**SUMMARY OF PROPOSED RULE**

**TITLE 5**

**LEGISLATIVE RULE**

**WEST VIRGINIA BOARD OF DENTISTRY**

**SERIES 11**

**CONTINUING EDUCATION REQUIREMENTS**

The proposed amendments to this rule are being made to update names of agencies, add the West Virginia Dental Assistants' Association as an approved provider and sponsor of continuing education, increase the percentage of allowable continuing education through online resources, increase the number of hours licensees may earn for providing dental care to indigent patients, update the penalties for violations sections, and change the language for the statistics requirement in the drug diversion and best practice prescribing of controlled substances training.

**STATEMENT OF CIRCUMSTANCES  
CONCERNING A PROPOSED RULE**

**TITLE 5  
LEGISLATIVE RULE  
WEST VIRGINIA BOARD OF DENTISTRY**

**SERIES 11  
CONTINUING EDUCATION REQUIREMENTS**

As stated in the summary of proposed rules the Board seeks to update the agency names for the North East Regional Board, which is now the Commission on Dental Competency Assessments, and correct the name for the Central Regional Dental Testing Service. These agencies administer examinations recognized by the Board which may satisfy continuing education requirements.

The West Virginia Dental Assistants' Association provides continuing education programs from time to time, which includes education for dentists and dental hygienists. The Board is of the opinion a licensee who attends one of these courses should be allowed to count the hours towards their continuing education requirement.

The Board proposes to increase the percentage of supervised self-instruction from 50% to 80%. This section of the rules concerning continuing education has not been updated since the initial requirement of continuing education, which began in 1994. This type of instruction has come a long way since 1994, specifically where online continuing education is concerned.

The Board proposes to increase the number of hours allowed for credit for providing dental care to indigent patients from 5 to 8 hours for dentists and 3 to 5 hours for dental hygienists. Those licensees who provide care to indigent patients should be rewarded with an additional allowance of credit and those that do not encouraged to provide care to indigent patients through this increase.

The proposed amendment in the penalties for violation sections have been updated to remove the language of mandatory non-renewal by the Board for a licensee who fails to meet the requirements of the rule for due process reasons and including language for possible disciplinary actions.

The Board proposes to change part of the definition in section 2.3(a). The Board has approximately 450 licensees who practice in various parts of the United States, not in West Virginia. The current language for drug diversion training and best practice prescribing of controlled substances training includes a requirement of West Virginia statistics. Licensees who do not live in West Virginia may not be able to meet this requirement. The Board is of the opinion that it is reasonable to change the language to require statistical information to allow a dentist living in Florida with a West Virginia license to take an approved course that includes the statistics for Florida.

The licensee shall complete a test and demonstrate a level of comprehension before the Board will award credit. Tests shall be graded by the sponsor and results returned to the licensee. Supervised self-instruction includes, but is not limited to:

(1) Graded audio/video courses;

- (2) Graded correspondence courses; and
- (3) Graded computer courses.

(c) Compliance: Compliance with this rule is required for all volunteer licensees seeking license renewal beginning February 1, ~~2014~~ 2018, and biennially thereafter.

4.6. Penalties for Violation.

(a) ~~The Board may not renew the license of any licensee who fails to meet the requirements of this section within 6 months from the date the~~ A volunteer licensee who has been is found to have not fulfilled the continuing education requirements of the Board has 3 months in which to satisfy the requirement. A volunteer licensee who fails to satisfy the requirements may be subject to disciplinary action, which may include but is not limited to, an immediate cease and desist from practice notice, notice of formal hearing and/or monetary assessments or fines.

(b) A false statement on a renewal form or continuing education reporting form constitutes unprofessional conduct and may result in disciplinary action against the licensee as set forth in W. Va. Code §30-4-19.

Comment - Series 11

Pursuant to the passage of House Bill 335, Access to Opioid Antagonist Act, the drug diversion and proper prescribing of controlled substances requirement now includes “and training on prescribing and administration of an opioid antagonist”. Our proposed rule should reflect this change in the rule.

Susan M. Combs  
Executive Secretary  
June 12, 2015

## COMMENTS & BOARD RESPONSE

During the comment period, the Board received one written comment concerning this rule. The comment was received from Susan M. Combs (attached).

Ms. Combs commented that pursuant to passage of Senate Bill 335, the Access to Opioid Antagonist Act, the drug diversion and proper prescribing of controlled substances requirement now includes training on the prescribing and administration of an opioid antagonist and that the proposed rule should reflect this change.

The West Virginia Board of Dentistry agreed this change is necessary to comply with the new Access to Opioid Antagonist Act and the change should be made in all necessary sections of the rule.
