<b>§126-73-1 General</b>				
01-02	Monica Belmont Principal Nicholas County Schools Dixie WV	The policy needs to allow counties to use additional instructional time to make-up lost instruction due to snow days. This makes more sense than making students go to school til the end of June.	NA	In opposition to WV State Code. §18-5-45
01-12	syd stu phs pkb wv	it is always to hot or too cold in phs	N	
<b>§126-73-5 School Calendar</b>				
01-05	tiphani davis mrs uhs morgantown wv	Districts should have more leeway in deciding how to best address needed time in classes due to snow days. Have a 180 day minimum is difficult in many counties and taking away summer time for outdoor activities, which are just as beneficial if not more so, is counter intuitive. Extra minutes in the day and snow packets are great options.	NA	In opposition to WV State Code §18-5-45
<b>§126-73-8 Faculty Senate Meetings</b>				
01-11	Sandra DeVault Administrative Assistant to the Superintendent for Monongalia County Schools Morgantown WV	8.2 This currently reads "must provide four additional two-hour blocks of time during non-instructional days, with each two-hour block of time scheduled once at least every 45 instructional days". My comment is to provide a range of days, possibly 40-50 instructional days for the faculty senate meeting to occur. This would	NA	In opposition to WV State Code §18-5A-5

		provide some discretion in establishing days within the calendar that would provide some continuity rather than just every 45 days.		
01-11	Lenora Richardson Director of Curriculum Cabell County Schools Huntington WV	There needs to be some flexibility within the wording to reflect that faculty senate meetings could be held every 40-50 days or once a quarter to provide flexibility. The every 45 days creates instances of long break to return to school only to be required to take a FS early release shortly thereafter.	NA	In opposition to WV State Code §18-5A-5
