**PROVIDE A BRIEF SUMMARY OF YOUR PROPOSAL**

**A revision of the current policy provides a new language to establish parameters around the approval of appropriate alternatives for instructional time. Flexibility for school districts to maximize learning time through the school calendar provides more control for districts and schools to best determine the various ways they will meet necessary requirements for instructional time. An emphasis on the use of time during the school day to provide opportunities for personalized learning, as well as collaborative and individual teacher planning, is proposed to elevate student achievement.**

### **§126-73-7. Instructional Term**

7.1. The school calendar shall provide an instructional term for students of no less than 180 separate days of instruction.

7.2. Each county board of education must develop a policy that requires additional minutes of instruction be added to the school day, or that entire additional days of instruction be added, to recover time lost due to late arrivals and early dismissals, ~~due to inclement weather or by the closing of schools because of the prevalence of contagious disease, conditions of weather or any other calamitous cause over which the board has no control.~~

7.3. County boards of education, however, will not be required to add additional minutes to the instructional day if all affected schools have accumulated sufficient accrued instructional time through their regular schedules that can be used to make-up the missed time caused by late arrivals and early dismissals.

7.4. Accrued instructional time may be only used to recover instructional time lost due to: the late arrival or early dismissal of students due to inclement weather; ~~the closing of school because of the prevalence of contagious disease; conditions of weather or any other calamitous cause over which the board has no control;~~ professional development activities; or to accommodate the professional development activities; or, to accommodate the scheduling of faculty senate meetings on instructional days. Accrued instructional time cannot be used to avoid one hundred eighty separate days of instruction.

7.5. If it is not possible to provide 180 separate instructional days within the school calendar as originally scheduled, the county board must schedule instruction on any available non\_instructional day (other than holidays, election day, or Saturdays and Sundays), regardless of the purpose for which the day was originally scheduled, or use a day that was scheduled as an out-of-calendar day. County boards have the ability to apply for a waiver in accordance with the provisions of W. Va. Code §18-5-45(o) to assist with meeting the mandatory 180 days of instruction.

7.6. If an out-of-calendar day is used as a make-up instructional day, the originally scheduled instructional day that was canceled becomes the out-of-calendar day (unpaid day). In accordance with W. Va. Code §18A-5-2, an employee's pay is not to be adjusted during a pay period because of this revision in the school calendar.

7.7. ~~In accordance with~~ Pursuant to Policy 2510, co-curricular activities may, by their nature, be scheduled without regard to the use of accrued instructional time.

7.8. Extracurricular activities do not count towards meeting the minimum instructional time for an instructional day. Accrued instructional time may not be used to accommodate the scheduling of extracurricular activities during instructional days.

#### **§126-73-8. Faculty Senate Meetings**

8.1. ~~In accordance with~~ Pursuant to W. Va. Code §18-5A-5, the school calendar must provide to each faculty senate a two-hour block of time for a faculty senate meeting on a day scheduled for the opening of school prior the beginning of the instructional term.

8.2. The school calendar must also provide four additional two-hour blocks of time during non instructional days, with each two-hour block of time scheduled once at least every 45 instructional days. The portion of the non\_instructional day scheduled for the faculty senate meeting shall be considered as part of the purpose for which the non\_instructional day is scheduled.

8.3. Faculty senates may also schedule a meeting during an instructional day if sufficient accrued instructional time has been earned by a school; however, every school in the district must have earned sufficient time for all faculty senates in the district to meet in this manner.

8.4. A faculty senate may also meet for an unlimited block of time during a non\_instructional day to discuss and plan strategies to improve student instruction and to conduct other faculty senate business.

8.5. A faculty senate may elect to schedule a meeting on an instructional day outside of the instructional time for students, and take compensatory time off on the non\_instructional day that is provided by the county board for its meeting, as long as the meeting takes place prior to the day that is scheduled in the school calendar.

8.6. If a non\_instructional day that is originally scheduled for faculty senates to meet is canceled due to inclement weather, the county board may, but is not required, to reschedule the non\_instructional day in order for the faculty senates to meet.

### **§126-73-9. Public Hearings**

9.1. Prior to voting on a final school calendar, each county board ~~of education~~ must hold at least two public hearings that allow all interested parties to discuss the school calendar.

9.2. ~~According to~~ Pursuant to W. Va. Code §18-5-45, public notices of the hearings must be published as a Class II legal advertisement in accordance with the provisions of W. Va. Code §59-3-1 et seq. This means the legal advertisement must be published once a week for two successive weeks in a qualified newspaper published in the publication area. Notices for both hearings can be published in one advertisement. The first notice must be published at least ten days prior to the first meeting to provide sufficient time for interested parties to plan on attending the hearing.

### **§126-73-10. Submission of School Calendar to WVBE for ~~a~~ Approval**

10.1. ~~In accordance with~~ Pursuant to W. Va. Code §18-5-45(k), prior to implementing the school calendar, county boards must obtain shall secure approval of the school's proposed calendar from the WVBE ~~prior to its implementation~~.

10.2. Unless the WVBE requests otherwise, the authority to approve the ~~annual~~ school calendars is delegated to the State Superintendent. This does not include the approval of waiver requests.

10.3. The school calendar, and any additional requested information, must be submitted in accordance with the annual instructions issued by the State Superintendent.

### **§126-73-11. Approval of Appropriate Alternatives.**

11.1. Pursuant to W. Va. Code §18-2-5, the WVBE may approve certain alternatives with respect to instructional time proposed by a county board or school that meet the spirit and intent of applicable statutes and are intended solely to optimize student learning.

11.2. Successful schools are distinguishable from unsuccessful schools by the frequency and extent to which teachers discuss professional practices, collectively design materials, and inform and critique each other through collaborative planning, examination of student data, and participation in high quality professional learning experiences. To achieve this result, the WVBE must have reasonable discretion to balance the local autonomy and flexibility needed by schools to deliver a thorough and efficient education as evidenced in a proposal that includes:

11.2.a. sufficient time within the instructional term to promote the improvement of instruction and

instructional practices;

11.2.b. school-level determination of alternatives affecting time within the school day that provide teachers with:

11.2.b.1. sufficient planning time to develop engaging, differentiated instruction for all students in all classes, and

11.2.b.2. collaborative time for teachers to undertake and sustain instructional improvement.

11.2.c. consideration of how learning time must not be assumed to be solely the time that a student is seated at a desk, but can also include time in the school day during which actively engages students in the learning process; and

11.2.d. articulation of how schools are provided the opportunity to determine which methods will be utilized to ensure teachers can plan individually and collectively to maximize learning time, such as:

11.2.d.1. scheduling;

11.2.d.2. using special subject teachers and guest presenters;

11.2.d.3. dedicating time set aside for professional learning experiences and/or staff development;

11.2.d.4. implementing alternative staff utilization patterns;

11.2.d.5. providing opportunities for administrators to teach; and/or

11.2.d.6. utilizing accrued instructional time.

**§126-73-121. Severability**

121.1. If any provision of this rule or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this rule.
