers from the Hatfield McCoy recreation authority and its rangers, addition of language addressing the suspension of instructor certifications, clarification of the scoring for academic average of entry level training officers and where an appeal for dismissal from the entry level training program is to be submitted to.

The changes proposed also set forth a requirement effective January 1, 2017 for the completion of the medical examinations required for an officer to participate in the entry level training program to be by a medical provider on a listing to be approved by the Subcommittee members. Where applicable historical references to date periods that are no longer needed are being removed from the rule.

Clarification of the applicability of the training and firearms qualification requirements is completed with the changes made and a standard is set to allow the Subcommittee to set a specific course of fire relating to firearms qualifications.

The changes lastly clarify the subpoena powers of the Subcommittee based on changes approved during the 2015 legislative session and when a person may not appeal a matter to the Subcommittee. A new section is added at the end of rule clarify the statutory ability of the Subcommittee to set fees relating to the execution of its duties relating to the training, firearms qualifications and certification of law enforcement officers within the state.

Questions concerning the proposed changes should please be directed to Retired Captain Chuck Sadler, LET Coordinator, at (304) 558-8814, ext 53315, (304) 941-9644 (cell) or Charles.A.Sadler@wv.gov

The following amendments to 149CSR2 are being proposed:

**§149-2-2 Definitions**

- **2.2.**

Removed the words “any administrative deputy appointed by the chief Natural Resources Police officer of the Division of Natural Resources;” to allow for the current proper listing of which individuals are considered head of law enforcement agencies in this state and thereby are not required to be a certified law enforcement officer in this state as allowed by state code.

Added the word “or” prior to the words “the chief of any campus police...” to allow for the proper flow of the entities listed by the removal which follows.

Removed the words “or the chief of Hatfield McCoy regional recreation authority” in that this authority had its law enforcement powers removed from it as a result of legislation passed during the 2015 session of the legislature.

- **2.9.**

Replaced the words “Governor’s Committee on Crime Delinquency and Correction” with “Subcommittee” to reflect the proper entity acting concerning the certification of a law enforcement officer in this state.

- **2.12.**

Removed the words “those persons employed as rangers by the Hatfield McCoy regional recreation authority,” in that the legislative action taken during the 2015 session caused that authority and its rangers to no longer exist.

- **2.23.**

Added the words “airport police authorities, resort area districts or park police authorities” to clarify the agencies included/considered as a West Virginia law enforcement agency.

Removed the words “or the Hatfield McCoy regional recreation authority” in that as a result of legislative action taken during the 2015 session removed law enforcement powers from this entity.

#### **§149-2-5. Instructor Certification**

- **5.1.a.3.**

Added the words “, such experience to include a minimum of one (1) year,” and “for non-law enforcement officers a minimum of two (2) years of” to clarify the experience that an individual seeking to be certified as a law enforcement officer in this state is required to have. Such clarification addresses a situation that has been occurring where individuals are trained as instructors in a given area, i.e. SRT-Special Response Team tactics, but have no practical experience in such tactics.

- **5.4.a.**

Added the words “or are approved law enforcement instructors by other state or federal law enforcement training and standards programs” to include this group of instructors as individuals who may seek a waiver from the instructor certification standards set forth in this section.

Removed the word “shall” and replaced it with “may” to reflect that individuals seeking a waiver of the instructor certification requirements “may” elect to do, but

if desired may seek to be approved under the standard review and approval process.

- **5.6.**

Added the words “or Suspension” and “or suspend” to allow the Subcommittee to have the option of suspending an instructor’s certification based on the review of the circumstances involving the instructor and his or her delivery of training materials. The ability to suspend, not just being able as previously approved in the rule to revoke, an instructor’s certification will allow the Subcommittee to set standards that the instructor must complete to have his or her certification made active once again.

- **5.6.c.**

Added the words “or suspend” to reflect the Subcommittee’s action to take such an action when being considered by the Subcommittee following being made aware of concern/s involving an instructor.

Removed the words “and a trainee shall maintain an academic average of seventy-five percent (75%) for graduation and certification” as with the balance of this subsection reflecting that every examination, or its retake, have a minimum passing score of seventy-five (75) it is not necessary to have this wording.

Removed the words “, with the understanding that his or her academic standing shall reflect the score obtained on the original examination” as the score used to compute the trainee’s academic standing is the score obtained on the retake of the examination.

- **6.4.**

Removed the word “the” and replaced it with “a subsequent” to clarify that the reentry of a trainee who has withdrawn from a program for the reason/s listed is to a later, subsequent, entry level training program class. “Students” and “student” and replaced with either singular or plural forms of the word “trainee” as applicable. Removed the words “. The initial appeal shall be to the head of the agency or department conducting the training. If this appeal is denied the trainee may appeal” to reflect that the first level of appeal on such a dismissal is to the Subcommittee. It is recognized that there would be limited, if any instances, where the agency would not support that actions of its Training Director and the appeal direct to the Subcommittee would allow the issue/s at hand to best addressed and in a more timely manner.
