FILED

Dear Ms. Cooper:

Thank you for your assistance on the phone this week in regard to filing my agency's rules.

The purpose of this letter is to let you know that although we filed three proposed rules for comment on June 1, 1998, I have determined I would like to withdraw one rule being amended. The rule being withdrawn is **Title 106, Series 7, Legislative Rule Pertaining to the Installation, Operation and Sharing of Customer Bank Communication Terminals and the Utilization of Nonexclusive Access Interchange System.**

Thus, only two rules will be filed as agency approved rules. They are Title 106, Series 2 and Series 11.

If you need additional information, please let me know.

Sincerely,

Sharon G. Bias  
Commissioner of Banking
